EQUALITY OF EDUCATIONAL OPPORTUNITY

The University of North Carolina at Greensboro is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, sex, age, or handicap. Moreover, The University of North Carolina at Greensboro is open to people of all races and actively seeks to promote racial integration by recruiting and enrolling a larger number of black students.

This commitment is in keeping with Title IX of the Educational Amendments of 1972 and Section 504, Rehabilitation Act of 1973. The Affirmative Action Officer, 1100 West Market Street (910/334-5009), is responsible for coordinating compliance and investigating complaints.

CHANCELLOR'S WELCOME

Welcome to The University of North Carolina at Greensboro. For more than a century UNCG has been committed to excellence in education, scholarship and service to the people of North Carolina and the nation. The undergraduate academic catalog describes the general and specific nature of our academic and support programs. It is also the source for information about all policies regarding admissions, registration, financial aid and degree requirements.

I hope you find the Bulletin informative and helpful as you plan your academic career at UNCG. Additional information about specific areas can be obtained by calling offices listed at the back of the book.

Patricia A. Sullivan
Chancellor

CHAPTER 1

INTRODUCTION

THE UNIVERSITY

The institution which is now The University of North Carolina at Greensboro was chartered in 1891 to provide higher education for women. Formerly The Woman's College — one of the three original institutions of The Consolidated University of North Carolina — it has been highly regarded now for more than a century for both its strong liberal arts tradition and its excellent professional preparation for selected careers. In 1963, it became a comprehensive, coeducational university.

The student body of UNCG — 64% female and 36% male — comprises approximately 12,000 men and women, about three-fourths of whom are undergraduate and one-fourth graduate students. While 88% are from North Carolina, students come from 40 other states and 43 foreign countries. Minority enrollment is approximately 17%, including approximately 12% African-American students. Approximately 60% of UNCG students receive some type of financial aid.

Among the approximately 500 full-time faculty members are nationally known scholars whose research and creative work regularly contribute new knowledge to their fields; 93% hold terminal degrees in their disciplines. The faculty is committed to excellence in teaching, research, and public service. Faculty members are easily accessible to students through an advisory system and on an informal basis. The ratio of students to faculty is 14.9 to 1.

ACADEMIC PROGRAMS

The University is organized into a College of Arts and Sciences and six professional schools — those of the Joseph M. Bryan School of Business and Economics; Education; Health and

Human Performance; Human Environmental Sciences; Music; and Nursing. Undergraduates have a choice of over 100 areas of study from which to select a major or concentration within a major leading to one of six undergraduate degrees offered: Bachelor of Arts (BA), Bachelor of Fine Arts (BFA), Bachelor of Music (BM), Bachelor of Science (BS), Bachelor of Science in Medical Technology (BSMT), and Bachelor of Science in Nursing (BSN)

The UNCG Board of Trustees, acting within the framework outlined for UNCG by The University of North Carolina Board of Governors, determines general directions for UNCG's academic programs. Direct responsibility for administering academic programs rests within the various academic units.

The Chancellor has the responsibility for the administration of all campus programs, academic and non-academic. The Provost coordinates and oversees the graduate and undergraduate academic programs on the UNCG campus.

The University faculty through the Faculty Senate and the Undergraduate Curriculum Committee determines the general framework for UNCG undergraduate degree requirements and approves the programs proposed by academic units.

More than 1,000 courses are available each semester. In addition, since UNCG is a member of the Greater Greensboro Consortium, students may cross-register without additional tuition at Bennett, Elon, Greensboro, and Guilford Colleges, Guilford Technical Community College, High Point University, and North Carolina Agricultural and Technical State University.

The University also offers three doctoral degrees in 13 areas of study, four Master of Fine Arts degrees, and several other master's degrees and post-master's certificates in a wide variety of concentrations. The **Graduate School Catalog** describes these programs in complete detail.

Most **undergraduate degree programs** require 122 semester hours with 24-36 semester hours of work in the major. See Chapter 5 of this catalog for complete descriptions of academic programs and University-wide requirements.

Many special academic programs are available as well. Among these, **Teacher Education** has a long tradition. Five UNCG schools and several departments within the College of Arts and Sciences offer programs leading to teacher licensure in North Carolina and qualification for licensure in most other states. Students may select licensure programs in 31 subject areas.

The **Honors Program** provides an early opportunity for broad interdisciplinary study with team-taught sessions and independent projects.

Opportunities for **interdepartmental studies** are available in International Studies, African American Studies, Linguistics, Women's Studies, and others.

UNCG's seven **preprofessional programs** offer all of the courses required for admission to medical or dental schools, to pharmacy, veterinary, or physical therapy schools, or as needed for entrance into law school. A two-year pre-engineering curriculum prepares students to transfer to schools with engineering programs.

Independent study, tutorials, and internships are available in most schools and departments.

Residential College provides a setting for innovative study and unity of academic and social experiences for freshmen and sophomores.

Students interested in **study abroad** for academic credit may select from several opportunities available, through summer study, semester abroad, or the junior year abroad program.

These and other special academic programs are described more fully in Chapter 6.

CAMPUS LIFE

The 76 buildings on the attractively landscaped campus reflect the 100-year history of the University from the oldest, Foust, (1892), to those currently under construction and renovation. A five level parking deck opened in the Fall of 1994. Moore-Strong Residence Hall, renovated in 1994, houses a living-learning environment, the Cornelia Strong College. Plans are underway for a new music building and a baseball stadium. The Student Plaza, situated in the middle of the campus, is a popular location for outdoor events and informal gatherings.

UNCG is especially rich in the diversity of its arts programs. Weatherspoon Art Gallery, now located in the Anne and Benjamin Cone art center, houses what is considered to be the most outstanding permanent collection of contemporary art in the southeast and offers a showcase for student and faculty work.

University Dance programs provide performance and choreographic opportunities for qualified graduate and undergraduate students in dance. In music, student performing organizations are open to all university students by audition.

A wide-ranging program in theatre has five production programs including the Workshop Theatre, Studio Theatre, UNCG Theatre, the NC Theatre for Young People, and the Summer Theatre. A student-managed campus radio station is housed in Taylor Building. The University Concert/Lecture Series brings exciting and innovative programs in the performing arts to the campus.

Residence life and the many opportunities and services for students are described in Chapter 6, "The University Community," and in the **Student Handbook**.

Student Health Service provides full-time medical services.

The Career Services Center assists students with planning their careers and securing full-time employment after graduation.

The Counseling and Testing Center offers personal counseling, psychotherapy, and outreach programs to assist students with their adjustment to college.

The focal point for campus events is Elliott University Center, which provides space for student government, student publications, and many student organizations, as well as offering movies, concerts, lectures, dances, and parties.

There are over 150 clubs and organizations at UNCG. Choices include honor societies, national societies, service organizations, departmental, professional, religious, and general groups, musical media, Greek, and sports clubs and organizations. UNCG is one of only six higher educational institutions in North Carolina approved to have a chapter of Phi Beta Kappa.

Eight Greek fraternities and eight sororities have chapters on campus and offer a channel for social growth.

UNCG has a fourteen-team intercollegiate athletics program and, in 1991, began competition in the NCAA Division I. A wide choice of intramural sports and club sports is also offered on campus. A new recreation center opened several years ago and offers a full range of recreational services to the campus.

The UNCG campus consists of approximately 190 acres located near the center of Greensboro, the state's third largest city. Greensboro has an approximate population of 200,000, while the greater Triad area has a population approaching 1,000,000. Located midway between Washington and Atlanta, Greensboro is but two hours from the mountains, and about four hours from the coast. Greensboro is a dynamic city, offering a splendid setting for a university. In return, for over 100 years, UNCG has enriched Greensboro with its widely diversified academic community.

THE MISSION OF THE UNIVERSITY OF NORTH CAROLINA AT GREENSBORO

(Approved by the Board of Trustees, April 8, 1993)

Dedicated to teaching, research, and service for the benefit of the people of North Carolina, The University of North Carolina at Greensboro provides excellence in mutually supportive undergraduate and graduate education. This mission is based upon its legacy of distinguished undergraduate education for women and on the responsibilities inherent in its present role as a doctoral-granting university.

Committed for more than a century to accomplished teaching and scholarship, the University fosters knowledge, intellectual skills, and the joy of reasoned inquiry in its students so that they may become thoughtful and responsible members of society. It affords an exceptional opportunity for all students, at any stage in their lives, to secure professional or other specialized preparation firmly grounded in the liberal arts. In carrying out its responsibilities for research and creative endeavor, the University offers undergraduate and graduate programs of distinction and aims for national recognition for certain graduate programs, including all doctoral programs.

The University has a proud tradition of professional and public service. Recognizing that the society it serves is global, the University applies its intellectual resources to enhance the quality of life in the Piedmont Triad region, the state of North Carolina, the nation, and the world.

The University is dedicated to sustaining a community in which women and men of every race are motivated to develop their potential fully and to achieve an informed appreciation of their own culture as well as the culture of

others. As an institution in an urban setting, the University offers students a rich array of experiential opportunities. Through its co-curricular programs, the University contributes to the social, aesthetic, and ethical development of its students and supports them as they pursue their academic goals. Intellectual curiosity and tolerance, the natural resources of any learning environment, are cultivated and prized by the University community.

ACCREDITATION

The University of North Carolina at Greensboro is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award Bachelor's, Master's, Specialist's, and Doctor's degrees.

Teacher Education programs have been approved at the state level by the North Carolina Department of Public Instruction and at the national level by the National Council of Accreditation in Teacher Education.

Programs in the professional schools and in some departments of the College of Arts and Sciences are also accredited by relevant professional agencies. Where applicable, such accreditation is noted in the respective sections in Chapter 5, "Academic Programs."

AFFIRMATIVE ACTION PLAN

(March 25, 1973, Chapter II, reaffirmed in Affirmative Action Plan)
(Revised 1983)

University Commitment to Nondiscriminatory Policies and Practices

The University of North Carolina at Greensboro is fully committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, sex, age, or handicap. This commitment is in keeping with Title IX of the Educational Amendments of 1972 and Section 504, Rehabilitation Act of

1973. The Affirmative Action Officer, 1100 West Market Street (919-334-5009), is responsible for coordinating compliance and investigating complaints.

This policy is stated officially in various documents adopted formally by responsible University agencies. The Code adopted by the Board of Governors of The University of North Carolina affirms the following statement:

"Admission to, employment by, and promotion in The University of North Carolina and all of its constituent institutions shall be on the basis of merit, and there shall be no discrimination on the basis of race, color, creed, religion, sex, or national origin." (Chapter 1, Section 103)

At The University of North Carolina at Greensboro, the following statement has been formulated to express the commitment to Affirmative Action:

"It is the goal of The University of North Carolina at Greensboro to achieve within all areas of employment a diverse faculty and staff capable of providing for excellence in the education of its students and for the enrichment of the total university community. In seeking to fill openings, every effort will be made to recruit in such a way that women and individuals from minority groups will have an equal opportunity to be considered and appointed to all vacant positions."

The University appoints and promotes for all job classifications without regard to race, color, national origin, sex, age, religion, handicap, or veteran status in such manner as is consistent with achieving a staff of diverse and competent persons.

The University administers all personnel actions such as compensations, benefits, pro-

motions, grievance procedures, transfers, training and educational programs, tuition assistance, travel assistance, research grants, support for graduate assistants, social and recreational programs without regard to race, color, national origin, sex, religion, handicap or veteran status.

The University maintains a standing committee on equal employment opportunity and intergroup relations appointed by the Chancel-

lor, to act in an advisory capacity to him and to other members of the University responsible for affirmative action and to act as an agency to monitor the implementation of affirmative action.

All employees of the University are expected to support the principle of and contribute to the realization of equal employment opportunity. Affirmative action is a priority concern in all facets of operation.

CHAPTER 2

ADMISSIONS

ADMISSIONS

UNCG seeks men and women with ability, character, motivation, and the intellectual potential to meet UNCG standards of performance. UNCG's admission decision is based upon an evaluation of the applicant's secondary school record and/or college record, including the overall grade point average and SAT I or ACT scores. These factors are used to determine the applicant's probability of success at UNCG.

This policy applies to the admission of freshmen and transfer students. The University of North Carolina at Greensboro is fully committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, sex, age, or handicap. This commitment is in keeping with Title IX of the Educational Amendments of 1972 and Section 504, Rehabilitation Act of 1973. The Affirmative Action Officer, 1100 West Market Street (910/334-5009), is responsible for coordinating compliance and investigating complaints.

For traditional freshman and transfer applicants, interviews are not used as criteria for admission. Individual appointments for information purposes may be arranged by contacting the Office of Admissions, 910/334-5243, at least two weeks in advance of the date a campus visit is planned. Nontraditional Adult Students applying through the Adult Continuing

and Evening Students (ACES) Office are required to schedule an interview with an ACES advisor, 910/334-5757.

Adult students who do not meet regular admission requirements may seek admission through the Adult Continuing and Evening Students (ACES) program (see pp. 17-18).

Overenrollment or state budgetary constraints may require the restriction of admission during a given year or the adjustment of minimum requirements or application deadlines.

FRESHMEN

A freshman is defined as a student who is a high school graduate and who has not attended college. Admission into the freshman class implies that the student will eventually become a candidate for a bachelor's degree. A student who has college credit totaling fewer than 24 semester hours from a regionally accredited institution is designated as a "freshman-transfer" and must meet requirements under both transfer and freshman admissions programs.

Secondary School Preparation

Candidates for admission to the freshman class must submit a secondary school diploma (or its equivalent) and *at least* 15 acceptable units of credit from an accredited secondary school. (A unit is defined as credit given for a

course which meets for one period daily during the entire school year or its equivalent.) Students must present the units described in the chart at the bottom of page 13.

It is recommended that prospective students take one foreign language unit and one mathematics unit in the twelfth grade.

Nonaccredited Secondary Schools

Applicants from nonaccredited secondary schools must meet the same requirements for secondary school courses and SAT I scores as applicants from accredited secondary schools.

Application Procedure for Freshmen

1. Complete the UNCG application forms. A \$35.00 application fee must accompany the application. This fee covers the cost of processing the application, and is subject to change. It is not refundable and is not applicable toward tuition or other costs.

Early application for admission is recommended; however, the priority deadline for submitting the application is March 1 for the fall and November 1 for the spring semester. The final deadlines are August 1 for fall and December 1 for spring.

2. Submit an official transcript of secondary school work. Applicants must request their guidance counselors to forward their transcripts, including courses in progress, cumulative grade point average, and rank in class, directly to the Office of Admissions. Students currently enrolled in secondary school should request that the courses in progress and cumulative grade point average be listed on the transcript.

3. Take the Scholastic Assessment Test (SAT I) administered by the College Board. This test should be taken in the spring of the junior year and in the fall of the senior year of secondary school if possible. Test scores must be sent directly from the College Board to the Office of Admissions. UNCG's College Board code number is 5913. For information about the SAT I, write College Board, P.O. Box 592, Princeton, NJ 08540.

American College Test (ACT) scores are acceptable in lieu of SAT I scores. Test scores should be sent directly from The American College Testing Program, P.O. Box 168, Iowa City, IA 52240. UNCG's ACT code number is 3166.

Additional admissions requirements for all applicants are listed on pp. 15-16.

TRANSFER STUDENTS

Well-qualified students with 24 academic semester hours or more of college credit from a regionally accredited institution are encouraged to transfer to UNCG to continue their studies. A student who has college credit totaling fewer than 24 semester hours from a regionally accredited institution is designated a "freshman-transfer" and must meet requirements under both transfer and freshman admissions programs. Applicants who are 2 + 2 Articulation students, Former UNCG students, or Non-traditional Adult students should refer to pp. 17-18.

Requirements and Procedures

Transfer students must have a 2.0 or better average on a 4.0 scale on all previous work attempted and on all transferable course work from a regionally accredited college or university. Grade point averages are recalculated to determine admissibility. Transfer students must be in good standing and eligible to return to their last attended institution.

The priority deadline for submitting the application is March 1 for the fall and November 1 for the spring semester. Final deadlines are August 1 for fall and December 1 for Spring. Students must submit the following:

- 1. UNCG application forms showing true and complete information.**
- 2. Official transcript from the secondary school attended.** Transfer students must present 15 acceptable units of credit from an accredited secondary school. (See specific course units listed in "Freshmen" section, p. 13). Transfer students not meeting this requirement should refer to the section on entrance deficiencies (pp. 19-20.)

3. **Official transcripts from each postsecondary institution** previously attended (including summer school and extension).
4. **A list of courses in progress** including course number, course name, and semester/quarter hours of credit.
5. **An application fee, currently \$35**, not refundable and not applicable toward tuition and other costs.

After receipt of the above credentials, the UNCG admissions office staff reviews the application to determine the number of semester hours of credit for previous college-level work which can be transferred to UNCG and applied toward a bachelor's degree. Transfer credit to be awarded is determined by the quality as well as the quantity of the student's previous college work. Course work completed with a grade of D will not transfer hours of credit but may be used to fulfill course requirements. A copy of the credit evaluation generally accompanies the acceptance letter.

ADDITIONAL ADMISSIONS REQUIREMENTS FOR ALL APPLICANTS

Selected majors and programs have special admission and progression requirements in addition to admission to the University.

College of Arts and Sciences. Biology majors must maintain a 2.0 GPA in all courses taken at UNCG. Classical Studies majors must have a 2.0 GPA in all courses in the major.

A 2.3 GPA is required for the Speech Communication major; the Media Studies major requires a GPA of 2.2. A GPA of 2.7 is required for Theatre Arts Certification, Speech Pathology and Audiology, and Education of the Deaf majors. (For all Broadcasting/Cinema and Theatre and for all Communication majors, only grades of C- or better in BCT, CSD, CST, and EDC courses will count toward the major.)

Students majoring in English may count no grade less than C- in the major toward the degree. (Admission to teacher education and student teaching in English requires a minimum GPA of 2.75). History majors must maintain a 2.0 GPA in all history courses.

Mathematics and Computer Science majors must maintain a 2.0 GPA in all mathematical science courses. Physics majors must maintain a 2.0 GPA in all required physics and math courses.

School of Business and Economics. A 2.0 GPA is required for admission and retention in all programs.

School of Education. A GPA of 2.75 is required for admission to the teacher education program in Elementary or Middle Grades Education. Transfer students planning to pursue those majors should contact the School of Education Student Information & Advising Office.

Admission to teacher education at the secondary level requires a minimum GPA of 2.5, except where higher GPA requirements are noted. Applications for admission should be filed in the Teacher's Academy (319 Curry) during the second semester of the sophomore year. Transfer students must apply after they have completed 12 semester hours in residency.

School of Health and Human Performance. Dance majors are admitted by application only. A grade of C or better is required for all dance courses. Exercise and Sports Science majors in the Physical Education Teacher Education concentration must meet the 2.5 GPA required for admission to the Teacher's Academy. Health Education majors must have a 2.2 cumulative GPA and a 2.5 GPA in all health courses.

School of Human Environmental Sciences. The department of Human Development and Family Studies has a 2.2 GPA requirement. Interior Design majors are admitted by interview only and transfers must have a 2.5 GPA for admission. (A GPA of 2.0 must be maintained to continue in the program.) Social Work majors are admitted to field instruction after achieving 84 hours with a 2.3 GPA

School of Music. All prospective music majors and minors must audition for members of the music faculty for acceptance into the School of Music. Such auditions should be arranged in advance through the School of Music. Students should write the School of Music, 107 Brown Building, UNCG, Greensboro, NC

27412-5001, for information. Music Education majors must have a 2.5 GPA for admission into the Teacher's Academy.

School of Nursing. A minimum GPA above 2.0 is required for admission. Students transferring into the School of Nursing from another baccalaureate nursing program must have a letter of reference from the administrative head of that nursing program. This reference should be sent directly to the Dean of the School of Nursing. Credits with a nursing designation do not transfer. The application deadline for upper division is February 1.

ADMISSIONS DECISION

After all required information is in the Office of Admissions, applicants are notified by letter of their acceptance, rejection, or other action taken on their applications.

Intent to Enroll Card

Students admitted before April 1 for fall semester must return this card by May 1. Students admitted after April 1 for fall semester and all students admitted for spring semester must return this card within 4 weeks from the date on their letter of admission. If this form is not received, the student's application is subject to cancellation. Students must also submit a completed medical history form prior to enrolling.

INTERNATIONAL STUDENTS

International applicants must complete the special international application and return all required documents **on or before the international deadline** as specified in the international application. International applicants should present Scholastic Assessment Test results along with all applicable transcripts from secondary and postsecondary schools. International applicants whose native language is not English should also present TOEFL results in support of their application.

Prior to admission, applicants must submit evidence of adequate financial support to cover their expenses for their first year of study at the University as specified on page 26 of this catalog. The University will issue the necessary

visa documentation only to those students who are formally admitted to the University. **International students should not leave their native countries intending to enroll at the University until they have received a formal letter of acceptance and all appropriate visa documentation.**

VISITING STUDENTS

College Level

A student who is currently working towards a degree at another institution but wishes to take courses at UNCG during the regular term is classified as a "visiting" student.

To be considered for admission as a visiting student, an applicant must:

1. Submit the regular application forms and the application fee.
2. Have the dean of the home institution send the Office of Admissions written permission to take the specific courses here which will be acceptable for transfer credit at that institution. Written permission must be submitted for each semester that the applicant wishes to attend UNCG. Visiting students may not continue beyond one semester without providing additional permission from the dean of the home institution.
3. Have an official transcript from that institution forwarded to the Office of Admissions.

Visiting students must have a 2.0 GPA or better average on a 4.0 scale on all previous work attempted. They must be in good standing and eligible to return to their last attended institution.

Secondary School Level

The University provides secondary school students who have strong academic records the opportunity to begin their college studies early and to supplement their secondary school curriculum. Secondary school juniors or seniors can be considered for enrollment in courses as visiting students by submitting an application, the application fee, a high school transcript, and a letter of permission from their principal.

Enrollment as a visiting secondary school student does not imply regular admission to UNCG.

ADULT CONTINUING AND EVENING STUDENTS PROGRAM

The Adult Continuing and Evening Students (ACES) program provides expanded opportunities for adult, non-traditional and returning UNCG students who qualify. Several evening degree programs are available for such individuals on a part-time or full-time basis. Many other programs are available during the day. The Office of Adult Continuing and Evening Students will offer assistance in the form of admissions advising, and support services. The ACES office is open 8am to 8pm, Monday through Thursday, and 8am to 5pm on Friday. The phone number for the ACES Office is 910/334-5757.

NONTRADITIONAL ADULT STUDENTS

UNCG encourages qualified adult students to complete their undergraduate degree with support from the Office of Adult and Continuing Students (ACES).

Persons who have been away from formal school for at least 12 consecutive months may apply as nontraditional adult students. They must have completed high school or earned a GED. If their graduation from high school occurred in 1988 or later, they must fulfill Minimum Admissions Requirements as listed on p. 13 of this chapter. Additionally, an interview with an ACES advisor is required.

If admitted as a nontraditional adult student, they must successfully complete 15 semester hours with a 2.0 GPA at UNCG and must remove mathematics deficiencies before they may request reclassification as freshman through senior status (depending upon the number of credit hours completed). See Chapter 4, "Academic Regulations."

To apply for acceptance as a nontraditional adult student, an applicant should do the following:

1. **Complete the UNCG ACES application forms** and return them to the Office of Adult Continuing and Evening Students with the application fee.

2. **Submit official transcripts from the secondary school attended** (and/or General Educational Development equivalency scores) and from any post-secondary institutions attended, including summer school and extension.

3. **Submit discharge papers (DD 214)** from the armed services if applicable.

4. **Schedule a preadmissions conference** with an advisor in the Office of Adult Continuing and Evening Students.

Applicants will be notified of action taken as soon as possible. They should confirm their intention to enroll by completing the "intent to enroll" card and returning it to the Office of Adult Continuing and Evening Students by May 1 (if admitted before April 1) or within four weeks from the date of acceptance. Confirmation of late acceptance must be made by the deadline for registration. Before enrolling, students must submit a medical report form supplied in the **Enrollment Handbook**.

FORMER UNCG STUDENTS

Former UNCG students who have not attended any other post-secondary institution during the interim are eligible to continue their enrollment after discontinuing their studies for one or more semesters. You should contact the Adult Continuing and Evening Students (ACES) Office, 104 Elliott University Center, UNCG, Greensboro, NC 27412-5001 for information.

Former UNCG students who have attended another post-secondary institution since leaving the University are required to submit official transcripts to the ACES Office. An overall and transferable 2.0 or better average on a 4.0 scale must be maintained on all course work attempted since leaving the University. You will be required to submit a new application for evaluation of your transfer credit and should contact the ACES Office to obtain application materials.

2+2 (ARTICULATION AGREEMENT) STUDENTS

UNCG is proud to be one of the first institutions in North Carolina to enter into 2 + 2 Articulation Agreements with local community colleges for students transferring from specific Associate in Applied Science degrees into accredited Bachelor of Science programs.

Agreements currently exist with Guilford Technical Community College, Forsyth Technical Community College, and Alamance Community College in these AAS programs: Business Administration, Marketing and Retailing, and Accounting (for transfer into Management and Marketing only); Early Childhood (for transfer into Child Development, Preschool only); and Nursing (BSN only). Davidson, Randolph, Rockingham, Surry and Sandhills Community Colleges have also signed agreements in Business Administration and Accounting (for transfer into Management/Marketing only). Specific details of each agreement may be obtained from the UNCG ACES Office, Academic Advising and Support Services Office, or the community college involved.

2 + 2 Articulation students are transfer students with several unique requirements and procedures. All details governing their enrollment are provided for in the Articulation Agreements. The decision for admission is based on successful completion of the Associate of Applied Science Degree and other specific factors outlined in the 2 + 2 Articulation Agreement. These applicants must complete all procedures listed above under Nontraditional Students except for #2 and apply through the ACES Office.

2 + 2 Articulation Program students must meet the GPA requirements of the UNCG School of their major as designated in the Articulation Agreement.

SECOND BACCALAUREATE DEGREE STUDENTS

An applicant who holds a baccalaureate degree from a regionally accredited institution and who wishes to take undergraduate work toward a second baccalaureate degree in a different field should follow the instructions below:

- 1. Complete the application forms and return them to the Office of Adult Continuing and Evening Students with the application fee.**
- 2. Submit official transcripts from each postsecondary institution** previously attended (including summer school and extension).

An applicant holding a baccalaureate degree and taking work for credit for other purposes must apply through the Graduate School. **EXCEPTION I:** second-degree applicants to Preprofessional Programs, including the Pre-Medical Program, should apply through the Office of Adult Continuing and Evening Students. **EXCEPTION II:** All students seeking initial teacher's licensure should contact the ACES Office.

UNCLASSIFIED ENROLLMENT

Students who do not wish to pursue an undergraduate degree at this time may apply through the Office of Adult Continuing and Evening Students (ACES) to be an "unclassified" student. **Enrollment as an unclassified student does not constitute admission to the University.**

To enroll as an unclassified student, an applicant should fill out an undergraduate application in its entirety - including the application fee - and return it to the Office of Adult Continuing and Evening Students. Former UNCG students are not eligible for this program but must apply as former UNCG students (see above).

An applicant enrolled through the unclassified category will be permitted to take no more than 7 semester hours of credit per term

and is not eligible for any kind of University financial aid. An applicant who has previously attended another college must be eligible to return to that institution. If the student desires to be considered for degree-seeking status, all records must be submitted to the Office of Adult Continuing and Evening Students and the Unclassified Change Request Form must be completed and signed. At this time the records will be reviewed to determine if the student is eligible to become degree-seeking according to admissions policies. If not eligible, the student must complete at least 15 semester hours at UNCG with a 2.0 GPA and have no mathematics deficiencies.

All students will have to meet the University's continuing-in-education requirements as defined in the catalog to be able to continue their academic endeavors.

Within specific guidelines, some students may be permitted to enroll in an unclassified status to satisfy admission requirements that were not met in high school (see Entrance Deficiencies, pp. 19-20).

Students are required to submit a medical report form (in the **Enrollment Handbook**) with appropriate verification of immunizations. This form must be completed under the conditions established for all admitted students (see "Admissions Decision", p. 16).

PART-TIME DEGREE STUDENTS

Students who plan to enroll on a part-time basis, but who wish to work toward a degree, are considered "part-time degree students" and should follow the standard admissions procedures. Part-time students are those who enroll in less than 12 semester hours. Tuition and fees are determined by the number of semester hours taken and by in-state or out-of-state residency.

IMMUNIZATION CLEARANCE

Students who have been admitted to UNCG are required by North Carolina State law to submit a medical report form with appropriate verification of immunizations. This form is supplied by the admitting office and must be satis-

factorily completed and returned to Gove Student Health Center. **Failure to comply with this requirement within thirty calendar days from the first day of registration will result in the student's being administratively withdrawn from the University.** Once dropped from the University, the student must re-apply for admission should he or she wish to return the following semester or any time thereafter. This requirement applies to all students, regardless of whether they are part-time or full-time. **Students subjected to an administrative withdrawal for failure to comply with medical clearance requirements are not entitled to a refund** with the exception of a pro rata refund of board charges (if applicable); see pp. 32-33 for refund policies. Students with financial aid will be considered to have used a semester of financial aid eligibility.

ENTRANCE DEFICIENCIES

All deficiencies must be removed before graduation from the University.

High School Subject Deficiencies

Foreign Language. A student deficient in one or two foreign language units may be admitted. If admitted, the student must remove the deficiency prior to the completion of 60 semester hours. Deficiencies can be removed by completing the course in an approved secondary school, or by completing the appropriate college-level course in the area of the deficiency. Removal of a two-unit foreign language deficiency requires successful completion of two college-level courses in the same language. Removal of a one-unit language deficiency requires the successful completion of one college-level course at the 102 level. Students admitted with a one-unit deficiency in French or Spanish (and who wish to continue with the same language) must take the Language Placement Test to determine the level at which they will be allowed to begin their study of the language at UNCG.

Other Deficiencies. Students who graduated from high school in or after the Spring of 1988 and who are deficient in any high school

unit except foreign language must complete a minimum of six semester hours (or nine quarter hours) with grades of "C" or better in each of the following subject areas — English, mathematics, natural sciences, and social sciences — BEFORE they can be admitted to UNCG. These courses must be taken at an accredited institution of higher education and must be creditable towards a degree at UNCG.

Postsecondary Course Deficiencies

2 + 2 Articulation Program Deficiencies.

Students who have not completed the A.A.S. degree with all articulation requirements met are admitted to UNCG as candidates for formal admission to the School of the 2 + 2 Program with a deficiency. The deficiency(s) must be removed before these students can be formally admitted to the School of the major program.

COURSE CREDIT AND ADVANCED PLACEMENT

Advanced placement credit or exemption from specific degree requirements may be granted by UNCG. Students should contact their secondary school counselors regarding dates and local test centers.

College Board Advanced Placement (AP) Program

Secondary school students enrolled in AP courses may receive college credit by taking AP examinations upon completion of the courses and forwarding the results to the Office of Admissions for evaluation.

TRANSFER CREDIT REGULATIONS

Accreditation. UNCG accepts the accreditation of the North Carolina State Department of Public Instruction for colleges in North Carolina and the Southern Association of Colleges and Schools Commission on Colleges. Colleges and universities outside North Carolina must have accreditation from the appropriate regional accrediting agency for the transfer credit to be accepted.

Nonaccredited Institutions. Applicants from nonaccredited institutions must meet the requirements in effect for admission to the freshman class, including satisfactory secondary school records and SAT I scores, as well as

meeting the transfer requirements of a 2.0 GPA average on a 4.0 scale.

Validating Examinations. Some departments at UNCG require an examination to validate transfer credit. These examinations are administered by the department or school involved.

Professional School Admissions. Admission to the University does not constitute selection into any of the professional schools.

Two-Year College Transfer Credit Limit. Transfer students who enter UNCG after attendance at two-year colleges receive transfer credit for no more than 64 semester hours from two-year institutions.

Extension Credit. UNCG extension credit, earned either on or off campus, will be considered transfer credit for admission purposes. Up to 64 semester hours in extension and/or correspondence credits may be applied towards an undergraduate degree. Academic departments may establish such course and credit limitations in acceptance of extension credit as may be required by specific degree programs.

Although UNCG extension credit is treated as transfer credit at the time of admission, it will thereafter be considered "residence" credit for degree certification purposes. The grades and quality points are calculated in the UNCG grade point average.

Correspondence Credit. Up to 64 semester hours in correspondence and extension credit may be applied to the completion of work for an undergraduate degree with the further stipulation that not more than one-fourth of the requirements for the degree may be completed in correspondence credit. Academic departments may establish such course and credit limitations in acceptance of correspondence credit as may be required by specific degree programs.

Although UNCG correspondence credit is treated as transfer credit at the time of admission, it will be thereafter considered "residence" credit for degree certification purposes. The grades and quality points are calculated in the UNCG grade point average.

Correspondence credit earned from institutions other than UNCG is always treated as transfer credit. It will have no impact on the UNCG grade point average. Only hours will be applied toward the UNCG degree.

GREATER GREENSBORO CONSORTIUM

A student attending a college or university in the Greater Greensboro Consortium (Bennett, Elon, Greensboro, Guilford, High Point, and Guilford Technical Community Colleges and North Carolina Agricultural and Technical State University) is not classified as a visiting student at UNCG and does not go through the admis-

sions process for the fall or spring semesters. Students wishing to register for courses here through the Consortium should contact the registrar of their home institution. For the Summer Sessions, the Consortium is in effect only with North Carolina Agricultural and Technical State University, Bennett, Elon, Greensboro, Guilford, High Point, and Guilford Technical Community College students interested in taking courses in the UNCG Summer Sessions should request a bulletin from the Summer School Office (910/334-5416) and submit the application form found in the bulletin.

AUDITORS

Auditing a course is the privilege of being present in the classroom when space is available. No credit is involved, no examinations are required, and no grades are reported. Attendance, preparation, and participation in classroom discussion and activities are at the discretion of the department head and/or instructor. Admission is determined following the close of regular student registration.

Registered Auditors

A currently enrolled student may audit a course upon the written approval of his faculty advisor and the instructor and must register officially for the course. A student paying full tuition and fees may audit one course per semester without additional fee. A registered part-time credit student may not audit more than two courses per semester and is charged a \$15.00 fee for each audited course. Fees are payable in full at the time of enrollment.

Persons not officially registered at UNCG who desire a record of enrollment as an auditor should follow regular admission, registration, and fee payment. The fee is \$163.50 in-state and \$896.50 out-of-state for each course audited.

Visiting Auditors

A person not officially registered at UNCG who desires to audit a course without a record may secure an application form from the Office of Continuing Education. To audit a 600- or 700-

level course, a student must hold a bachelor's degree. Visiting auditors are admitted to lecture courses when space is available with the approval of the department head in consultation with the instructor teaching the course requested. A fee is charged for each course audited. For more information, contact the Office of Continuing Education, 209 Forney Building, 910/334-5414 or 1-800-306-9033.

SUMMER SESSION

Students continuing their education at UNCG receive Summer Session registration materials along with Fall registration materials in late March of each year. Continuing students may register for Summer Session in April at the same time they register for the next Fall semester.

New or visiting students planning to attend summer session at UNCG must complete an Application for Summer Session form. A copy of the Summer Session Bulletin and the application form may be obtained in early March by contacting the Office of Summer Session, UNCG, Greensboro, NC 27412-5001 (910/334-5416). For credit information see p. 56.

Admission to Summer Session does not constitute admission to the University for fall or spring semesters.

CONTINUING EDUCATION PROGRAMS

The Office of Continuing Education offers undergraduate credit as well as a variety of special non-credit programs that extend its academic resources to meet professional and personal learning needs of individuals.

These programs may be offered on or off campus, and include regular University credit courses, short courses, workshops, institutes, conferences and teleconferences, and study abroad. The State requires that such educational service be self-supporting; therefore, fees are assessed for the cost of such programs and are separate from regular University tuition. Persons need not be admitted to UNCG in order to register for these courses. Students

wishing to include extension work in their program should consult their advisors.

Registration is handled by the Office of Continuing Education and Summer Session, 209 Forney Building, 910/334-5414 or 1-9-800-306-9033.

SENIOR CITIZENS

Residents of North Carolina age 65 or older who meet applicable admission requirements may enroll tuition free on a space available basis. The availability of course space is determined by the Registrar at the close of registration for any given semester.

VETERANS

Veterans' enrollment certification is handled by the Office of the Registrar, 910/334-5946.

UNCG is on the list of approved institutions which can provide training under the Veterans Administration Educational Training Program. A veteran wishing to receive educational benefits should apply first to the Veterans Administration for a Certificate of Eligibility. The student then applies for admission to UNCG through normal admissions procedures. The issuing of a Certificate of Eligibility by the VA does not automatically assure a student of admission to UNCG.

When enrolling at UNCG, the veteran should present a Certificate of Eligibility to the Registrar requesting that certification of enrollment be sent to the VA. This Certification of Enrollment is necessary before educational benefits can be received. Certification of Enrollment must be requested each year and again in summer school.

RESERVE OFFICERS' TRAINING CORPS

The United States Air Force and Army Reserve Officers' Training Corps programs are available to UNCG students at North Carolina A & T State University (in Greensboro). As a

member of the Greater Greensboro Consortium, UNCG offers students these opportunities for leadership training and a commission in the Army or Air Force through cross-registration.

The University will grant credit for certain ROTC courses taken at A&T State University as part of the Consortium arrangement. UNCG students will be awarded elective credit and quality points for junior and senior level ROTC courses completed at A&T State University through the Consortium.

Elective credit shall not exceed eight semester hours for Army ROTC, and twelve hours for Air Force ROTC.

ACCELERATED MASTER'S PROGRAMS FOR UNDERGRADUATES

The University of North Carolina at Greensboro has developed a limited number of accelerated programs that will allow qualified undergraduates, especially those having Advanced Placement Credit, to earn both a

bachelor's and a master's degree in approximately five years. These programs allow undergraduate majors to continue to pursue graduate work in the same discipline as their bachelor's degree, or secondly, by carefully choosing electives, to complement the undergraduate major with graduate study in another area.

Although formal admission to an accelerated program is usually in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should speak with an advisor in the department of their undergraduate major as early as possible.

GRADUATE STUDENTS

Students interested in working toward a graduate degree or students who hold a bachelor's degree and wish to continue their general education should consult the **Graduate School Catalog** for admission information. The catalog can be obtained from the University Bookstore, Elliott University Center.

CHAPTER 3

EXPENSES AND FINANCIAL AID

TUITION AND FEES

The expense figures listed in this chapter are for the 1994-95 academic year. Revised rates for 1995-96 were not available at the time this book was published. Questions regarding current fees should be directed to the Cashier's Office (910/334-5831). *UNCG reserves the right to make changes in these charges without advance notice.*

RESIDENCE STATUS FOR TUITION PURPOSES

The complete policy for determining residence status for tuition purposes is printed in the Appendix of the *Bulletin* (see pp. 455-456). A student who is initially classified as an out-of-state student may file an application for reclassification as a resident of North Carolina in the Provost's Office, 201 Mossman Building (910/334-5494). Processing of such applications usually requires 6-8 weeks.

PART-TIME STUDENTS: TUITION & FEES

A part-time undergraduate student for tuition and fee purposes is defined as one taking fewer than 12 semester hours of work each semester. Students taking 12 or more hours per semester pay the same tuition and fees specified above for full-time students.

Undergraduate Students Taking From 0-11 Hours

Undergraduate students taking fewer than 12 semester hours during a regular semester will be charged a prorated portion of the tuition and the general fee. The health service fee is charged students taking 9 or more hours who live off campus. However, such a student may voluntarily choose to pay the fee and enjoy the benefits of the Student Health Service. All on-campus students pay the health service fee. Undergraduate tuition and fees per credit hour for the 1994-95 academic year are indicated in the table on the opposite page.

25% TUITION SURCHARGE FOR UNDERGRADUATES

The General Assembly has instituted a twenty-five percent (25%) tuition surcharge (Section 89 (b), Senate Bill 27, 1993 Session) which is effective fall semester 1994 and applies to all NEW undergraduates seeking a baccalaureate degree. Specifically, it states,

"The Board of Governors of The University of North Carolina shall ensure that procedures are established that

are necessary to impose a twenty-five percent (25%) tuition surcharge on students who take more than 140 degree credit hours to complete a baccalaureate degree in a four-year program or more than one hundred ten percent (110%) of the credit hours necessary to complete a baccalaureate degree in any program officially designated by the Board of Governors as a five-year program. The calculation of these credit hours taken at a constituent institution or accepted for transfer shall exclude hours earned through the College Board's Advanced Placement or CLEP examinations, through institutional advanced placement or course validation, or through summer term or extension programs. The Board shall report to the Joint Legislative Education Oversight Committee by April 1, 1994, on its recommendations for implementing this surcharge."

Students Subject to the Surcharge

The tuition surcharge will be applied to new undergraduate students enrolled for the first time in Fall 1994 in a degree program at UNCG as follows:

(1) For students earning a first baccalaureate degree in a program that requires no more than 128 credit hours, the surcharge shall be applied to all hours in excess of 140.

(2) For students earning a first baccalaureate degree in a UNC Board of Governors Board-approved program that requires more than 128 credit hours, the surcharge shall be applied to all hours that exceed 110 percent of the credit hours required for the degree. Such programs include those that have been officially designated by the Board of Governors as five-year programs as well as those involving double majors, or combined bachelor's/master's degrees.

(3) For students earning a baccalaureate degree other than their first, the surcharge shall be applied to all hours that exceed 110 percent of the minimum additional credit hours needed

to earn the additional baccalaureate degree. The minimum additional credit hours will be determined by the degree audit performed by the Office of Academic Advising and Support Services during the first semester a student is enrolled in the second or other baccalaureate degree.

Students seeking a second baccalaureate degree are required to take 31 credit hours of residency at UNCG.

The surcharge will be imposed in the fall or spring semester and in all subsequent semesters where a student's cumulative credit hour total exceeds the threshold. The surcharge does not apply to required fees.

Hours INCLUDED in Tuition Surcharge Hours:

The undergraduate credit hours to be counted in the calculation of the tuition surcharge include:

- (1) all semester (fall and spring semester) academic credit hours attempted (includes repeated coursework and failed coursework); and
- (2) all transfer credit hours accepted by UNCG.

Hours EXCLUDED from Tuition Surcharge Hours:

- (1) College Board's Advanced Placement (AP) credit;
- (2) College Level Examination Program (CLEP) or similar programs' credits;
- (3) credit earned through any UNCG advanced placement, course validation or similar procedure;
- (4) credit earned in summer sessions at UNCG or another UNC institution; and
- (5) credit earned from an extension division of any UNC institution, including UNCG.

Students will be informed of the **Tuition Surcharge Hours earned each semester** and cumulatively in their tuition billing beginning with the fall semester 1995 report.

Students may contact the Office of Academic Advising and Support Services to obtain current information on their credit hours.

HOUSING AND DINING PLANS

Housing Plans

All UNCG students have the option of living on or off campus. Approximately 3,500 students live in 23 residence halls on campus. UNCG houses students without regard to race, creed, color, or national origin. Students may request residence halls or roommates by name, and whenever possible, such requests will be honored.

All rooms have local telephone service to their rooms. Long distance service is available through a designated carrier contracted by the University, or by using a personal calling card.

To request a space, students must return to the Office of Housing and Residence Life (910/334-5636) the following:

- Completed application card
- Advance rent payment of \$150

Upon receipt of the Advance Rent Payment and the Completed Application Card, the student will be sent a UNCG Relocation Kit which provides additional information about campus housing and a Contract for Housing and Food Service.

Current housing costs (based on 94-95 rates) are outlined in the following table. Also see additional housing information on pp. 402-403.

Housing Plans Per Semester

Double Room	\$857.50
Single Room	\$1,140.50
Apartments	\$1,500.00
Moore/Strong Suites-double	\$950.00
Moore/Strong Suites-single	\$1,263.00
Telephone Service, double	\$38.00
Telephone Service, single	\$76.00
Air Conditioning	\$35.00

Dining Plans

All students who live on campus are required to contract for meals in the UNCG dining halls. Several meal plans are available (please note—rates are based on 1994-95 information):

Dining Plans Per Semester

19 meals per week, no cash	\$795.00
15 meals per week, plus \$100 cash	\$895.00
150 meals per semester, plus \$150 cash	\$895.00
60 meals per semester, plus \$300 per semester	\$650.00

A student may select one meal plan for the first semester and then change to another meal plan for the next semester. Changes to meal plans may be made until the last day of drop/add for that semester.

All "meals per week" are reset on Sunday night. Meals remaining before the reset do not carry forward to the next week. "Meals per semester" allow any meals to be eaten during a semester until all are used. Semester meals reset when the next semester begins. Any meals remaining at the end of a semester do not carry forward to the next semester. Also see information on p. 403.

OTHER FEES AND EXPENSES**Health Service Fee**

All students living on campus and all students living off campus taking 9 or more hours are required to pay the health service fee, which provides medical services to students. (See Chapter 7, "The University Community," for further description of health services.)

Part-time students living off campus enrolled for less than 9 hours may voluntarily choose to pay the fee and enjoy the benefits of the Student Health Center.

Athletic, Activity, and Facilities Fees

Payment of these fees give students access to athletic events, campus organizations, Elliott University Center (student union), and many other student programs.

Auditing Fees

A regular full-time student may audit one course free per semester. A registered part-time student may not audit more than two courses per semester and is charged a fee of

\$15.00 per course. A person who is not a registered credit student can receive a record of enrollment as a registered auditor. The fee is \$196.75 in-state and \$1,076.75 out-of-state for each course audited. Visiting auditors are not registered students and must apply to the Office of Continuing Education to audit courses for a \$15.00 fee per course. See Chapter 2, "Admissions," for details.

Laboratory Breakage Deposit

The standard academic fees charged all students include the use of laboratory facilities. However, students are required to pay a \$10.00 laboratory breakage deposit to cover the cost of any equipment which is broken or lost. The deposit is determined by the departments involved after periodic inspections and inventories. Any unused portion of the breakage deposit is refunded at the end of the academic year.

Special Medical Service Charge

Although the health service fee covers ordinary medical services provided by the Student Health Center, additional nominal charges are made for special services such as x-rays and certain medications. The University Physician determines the amount of these charges. They are payable upon receipt of a statement from the Health Center. Students not living on campus who are confined to the Health Center are charged for the meal service.

Due to high medical costs in the United States and to historical experience of previous international students, all nonimmigrant students, regardless of status or semester hours taken, are required to pay the student health fee and are encouraged to purchase adequate health and accident insurance. A Student Accident and Sickness Insurance Plan which meets the above requirements is available to UNCG students. Information on this may be obtained from the International Advisor.

Students who elect not to pay the health service fee may be treated at the Health Center on a fee-for-service basis. Standard medical charges will be made for any services rendered.

Student Identification Cards

A permanent University ID card will be issued to each student upon completion of registration for the first semester at UNCG. If this permanent ID card is lost, there is a \$10.00 replacement fee which is to be paid at the Cashier's Office.

Graduation Fee

A fee, currently \$30, which covers the cost of Commencement regalia and diploma, is charged to all Bachelor's degree candidates. It is payable in the Cashier's Office 30 days prior to graduation. Students who do not graduate in the semester for which they originally filed graduation applications will be charged an additional \$10 fee to cover the reordering of the diploma when they refile for graduation.

Transcript Fee

A fee is charged for release of all academic transcripts to off-campus agencies and employers.

Books and Supplies

Costs generally run \$400-\$450 per year for textbooks and related supplies. These are to be paid for as purchased, either from the University Book Store or elsewhere.

Residence Hall Furnishings

Students furnish their own pillows, pillow cases, sheets, blankets, bedspreads, towels, and room accessories such as study lamps, draperies, rugs, and wastebaskets.

Car Registration

Registration and parking permits are required for all student-operated motor vehicles. See Chapter 7, "The University Community," for details on parking regulations.

Uniforms

Students are expected to use outfits appropriate to the physical education activities taken. Gym clothing, leotards, and other appropriate outfits are available from the University Book Store.

Many laboratory courses require safety goggles and special aprons. Smocks or cover-

alls are often required in art classes. A number of financial aid jobs require special uniforms. Unless the student has advance information as to exactly what is required, it is preferable to purchase these items after arrival.

Nursing Majors

Special fees for nursing students are discussed in Chapter 5 under the School of Nursing.

Laundry & Dry Cleaning

The University does not provide any laundry or dry cleaning service. Coin-operated washing machines and dryers are located in each residence hall.

Telephone Service

Local telephone service is available in all residence hall rooms; room occupants may contract for long-distance service directly with Southern Bell Telephone Company. The University is not responsible for telephone service contracts between the student and outside parties.

PAYMENT OF TUITION AND FEES AND PAYMENT PLANS

Schedule of Payments for Full-Time Students

The expenses table gives costs on a nine-month academic year basis. To figure the amount due each semester, divide your total expense figure by two. This is the amount which should be paid to the University cashier during registration each semester. When applicable, the required deposit, discussed below, should be subtracted from amount due for the spring semester because it is credited toward spring semester costs.

Payment of Fees/Confirmation of Registration

Payment for the Fall and Spring Semesters should be made by the deadline dates set by the Registrar and published in the University Calendar and in the semester Schedule of Courses booklets. The deadline dates are also set forth in

the instructions mailed to students. Payments not received by these dates will result in the cancellation of registration. Payment by mail is encouraged. The University ID Center validates all student ID cards upon enrollment verification through their automated file.

Banking Information

A Wachovia Teller II is located in the Elliott University Center; NationsBank and the State Employees Credit Union maintain 24 hour teller machines in the dining hall. Students may establish checking accounts at one of the banks in Greensboro for banking services. Student identification cards will enable students to cash checks for up to \$50 at the University Cashier's Office for a fee of 50¢ per check. Checks that are returned for non-payment will be charged a \$20.00 return check fee for each returned check. This fee will be assessed to either the maker of the check or last endorser (whoever last negotiated the check). UNCG has the authority to cancel semester registrations for non-payments resulting from returned checks.

The Cashier's Office is open between 8:30 am and 4:00 pm, Monday through Friday, and is located in 150 Mossman Building (334-5831).

STUDENT CREDIT POLICY

Tuition and fees for all University students are due and payable before or on registration day in the Cashier's Office. North Carolina law requires the University to charge and collect from each student at the beginning of each academic session tuition, fees, and an amount sufficient to pay all other direct expenses such as room and board incurred for the term. Payments may be made by cash, money order, check, or VISA or Mastercard credit cards. Cash should not be sent through the mail.

As an exception to the above policy, students may be granted deferments (credit) only if they meet one of the following criteria:

(1) Students who receive awards through the UNCG Financial Aid Office from one or more of the following programs must pay the

amount of their bill less the amount awarded for deferrable financial aid. Any liability resulting from a reduction of financial aid becomes the student's responsibility payable upon notification of the adjustment of the award. Financial aid awards for purposes of the credit policy are as follows: Pell Grants, Subsidized Stafford Student Loans, Institutional Loans, SEOG, Perkins Loan, N.C. Veteran Scholarships, Vocational Rehabilitation, Disabled Veterans, Minority Presence Grants, University Scholarships, Fellowships, Assistantships, and Grants. Students who have College Work-Study or other need-based campus work are expected to apply all other aid funds immediately to their accounts, but may contract individually with the Cashier regarding payment of their wages to their charges. Wherever possible term-time earnings should be used to cover personal expenses.

(2) Students wishing to utilize Veterans' benefits under the credit policy must demonstrate financial need in compliance with normal financial aid need standards. Credit requests under this provision must be submitted to the Financial Aid Office accompanied by a Financial Aid Form no later than ninety (90) days before the beginning of an academic term. Final approval is contingent upon the student's demonstration of need and a good credit history with the University.

(3) Recipients of scholarships awarded by organizations outside the University in which direct payment is made to UNCG and notification is on file with the Financial Aid Office may qualify under the credit policy. Students should provide notification of such awards as soon as possible.

REFUND POLICY FOR STUDENT FEES AND CHARGES

General

If a fee is designated as being attached to a specific service (such as an application fee or registration fee), no part of the fee is refundable if the service has been rendered.

If a situation arises in which the University administration considers that equity would best be served by cancelling a student's registration, it will do so and all charges will be refundable.

For Students Who Have Completed Registration: Tuition and Fees

During the first two weeks of a semester, tuition and fees (not room and board) are refundable except for 10% of these charges. See the UNCG Calendar for refund deadline dates. **After the first two weeks of classes, tuition and fees are not refundable.** Students subjected to an administrative withdrawal for failure to comply with medical clearance requirements are not entitled to a refund with the exception of a pro rata refund of board charges (if applicable).

Exceptions: Charges are refundable by administrative action on a pro rata basis for the unexpired portion of the term for reasons such as: death of student, withdrawal for adequate medical reason as certified by the University Student Health Center, and death in the immediate family which necessitates the student's withdrawal from the University.

Charges are refundable pro rata based on the unexpired portion of the term if authorized by the Refund Committee.

Housing and Dining Plan Refunds

Room Rent is NOT refundable. However, if a student qualifies for an exception as stated above, room rent is refundable except the pro rata part of the remaining charge based on the expired portion of the term. The housing contract is for one academic year. Students who cancel their contract at the end of the Fall Semester and remain enrolled at The University, will be charged for the Spring Semester rent. Board charges are refundable except for a pro rata charge based on the expired portion of the term. Also see information on pages 402-403.

Late Fees for Registration

Continuing students eligible to register at the close of one term for the following semester who choose not to do so, or who fail to confirm

their registration, will be charged a late fee. Waiver of the late fee will be considered only when it can be demonstrably shown that the University, through one of its offices or officials, was directly responsible for the failure of the student to complete registration.

For Students Who Have Received Financial Aid

If it has been determined that any of a financial aid recipient's UNCG charges (tuition, fees, or room and board) are refundable in any amount, the student will not receive any of the refund until the Financial Aid Office determines what portion of the refund, if any, needs to be repaid to the financial aid programs from which the student received funds.

When a student has received financial aid funds for purposes of indirect (non-institutional) educational costs such as books and supplies, personal expenses, off-campus living and food expenses, or travel expenses, the student should expect to be responsible for repaying any portion of the funds received which cannot be attributed to the expenses incurred during the student's actual period of enrollment.

First-time enrollees receiving Title IV aid qualify for a pro-rata refund of tuition and fees.

Further information regarding refund or repayments of financial aid awards can be found in the Financial Aid section of this catalog.

Refund Committee

The Refund Committee considers appeals from any student who wishes to submit an appeal in writing or in person. Cases are referred to the committee when the usual regulations do not address particular circumstances.

The committee normally does not grant a refund if a student withdraws for personal reasons such as failing or transferring to another institution. (Transferring to another campus of The University of North Carolina is the same as going to another school, since each is administered separately for financial purposes.)

FINANCIAL AID

UNCG administers an extensive financial aid program which provides assistance to more than half the University's enrolled undergraduates. Available aid includes scholarships, grants, loans, and work. (Eligibility for need-based programs is determined through an analysis of family financial information provided on the Free Application for Federal Student Aid [FAFSA] or the Renewal Free Application for Federal Student Aid [RFAFSA]). For information on programs, services, and application procedures, contact the Financial Aid Office at the following address:

UNCG Financial Aid Office
723 Kenilworth Street
Greensboro, NC 27412-5001
(910) 334-5702

Hours of operation: 8:00 am — 5:00 pm
Monday — Friday

Support for UNCG's financial aid program comes from federal and state governments, and from individuals, foundations, and corporations. Awards are granted and administered according to the provisions determined by the contributing agency or donor.

Renewal of a student's award from federal and state sources is contingent on continued support from government agencies and on the annual determination of the student's eligibility. Federal and state programs change frequently, so specific types of awards may not be available each year. Award amounts may vary year to year, based on available funds and changes in a student's financial need status.

UNCG Policy on Satisfactory Academic Progress for Financial Aid Recipients

All students receiving financial aid (scholarships, grants, loans and/or work-study) are required to meet the standards of the UNCG Policy of Satisfactory Academic Progress for Financial Aid Recipients in order to maintain eligibility for funding. Further information concerning this is available through the Financial Aid Office.

Conditions of Award Receipt

As a condition of your award acceptance at UNCG, please be aware of your following responsibilities.

1) You must pick up your aid from the Cashiers' Office (151 Mossman) each semester/term. (Your aid package is awarded on a semester/term basis. Each semester/term you must sign to have your aid applied to your outstanding charges with the University or to receive any aid which should be paid directly to you.)

2) You must retrieve your aid from the Cashiers' Office within 15 working days. (If you are receiving your award notification prior to the beginning of the term for which the aid is intended, then you have 15 working days from the beginning date of the semester to pick up your aid. If you are receiving your notification during the semester, you have 15 days from the point in time in which your aid is accessible through the Cashiers' Office to retrieve it.)

3) You must keep current your local and permanent telephone number and address through the Registrar's Office. (Many circumstances arise which require that the Financial Aid Office contact you in an immediate fashion.)

4) You must notify the Financial Aid Office in writing if you:

- a) Choose not to accept all or a portion of your aid package;
- b) Intend to withdraw from or cease enrollment at UNCG;
- c) Intend to decrease hours of enrollment at UNCG;
- d) Receive any form of additional aid;
- e) Alter your living arrangements (on or off-campus).

Failure to comply with any or all of the above may result in the immediate cancellation of your award (without prior notice) and/or the revocation of your subsequent eligibility for aid.

General Scholarships

UNCG awards a limited number of general scholarships, ranging in value from \$100 to \$2,000 per year, to undergraduate students who have above-average academic records and/or financial need. A student does not need to apply for a specific general scholarship. The Financial Aid Office considers applicants for all the general scholarships for which they are eligible.

Some scholarships are restricted by academic major. Usually these awards are made by a school or department to upperclass students who have entered specific majors.

A complete listing of undergraduate scholarships offered at UNCG appears later in this chapter. Students are also encouraged to inquire with their local high school counseling staff. The Chamber of Commerce can typically provide a list of service and fraternal organizations in a student's hometown who grant scholarships. Most reference libraries can direct students to publications which contain scholarship directories.

Competitive Scholarship Awards

UNCG has a Competitive Awards Program which seeks to recognize entering freshmen who have outstanding academic ability and talent.

Centennial Scholarships

Established by gifts and bequests from friends and alumni of UNCG, Centennial Scholarships are intended for freshmen entering the University beginning with Fall 1993. The scholarships are renewable, full academic awards in the amount of at least \$5,000 for in-state recipients, and \$12,000 for students from out of state. To be considered for a Centennial Scholarship, a high school senior must be nominated by someone outside the University or be invited to apply by UNCG.

Recipients will be selected on the basis of exceptional academic achievement in high school, exemplary citizenship and community service, commitment to excellence, outstanding written and oral communication skills, and intellectual curiosity. A special application form must be submitted to the Admissions Office by December 1, and those selected as finalists for an award must participate in an interview process which, combined with applica-

tion information and three letters of recommendation, will be used to determine recipients.

Ethel Virginia Butler Centennial Scholarship. Awards are made from a bequest from alumna Ethel Virginia Butler, a former teacher and for 29 years, manager of the University Bookstore.

C.D. Spangler, Jr. Centennial Scholarship. These awards are funded by a gift of C.D. Spangler, Jr., educator and businessman, while president of The University of North Carolina.

Marion White Fisher, M.D. Centennial Scholarship. Awards from this fund are made possible by a bequest of Freida White McGirt in memory of her daughter, Dr. Marion White Fisher, '39, a radiologist who died in 1978 after a long battle with cancer.

Class of 1942 Centennial Scholarship. Funds for this scholarship were established by the Class of 1942 in honor of the 50th anniversary of their commencement, and the University's centennial year.

Other Competitive Scholarships

The following awards are given on the basis of academic excellence and evidence of leadership ability or special talent. These awards are renewable for three successive years of undergraduate study if the scholar's performance is satisfactory.

Application forms and information may be obtained from the Admissions Office (910/334-5243) for the Alumni, Bryan, Eiserer, Ferguson, Fiftieth Reunion Class, Fletcher, Glaxo, Jefferson-Pilot, Libby Jones, NationsBank, Preyer and Reynolds awards. Applications are due December 1.

Alumni Awards. The Alumni Association established this award for incoming freshmen. Awards begin at \$2,500 per year. The scholarship is renewable for three years.

Kathleen Price and Joseph M. Bryan Awards. Joseph M. Bryan established these funds in 1983 to provide undergraduate scholarships for students in business and economics. Awards are valued at no less than \$2,000 per year.

Carol Jean Eiserer Award. One recipient who is majoring in Exercise and Sport Science is selected every four years. Preference is given to students from Montgomery County, Maryland. Secondary preference is given to students from anywhere else in Maryland or North Carolina. This award covers the total cost of tuition, room and board.

James S. and Frances C. Ferguson Award. This scholarship was established in 1978 to honor Dr. and Mrs. James S. Ferguson. An award of no less than \$2,500 is made to an outstanding out-of-state student.

Fiftieth Reunion Class Award. Established in 1986 by the Class of 1936 in celebration of its fiftieth reunion, this \$1,500 scholarship is awarded annually.

A. J. Fletcher Award in Music. Scholarships for \$5,000 are awarded to students with special talent in music.

Glaxo Women in Science Scholars. Two scholarships are awarded every four years to outstanding women who are majoring in science. Recipients are paired with a woman scientist mentor at Glaxo Inc. who serves as a mentor as long as the student stays in the program.

Jefferson-Pilot Award. In 1961, the Jefferson-Pilot Life Insurance Company established this scholarship. Awards begin at \$2,500.

Elizabeth Louisa "Libby" Jones Awards. This award is given every four years to students in mathematics, computer science, chemistry, or physics.

NationsBank Awards. These funds were established in 1982 by the North Carolina National Bank for students studying business and economics. Annual awards begin at \$2,000.

L. Richardson and Emily Preyer Scholarship. This scholarship was established in 1991 to aid an outstanding undergraduate student. Emily Preyer, Class of 1939, requested that the scholarship be awarded based on academic merit.

Katharine Smith Reynolds Awards. These scholarships were established by the Z. Smith Reynolds Foundation in 1962 as a memorial to Mrs. Katharine Smith Reynolds. Awards starting at \$3,000 are made to legal North Carolina residents each year.

Scholastic Achievement Awards

Renewable awards of \$1,500 per year are made annually to entering black freshmen from North Carolina. Selection criteria include outstanding academic achievement in high school and academic promise. Special applications, available from the Admissions Office, are due March 1.

Grants

Federal, state, and UNCG funds are available for grant awards to students with exceptional financial need. A grant is gift assistance and does not require repayment. Students who complete the financial aid application procedures are considered for all grant funds for which they are eligible.

The Minority Presence General Grant Program. Part I of the program provides funds for grants to white students at predominately black institutions and to black students at predominately white institutions who are residents of North Carolina, are enrolled for at least three hours of degree credit coursework, and

demonstrate financial need. Part II provides funds for grants to Native Americans and other minority students at the constituent institutions of the University of North Carolina who are residents of North Carolina, are enrolled for at least three hours of degree credit coursework, and demonstrate financial need.

Loans

UNCG provides long-term loan assistance through federal and institutional funds to graduate and undergraduate students. Students are considered for loan assistance when they complete the financial aid application procedures. The Financial Aid Office awards a loan from the fund that is most suitable to a student's circumstances. When receiving a loan, the student must sign a promissory note.

Loan programs available to UNCG students include Federal Perkins Loans and Institutional Loans. Federal Stafford Student Loans (subsidized and unsubsidized) and Federal Parent Loans for Undergraduate Students (PLUS) are described beginning on page 392. Separate applications are generally required for these funding sources.

Students are responsible for repayment of loans after graduation, upon dropping below half-time status, or after withdrawal from UNCG. Students are expected to repay according to a schedule that they must sign before leaving UNCG. Repayment of a Federal Perkins Loan must begin six to nine months after termination of at least half-time student status, and the student pays 5 percent interest on the unpaid balance of the loan principal. Repayment of an Institutional Loan, along with specified interest, begins at the time the student leaves UNCG. Additional information about the conditions and terms of student loans and about loan repayment is available in the Cashier's Office, Loans Collections Division.

In addition to long-term student loans, short-term loans for emergency expenses up to \$200 are available through the Financial Aid Office.

Student Employment

Part-time jobs on campus are available for students who want to earn money for a portion of their college expenses. Funds for these student jobs are provided for in the budgets of various departments on campus and by the federal government through its Federal Work-Study Program. The average student job requires 10 to 15 hours per week, and average yearly earnings are approximately \$1,400 to \$1,600.

All student employees, upon being hired, must present proper documentation verifying their identity and employment eligibility as required by the Federal Immigration Reform and Control Act of 1986. Original documentation must be presented on or before the first day of work. A list of acceptable documents is available from the ID Center located in the Walker Avenue Parking Deck (910/334-5651).

Off-Campus Employment

Students seeking off-campus employment may register with the University's Job Location and Development Center (JLD), located in the Foust Building. Students are eligible to use JLD services as soon as they have been accepted for admission.

FINANCIAL AID FROM OTHER SOURCES

Students are encouraged to investigate sources outside UNCG from which they may obtain aid. Assistance from an outside agency or program may provide the full amount needed by the student, or it may be combined with an award from UNCG to meet the student's need. A student who applies for aid must report to the Financial Aid Office any assistance and income received from outside sources for attendance at UNCG so that the office can accurately determine the student's available resources and need for aid from programs administered by the University.

Federal Pell Grants

The Federal Pell Grant program assists undergraduate students in meeting postsecondary educational expenses. The program provides eligible students in need of financial assistance with federal funds to help pay for education beyond high school.

A Free Application for Federal Student Aid (FAFSA) or Renewal Free Application for Federal Student Aid (RFAFSA) must be filed to determine Federal Pell Grant and other need-based aid eligibility before an award can be made by UNCG. Ineligibility for a Federal Pell Grant may not affect eligibility for other types of aid at UNCG. A student must reapply each year for a Federal Pell Grant, and the amount of the grant usually varies from year to year.

Federal Stafford Student Loan Program

All students who are U.S. citizens or permanent residents and who are enrolled at least half-time are eligible to be considered for assistance through the Federal Stafford Student Loan Program (subsidized and unsubsidized).

Annual borrowing is limited to \$2,625 for the first year of undergraduate study, \$3,500 for the second year, \$5,500 for upper-level undergraduates and up to \$8,500 for graduate study. Total loan assistance at the undergraduate level may not exceed \$23,000 and \$65,500 is the aggregate total through the graduate level.

Your loan will be available at a variable rate if you received it on or after October 1, 1992, and you had not previously received a Federal Stafford Loan, a Federal PLUS Loan, a Federal Supplemental Loan, or consolidation loans. This rate will never exceed 9 percent and will allow you to take advantage of lower annual interest rates.

The two types of Federal Stafford Loans are subsidized and unsubsidized. If the student has a subsidized loan, the U.S. Department of Education pays the interest on the loan while the student is enrolled at least half-time. Repayment normally begins six months after the borrower graduates or terminates half-time enrollment. An unsubsidized loan accrues interest from the time of disbursement. Accumulated interest may be paid monthly or quarterly, or may be added to the loan principal (capitalized). The FAFSA/RFAFSA determines your eligibility for each type of loan.

Independent students who do not demonstrate financial need may be eligible to borrow additional

monies under the Federal Unsubsidized Stafford Loan — Increase. Maximum annual loan limits for this program are: \$4,000 for the first two years of undergraduate study; \$5,000 for remaining years of undergraduate study; and \$10,000 for graduate pursuit.

Federal regulations, including eligibility criteria, entrance and exit interviews, and fund disbursement dates govern the Federal Stafford Program.

Federal Parent Loans for Undergraduate Students (PLUS)

This federal government program allows parents of dependent students to borrow to meet educational expenses without demonstrating financial need. These loans are available only after the student's annual limit for Federal Stafford Loans has been reached. The Federal PLUS program provides nonsubsidized loans at a variable interest rate that is not to exceed 10 percent per annum. The amount borrowed under this program may not exceed the cost of education minus other aid received. Repayment usually begins immediately after the loan is made.

North Carolina Student Loan Program for Health, Science, and Mathematics

Legal residents of North Carolina accepted as full-time students in accredited associate, baccalaureate, master's, or doctoral programs leading to a degree in health, mathematics, nursing, or science are eligible. Maximum loans range from \$2,500 to \$4,000 a year depending on the degree level. The recipients are selected according to major, academic capabilities, and financial need.

Students should request information and applications as soon as possible after January 15 from the North Carolina Student Loan Program for Health, Science, and Mathematics, P.O. Box 20549, Raleigh, NC 27619-0549.

North Carolina Teaching Fellows

Four-year awards of \$5,000 per year are made to high school seniors who are promising prospective teachers. Financial need is not a selection criteria. For each year a student receives an award, he or she is expected to teach one year in North Carolina. The application deadline is in November and awards are announced in April. Applications are available from high school counselors and the NCTF Commission, Koger Center, Cumberland Bldg., 3739 National Dr., Suite 210, Raleigh, NC 27612.

North Carolina Prospective Teacher Scholarship/Loans

A North Carolina student who plans a teaching career in the state may apply for a Prospective Teacher Scholarship/Loan. Recipients are selected on the basis of GPA, SAT scores, class rank, congressional district, recommendations, and licensure areas of need. The award is valued at up to \$2,000 per year, and each year's stipend may be canceled by a year of public school teaching in North Carolina. Information and applications may be obtained from high school counselors, college financial aid offices, and Schools of education. Applications are due in mid-February. Awards are announced in May.

North Carolina Services for the Blind

Services for the Blind, a state agency affiliated with the North Carolina Department of Human Resources, provides financial assistance to visually impaired/blind college students for such items as tuition, fees, books, supplies and reader services. For information, contact the Chief of Rehabilitation Services, Division of Services for the Blind, 309 Ashe Avenue, Raleigh, NC 27606.

North Carolina Student Incentive Grants

A North Carolina undergraduate student with exceptional financial need may be eligible for a state grant ranging from \$200 to \$1,500. Applicants need only list UNCG on the FAFSA/RFAFSA and submit it by February 15 to be considered for an award.

North Carolina Veterans' Scholarships

The Department of Veterans' Affairs offers scholarship assistance to North Carolina children of deceased or disabled veterans or of certain veterans who were listed as POW or MIA status. An eligible student should write to the N.C. Division of Veterans' Affairs, 325 N. Salisbury Street, Raleigh, NC 27603, for information.

Nurse Scholars Program

Awards are available to North Carolina residents with strong academic records. Students contract to work as full-time registered nurses within the state after graduation or they must repay the amount they are awarded plus interest at the rate of 10 percent. Students should contact the School of Nursing to be nominated for this award and for further information on the program.

Nurse Education Scholarship/Loan

The loans are awarded to North Carolina students, with preference given to juniors and seniors in nursing degree programs. Recipients are selected on the basis of financial need and merit by the Financial Aid Office and the School of Nursing. Loans may be repaid through full-time employment as a nurse in North Carolina or through repayment at a 10 percent interest rate.

Vocational Rehabilitation

Many states offer educational assistance to students who are mentally or physically disabled. North Carolina students should contact the Vocational Rehabilitation Division of the Department of Human Resources in Raleigh. Students from other states should contact a local vocational counselor.

More information about these and other state programs is available from the North Carolina Educational Assistance Authority, P.O. Box 2688, Chapel Hill, NC 27514.

SCHOLARSHIPS AND LOANS

The following scholarship and loan funds are arranged in alphabetical order by the key word in each title. Scholarships designated for students in specific areas of study are listed in a special section by area of study. The description of each fund includes the major criteria which determine how awards are made. All funds are administered and awarded according to the guidelines established by the donors and according to institutional, state, and federal policies for financial aid awards. Scholarships listed in this publication are awarded primarily to undergraduate students. See the Graduate School Catalog for a list of scholarships awarded to graduate students.

General Scholarships

These scholarships are administered by the Financial Aid Office and in some cases, academic departments. Except in specified cases where separate applications are required, all students who complete the financial aid application process are automatically considered for them.

Phi Mu Alpha Sinfonia-Iota Epsilon Chapter Scholarship. The Iota Epsilon Chapter of Phi Mu Alpha established a scholarship in 1980. Awards are made to music majors upon the recommendation of the School of Music Scholarship Committee.

School of Music Dean's Award in Piano. A gift in 1978 established an endowment which provides annual awards to piano students recommended by the School of Music Scholarship Committee.

School of Music Student and Faculty Scholarship. The scholarship is awarded annually to an undergraduate or graduate music major selected for special recognition of outstanding musical achievement.

Ila L. Hensley, Virginia Jeter Sneed, and Virginia Elizabeth Sneed Scholarship. This fund was established as a memorial to Ila Hensley in 1977, on the fiftieth anniversary of her graduation from the University. Miss Hensley was a music educator in North Carolina for many years. Recipients are recommended by the School of Music Scholarship Committee.

UNCG Musical Arts Guild Scholarship. Established in 1973 to provide recognition and assistance to students majoring in music, awards carry a cash stipend provided from the earnings of Guild endowments.

Elisabeth Fulton Van Noppen Scholarship Fund. Mrs. Donnell Van Noppen established this fund in December 1983 for annual awards to students majoring in music education. Academic achievement and musical talent are considered. Recipients are selected by the Dean of the School of Music upon the recommendation of the faculty of the School of Music.

Bo Williams/Ish Brady Award. The Bo Williams/Ish Brady Award was established in 1974 and provides an annual award to a deserving student in the School of Music.

Nursing

Victor and Emma Bates Scholarship. Mr. and Mrs. Victor Bates established this scholarship for students in the UNCG School of Nursing. Recipients must be North Carolina residents and preference is given to students from Guilford, Yadkin, and Montgomery counties.

Mildred Perkins Caldwell/St. Leo's Hospital Scholarship. Ruth Perkins Wicker established this fund to honor the memory of her sister, Mildred Perkins Caldwell, and the role that St. Leo's Hospital played in the development of nursing education in the Greensboro community.

Cassell/Saperstein Scholarship Fund. In 1985, Anna Lou and Arthur Cassell, and Sara Lee and Paul Saperstein established this School of Nursing scholarship in memory of Mrs. Cassell's parents, Harry and Celia Doctor. One award is made annually to a student majoring in nursing, with financial need being the primary consideration.

Daphne Doster Scholarship. Established in 1989 by Miss Doster, this scholarship provides awards to academically talented students in the School of Nursing. Recipients are selected by the Dean of the School of Nursing from recommendations made by the School's Scholarship Committee, which receives applications.

The Ethel Stewart Kiser Scholarship. This fund was established in 1968 at Wesley Long Hospital by the friends and family of Ethel Stewart Kiser. Awards are made to deserving needy students interested in pursuing a four-year course in the School of Nursing. Preference is given to students from Harnett County.

Nell Hendrix Knight Scholarship. The Greensboro Branch of the Guilford County Medical Auxiliary established this fund in 1965. Scholarship awards are made each year to deserving students who are rising juniors in the nursing major. Preference is given first to students from Guilford County and second to students from North Carolina.

Vera Belle Copeland Lashley Memorial Scholarship. Established in 1986, the award is for a nursing major from Moore County.

Doris Meador Scholarship. An anonymous gift provides an award for a needy rising senior nursing major interested in OB-GYN nursing.

Margaret C. Moore Scholarship Fund. Established in 1975 by friends, faculty, and students, this fund provides a yearly scholarship honoring the memory of Margaret C. Moore, an alumna of UNCG and faculty member in the School of Nursing.

Anne Murphy Scholarship. Burlington Industries, through its Department of Health and Safety, established the Anne Murphy Scholarship Fund in recognition of Ms. Murphy's service as an occupational health nurse. The scholarship is awarded to undergraduate students planning to enter the field of occupational health nursing.

Brenda Welling Rechtime Scholarship. Established in April 1984 by the family and friends of Brenda Welling Rechtime, the intent of this fund is to provide assistance to undergraduate students seeking baccalaureate degrees from the School of Nursing at the University. Recipients must be recommended for the award by the School of Nursing, meet the requirements for selection into the nursing major at the junior level, possess above-average scholastic ability and attainments, and demonstrate leadership ability and interest in fellow students.

Bridgett Wilson Ridge Scholarship. The Board of Trustees of Wesley Long Community Hospital approved a gift to establish this fund to honor the memory of Bridgett Wilson Ridge, a 1979 cum laude graduate of UNCG and a nurse at Wesley Long Hospital. The income provides an annual award to a junior or senior student majoring in nursing. Recipients are selected by the School of Nursing.

Katie B. Shepherd Scholarship. This scholarship is awarded annually to an undergraduate student in the School of Nursing. Recipients are chosen on the basis of financial need and academic achievement.

The Wesley Long Community Hospital Auxiliary Scholarship. This scholarship, granted annually on the basis of academic merit with some consideration of financial need, is given to nursing students at the graduate or undergraduate level.

The Wesley Long Community Hospital Scholarship. Awards are offered each year to two outstanding students in the School of Nursing from an annual gift from the hospital.

The Wesley Long Hospital Scholarship-Loan. The Wesley Long Hospital, Inc. contributed funds to the University for scholarship-loan awards of \$1,500 per year to students in the junior and senior years of the nursing program at UNCG. Each year's award may be cancelled for a year of full-time employment as a staff nurse at The Wesley Long Hospital.

John W. Umstead, Jr. Scholarship. Established in 1987 by his daughter Anne Umstead Maulsby, the fund honors the late John W. Umstead, Jr., a state senator and businessman who was known as a champion of mental health, prison reform, and public education. Awards are made annually to nursing students, selected by the Dean of Nursing on the basis of merit, giving consideration to financial need.

Lettie Pate Whitehead Foundation. This grant provides scholarship funds for the education of poor and deserving Christian girls who are residents of one of the following states: Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia.

The Betty Woodroof Scholarship. The Women's Auxiliary of The Moses H. Cone Memorial Hospital established this scholarship in 1970 as a memorial to one of its members. The fund provides a \$1,250 per year scholarship for four years of study to a student in the School of Nursing. Selection is made by the Faculty Scholarship Committee and the Dean of the School of Nursing on the basis of financial need, academic standing, and character.

Glaxo Women in Science Scholars. See description under Competitive Awards, pp. 35-36.

Elizabeth Louisa "Libby" Jones Scholarship. See description under Competitive Awards, pp. 35-36.

Political Science

Annie Moring Alexander Scholarship in Political Science. Established in 1987, the funds are used for a \$2,000 undergraduate scholarship or graduate fellowship for a student selected by the Department of Political Science and the Financial Aid Office.

Public Health Education

Lettie Pate Whitehead Foundation. This grant provides scholarship funds for the education of poor and deserving Christian girls who are residents of one of the following states: Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia.

Romance Languages

The Winfield S. Barney Award. In 1956 the colleagues, friends, and former students of Dr. W. S. Barney, Chairman of the Department of Romance Languages, established this fund in his memory. The income from it is periodically used for an award to senior students of Romance Languages with distinguished academic records.

Mary Eliza Spicer Scholarship. Awards are given annually to rising juniors and seniors majoring in one of the Romance Languages. The recipients are selected on the basis of demonstrated ability in French or Spanish. This fund was established by Pierce T. Angell and daughter, Susan Spicer Angell, in memory of Mary Eliza Spicer Angell, Class of 1929.

Social Work

Stern-Ruskin Scholarship. This fund was established in 1987 by Jerome and Marnie Stern Ruskin in honor of their parents, Ike and Dorothy Stern and Saretta Ruskin. This scholarship is awarded annually to a student majoring in social work with preference given to a student emphasizing study and gerontology.

Lyda Gordon Shivers Memorial Fund. This fund was established in 1972 by friends and family of Lyda Gordon Shivers, a longtime faculty member in Sociology. The awarding of this fund will alternate between Sociology and Social Work majors. Recipients must demonstrate merit and need.

Sociology

Lyda Gordon Shivers Memorial Fund. This fund was established in 1972 by friends and family of Lyda Gordon Shivers, a longtime faculty member in Sociology. The awarding of this fund will alternate between Sociology and Social Work majors. Recipients must demonstrate merit and need.

Social Sciences

The Anna Howard Shaw Scholarship Fund. The late Miss Lucy B. Anthony of Moylan, PA, established this fund to keep alive the memory of Dr. Anna Howard Shaw. The scholarship is awarded annually to an outstanding student in the field of social science.

The Mina Weil Memorial Scholarship Fund. In memory of her mother, Mrs. Mina Weil, Miss Gertrude Weil established a scholarship in the social sciences. The income from this fund is awarded annually to a member of the junior or senior class who is majoring in a social science.

Spanish

Augustine LaRochelle Scholarship in Spanish. A bequest provides annual scholarship support for Spanish majors selected on the basis of merit.

Speech Pathology and Audiology

Speech and Hearing Association Scholarship. This fund was established in 1972 by the University Speech and Hearing Association. The income from the fund is to be used to support an annual scholarship awarded to a rising junior or senior majoring in speech pathology and audiology. The basis for selection is academic merit, character, leadership, and financial need.

Lettie Pate Whitehead Foundation. This grant provides scholarship funds for the education of poor and deserving Christian girls who are residents of one of the following states: Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia.

Theatre

Dr. John T. and Mary Louise Lowe Burns Memorial Scholarship in Dance and Musical Theatre. Established in 1993 with a gift from the estate of John T. and Mary Louise Lowe Burns, this fund provides scholarships for students who have demonstrated an interest in preparing for careers in dance and musical theatre.

Anita C. Fox Memorial Scholarship. Anita C. Fox, a performer with Parkway Playhouse, died in an automobile accident in September 1981, and this fund was established by friends of UNCG as a memorial to her. UNCG students who are BFA majors in theatre and are performing at Parkway Playhouse are eligible for grants from this fund. Recipients must apply for financial aid and are chosen by the Director of Parkway Playhouse and a committee from the Department of Communication and Theatre.

W. Raymond Taylor Scholarship in Drama. An award is made each year to a student who shows promise for a career in the theatre. The fund was established in honor of W. Raymond Taylor who was, for more than thirty years, Director of Drama at the University.

Outside Scholarships

Recipients of the following scholarships are selected by donors outside of the University.

Dr. Wade H. Atkinson Scholarships. Established in 1964 at the bequest of Mrs. Mary E. Atkinson in memory of her husband, Dr. Wade H. Atkinson, these scholarships are intended to provide financial assistance to students who are residents of Johnston County, NC. Three Atkinson Scholarships are awarded annually, the amount of the awards varying according to income available from the trust, and as many as twelve scholars may be supported by the trust in a single year. The Atkinson Scholarship may be renewed annually for three academic years, provided the recipient makes satisfactory academic progress. In exceptional circumstances, the scholarship may be renewed for postgraduate work.

The Aubrey Lee Brooks Scholarship. Scholarships are awarded annually to high school seniors on the basis of academic standing, character, leadership, and financial need. Applicants for the scholarship must be residents of Alamance, Caswell, Durham, Forsyth, Granville, Guilford, Orange, Person, Rockingham, Stokes, or Surry counties and must attend either North Carolina State University, The University of North Carolina at Chapel Hill, or The University of North Carolina at Greensboro. The annual stipend is \$3,000 and may be renewed for a period of four academic years. Applications should be obtained from the student's high school principal before February 1.

Thomas Holmes Carrow Scholarship. Mrs. Sara E. Carrow established this fund in memory of her late husband, Thomas Holmes Carrow. The scholarship is intended to provide partial financial support to a needy and deserving student who graduates from East Carteret County High School in Beaufort, NC. Recipients of this fund are nominated by the full-time faculty of East Carteret County High School and selected by the North Carolina Education Assistance Authority.

Dr. A. P. and Frances Dickson Scholarships. A Dickson Scholarship is awarded annually to a full-time undergraduate student who is a resident of Hoke County, NC. Recipients are chosen by the Financial Aid Office on the basis of academic merit and financial need. Awards are nonrenewable and the amounts of awards vary according to income available from the trust.

James Lee Love Scholarships. Each year a Love Scholarship is awarded to a full-time undergraduate student who is a resident of North Carolina. Recipients are chosen by the Financial Aid Office on the basis of academic merit and financial need. Awards are nonrenewable and vary in amount according to income available from the trust.

The James G. K. McClure Education and Development Fund, Inc. A limited number of scholarships are awarded to qualified freshmen from Alleghany, Ashe, Buncombe, Burke, Caldwell, Cherokee, Clay, Graham, Haywood, Henderson, Jackson, Macon, Madison, McDowell, Mitchell, Polk, Rutherford, Swain, Transylvania, Watauga, and Yancey counties. The nonrenewable awards of \$750 aid financially deserving, academically promising students, with preference given to rural residents. A special application is available from the Financial Aid Office and should be submitted by March 15.

Moses Cone Hospital Scholarship-Loan Fund. This fund, which was established in 1960 by the Moses H. Cone Memorial Hospital, provides scholarship-loans of up to \$1,500 annually to deserving students in nursing. The full amount of each scholarship-loan, including interest, will be canceled for each year of employment as a full-time nurse, immediately following graduation, at Moses Cone Hospital.

Quota Club of Greensboro—Quota International, Inc. Scholarship. A \$500 scholarship, based on merit, is presented to a senior student majoring in communication disorders.

Marie Palmer Stewart Scholarship Trust. Through a bequest in her will, Marie Palmer Stewart established this fund. Earnings from a trust fund managed by Wachovia Bank provide scholarships to qualified recipients from Macon County, NC, and the mountains of western North Carolina. Recipients are selected by the Guidance Counselor at Franklin High School in Macon County.

C.M. and M.D. Suther Scholarship. A Suther Scholarship is awarded annually to a full-time North Carolina resident undergraduate student on the basis of academic standing and financial need. Recipients are chosen by the Financial Aid Office. Awards are nonrenewable and vary in amount according to income available from the trust which is managed by the North Carolina Educational Assistance Authority.

CHAPTER 4

ACADEMIC REGULATIONS

THE ACADEMIC HONOR POLICY

All work undertaken for academic credit at UNCG is governed by the Academic Honor Policy, which provides that all study be carried out in good faith and with due regard for the integrity of the learning process. Students, faculty and staff are responsible for ensuring that learning proceeds uncompromised by breaches of academic integrity and for ensuring that the Academic Honor Policy is recognized as the imperative governing all academic work at the University. A complete description of the Academic Honor Policy can be found in the **UNCG Policies for Students**.

ORIENTATION PROGRAMS

New undergraduates are welcomed by a number of programs designed to assist with their transition into the UNCG community. The Office of Orientation coordinates these programs to meet the needs of traditional, nontraditional, minority, and disabled students. Orientation activities include academic advising and registration for classes along with tours of the campus, informal discussion groups with faculty members, and general information sessions facilitated by upperclass students. French, Latin and Spanish language and mathematics placement tests are also given at this time.

Students entering UNCG in the fall semester are invited to participate in the summer program, **Step Ahead**, which occurs the latter part of June, and a fall program which takes place a few days prior to the beginning of classes in August. Likewise, orientation programs are planned for students entering in January, a few days prior to the onset of classes for the spring semester.

REGISTRATION

Freshman and transfer students register for courses after the completion of their orientation programs. Dates are given in the *University Calendar*, pp. 2-3.

Former, special, or unclassified students receive registration notices by mail specifying a particular date to report for registration.

Continuing students, those enrolled in UNCG who are returning for another semester of work, may register at the end of one semester for the next semester. The student's registration card must be signed by the student's faculty advisor. Continuing students eligible to register who do not do so, will be required to pay a late registration fee. Registration dates for each semester are published in the *University Calendar*, pp. 2-3, and in each semester's **Schedule of Courses** booklet.

ACADEMIC ADVISING AND SUPPORT SERVICES

The Office of Academic Advising and Support Services coordinates academic advising for undergraduate students and administers undergraduate regulations.

The Director of the Office of Academic Advising and Support Services is responsible for the monitoring of University Undergraduate academic regulations as described on the following pages. Any student with questions concerning academic regulations should address them to the staff in the Office of Academic Advising and Support Services. If a student, because of extenuating circumstances, wishes to have a regulation set aside, he/she should petition to the Director on an Academic Policy Petition form. These forms may be obtained in the Office of Academic Advising and Support Services, 159 Mossman Building.

Each student is assigned a faculty advisor. Students are expected to meet with their advisor during registration periods and whenever the student needs advice in selecting courses and assistance in planning an individual program of study. Some departments and schools have established advising centers or appointed coordinators to assist students with academic matters pertinent to their major. These serve as a complement to the faculty advising program.

A staff of academic advisors is available in the Office of Academic Advising and Support Services from 8 a.m. to 5 p.m., Monday, Thursday, and Friday, and from 8 a.m. to 6:30 p.m. on Tuesday and Wednesday to answer questions and to assist students with academic matters beyond the scope of the faculty advisor. Please refer to page 405 for a description of services offered by the office.

OFFICE OF STUDENT EVENING SERVICES

The Office of Student Evening Services is located at 105 Elliott Center (EUC). The office hours are 5-8 p.m. Monday through Thursday.

SES provides all services associated with Admissions, Cashier, Financial Aid, Graduate School, Health Center (Immunization Clearance), Registrar, Student Affairs and Traffic Records.

This evening service complements these evening degree programs: Accounting, English, Nursing (RNs only), Management and Marketing, Psychology, and Social Work.

Immediate action can be taken in most situations and follow-up decisions are coordinated to provide quick responses to evening students. Students may also call SES at (910) 334-4290.

The Office of Academic Advising and Support Services also extends their office hours on Tuesdays and Wednesdays until 6:30 p.m. to provide academic advising for evening students.

SELECTING COURSES

Course Loads

Undergraduates normally take five courses per semester. Since a majority of courses carry three semester hours of credit with some carrying four hours of credit, a normal course load is 15 or 16 hours per semester. Students may not take more than 19 hours per semester except with the approval of the Director of Academic Advising and Support Services. Students who have cumulative grade point averages of 3.0 may be authorized, in special circumstances and at the discretion of the Director of Academic Advising and Support Services, to carry a maximum of 21 semester hours of course work. The Academic Policy Petition form is used for such requests and can be obtained in 159 Mossman Building.

An undergraduate student must be enrolled for a minimum of 12 hours to qualify for full-time certification to any organization.

Suggested Academic Workload Guidelines

Students should be aware that academic excellence and scholastic achievement usually require a significant investment of time in study, research, and out-of-class projects. To provide guidance to students in planning their academic and work schedules, the following recommendations are offered:

1. In general, students should plan to devote between 2-3 hours outside of class for each hour in class. Thus, students with a 15-hour course load should schedule between 30-45 hours weekly for completing outside-of-class reading, study, and homework assignments.
2. Students who are employed more than 5-10 hours each week should consider reducing their course loads (credit hours), depending upon their study habits, learning abilities and course work requirements.

Course Levels

Course level numbers are structured as follows:

- 100-199—intended primarily for freshmen
- 200-299—intended primarily for sophomores
- 300-399—intended primarily for juniors
- 400-499—intended primarily for seniors
- 500-599—intended for advanced undergraduates and graduate students; these courses are not open to freshmen and sophomores
- 600-749—restricted to students who are classified as graduate students
- 750-799—restricted to students admitted to doctoral programs

Adding Courses

Courses may be added to a student's schedule during a one-week period at the beginning of each semester. After the one-week period has passed, a student desiring to add a course must petition for approval from the Director of Academic Advising and Support Services with support from the instructor of the course. Unusual circumstances must be demonstrated.

Dropping Courses

Withdrawal from a course or courses within the first eight weeks of the semester shall be without penalty and hours shall not be computed as hours attempted.

Withdrawal without penalty from a course or courses after the eight-week deadline but before the end of the semester shall be approved only for appropriate cause as determined by medical, psychological, or administrative reasons. Courses of less than one semester's duration, including summer school courses, shall have shorter deadlines (proportional to the eight-week deadline for the regular semester) for withdrawal. These deadlines are announced in the **Schedule of Courses** or class syllabi.

The Director of Academic Advising and Support Services shall be responsible for authorizing these withdrawals after consultation with the instructor, and with the Director of the Student Health Center or the Director of the

Counseling and Testing Center as appropriate, and shall further be responsible for notifying the instructor(s) and the appropriate Director in writing of the Director of Academic Advising's decision in each case. An instructor whose recommendation to the Director is overruled may appeal that decision to the Provost. **Unauthorized withdrawals after the first eight weeks shall be counted as WF and computed in the grade point average.**

The grade **W** indicates that the student either withdrew from the course within the eight-week, no-penalty period or that the student withdrew at a later date for appropriate cause determined by medical, psychological, or administrative reasons.

If a student is enrolled in only one course and drops that course, the student must officially withdraw from the University.

Retroactive Withdrawals (see **Retroactive Grade Change** on p. 54)

Withdrawal from the University

A student wishing to withdraw from the University should follow the official procedure which is initiated in the Office of Academic Advising and Support Services. Withdrawals without penalty for medical or psychological reasons are authorized by the Director of the Student Health Center, the Director of the Counseling and Testing Center, or by the Director of the Office of Academic Advising and Support Services. Withdrawals without penalty for administrative reasons are authorized by the Director of Academic Advising and Support Services. The same policy for assigning **W** or **WF** grades as described above shall apply.

AUDITING COURSES

Regular full-time students may audit courses upon the written approval of their faculty advisor and the instructor. Auditors must register officially for the class. Attendance, preparation, and participation in the classroom discussion and laboratory exercises shall be at the discretion of the instructor. An auditor is

not required to take examinations and tests and receives no credit for the course.

Registration may not be changed from audit to credit or from credit to audit after the one-week drop/add period ends.

Regulations regarding visiting auditors and part-time auditing students are found on p. 23-24. For auditing fees, see p. 30.

CLASS ATTENDANCE

Regular class attendance is a responsibility and a privilege of university education. It is fundamental to the orderly acquisition of knowledge. Students should recognize the advantages of regular class attendance, accept it as a personal responsibility, and apprise themselves of the consequences of poor attendance. Instructors should stress the importance of these responsibilities to students, set appropriate class attendance policies for their classes, and inform students of their requirements in syllabi and orally at the beginning of each term.

Student's Responsibility

1. Knowledge of each instructor's attendance policy and monitoring his or her class absences throughout the term.

2. Familiarity with all materials covered in each course during absences and make-up of any work required by the instructor.

3. Initiation of requests to make-up work missed because of class absences. The decision to assist the student with make-up work, including tests, rests with the instructor.

4. Follow-up on all notices from the Registrar regarding course enrollment in order to correct registration.

Instructor's Responsibility

1. Setting of reasonable regulations for class attendance as appropriate for class content, organization, methodology, and size.

2. Description of attendance policies in course syllabi and announcement in class, particularly at the beginning of each term.

3. Maintenance of class attendance records of enrolled students as appropriate for the attendance policy.

4. Exaction of penalties for unsatisfactory class attendance. Possible penalties are lowering the course grade, including a grade of F, and, in extreme circumstances, dropping the student from the course.

Appeals

If a student thinks there is a discrepancy between the instructor's exaction of a penalty for unsatisfactory class attendance and the stated policy or that there is an extenuating circumstance that may affect the instructor's decision, then he or she should first make a request to the instructor. If desired, the student may further appeal to the Department Head, the Dean of the School or College, and the Provost, in that order.

GRADING

Final Course Examinations

Students are required to take a final examination, if one is given, on every course for which they are registered. Exceptions hold for seniors in the Honors Program (see Chapter 6).

No final examinations may be given except during the regular examination period of the semester. According to faculty policy, no test which shall be substituted for the final examination can be given between November 25 and the opening of fall examination week. In the spring semester, no such test can be given after April 15.

During the ten calendar days prior to Reading Day in the fall semester and in the spring semester, no hourly tests may be given unless they were announced during the first month of the semester.

Grades

A grade in a course is based on the quality of the student's classroom and written work throughout the semester. It is not based on the final examination alone. A grade report is sent to each student at the end of the semester by the Registrar.

UNCG currently uses the following grading system:

A Excellent— indicates achievement of distinction and excellence in several if not all of the following aspects: 1) completeness and accuracy of knowledge; 2) intelligent use of knowledge; 3) independence of work; 4) originality.

B Good— indicates general achievement superior to the acceptable standard defined as C. It involves excellence in some aspects of the work, as indicated in the definition of A.

C Average— indicates the acceptable standard for graduation from UNCG. It involves such quality and quantity of work as may fairly be expected of a student of normal ability who gives to the course a reasonable amount of time, effort, and attention.

Such acceptable standards should include the following factors: 1) familiarity with the content of the course; 2) familiarity with the methods of study of the course; 3) full participation in the work of the class; 4) ability to write about the subject in intelligible English.

D Lowest Passing Grade— indicates work which falls below the acceptable standards defined as C but which is of sufficient quality and quantity to be counted in the hours of graduation if balanced by superior work in other courses.

F Failure— indicates failure that may not be made up except by repeating the course.

I Incomplete— indicates that the completion of some part of the work for the course has been deferred because of prolonged illness of the student or because of some serious circumstances beyond the student's control. Concomitantly with the recording of an Incomplete grade, the instructor files with the head of the school or department concerned, with the Registrar, and with the Office of Academic Advising and Support Services the student's average grade and the specific work which must be accomplished before the Incomplete can be removed. Incomplete grades may be recommended by the University physician, the Counseling and Testing Center, and by the Director of Academic Advising and Support Services. Also see section "Removal of Incompletes".

P/NP Passing/Not Passing— used for designated courses only; courses graded P/NP are so indicated in the course description

S/U Satisfactory/Unsatisfactory— used for designated courses only; courses graded S/U are so indicated in the course description

W Withdrawal— indicates a course from which the student withdrew during the first eight (8) weeks of classes; no academic penalty is attached to a grade of "W"; see also the section on "Dropping Courses", p. 50.

WF Withdrawal with Failure— indicates a course from which the student withdrew after the first eight (8) weeks of classes; a WF is computed in the student's GPA; see also the section on "Dropping Courses", p. 50.

WN Withdrawal Not Passing— used in courses designated P/NP

NC No Credit— indicates an audited course

Removal of Incomplete Grade

An Incomplete grade may be removed by completion of the deferred work. An Incomplete received during a semester or in summer school must be removed within six months from the last day of examinations in the term in which the course was taken. Current deadlines for removals of Incompletes are published each semester in the **Schedule of Courses** booklet.

An Incomplete not removed within this time limit is automatically converted to an **F** by the Registrar. A graduating senior who incurs an Incomplete and who has completed all requirements and enough semester hour credits and grade points to graduate may do so even though the Incomplete grade is outstanding. If the Incomplete is not removed within the required six months, it will be converted to **F** at the end of that period of time. When an Incomplete is removed, it may be replaced by **A, B, C, D, F**, or, in certain designated courses, **P, NP, S** or **U**.

Appeals

If a student wishes to appeal an assigned grade, the student should first discuss the concerns with the instructor. If desired, the student may further appeal to the Department Head, the Dean of the School or College, and the Provost, in that order.

Semester Hour Credits

Credits for all courses are reported in semester hours. A semester hour credit equals one 50-minute class period per week or its equivalent throughout one semester. The number of semester hour credits given for each course is listed as part of the course description.

Except for independent study or where specific provision is made in the course description, no student may repeat for credit a course for which the student has earned credit. If a student repeats such a course, the grade will be recorded on the transcript, but no additional credit will be allowed toward graduation. Quality points are calculated into the cumulative grade point average for the first two attempts if the second grade is not an "F". For further information, see below for the Course Repeat Policy.

Grade Points and Grade Point Averages (GPA)

UNCG uses a semester hour credit and grade point system for evaluating undergraduates. Semester hour credits represent the number of course hours completed. Grade points are determined by the number of semester hour credits attempted and the grades earned.

The formula for calculating grade points follows:

- A 4 grade points per hour of credit
- B 3 grade points per hour of credit
- C 2 grade points per hour of credit
- D 1 grade point per hour of credit
- F or WF no grade points

Currently, instructors can assign plus and minus grades to undergraduates, but the plus/minus distinctions do not affect the student's GPA. **Beginning with courses taken in Fall 1996**, however, plus/minus grades will be incorporated into the GPA for all undergraduates according to the following scale:

Grade	Grade Pts Assigned
A+ / A	4.0
A-	3.7
B+	3.3
B	3.0

Please note that this new scale will apply only to grades awarded for Fall 1996 and subsequent semesters; it will NOT be retroactive to previous semesters. Further, the new scale in no way modifies the University's minimum graduation requirement for undergraduates of a cumulative 2.00 GPA.

The grade point average is determined by dividing the accumulated number of grade points earned by the accumulated number of semester hours undertaken. Hours attempted but not passed must be included in this calculation. However, a second F or WF in the same course is not used in computing the grade point average. Courses graded on the P/NP or S/U basis and courses transferred from another institution (except those courses taken through the Consortium) may not be used in determining the UNCG grade point average.

ENG 100 and MAT 100 do not count toward graduation and therefore are not calculated in a student's GPA.

Repeated Courses/Grade Forgiveness

Commencing with the Fall Semester 1992, UNCG undergraduates are allowed to benefit from retaking a UNCG course because "quality points will be calculated as the average of the first two attempts". The new policy is stated below:

Except for courses with specific provision in the course description for repeated credit, a course may be repeated for a better grade. Such course is subject to the following regulations: (1) credit hours for the course will count only one time in the total hours for the degree, and (2) quality points will be calculated as the average of the first two attempts.

It is important to note that the second "F" or "WF" policy stated above takes precedence over this policy. The repeated grade must be a "D" or above before it is calculated as the second attempt and averaged into the grade point average.

Some undergraduate courses at UNCG are only offered on a Pass/Not Pass basis. Grade forgiveness of such courses through repetition of the course is therefore not possible because of the P/NP policy and departmental restrictions. Course descriptions in the *Bulletin* identify courses which are graded on a P/NP basis, and which therefore cannot be repeated for a letter grade. Also see list of courses on p. 73.

Dean's List

Undergraduate students carrying 6 or more semester hours of course work graded on an A, B, C, D, or F basis are eligible for the Dean's List.

Students who earn a grade point average of 3.5 or better and who have no grade below "C" for the semester will be placed on the Dean's List. The list is compiled at the end of each semester or when a grade change is processed after a semester for all students whose grade point average falls within the range at the time the report is prepared.

Recognition is accorded the recipients of this honor.

Classification of Students

Undergraduate students are classified as freshmen, sophomores, juniors, and seniors. These classifications are determined by the number of semester hours completed.

Freshman: Completion of less than 24 semester hours.

Sophomore: Completion of 24 semester hours.

Junior: Completion of 51 semester hours.

Senior: Completion of 84 semester hours.

Retroactive Grade Change

A retroactive grade change is a change in an officially recorded grade. A grade becomes officially recorded when the Registrar so stipulates. Except to correct clerical errors, a **retroac-**

tive grade change is an extraordinary action and is granted only in the most compelling circumstances. No change may occur unless the instructor who gave the grade initiates the formal process of a retroactive grade change. The change must also be approved by the instructor's department head and by the instructor's dean. In the event that the instructor is, for practical purposes, unavailable, only the Academic Appeals Committee of the Faculty Senate may act in place of the instructor in the matter of a retroactive grade change.

Students shall be given one year to petition for retroactive W's following the semester in which grades were awarded. A retroactive grade change to a 'W' must meet the preceding conditions and be approved by the Director of Academic Advising and Support Services. In addition, an instructor who is being asked by a student to consider a retroactive withdrawal must be informed by Academic Advising and Support Services of how many courses were completed and how many requests for retroactive 'W' are being sought by the student for the semester in question.

ACADEMIC GOOD STANDING AT UNCG

To continue in academic good standing at UNCG, students who have completed all of their work at UNCG must meet the cumulative grade point average presented in the table on the next page. Transfer students must add the semester hours accepted in transfer to the hours attempted at UNCG to determine the cumulative grade point average necessary.

In addition, to meet graduation requirements, a student must present a minimum of 122 semester hours with a minimum cumulative grade point average of 2.00. **No more than 168 hours may be attempted toward an undergraduate degree.**

Some departments or schools at UNCG require a cumulative grade point average higher than 2.0 for admission to or continuance in a major program. See the department of your choice.

Academic Probation

A student whose cumulative grade point average is below that required is placed on academic probation. Failure to restore the required grade point average in one semester will result in academic suspension. Summer school grades shall be monitored for academic progress with proper transcript notations as in other semesters.

Students are expected to be aware at all times of their academic status and to be responsible for knowing whether or not they are on academic probation. Students on academic probation shall be limited to a maximum of 12 semester hours of credit in a fall or spring semester and no more than 4 semester hours in each half of summer school.

Removal of Academic Suspension

After at least one semester of academic suspension for failure to meet the minimum grade point average, a student may apply for readmission. (Summer School is not considered a semester for removal of academic suspension purposes.) If readmitted, the student will be placed on academic probation. Failure to meet the terms of this new academic probation period in one semester will again result in academic suspension.

UNCG reserves the right to deny enrollment of any student, even though the student has met the minimum grade point average required, if it is apparent from the student's academic record of required courses that the student will not be able to meet the graduation requirements.

Academic Appeals

The Director of Academic Advising and Support Services and the Academic Appeals Committee, appointed from the faculty, consider special and meritorious requests for waivers of academic regulations stated in the UNCG catalog. The student should consult the Office of Academic Advising and Support Services for information concerning the appeal process.

CREDIT REGULATIONS

Summer Session Credits

Approval to be a visiting student at another college and to have the credits transferred to UNCG for degree credits must be obtained from the Office of Academic Advising and Support Services.

Students may enroll for no more than 14 semester hours during the entire Summer Session (two terms) unless permitted to take an increased load by the Director of Academic Advising and Support Services. Students will normally not be permitted to enroll for more than one semester hour of credit per week.

Transfer Credit

No more than 64 semester hours may be accepted in transfer from two-year institutions. Current UNCG policy stipulates that courses completed in technical, vocational, or professional programs at community colleges or courses from technical colleges or proprietary institutions cannot be accepted in transfer, unless they are part of an 2 + 2 Articulation Agreement. These agreements give students with articulated Associate in Applied Science degrees access only to complementary degrees at UNCG.

Extension or Correspondence Credit

Extension Credit. UNCG extension credit, earned either on or off campus, will be considered transfer credit for admission purposes. Up to 64 semester hours in extension and/or correspondence credits may be applied to completion of work for an undergraduate degree. Academic departments may establish such course and credit limitations in accep-

tance of extension credit as may be required by specific degree programs.

Although UNCG extension credit is treated as transfer credit at the time of admission, it will be thereafter considered "Residence" credit for degree certification purposes. The grades and quality points are calculated in the UNCG grade point average.

Correspondence Credit. Up to 64 semester hours in correspondence and extension credit may be applied to the completion of work for an undergraduate degree with the further stipulation that not more than one-fourth of the requirements for the degree may be completed in correspondence credit. Academic departments may establish such course and credit limitations in acceptance of correspondence credit as may be required by specific degree programs.

Although UNCG correspondence credit is treated as transfer credit at the time of admission, it will be thereafter considered "Residence" credit for degree certification purposes. The grades and quality points are calculated in the UNCG grade point average.

Correspondence credit earned from institutions other than UNCG is always treated as transfer credit. It will have no impact on the UNCG grade point average. Only hours will be applied toward the UNCG degree.

Non-Credit Courses Available

English 100 and Mathematics 100 are offered for beginning students who need a transition course between their high school curriculum and entering the credit course work for a degree. **No credit toward graduation is given for either English 100 or Mathematics 100.**

UNCG students may not earn credit toward graduation for German 101 or Russian 101 unless they also complete German 102 and Russian 102.

Physical Education Credit Limit Policy

Any University student may take up to eight (8) hours of elective credit in physical education activity courses to apply toward graduation.

PLACEMENT EXAMINATIONS

Placement tests are given every summer during orientation (**Step Ahead**) and every semester during the advising and registration period. They are administered by the departments concerned. Students should check the course schedule booklet each semester for the exact dates and times during which the tests will be administered.

The results of placement tests on French, Latin, and Spanish are binding for student placement in courses. Students may enroll in mathematics courses at the level at which they place or in lower level courses. Students will not receive credit nor will they be exempt from University distribution requirements based on their performance on the tests.

French, Latin, and Spanish Placement Tests

Students who started French, Latin, or Spanish in secondary school and who are beginning their study of that language at UNCG must take a placement test. All transfer students returning to the study of French, Latin, or Spanish begun in high school but not previously pursued at the college level must also take the placement test. Students admitted with a two-unit language deficiency need not take the test. Students who are transferring credits in these languages from another college need not take the test in order to continue the same language at UNCG.

Mathematics Placement Tests

Placement tests in mathematics are mandatory for all freshman students and for all upperclass students who wish to take a college-level math course for the first time.

All degree programs currently require at least one mathematics course and may identify a specific one or more.

If a student is admitted with a mathematics deficiency in algebra and/or geometry, she/he must remove the deficiency even though the area of study at UNCG may not require mathematics. Any college-level mathematics course will remove the deficiency.

The table below indicates the appropriate placement in mathematics courses:

Placement Test Score Below 7

Student may enroll in: MAT 100*, MAT 112*, CSC 101*

Placement Test Score 7-9

Student may enroll in: STA 108, MAT 100, MAT 112, CSC 101

Placement Test Score 10-19

Student may enroll in: MAT 119, CSC 130 or STA 108, MAT 100, MAT 112, CSC 101

Placement Test Score 20-30

Student may enroll in: MAT 120, MAT 191, MAT 121 or STA 108, MAT 100, MAT 112, MAT 119, CSC 101, CSC 130

** MAT 100, MAT 112, and CSC 101 do not require a placement test score. However, any student who enrolls in a higher level mathematics course must have the appropriate placement test score or a grade of at least a C in the appropriate prerequisite course. MAT 112, STA 108, and CSC 101 do not prepare a student for MAT 119. MAT 100 does not count as credit toward graduation nor in the student's GPA.*

Placement Without Credit

Students with exceptional ability are encouraged to take examinations for placement without credit in order that they may take advantage of opportunities for advanced courses and for individual research or other creative endeavors.

Examinations for placement without credit will be administered by the departments or schools concerned. It is recommended that departments or schools make available to interested students reading lists and other source material which might assist the students in preparing for the examination.

Passing an examination of this type will not alter the number of hours required in that area or subject. Successful completion of an examination for placement at the 100 level in the student's major field shall have the effect of increasing the number of hours accepted toward graduation above the 100 level by the number of hours so waived.

In all cases where requirements of prerequisites are waived, by placement examination or other means, this fact should be reported in writing by the appropriate department head to the Office of Academic Advising and Support Services and should be entered on the student's record.

Special Examination for Credit

In exceptional circumstances, students may attempt to establish academic credit through a Special Examination upon the recommendation of the department or school and under the supervision of the Director of Academic Advising and Support Services.

Only those courses which are designated by the department or school may be credited by special examination. The department or school shall administer a written examination, except in cases where mastery of techniques may be demonstrated in other formats. Applications for the exam shall be made to the Director of Academic Advising and Support Services with the written permission of the head of the department or school, at least 30 days before the examination. A non-refundable fee will be charged, payable after the application has been approved.

Examinations must be taken before the last semester or 12-week summer session preceding the completion of the student's degree requirements. Students may not be tested in material for which they received high school credit, and transfer students may not extend the number of hours allowed in transfer by this method. Credit will not be given for a prerequisite to a course for which the student has already received credit. No examination may be given in a course for which the student has registered for audit.

No more than 12 semester hours may be earned toward graduation by this procedure. The School of Nursing has a special exemption to present 30 semester hours by the Special Examination Program (see School of Nursing). Credits earned in this manner may not be used to fulfill residency requirements.

A student must consult in advance with the faculty advisor and with the head of the department or school concerned and file evidence of having prepared for the exam. Assistance should be given to the student in developing reading lists and other source material.

Results of all examinations shall be reported to the Registrar before the first day of the next registration period. Credit, but no grade points, will be granted when the level of performance is C or better.

AVERAGE TIME TO GRADUATION

Many factors effect both the length of time and the number of credit hours an individual student will require to complete the baccalaureate degree. At UNCG the median number of months to graduation for full time students is 46. The median number of credit hours completed is 125.

Full time undergraduate students are expected to complete at least 15 credit hours per semester and failure to do so may lengthen the student's time to graduation. Some majors do require formal admission beyond that required for admission to the University in general.

Students should meet with their academic advisors regularly to plan their academic schedules. To graduate, students must complete specific University requirements as well as requirements within the major. Students who change majors may find that additional requirements must be fulfilled. Changing majors excessively, or after the third or fourth semester of study, may also lengthen the time to graduation.

Criteria for admission to a specific major (outlined in this Bulletin) and continuation in that major may include a University grade point average exceeding that required for continuation within the University as a whole. Students considering such majors should become familiar with the guidelines, and work with an academic advisor, as soon as possible to insure that they meet the criteria.

25% TUITION SURCHARGE FOR UNDERGRADUATES

The General Assembly has instituted a twenty-five percent (25%) tuition surcharge (Section 89 (b), Senate Bill 27, 1993 Session) which is effective fall semester 1994 and applies to all NEW undergraduates seeking a baccalaureate degree. Specifically, it states,

"The Board of Governors of The University of North Carolina shall ensure that procedures are established that are necessary to impose a twenty-five percent (25%) tuition surcharge on students who take more than 140 degree credit hours to complete a baccalaureate degree in a four-year program or more than one hundred ten percent (110%) of the credit hours necessary to complete a baccalaureate degree in any program officially designated by the Board of Governors as a five-year program. The calculation of these credit hours taken at a constituent institution or accepted for transfer shall exclude hours earned through the College Board's Advanced Placement or CLEP examinations, through institutional advanced placement or course validation, or through summer term or extension programs. The Board shall report to the Joint Legislative Education Oversight Committee by April 1, 1994, on its recommendations for implementing this surcharge."

Students Subject to the Surcharge

The tuition surcharge will be applied to new undergraduate students enrolled for the first time in Fall 1994 in a degree program at UNCG as follows:

- (1) For students earning a first baccalaureate degree in a program that requires no more than 128 credit hours, the surcharge shall be applied to all hours in excess of 140.
- (2) For students earning a first baccalaureate degree in a UNC Board of Governors Board-approved program that requires more than 128

credit hours, the surcharge shall be applied to all hours that exceed 110 percent of the credit hours required for the degree. Such programs include those that have been officially designated by the Board of Governors as five-year programs as well as those involving double majors, or combined bachelor's/master's degrees.

(3) For students earning a baccalaureate degree other than their first, the surcharge shall be applied to all hours that exceed 110 percent of the minimum additional credit hours needed to earn the additional baccalaureate degree. The minimum additional credit hours will be determined by the degree audit performed by the Office of Academic Advising and Support Services during the first semester a student is enrolled in the second or other baccalaureate degree.

Students seeking a second baccalaureate degree are required to take 31 credit hours of residency at UNCG.

The surcharge will be imposed in the fall or spring semester and in all subsequent semesters where a student's cumulative credit hour total exceeds the threshold. The surcharge does not apply to required fees.

Hours INCLUDED in Tuition Surcharge Hours:

The undergraduate credit hours to be counted in the calculation of the tuition surcharge include:

- (1) all semester (fall and spring semester) academic credit hours attempted (includes repeated coursework and failed coursework); and
- (2) all transfer credit hours accepted by UNCG.

Hours EXCLUDED from Tuition Surcharge Hours:

- (1) College Board's Advanced Placement (AP) credit;
- (2) College Level Examination Program (CLEP) or similar programs' credits;
- (3) credit earned through any UNCG advanced placement, course validation or similar procedure;

(4) credit earned in summer sessions at UNCG or another UNC institution; and

(5) credit earned from an extension division of any UNC institution, including UNCG.

Students will be informed of the **Tuition Surcharge Hours earned each semester** and cumulatively in their tuition billing beginning with the fall semester 1995 report.

Students may contact the Office of Academic Advising and Support Services to obtain current information on their credit hours.

GRADUATION

At the beginning of the semester or summer session in which graduation is expected, students must officially apply for graduation to the Registrar. Fulfillment of all requirements for the degree applied for as well as official application for the degree are the student's responsibilities.

Academic Requirements

Candidates for a degree must satisfy all of the specific requirements of UNCG and of the School/College and department in which they major. They must present for graduation the specific number of hours required for the degree with a minimum cumulative overall grade point average of at least 2.0 on all hours undertaken.

At least 36 of the total semester hours for the degree must be at the 300-level or above.

Residence Requirements

All students are expected to take their last year in residence at UNCG, except those students in programs offered in cooperation with another institution and approved by the faculty. With the approval of the Director of Academic Advising and Support Services, students may take 15 of their last 60 hours at another approved institution.

All students must complete at least 31 semester hours in residence at UNCG for the degree, 12 of which must be in the major field and 9 of which must be in the minor if a minor is sought. After enrollment, Extension credit

and Correspondence courses offered by UNCG are considered residence credit. However, credit earned by special examination is not considered residence credit.

Time Requirements

Students must meet the University/College of Arts and Sciences Liberal Education Requirements for graduation as stated in the UNCG **Undergraduate Bulletin** for the year they began college-level work in an accredited post-secondary institution, or any subsequent year while they are enrolled.

Students must complete all degree requirements within seven years or must meet more current ones. The seven year catalog life applies to the University/College Liberal Education Requirements. Deans, however, reserve the authority to require that students meet the departmental requirements in force when the student declares or is formally admitted to a School/College major.

Application for Graduation

All undergraduate students are required to file an **application for graduation** in the Registrar's Office at the beginning of the semester in which they plan to graduate. This application is required for processing the final degree audit and for ordering diplomas. The deadline dates for filing are published each year in the University Calendar and in each semester's **Schedule of Courses** booklet. The deadlines for undergraduates filing for the 1995-96 academic year are:

- Friday, September 29, 1995, for those graduating in December 1995
- Friday, January 19, 1996, for those graduating in May 1996
- Friday, June 28, 1996, for those graduating in Summer (August) 1996

Undergraduates who do not file applications for graduation by the published deadlines **may petition to the Director of Academic Advising and Support Services for an exemption.** However, only extremely unusual circumstances warrant exceptions to these deadlines

as notification of the candidates for graduation must be submitted to the Board of Trustees for official action shortly after the deadline dates for filing each term.

Graduation with Honors

The designation of graduation with honors is based on all courses (including the last semester's work) for which grades and grade points are given. Any senior is eligible for honors who at the end of the senior year has completed at least 45 hours of work in residence at UNCG. This does not include hours for which credit and grade points have been received by special examinations.

Honors are awarded to graduating seniors as follows:

Summa cum laude (with highest honor)
— achievement of a minimum grade point average of 3.90

Magna cum laude (with great honor)
— achievement of a minimum grade point average of 3.70

Cum laude (with honor)
— achievement of a minimum grade point average of 3.50

Commencement Participation Policy

Students completing all degree requirements by the end of the spring semester are encouraged to participate in May Commencement. Students completing degree requirements by the end of the Summer Session or by the end of the fall semester are encouraged to participate in the December Convocation and/or the following May Commencement.

Only those students whose degree requirements are completed by the end of the spring semester are authorized to participate in the May Commencement ceremony.

Students who do not apply for May graduation before the published deadline, or who do not complete degree requirements before the date designated in the University Calendar for

final clearance, may apply for graduation in August or December and may participate in the December Convocation and/or the following May Commencement.

Degrees are conferred only after all requirements are completed and the Board of Trustees has taken official action.

OTHER REGULATIONS

Dual Registration: Undergraduate and Graduate

Any senior who is required to take less than 12 semester hours of work in the last semester of residence to fulfill all requirements for the bachelor's degree may register for graduate courses for graduate credit provided approval is granted by the Graduate Office, the student's faculty advisor, and the Director of Academic Advising and Support Services. The total load may not exceed 12 hours including undergraduate credit.

Students should be advised that approval for dual registration does not guarantee nor constitute acceptance into any graduate program.

Students must apply for admission to a graduate program before requests for dual registration can be approved, but do not have to be formally admitted until the end of the semester in which credit is earned.

Requirements for a Second Baccalaureate Degree

A student with a bachelor's degree may receive a second baccalaureate degree if it is a different degree or a different major. In such a case, all the requirements for the second degree and major as stated in the catalog which the student is entitled to follow must be met. In any case, a minimum of 30 hours in residence beyond requirements for the first degree must be completed.

ACADEMIC REGULATION HIGHLIGHTS FOR UNDERGRADUATES

Degree & Graduation Requirements*

- 122 Minimum number of hours required for an undergraduate degree
- 168 Maximum number of hours that may be attempted toward an undergraduate degree
- 36 Minimum number of hours required towards the degree at or above the 300 course level
- 2.00 Minimum cumulative GPA required for graduation

Residency Requirements

Students must be in residence at UNCG for the last 31 hours.

Course Loads

- 12 hours/semester Full-time status for undergraduates
- 15-16 hours/semester Recommended course load per semester for full-time students
- 19 hours/semester Maximum hours that can be taken without special approval from Academic Advising
- 14 hours Maximum hours that can be taken during entire Summer Session (2 terms)

Suggested Academic Workload

2-3 hours of outside preparation per each hour spent in the classroom

GPA Calculation

accumulated grade points ÷ accumulated semester hours taken

Credit Limits**

- 64 Maximum credit hours that can be transferred from a 2-year institution
- 64 Maximum hours that can be applied to an undergraduate degree in extension and/or correspondence credit
- 8 Maximum number of Physical Education hours that may be applied toward degree as elective credit
- 8 Maximum number of Army ROTC hours that may be applied toward degree as elective credit
- 12 Maximum number of Air Force ROTC hours that may be applied toward degree as elective credit

Non-Credit Courses

MAT100 & ENG100 Neither course applies towards graduation or is calculated in the GPA

Undergraduate Classifications

- Freshman Completion of fewer than 24 semester hours
- Sophomore Completion of 24 semester hours
- Junior Completion of 51 semester hours
- Senior Completion of 84 semester hours

* Several undergraduate programs have semester hour and GPA requirements that exceed the University's minimum requirements. See specific programs for details.

** Please see Academic Advising and Support Services for complete information concerning transfer/extension/correspondence credit.

CHAPTER 5

ACADEMIC PROGRAMS

UNDERGRADUATE PROGRAMS

UNCG offers six undergraduate degrees:

BA	Bachelor of Arts
BFA	Bachelor of Fine Arts
BM	Bachelor of Music
BS	Bachelor of Science
BSMT	Bachelor of Science in Medical Technology
BSN	Bachelor of Science in Nursing

REQUIREMENTS FOR A BACHELOR'S DEGREE

A bachelor's degree from UNCG is awarded to a student who has met the following requirements:

1. Successful completion of a minimum of 122 semester hours, distributed as follows:
 - a. Liberal education 45 semester hours (minimum)
 - b. Major subject and related areas 60 semester hours (maximum)
 - c. Electives $\frac{17}{122}$ semester hours (minimum)
2. A grade point average on the hours attempted of not less than 2.0
3. At least 36 semester hours of courses at the 300 level or above.
4. Residence at UNCG for the last 31 semester hours

The College of Arts and Sciences and each of the six professional schools — Joseph M. Bryan School of Business and Economics; Education; Health and Human Performance; Human Environmental Sciences; Music; Nursing — have structured their individual degree programs to comply with this all-University degree framework.

Students who are undecided about their major are considered to be enrolled in the College of Arts and Sciences and should follow the College requirements (see pp. 75-77). Satisfying these requirements permits a student to pursue a major either in Arts and Sciences or in one of the professional schools.

Studies leading to the baccalaureate degree are offered in the programs listed on the following pages.

AVERAGE TIME TO GRADUATION

Many factors effect both the length of time and the number of credit hours an individual student will require to complete the baccalaureate degree. At UNCG the median number of months to graduation for full time students is 46. The median number of credit hours completed is 125.

Full time undergraduate students are expected to complete at least 15 credit hours per semester and failure to do so many lengthen the student's time to graduation. Some majors do require formal admission beyond that required for admission to the University in general.

Students should meet with their academic advisors regularly to plan their academic schedules. To graduate, students must complete specific University requirements as well as requirements within the major. Students who change majors may find that additional requirements must be fulfilled. Changing majors excessively, or after the third or fourth semester

of study, may also lengthen the time to graduation. Also see Tuition Surcharge, pp. 60-61.

Criteria for admission to a specific major (outlined in this *Bulletin*) and continuation in that major may include a University grade point average exceeding that required for continuation within the University as a whole. Students considering such majors should become familiar with the guidelines, and work with an academic advisor as soon as possible to ensure that they meet the criteria.

CHANGES IN DEGREE REQUIREMENTS AND OTHER REGULATIONS

The University reserves the right to make changes as required in course offerings, curricula, academic policies and other rules and regulations affecting students, to be effective whenever determined by the University. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

UNDERGRADUATE AREAS OF STUDY

The following are currently offered undergraduate areas of study. See departmental listings for specific program and degree requirements.

Areas of Study Department/Division

The College of Arts and Sciences

(degree is Bachelor of Arts unless otherwise stated)

Acting (BFA)	Broadcasting/Cinema & Theatre
African American Studies (minor)	Special Programs in Liberal Studies
* Anthropology	Anthropology
Archaeology	Special Programs in Liberal Studies
Art (Studio)	Art
* Art Education I - General (BFA)	Art
* Art Education II - Studio Art (BFA)	Art
Art History	Art
* Biology (BA, BS)	Biology
Biopsychology (second major)	co-sponsored by Biology & Psychology
Biotechnology (concentration with BA, BS)	Biology

ALL-UNIVERSITY LIBERAL EDUCATION REQUIREMENTS (AULER)

Undergraduates who initiated college-level course work from regionally accredited post-secondary institutions Fall 1991 and later must meet All-University Liberal Education Requirements (AULER). Undergraduates who initiated college-level course work from regionally accredited post-secondary institutions prior to Fall 1991 may be entitled to complete pre-1991 liberal education requirements. These students should consult with the Office of Academic Advising and Support Services to determine their options and to obtain a list of courses approved to meet pre-AULER requirements.

Forty-five semester hours of course work comprise a minimal core of fundamental knowledge and intellectual skills which the faculty at UNCG believe all university-educated persons should possess. These hours are organized into the areas described on the following page. Courses satisfying these requirements have been approved by the appropriate University Instructional Area committee, the College Council of the College of Arts and Sciences and the Undergraduate Curriculum Committee. Each committee has reviewed from a different perspective the courses proposed. Guidelines followed in the selection process included: selecting only those courses considered to be fundamental, basic, and central to the instructional category; keeping the number of courses in

each category as small as possible, emphasizing breadth of coverage rather than depth of examination; and, preferring courses open to freshmen and sophomores that have no prerequisites.

All undergraduate degree programs have AULER requirements. With few exceptions, the full 45 semester hours are required. Certain professional programs have been permitted to reduce slightly the number of AULER credits required in order to meet accreditation or licensing standards. Such exceptions are clearly shown in the descriptions of these special professional programs. **In addition, programs in the College of Arts and Sciences may exceed the requirements in several categories. These differences are noted in the appropriate description of College/School requirements for a particular program.**

The list of courses which satisfy AULER may be modified from time to time. The student's advisor is an additional source of information on the status of courses which currently meet the requirements.

The table on the following page provides a brief description of each Liberal Education Requirement Area as well as indicating the number of semester hours which are required in that area. A complete list of currently approved AULER courses follows the table.

All-University Liberal Education Requirements by Areas	Semester Hours
1. Analytic and Evaluative Studies A study of abstract systems of thought and evaluative concepts fundamental to intellectual inquiry and values: includes ethics, metaphysics, epistemology, historiography, religious thought and traditions, and cultural anthropology.	3
2. British or American Literature A study of selected major works of prose and poetry written in Britain or the United States.	3^{AP}
3. Fine Arts A study of how ideas and feelings are shaped into artistic form in the visual arts, theatre, cinema, dance, or music.	3^{AP}
4. Historical Perspectives on Western Culture A study from an historical point of view of formative periods in Western culture, looking at fundamental ideas, institutions, philosophical traditions, or literary and artistic masterpieces.	3^{AP}
5. Mathematics A study of major concepts, theories, methods, and applications of the mathematical sciences.	3^{AP}
6. Natural Science A study of basic physical or biological sciences with attention to the methods of scientific investigation.	6^{AP}
7. Non-Western Studies A study of fundamental cultural forms, expression, socio-political structures, and habits of mind that are distinctly different from Western cultural traditions.	3
8. Reasoning and Discourse Training in reasoning well, reading critically, writing cogently, or speaking persuasively.	6^{AP}
9. Social and Behavioral Sciences A study of individuals, society, and human institutions and systems with an emphasis on the effect of social and environmental factors on individual experiences and behavior, and on the structures and mechanisms of societies.	6^{AP}
10. World Literature A study of selected major works of prose and poetry written outside of Britain and the United States.	3
11. Electives Six additional hours in a foreign language* at any level or from any of the areas specified above.	6^{AP}
Total Semester Hours Required by AULER	45

^{AP} Indicates that AP credit is available in these categories; see pp. 20-21 for AP course listings

* Students are reminded that they will be eligible for election to the UNCG chapter of Phi Beta Kappa only if they have completed the equivalent of six semester hours of foreign language study at the intermediate college level.

Electives 6 Semester Hours Required

Six additional hours from any of the areas specified above or in a foreign language at any level.

Total Semester Hours Required 45

Additional degree requirements have been established by the College of Arts and Sciences. Students who are undecided as to a major as well as those majoring in anthropology, art, biology, chemistry, communication and theatre, English, French, geography, German, Greek, history, interdepartmental studies, Latin, mathematics, medical technology, philosophy, physics, political science, psychology, religious studies, sociology, and Spanish are affected by these requirements. For these students the liberal education requirements total 54-55 hours, and are described in detail on p. 76. Students who satisfy the College requirements will also satisfy the All-University requirements.

Major Requirements

Each school or department establishes the course requirements for each major program, concentrations within a major, and related-area requirements.

Special Curriculum Option (Plan II)

For students whose needs are not met by the formal majors and degrees offered at UNCG, a special curriculum option—called Plan II—allows students to design their own course of study in consultation with appropriate faculty.

Students desiring to pursue Plan II should be advised that there is no guarantee that their

proposed program will lead to graduation until it has been fully approved. Developing a program is a time consuming process, often taking one year from initial intent to final approval. Students must file a statement of intent to pursue Plan II in the Office of Academic Advising and Support Services prior to registering for their last 45 hours. Required steps have been adopted by the Undergraduate Curriculum Committee for approving Plan II programs. The following is an abbreviated description of the procedures that must be followed:

1. Consult with the Director of Academic Advising and Support Services regarding general requirements and procedures. All general University requirements and minimum admission requirements for the desired departmental programs must be met by any Plan II program.
2. Select a faculty advisor with expertise in the interdisciplinary major.
3. Select another member of the faculty to serve on an advisory committee.
4. Develop a formal proposal with the committee.
5. Send proposal to Undergraduate Curriculum Committee.

Minor modifications to an approved Plan II program may be made if approved by both the faculty advisor and the Director of Academic Advising and Support Services. Other modifications require the full process outlined.

GUIDE TO COURSE DESCRIPTIONS

In the following pages, the academic programs and course offerings of the University are set forth.

Regularly scheduled undergraduate classes for which fewer than ten students enroll (or graduate classes for which fewer than five students enroll) will be offered only with special approval of the Provost. If enrollment does

not justify continuation of a class, the class may not be offered.

Each course description is represented by a three-letter symbol (indicating the department or program within which the course is taken) and a three-digit number. After each course title are two (or three) numbers separated by colons which indicate semester hours credit, lecture, and laboratory hours. Following the credit indicator any course prerequisites will be listed. The course description itself may be followed by special area credit indicators (AULER, CLER) and frequency of offering symbols. Special course information is highlighted.

Course Numbers and Levels

Course level numbers are structured as follows:

100-199—intended primarily for freshmen

200-299—intended primarily for sophomores

300-399—intended primarily for juniors

400-499—intended primarily for seniors

500-599—intended for advanced undergraduates and graduate students; these courses are not open to freshmen and sophomores

600-749—restricted to students who are classified as graduate students

750-799—restricted to students admitted to doctoral programs

Course descriptions for graduate-level courses are printed in the **Graduate School Catalog**.

Course Credit Hours

The first of the figures enclosed in parentheses immediately following the course title indicates the number of semester hour credits given for the course. The second and third figures indicate the number of lecture and laboratory hours, respectively, normally scheduled each week for one semester in the course. For example, (3:2:3) means the course carries three semester hour credits and meets for two lecture hours and three laboratory hours each week. A class period is 50 minutes. Graduate courses and certain other courses may have only one figure enclosed in parentheses. For such courses the figure indicates the number of semester hours credit given. When only one or two figures appear in the parentheses, there are no laboratory or studio hour requirements.

Two course numbers separated by a comma indicate a sequence of two courses with closely related content.

Course Prerequisites/Corequisites

Prerequisites or corequisites for a course are indicated in the course description by "Pr." or "Coreq." followed by appropriate requirements which must be met before that course may be taken.

Grading Method

All courses are graded by letter grade (A-F) unless otherwise noted in the course description. The following undergraduate courses are graded P/NP (Pass/Not Pass) and are so noted in their descriptions: CSC 312; CSD 219, 571; CUI 299A & B, 399 A, B, C & D, 461, 462, 499A; DCE 250, 461, 462; ESS 461, 462; GRK 150; HEA 110, 156, 160, 162, 428, 461, 462; LES 315, 417; MUS 090, 091; RUS 150.

Repeat-for-Credit Notation

Some courses may be repeated for credit under special circumstances. Such information is highlighted in the course description.

Frequency of Course Offering

Many courses listed in this Bulletin reflect the semester(s) in which they are offered. This information is indicated in parentheses at the end of the course description as follows:

(FA,SP) course usually offered in both Fall and Spring semester

(FA/SP) course usually offered in either Fall or Spring semester

(FA/SP/SU) course usually offered in either Fall, Spring, or Summer

(FA) course usually offered Fall only

(SP) course usually offered Spring only

(SU) course usually offered summer session only

Even,Odd course usually offered only in even or odd semesters or years

Alt course usually offered only in alternate years

All-University Liberal Education Requirement Abbreviations (AULER)

THE COLLEGE OF ARTS AND SCIENCES

105 Foust Building

Walter H. Beale, Professor and Dean of the College

Timothy D. Johnston, Professor and Associate Dean

William A. Link, Professor and Associate Dean

Sheila Schurer, Assistant to the Dean

The College of Arts and Sciences is composed of the departments of Anthropology, Art, Biology, Broadcasting/Cinema and Theatre, Chemistry, Classical Studies, Communication, English, Geography, German and Russian, History, Mathematical Sciences, Philosophy, Physics and Astronomy, Political Science, Psychology, Religious Studies, Romance Languages, and Sociology. It also includes the Residential College and the Center for Critical Inquiry in the Liberal Arts, which sponsors such cross-disciplinary programs as Special Programs in Liberal Studies, the Honors Program, Freshman Seminars, and "Strong College," a residential community. The basic undergraduate degree of the College is the Bachelor of Arts, traditionally a liberal arts degree. While other degrees offered by the College (Bachelor of Science, Bachelor of Science in Medical Technology, and Bachelor of Fine Arts) contain professional and technical studies, they are primarily programs in the liberal arts.

Through its faculty, courses, and programs, the College of Arts and Sciences encourages intellectual inquiry and development of the knowledge and skills that enable critical examination of traditions and assumptions. A liberal education prepares students for informed and reflective participation in society, for sustained cultural and aesthetic enjoyment, and for a lifetime of learning.

Freedom and self-motivation in the context of a rational plan of disciplined study are fundamental to a liberal arts education. Students are encouraged to seek relationships among the various subjects studied and to develop a coherent intellectual perspective. To aid in this process, the College requirements build upon the All University Liberal Education Requirements (AULER) (see p. 69).

COLLEGE REQUIREMENTS

Included in the list below are the College requirements that differ from AULER along with the designated courses that meet those requirements.

1. Writing-Intensive Courses

To emphasize the importance of writing both as an essential skill and as a tool for learning, **the College requires** students to take four Writing-Intensive courses.

a. At least one of the four Writing-Intensive courses must be in the lower division (200 and below), at least one in the upper division (300 and above), and at least one in the department or program of the student's primary major.

b. Students transferring to UNCG as sophomores are required to take three Writing-Inten-

sive courses, distributed as in 1-a above. Students transferring to UNCG as juniors are required to take two Writing-Intensive courses.

NOTE: Writing-Intensive courses may also meet AULER, College, or major requirements.

Students who obtain a score of 5 on the English Advanced Placement Literature and Composition examination are exempted from one of the required lower-division writing-intensive courses. Contact the Department of English for further information.

The Writing-Intensive courses offered each semester are designated by a "W" in the printed semester **Schedule of Courses**.

^{AP} Indicates that AP credit is available in these categories; see pp. 20-21 for AP course listings.

All students in the College must fulfill the foregoing College Requirements. A course in the major may be used to satisfy College liberal education requirements.

Requirements for each of the degrees offered by the College of Arts and Sciences are included in the descriptions of majors, concentrations, and minors under the respective departments.

Major Requirements

Candidates for the bachelor's degree may count a maximum of 60 semester hours in the major subject and related areas toward the degree. A course cross-listed in the major department must be taken within the major and counts toward the total hours in the major.

Minor Requirements

Most departments and interdepartmental programs of the College offer a minor program which may be taken in conjunction with a major. In general, a minor requires 15 to 21 hours in a department or area with no more than 8 hours at the 100 level and no fewer than 9 hours taken at UNCG.

Second Majors

A student may take a second major in conjunction with the first major. This program requires a minimum of 24 semester hours in each of two approved majors. All requirements of each major must be met; hours from the second major can be applied toward the University-wide distribution requirements (AULER). A student with a first major outside the College who chooses a second major in one of the College departments is required to complete all of the departmental requirements for the second major but need not satisfy the College liberal education requirements. In the case of transfer students, at least 12 hours in each major must be taken at UNCG. Students wishing to complete a second major should contact the Office of the Director of Academic Advising and Support Services so that an advisor can be appointed in each major.

Student-Designed Interdisciplinary Major (SDIM)

The Student-Designed Interdisciplinary Major (SDIM) is an option available to students whose academic goals are not adequately served by any major, or combination of majors, second majors, and minors, available in the College of Arts and Sciences or in one of the professional schools.

Students selecting the SDIM option must satisfy all College Liberal Education Requirements and meet all University academic regulations. The option may not be used as a way of circumventing the requirements of an established major and SDIM Plans (see below) that constitute only minor changes to an existing major will not be approved. An SDIM Plan must represent a coherent academic program of study, not simply a collection of courses assembled to enable a student to obtain a degree.

The procedure for requesting approval of an SDIM is as follows:

1. A faculty member in the College must agree to serve as the student's advisor and to take responsibility for helping the student design a plan of study and for monitoring the student's progress. A student who wishes to pursue a SDIM, but is unsure which faculty to ask to serve as his or her advisor, should consult initially with the Associate Dean of the College (Timothy D. Johnston, Room 100, Foust Building).
2. The student and the advisor devise a Plan of Study for the major. The Plan consists of:
 - (1) a brief paragraph describing the aims and intentions of the proposed major, and explaining why no existing major or combination

of majors, second majors, or minors can be used to pursue those aims;

- (2) a list of courses (minimum of 24 credits) that will constitute the major;
- (3) either a list of courses or a narrative paragraph explaining how the student will satisfy (or has satisfied) the College's Liberal Education, foreign language, and writing-intensive requirements.

The student's advisor should ensure that courses included in the Plan are in fact offered with reasonable frequency; not all courses listed in the bulletin will be available with sufficient frequency to ensure timely graduation.

3. The Plan is initially submitted to the Associate Dean of the College for review. The Associate Dean will ensure that the Plan meets all the require-

ments noted above and will send copies of the approved Plan to the student, the major advisor, and the Office of Academic Advising and Support Services.

4. A student planning to graduate with a SDIM should submit the Plan of Study for review as soon as possible, but in any case prior to registering for the last 45 credit hours needed for graduation.
5. Any changes to the Plan after it has been submitted must be approved by the Associate Dean, who will forward the modified Plan to the Office of Academic Advising and Support Services. Generally, modifications will only be approved because some of the approved courses have become unavailable or because a new course appears to be better suited to the Plan than one that was originally included.

DEPARTMENT OF ANTHROPOLOGY

426 Graham Building

*Willie L. Baber, Professor and Head of Department**Professors Bartel, Fitzgerald, Helms, Mountjoy; Adjunct Professor Hoffman; Associate Professor Sandford; Assistant Professors Coleman, McIrvoin; Lecturers Bogdan, Bruner
Professor Emeritus, Kupferer*

Anthropology is a broad discipline which includes physical anthropology — the study of humans as biological animals; cultural anthropology — the study of humankind in a cultural perspective; archaeology — the recovery and interpretation of ancient human biological and cultural remains; and linguistics — the study of language in culture and society.

The general undergraduate major provides an extensive study in cultural anthropology, archaeology, linguistics, and physical anthropology. Majors who develop a particular interest in one of the subdisciplines may pursue a concentration in that area up to a maximum of 60 hours. Majors have opportunities to develop mentoring relationships with members of the faculty on current research projects as well as fieldwork projects. Internships in various agencies are also available.

Anthropology as a major prepares individuals to pursue many avenues of career development. It is the basis for a career as a professional anthropologist. Anthropology combined with other courses of study as double majors enhances career possibilities and professional development. There is, however, a growing demand for anthropologists in government agencies and business. In such settings, the knowledge which they have may be applied to the solution of human problems.

Through the accelerated master's program, an anthropology major may earn both a master's degree in a related field and a bachelor's degree in anthropology in approximately five years. Majors must begin planning early in this program as well as obtaining careful advising. Opportunities exist for an MA in Economics and a Masters of Business Administration.

**ANTHROPOLOGY MAJOR
(BACHELOR OF ARTS)**

Required: 122 semester hours

The **General Anthropology Major** provides training in human biological, social and behavioral science within the broader framework of a liberal arts education. The program presents a holistic view of the nature of humans in society, past and present, through courses in linguistics, prehistory, physical anthropology, and cultural anthropology. It provides a solid foundation for both a basic liberal arts education as well as for one of the concentrations in anthropology.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Many of the anthropology courses listed as AULER and CLER courses also count towards the anthropology major:

ATY 213 and 360	Analytic and Evaluative Studies (AE , CAE)
ATY 253 and 331	Natural Science (NS) and Life Science (CLS)
ATY 100, 325, 330, 333, 335, 337, 345	Non-Western Studies (NW, CNW)
ATY 201, 212, and 258	Social and Behavioral Science (SB, CSB)

Major Requirements

Minimum 24 semester hours in anthropology above the 100-level to include the following.

Core Courses for Anthropology Major and Subdisciplines

1. ATY 213, 253, 360, 387, 411
2. Two courses at the 400 or 500 level
3. Electives to complete the major requirements

Although not a requirement beyond the 24 hours minimum, majors may choose to take additional courses in general anthropology up to a maximum of 60 hours. The additional courses may also be in one of the subdisciplines:

- Archaeology
- Ethnology
- Linguistic Anthropology
- Physical Anthropology

Majors in consultation with a faculty member in the subdiscipline will select the appropriate courses.

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Related Area Requirements

Majors who follow a plan for one of the accelerated master's programs should satisfy the related area requirements for that program.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

ANTHROPOLOGY AS A SECOND MAJOR

Because of its holistic approach to human behavior, anthropology connects with many other disciplines both academically and professionally. Completion of anthropology as a second major is a good choice for students in interdepartmental programs in archaeology, linguistics, international studies, social studies, as well as programs in nutrition, history, classical studies, religious studies, geography, environmental studies, biology, women's studies, public health and African American studies. Students who double major in anthropology and another discipline must complete all major requirements in both areas as well as the general requirements for the degree which they are seeking.

ANTHROPOLOGY MINOR

All minors are required to take ATY 212. In addition they must select a minimum of 12 hours at the 200 level or above. The following suggested course sequences may be of interest to students pursuing specific majors and with certain career objectives.

1. General Anthropology — ATY 213, 253, 360 387, 411
2. Ethnology/Ethnography — especially useful for majors in social studies, history, geography, economics, and international studies. Courses recommended include ATY213, 325, 330, 333, 335, 337, and 371
3. Linguistics — especially useful for majors in language arts, a foreign language, English, deaf education, speech pathology, social studies, and international studies. Course recommended include ATY 385, 387, 585, and 587.
4. Archaeology — especially useful for majors in classical studies, geography, and environmental studies. Courses recommended include ATY 253, 360, 362, 533, and 553.
5. Physical Anthropology — especially useful for majors in archaeology, biology, chemistry, nutrition, and psychology. Courses recommended include ATY 253, 331, 553, 555, and 559.

Students in consultation with a member of the department may plan a minor to enhance their career objectives as they choose. They may also take approved independent study courses or approved selected topics courses.

TEACHER LICENSURE IN SOCIAL STUDIES

Students majoring in anthropology may seek Initial "A" teacher licensure in comprehensive social studies with an endorsement in anthropology. Completion of licensure requirements will allow majors to teach Social Studies as well as anthropology in secondary school. Social Studies as well as licensure requirements are listed on pp. 399-400 of this catalog. Many of the requirements for licensure satisfy liberal education requirements in the college as well as for the major and the Social Studies requirements. Majors who wish to pursue "A" licensure in social studies should consult with the departmental Social Studies committee representative.

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—

BA IN ANTHROPOLOGY AND MBA IN BUSINESS ADMINISTRATION

The accelerated program in Anthropology/Business Administration provides the opportunity for a student to complete a BA in Anthropology (122 hours) within a four-year period and to shorten the time required to finish the MBA.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.
- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should talk with an advisor in the department of Anthropology as early as possible.

In the spring of the junior year, students should

- take the GMAT
- apply for admission to the Graduate School and the MBA program

ANTHROPOLOGY COURSES (ATY)

For Undergraduates

100 Contemporary Non-Western Cultures (3:3).
• Freshmen only.

A survey of contemporary non-Western societies which emphasizes their distinctive cultural characteristics and how these relate to changes taking place in the world today. [NW, CNW].

201 Man in Nature (3:3).

Anthropology's answers to the question, "What is Man?" A basic understanding of the human condition, i.e., man and his place in nature. Anthropology and human problems. [SB, CSB].

212 General Anthropology (3:3). • Open to freshmen.

Survey of general anthropology. Includes an inquiry into human origins, prehistory and comparative study of culture. [SB, CSB].

213 Cultural Anthropology (3:3).

"Cultural anthropology" attempts to stimulate interest in basic questions about human nature and hu-

man adaptation, including major theoretical approaches, the nature of field work, and an examination of selected topics. [AE, CAE].

253 Introduction to Physical Anthropology (3:2:3). Study of human biological variation and evolution; includes contrasting non-human primate traits, fossil man, population genetics of racial formation, individual growth and development and human engineering. [NS, CLS].

258 World Prehistory (3:3).

Development of culture from its paleolithic beginnings through the rise of early civilizations. [SB, CSB].

325 Race and Culture Contact in the Caribbean (3:3).

Types of social systems and cultural patterns in the West Indies arising from relations between Europeans, West Africans, and Asians, with implications for development, social change and identity. [NW, CNW].

330 Cultures of North American Indians (3:3).
Ways of life, both aboriginal and contemporary, of indigenous people of North America. [NW, CNW].

331 Human Variation (3:3).
Physical differences within and between human populations: their source and effect. [NS, CLS].

333 Latin American Societies and Cultures (3:3).
Tribal and peasant groups with special emphasis on their place in contemporary Latin America. [NW, CNW].

335 Cultures of Africa (3:3).
Study of the peoples of Africa emphasizing family organization, religion, political organization, languages and urbanism. Includes a study of African novelists. [NW, CNW].

337 Cultures of the Pacific (3:3).
Ethnographic study of Pacific cultures, focusing on language, physical characteristics, psychology and culture contact. [NW, CNW].

345 Comparative Political Systems in the Non-Western World (3:3).
Investigation of political systems in nonindustrial and non-Western societies. Emphasis on leadership and the political control of demographic, economic and ideological factors in native societies of the Americas, Africa and Asia. [NW, CNW].

348 Man and the Future (3:3).
Role of anthropology in understanding human problems of today and tomorrow. Emphasis on the sociocultural dimension of human problems and their solutions.

357 Monkeys, Apes, and Humans (3:3).
An overview of primatology — the study of prosimians, monkeys, apes, and humans. Involves in-depth study of selected primates as well as discussion of major theoretical issues and ways in which the study of nonhuman primate behavior helps illuminate human evolutionary history.

360 Modern Archaeology (3:3).
Analysis and evaluation of methods, theories and concepts necessary for recovery and interpretation of cultural information about past societies relevant for anthropological goals. Includes issues of historiography, epistemology and ethics. [AE, CAE].

362 Archaeology of the Eastern United States (3:3).
Investigation of Indian cultural development in the United States from the Mississippi River Basin to the Atlantic Coast, from earliest evidence to the European Contact Period, with special emphasis on the

context of the East in the archaeology of North America and North Carolina as a part of the East. Involves some field trips and/or laboratory experience.

378 Historical Archaeology Field Techniques (3:0:6).
Archaeological excavation of historic period sites. Techniques of excavation, recording, surveying, and artifact analysis.

385 Language and Culture (3:3).
A survey of verbal and nonverbal behavior cross-culturally. Emphasis on the use of language in the speech community, gestures, body languages, expressive behavior, verbal art and language learning.

387 Modern Linguistics (3:3).
Systematic investigation of the general properties of language, the universal properties found in all languages, and the specific properties of the grammars of individual languages. Includes linguistic differences found in selected dialects of American English.

411 History of Anthropological Theory (3:3).
Developments in history of anthropology and study of culture leading to the emergence of anthropology as a scientific field.

477 Field Methods in Cultural Anthropology (3:3).
Review and discussion of major methodological principles and techniques used in anthropology.

478 Field Methods in Archaeology (3:3). Pr. consent of instructor.
Methods, techniques and theories of archaeological field investigation. Includes site survey, mapping, systematic sampling and controlled excavation.

479 Analysis of Archaeological Data (3:3). Pr. consent of instructor.
Instruction on proper treatment of material recovered through archaeological investigation. Includes classification, statistical manipulation of data, seriation, and analysis of spatial and temporal dimensions. Attention to special analytical techniques (e.g., C14 dating, chemical analysis, faunal analysis) with stress on ecological interpretation.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

497, 498 Special Problems in Anthropology (1 to 3), (1 to 3). Pr. consent of faculty member with whom student wishes to work.
Opportunity for students to have directed instruction on problems of special interest.

For Advanced Undergraduates and Graduate Students

501, 502 Selected Topics in Anthropology (3:3), (3:3). Pr. major in anthropology or consent of instructor. Opportunity for advanced students to study in depth topic or issue of special interest.

520 Economic Anthropology (3:3). Pr. 212, 213, or 3 hours of social science.

An analysis of the economic organization of tribal and peasant peoples with special attention given to their participation in a world economy; emphasis is on economic models of social change.

524 Applied Anthropology (3:3).

Application of anthropological method and theory in situations of directed sociocultural change.

529 Culture Change (3:3).

Development of culture and analysis of acculturation stemming from contacts of peoples of different cultural heritages.

531 Latin American Culture (3:3). • Not open for credit to graduate students in anthropology.

Development of Latin American culture, its characteristics, variations, and significance. Directed especially toward present and future teachers.

533 Archaeology of Mexico (3:3). Pr. consent of instructor.

Major prehispanic cultural developments in Mexico with emphasis on internal cultural change (from early man to rise of great civilizations such as Aztec and Maya) and relationships with adjacent areas.

543 Anthropological Perspectives on Homosexuality (3:3).

Critical examination of sociocultural dimensions of homosexuality in both nonindustrial and industrial societies, with concentration on American culture.

547 Belief and Value Systems (3:3).

Examination of sacred and secular beliefs in cross-cultural perspective. Emphasis on symbols, ritual, and their functions.

550 Anthropological Examination of Sex Roles (3:3).

Nature and variations in sex roles, emphasizing female roles. Biological and sociocultural determinants of role differences.

553 Human Identification (3:2:3). Pr. 253 or 3 hours of biological science.

Anthropological study of aspects of the human body that includes identification of individual bone and fragments, sex differences, age changes in bone and teeth, dermatoglyphics, ABO blood groups, paleopathology, and somatology of living individuals.

555 Human Evolution (3:3). Pr. 253 or 3 hours of biological science.

Biological and cultural evolution of humans from prehuman forms.

557 Primate Behavior (3:3). Pr. 253 or consent of instructor.

An overview of primatology and of methods for studying the behavior of prosimians, monkeys, and apes. Involves experience in data collection, computerized data analysis, and producing a scientific report.

559 Disease and Nutrition in Ancient Populations (3:3). Pr. 253 or FNS 213 or 3 hours of biological science.

Evaluation of past disease and nutritional status using skeletal remains and other tissues. Topics include differential diagnosis of pathology. Analysis of mummified material, and chemical methods of dietary reconstruction.

560 Anthropology and the Teaching of World Studies (3:3). • Not open to undergraduate majors in anthropology.

Concept of culture as a foundation for teaching about cultures. Related anthropological concepts and their significance for social studies. Objectives in teaching world studies. Anthropological materials and resources for social studies teacher.

563 Educational Anthropology (3:3).

Contemporary educational events (systems of cultural transmission) viewed in cross-cultural perspective. Includes case studies of educational systems and practices.

571 Ethnographic Methods (3:3). Pr. graduate status or advanced undergraduate in **Anthropology, Geography, History, Political Science, or Sociology.**

A guide to the conduct of ethnographic research; an introduction to culture theory, the elements or research design, data collection and analysis, and the sociological significance of an interpretative paradigm.

576 Culture and Personality (3:3).

Cross-cultural analysis of effect and influence of culture and group membership on development of personality.

583 Culture and Society (3:3). • Not open for credit to anthropology majors. • May not be taken for credit by students who have received credit for **ATY 213.**

Concepts of culture and society and their employment in understanding human behavior in a cross-cultural context.

585 Social Dialects (3:3).

Consideration of differences in social dialects (speech patterns) among males and females, social classes, regions, and ethnic groups. Includes attitudes about social dialects, models for describing social dialect differences, and consequences of social dialects.

587 Foundations of Linguistic Theory (3:3). Pr. consent of instructor.

An in depth study of modern linguistic theory and its historical antecedents. An extensive background in a language related discipline is required. Application of linguistic theory will be included.

597, 598 Special Problems in Anthropology (3), (3). Pr. consent of faculty member with whom student wishes to work.

Opportunity for advanced students to undertake independent study or research of special interest.

For Graduate Students Only

DEPARTMENT OF ART

162 McIver Building

Porter Aichele, Associate Professor and Head of Department

Professor Goldstein; Associate Professors Doren, Gottsegen, Kotani, Lee, Maggio, Rice, Wasserboehr; Assistant Professors Gerhart, Kelleher, Kellman

The Department of Art offers the following degree programs:

BFA, art major, concentrations in art education I & II, design, painting, and sculpture

BA, art major, concentrations in art history, museum studies, and studio art

MEd, art major

MFA, studio art major, with or without teacher certification

The department believes that at the undergraduate level students are best served by a liberal university education with a specialization in art. Specialized degree programs emphasize the traditional disciplines of painting, sculpture, design, art history, and art education. Students seeking vocational specializations should pursue relevant post-baccalaureate studies.

Freshmen art majors are encouraged to contact Academic Advising and request a faculty advisor in the Art Department. Courses recommended for freshmen vary according to the degree program.

Courses in drawing, painting, and sculpture in the 20's, 30's, and 50's series emphasize working from observation. Still life, landscapes, interior environments, and the human figure are the primary sources of study from which students work toward developing basic artistic/observational skills. Courses in design and the crafts in the 40's, 70's and 80 to 84 series focus on the inherent systemic logic or functional requirements of works of art. Only those students enrolled in a degree program with a full-time load of courses may use the space, equipment, and facilities of the Art Department. Part-time students may use only the facilities directly connected with the courses in which they are enrolled.

The faculty includes artists and historians of acknowledged accomplishment in their areas of specialization. All members of the faculty teach at the undergraduate level in well-equipped facilities on the north side of McIver Building and in the Cone Art Building.

The Weatherspoon Gallery, housed in the Cone Art Building, sponsors a program of exhibitions and lectures that complement the Art Department's curriculum.

ART MAJOR (BACHELOR OF FINE ARTS)

Required: 128 semester hours, including 36 at the 300-level or above

Concentrations in

- Design (including Ceramics, Fiber Crafts, and Photography)
- Painting (including Drawing and Printmaking)
- Sculpture

The BFA program allows a more intense concentration in studio work than is available in a BA program. This concentration is gained by extending the program for the equivalent of one summer session. Because of the number of required courses, junior transfers cannot expect to complete a BFA program in two years.

All-University Liberal Education Requirements (AULER) (45 hours)

All candidates for BFA degrees in the Art Department are required to complete the AULER requirements as listed below:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
6. Natural Science (NS)	6
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	6
Required: ENG 101 and one additional RD course	
9. Social and Behavioral Sciences (SB)	6
10. World Literature (WL)	3
11. AULER Electives	6

In addition, candidates for BFA degrees must complete two writing-intensive courses; these may be selected from AULER courses and/or from the four upper-level art history courses required of studio majors.

See pp. 69-71 for a detailed listing of the complete AULER area requirements and courses meeting those requirements.

Major Requirements

Core studio courses for major concentrations may be closed to students who are not enrolled in a degree program full-time.

Core Courses for all Concentrations

1. ART 100 or 101
2. Four art history courses above 100 level
3. ART 120, 140, 150, 220, 221
4. ART 498 and 499 to be taken in the senior year. All students must submit three (3) ready-to-exhibit works to the senior juried show, usually held in the spring semester.

Design Concentration

1. ART 120, 140, 150, 220, 221, 240, 285, 347
2. Advanced design courses from those numbered in 40's, 70's or 80's: 10 semester hours
3. ART 498 and 499. Independent Study projects should be in graphic design, ceramics, photography, or another appropriate area of design specialization.
4. Art or related electives: 8 semester hours

Painting Concentration

1. ART 120, 140, 150, 220, 221, 231, 232, 335, 337
2. Printmaking: 4 semester hours
3. ART 498 and 499. Independent Study projects must be in painting, drawing, or printmaking.
4. Art or related electives: 8 semester hours

Sculpture Concentration

1. ART 120, 140, 150, 220, 221, 252, 253, 353, 355, 356
2. Art 498 and 499. Independent Study projects must be in sculpture.
3. Art or related electives: 8 semester hours

Electives

Electives sufficient to complete the 128 semester hours required for the degree.

ART MAJOR (BACHELOR OF FINE ARTS)

Required: 128 semester hours, including 36 at the 300-level or above

Concentrations in

- Art Education I
- Art Education II

All studio art students who seek teacher licensure in art must take a BFA under one of two concentrations: Art Education I offers academic breadth, Art Education II offers concentration in a studio discipline. Junior transfers cannot expect to complete these programs in two years.

All-University Liberal Education Requirements (AULER) (45 hours)

All candidates for BFA degrees with a concentration in Art Education are required to complete the AULER requirements as listed below:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
6. Natural Science (NS)	6
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	6
Required: ENG 101 and one additional RD course	
9. Social and Behavioral Sciences (SB)	6
10. World Literature (WL)	3
11. AULER Electives	6

In addition, candidates for BFA degrees must complete two writing-intensive courses; these may be selected from AULER courses and/or from upper-level art courses.

See pp. 69-71 for a detailed listing of the complete AULER area requirements and courses meeting those requirements.

Major Requirements**Art Education I (General Art) Concentration**

1. ART 100 or 101
2. Four additional courses in Art History above the 100 level
3. ART 120, 140, 150, 220, 221
4. Painting, Design: 2 semester hours in each
5. Crafts: 6 semester hours

6. Art or related electives: 7 semester hours
7. Art Education courses: 360 (junior year); 363, 365, 463 and 465 (senior year)
8. Concentration in one studio area (Design, Painting or Sculpture) of 9 semester hours above the 100-level.

Art Education II (Studio Art) Concentration

1. Same as Art Education I, numbers 1 through 7
2. Independent Study in ART 498 and 499 or approved substitutes: 4 semester hours
3. Single studio specialization, including at least 4 semester hours of independent studio (ART 498 and 499 or approved substitute) in this specialty: 10 semester hours

Related Area Requirements

(See "Teacher Education" in Chapter 6 for full explanation.)

1. AULER requirements as identified within each major
3. HEA 201 Personal Health
3. PSY 221 General Psychology (PSY 223 may not be substituted)
4. ELC 381 The Institution of Education
5. CUI 450 Psychological Foundations of Education
6. CUI 470 Reading Education

Electives

Electives sufficient to complete the 128 semester hours required for the degree.

Admission to Student Teaching:

During the junior year students must apply for admission to the student teaching semester. Art Education methods courses 363 and 365 are prerequisites to student teaching and are taken in the fall semester of the senior year. Student Teaching 463 and 465 are taken in the spring semester.

Student teaching admission requirements include the following:

1. Speech screening and medical clearance
2. Grade point average of at least 2.7
3. Art 360, Foundations of Art Education, which includes pre-student-teaching practicum
4. Completion of 12 semester hours following admission to teacher education
5. Evidence of teaching readiness competencies as set and evaluated by the department.

ART MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours, including 36 at the 300-level or above

Concentrations in

- Art History
- Studio Art
- Museum Studies

The **Art History Concentration** is an academic, liberal arts program with emphasis on the visual rather than the verbal tradition. Students who wish to pursue a professional career in this discipline should plan to enter a PhD program after graduation. In preparation for doctoral work, they should acquire a fluent reading knowledge of two foreign languages; German and French are usually recommended.

The **Studio Concentration** combines a liberal arts education with the development of studio skills.

The **Museum Studies Concentration** offers specialized courses in curatorial projects and other museum functions. Students are encouraged to make use of the resources in the Weatherspoon Art Gallery.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

In addition to meeting the All-University Liberal Education Requirements (AULER), students in BA art programs must satisfy College of Arts and Sciences (CLER) requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 33 semester hours in art, depending on concentration

Art History Concentration

1. ART 100 or 101, 201, 202, 203, 204
2. Studio Art: 6 semester hours
3. Art History above the 200 level: 12-24 semester hours.

Studio Art Concentration

1. ART 100 or 101
2. Two courses from ART 120, 140, 150
3. Art History above the 100 level: 12 semester hours
4. Studio Art above the 100 level: 12-24 semester hours
5. Enrollment in independent study courses (optional for qualified students)

Museum Studies Concentration

1. ART 100 or 101, 201 or 202, 203 and 204
2. Two courses from ART 120, 140, 150
3. 15 additional semester hours of Art History, Studio Art, or approved related electives above the 100 level
4. ART 590 (taken in the junior year)
5. ART 400
6. ART 401 or ART 393 or HIS 545a or b

Related Area Requirements

No specific courses required.

Electives

Electives sufficient to complete the 122 semester hours required for the degree.

ART MINOR

An Art Minor requires 15-19 semester hours of studio and/or art history courses. A Minor in Art History requires 3 hours in ART 100 or 101 and 12 additional hours of 200-level or above art history courses. A Minor in Studio Art requires 3 hours in ART 100 or 101 and core studio courses ART 120, 140, 150, 220, 221.

ART COURSES (ART)

Art courses are listed under the following headings: Studio, Art History, Art Education, and Museum Studies

STUDIO Courses For Undergraduates

120 Drawing and Pictorial Composition (4:2:6).
Basic course in principles and practice of drawing in various media and principles of pictorial composition. (FA,SP)

140 Design I (4:2:6).
Basic course in fundamentals of design. Work in two and three dimensions. (FA,SP)

150 Clay Modeling (4:2:6).
General course in preparation, designing, and modeling in clay. (FA,SP)

190 Introduction to Studio Art (3:1:4). • Not open to art majors.
Basic course for non-art majors. Simplified studio projects in image making and system construction in two and three dimensions. Lecture on project-related masterworks each week. (FA,SP)

220 Drawing and Pictorial Composition II (2:1:3). Pr. 120.
Continuation of 120. (FA,SP)

221 Life Drawing I (2:1:3). Pr. 220.
Figure drawing from the model. (FA,SP)

222 Mechanical Drawing (2:1:3).
Basic information and skills required to produce and read working drawings and plans.

223 Perspective (2:1:3).
Linear perspective and its application in various media.

225 Serigraphy I (2:1:3). Pr. 120 or 140.
Silk screen stencil techniques as a printmaking medium. (Not offered every year.)

226 Woodcut and Wood Engraving (2:1:3). Pr. 120 or 140.
Woodblock relief techniques as a printmaking medium. (Not offered every year.)

228 Etching I (2:1:3). Pr. 120 or 140.
Intaglio techniques as a printmaking medium. (FA,SP)

229 Lithography I (2:1:3). Pr. 120 or 140.
Planographic techniques as a printmaking medium. (FA,SP)

231 Techniques of Painting (2:1:3). Pr. 120.
Materials and characteristic processes of major techniques. (FA)

232 Painting I (2:1:3). Pr. 120.
Basic painting course.

240 Design II (2:1:3). Pr. 140.
Continuation of 140 with special emphasis on advanced standards of execution. (FA,SP)

242 Letters, Signs and Symbols (2:1:3). Pr. 140.
Letter forms, signs and symbols as configurations for design study.

252 Techniques of Sculpture (2:1:3). Pr. 150.
Tools, materials and characteristic processes of major techniques.

253 Sculpture I (2:1:3). Pr. 252.
Working from observation, students will increase their perceptual ability and skills through studio assignments. Emphasis on the comprehension of forms and structures in space.

271 Fiber Crafts I (2:1:3). Pr. 140 or HID 112 or permission of instructor.
Fibers and yarns used in woven structures. Preparation of looms and basic weaving techniques.

273 Fabric Crafts I (2:1:3). Pr. 140 or HID 112 or consent of instructor.

Study of fabric surface design and fabric structures using tie dye, batik, quilting and 3D form construction.

275 Metal Crafts I (2:1:3). Pr. 140 or 150.
Techniques required to make jewelry and small art objects from copper, brass and precious metals. Includes gem and stone setting.

281 Ceramics I (2:1:3).
Basic course with emphasis on handbuilt forms. (FA,SP)

285 Photography I (3:1:6). Pr. 140, 190, or permission of instructor.
Equipment and basic techniques of photography. Students must purchase film and papers. 35 MM camera required. (FA,SP)

287 Photographic Perception (2:1:3). Pr. access to a Polaroid camera.
Designed to enhance visual awareness. Photographic vision, perception and language investigated. Lecture-discussion; problem solving through field and studio exercises with frequent critiques. Photographer and sitter roles explored through feedback.

- 320 Drawing Exploration (2:1:3).** • Not open to students who have previously earned credit for 120. Introduction to descriptive and expressive drawing for the general student with no previous training in art.
- 321 Life Drawing II (2:1:3).** Pr. 221. • May be repeated for credit with consent of instructor and department head. Continuation of 221. (FA,SP)
- 323 The Arts as Human Experience (3:3).** An examination of the meaning of the arts experience, including its historical and personal significance. Includes reading and related work in art, dance, drama and music. (Same as COM 323, DCE 323, MUS 323.) [FA, CFA].
- 328 Watercolor Painting (2:1:3).** Pr. 120, 220. Special techniques and pictorial problems of transparent paint media.
- 335 Painting II (4:2:6).** Pr. 231 and 232. Studio course with substantial work from the model. Emphasis on development of control of the medium for pictorial purposes.
- 337 Painting III (4:2:6).** Pr. 335. Studio course with work from the model and other subject matter; emphasis on control of pictorial elements and individual development.
- 342 Graphic Design with a Computer (2:1:3).** Pr. 140 or permission of instructor. Introduction to using a computer for graphic design and drawing. Emphasis on studio problems and applications.
- 343 Techniques of Structures (4:2:6).** Pr. 240. Theory and craftsmanship of small structures. Emphasis on aesthetic and mechanical characteristics of common materials.
- 345 Three-Dimensional Design (2:1:3).** Pr. 10 s.h. of studio art including 140. Development of three-dimensional systems as objects and as environments.
- 346 Kinetic Design (2:1:3).** Pr. 10 s.h. hours of studio art including 140. Motion and time sequence in two-dimensional and three-dimensional design.
- 347 Color Theory (2:1:3).** Pr. 140. Major color theories and systems. Projects using properties of color in pigments, transparencies and projected light. (FA,SP)
- 348 Metal Sculpture (2:1:3).** Pr. 252. Studio course in non-cast metal sculpture techniques and concepts. Basic welding and fabrication of metal as a sculpture medium.
- 353 Metal Casting (4:2:6).** Pr. 253 or permission of instructor. Basic course in casting metal as a sculpture medium. Theory and practice of moldmaking and foundry processes.
- 355 Sculpture II (4:2:6).** Pr. 252 and 253. The study of the human form with emphasis on the demonstration of a sound understanding of the articulation of the figure in space.
- 356 Sculpture III (4:2:6).** Pr. 355. Sculpture as a plastic idiom in creating forms in space. Emphasis on the development of individual expression.
- 371 Fiber Crafts II (2:1:3).** Pr. 271 or consent of instructor. Continuation of 271 loom weaving including pattern drafting. Introduction of off-loom techniques.
- 372 Surface Design/Fabric Printing (2:1:3).** Pr. 140. Introduction to pattern design and to the basic block printing and silkscreen printing processes appropriate for the fabric surface.
- 373 Design Methods for the Crafts (4:2:6).** Pr. 100 or 101, 140, or consent of instructor. Sources of and approaches to crafts design with materials such as wood, fiber, metal and paper. Exploration of sources of design in natural and man-made worlds. Recommended for Art Education majors.
- 375 Metal Crafts II (2:1:3).** Pr. 275. Advanced work in techniques required to make jewelry and small art objects from copper, brass, precious metals.
- 381 Ceramics II (2:1:3).** Pr. 281 or consent of instructor. Wheel-thrown forms; glazing and decorating techniques. (FA,SP)
- 382 Ceramic Glaze Techniques (2:1:3).** Pr. 281. Glaze formulae; mixing and testing of glazes, glaze application, the care and operation of equipment. (SP)
- 385 Photography II (3:1:6).** Pr. 285 or portfolio and permission of instructor. Special techniques including those used in research laboratories; work with special types of film. Students must purchase films and papers.
- 387 Color Photography (3:3).** Pr. 285. An introduction to the basic processes used to produce color photographs and to an understanding of color photography as art.

428 Etching II (2:1:3). Pr. 228. • May be repeated for credit with consent of instructor or department head.

Continuation of 228. (FA,SP)

429 Lithography II (2:1:3). Pr. 229. • May be repeated for credit with consent of instructor or department head.

Continuation of 229.

439 Painting: Selected Media (2:1:3). Pr. 120, 220. Special techniques and pictorial problems of various paint media.

440 Book Illustration (4:2:6). Pr. 220, 221, or approval of instructor.

Execution and composition of illustrations in black and white and color of children's books, classical and contemporary literature, textbooks and poetry. Work in pen and ink, watercolor and oil.

446 Graphic Design (4:2:6). Pr. 12 s.h. of design or its equivalent or permission of instructor. For advanced students.

Problems characteristic of the professional practice of graphic design. (Not offered every year.)

471 Fiber Crafts III (4:2:6). Pr. 140, 271, 371 or consent of instructor.

Advanced studies in floor loom and off-loom fiber arts.

481 Ceramics III (2:1:3). Pr. 281, 381.

Advanced course in ceramics with emphasis on the entire ceramic process: preparation of clay body and glazes, forming, bisque and glaze firing. (FA)

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

496 Special Problems, Studio (2). Pr. prior approval of supervising instructor required. • May be repeated for credit with consent of department head.

Independent studio work adjusted to needs and interests of individual student. (FA,SP)

498, 499 Independent Study (2), (2). Pr. senior status and permission of instructor.

Students complete work demonstrating technical accomplishment and self-motivation. 498: sessions on portfolio presentation and preparation. 499: sequence of work for required juried senior show. (FA,SP)

For Advanced Undergraduates and Graduate Students

520 Anatomy for the Artist (3:2:2). Pr. 150 or permission of instructor.

Visual analysis of the human form with an emphasis on the skeleto-muscular system.

525 Advanced Metal Casting (4:2:6). Pr. 353 or permission of instructor.

Advanced theory and practice of metal casting.

531 Painting (4:1:8). Pr. senior or graduate standing.

Theories, methods and techniques characteristic of recent trends in painting.

535 Variable Topics in Painting (4:2:6). Pr. advanced undergraduate or graduate standing. • May be repeated when topic varies.

Practice and study of traditional and contemporary methods of painting in a variety of media and genres.

DEPARTMENT OF BIOLOGY

312 Eberhart Building

Robert E. Gatten, Jr., Professor and Head of Department

Professors Bates, Lutz; Associate Professors Cannon, Hendrickson, Kirchoff, Lacey, Lepri, Lombardi, Stavn; Assistant Professors Henrich, Katula, Leise, Rublee; Instructors Curtis, Patrick; Lecturers Almeida, Burch, Horton, Pelli, Somers

Visiting Assistant Professor Baldi

Adjunct Faculty: Adjunct Professors Failla, Logan; Adjunct Clinical Professors Dudley, Gay, Lipford, Steuterman; Adjunct Associate Professor Blake; Adjunct Clinical Associate Professor O'Connor; Adjunct Assistant Professors Bever, Bond, Curtis, Kelly, Pratap; Adjunct Clinical Instructors Anderson, Basch, Bean, Bowman, Cleveland, Culton, Flynn, Gaither, Gattis, Hobson, Hodge, Madock, O'Laughlin, Peters, Pugh, Scaro, Shirley, Simmons, Taylor, Yarborough

The Department of Biology has a strong commitment to teaching at both the undergraduate and graduate levels. Recipients of undergraduate biology degrees find employment in a wide range of fields and are well-prepared for further study in graduate school and in health-related professions such as medicine, dentistry, and veterinary medicine. Writing-intensive courses and laboratory classes help develop communication and research skills. Additionally, the department supports an active Biology Club, which provides students with a source of friends who have common interests.

The department's tradition of excellence in education is complemented by a faculty actively engaged in research in areas ranging from molecular biology and biochemistry to ecology and evolution. Students are encouraged to gain research experience through independent study with a faculty mentor.

BIOLOGY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The Department offers a full range of courses leading to the BA degree. The degree may lead to further study in graduate school, medicine, dentistry, veterinary medicine, medical technology, biotechnology, and environmental biology. Both study and laboratory facilities are available to advanced undergraduates.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER) and the College of Arts and Sciences Liberal Education Requirements (CLER). Note that students who satisfy CLER will also satisfy AULER. See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Biology majors must complete BIO 111 and 112, and a minimum of 30 semester hours of Biology courses above the 100-level. A maximum of four hours at the 200-level may be counted toward the major. Students may take a maximum of 60 semester hours of Biology and related area courses, including courses at the 100-level. Students must have a grade point average of at least 2.0 in Biology courses completed at UNCG.

Biology Core Courses

In meeting this requirement for hours above the 100-level, all majors must complete the following core courses:

1. Ecology: BIO 301
2. Cell Biology: BIO 355
3. Genetics: BIO 392
4. Diversity: one of the following: BIO 322, 341, 354, or 370

BIO 302, 356, and 393 are also strongly recommended.

Related Area Requirements

Biology majors are required to take the following cognate courses or their approved equivalents:

1. CHE 111, 112, 114, 115
2. MAT 121 or 191

The department highly recommends the following courses in addition to the required cognates:

1. CHE 351, 352, 354
2. MAT 191, 292
3. STA 271, or 571 and 571L
4. PHY 101, 102

BIOLOGY MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours

The Bachelor of Science degree is offered for those students aspiring to a professional career in biology, and for those students with particularly strong interests in the discipline. A student pursuing the Bachelor of Science is expected to develop a stronger background in mathematics and cognate sciences and to attain a greater understanding of biology than will a student pursuing a Bachelor of Arts degree. Bachelor of Science students will also be strongly encouraged to undertake an individual research project with a faculty member during their junior and/or senior year.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER) and the College of Arts and Sciences Liberal Education Requirements (CLER). Note that students who satisfy CLER will also satisfy AULER. See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

The B.S. candidate will be required to satisfy the following requirements in addition to those described for the B.A. degree:

1. At least one Biology course at the 500-level, as one of the elective courses leading to a total of 30 semester hours above the 100-level
2. Organic Chemistry (CHE 351, 352, 354)
3. Calculus I (MAT 191)
4. Either Calculus II (MAT 292) or Statistics (STA 271 or 571 and 571L)
5. General Physics (PHY 101-102 or PHY 291-292)
6. It is recommended that Undergraduate Research (BIO 499) or Honors Work (BIO 493) be taken for 2 or more credit hours.

BIOLOGY MINOR

A minimum of 17 hours in biology (including BIO 111 and 112, and at least two Biology Core courses) is required for a minor in biology.

BIOLOGY AS A SECOND MAJOR

A minimum of 24 hours in biology (including BIO 111 and 112, and the Biology Core, with a maximum of 4 hours at the 200-level) and CHE 111, 112, 114 and 115 are required for a second major in Biology.

CONCENTRATION IN BIOLOGY

A total of 24 semester hours in biology (including 111 and 112, and at least three Biology Core courses) is required for a concentration in Biology.

CONCENTRATION IN BIOTECHNOLOGY

The concentration in biotechnology is designed for students with a strong interest in molecular biology and genetics. Courses will prepare students in both conceptual and practical aspects of genetic engineering. The concentration is built within the framework of Biology degree requirements of either the B.A. or the B.S.

Basic requirements beyond the Biology Core: BIO 481, 499 (1-3 hrs), 535, 594, 596; CHE 351, 352, 354; PHY 101, 102 or 291, 292; and MAT 191

Strongly recommended: BIO 528, 538, 545, 583, 584, 595; CHE 331, 333; and additional hours of Undergraduate Research (BIO 499)

Note: Students will be required to attend seminars covering biotechnology topics.

CONCENTRATION IN ENVIRONMENTAL BIOLOGY

This concentration is designed for students with a strong interest in environmental biology. The concentration provides students with a breadth and depth of environmental awareness, rigorously prepares them for advanced studies in environmental biology and trains them for environmentally-oriented professions. The concentration is built within the framework of Biology degree requirements of either the B.A. or the B.S. **A waiver has been granted for students seeking the B.S. with this concentration to exceed the 60 semester hour limit for major and related area courses, including courses at the 100-level.**

Basic requirements beyond the Biology Core:

1. BIO 302
2. One additional course in Biological Diversity (BIO 322, 341, 354, or 370)
3. BIO 431
4. At least two of the following advanced Biology courses: BIO 420, 430, 527, 528, 529, 560, or 579

Additional requirements:

1. Statistics (STA 271 or 571 and 571L)
2. Introduction to Earth Science (GEO 103)
3. At least one of the following courses: CHE 252; GEO 205, 303, 311, 314; PSC 312, 313; SOC 339; ECO 380

Strongly recommended:

CHE 351, 352, 354; PHY 101-102 or 291-292; MAT 191

BIOPSYCHOLOGY SECOND MAJOR

This second major is designed for students interested in behavior and the structure and function of nervous systems. Topics will span molecular, cellular, organ, and organismal levels.

Basic requirements: BIO 111, 112, 277, 355; CHE 111, 112, 114, 115; MAT 121 or 191; and PSY 221, 425, 450, 453.

Additional requirements: a minimum of six additional hours in Biology courses selected from BIO 425, 453, 464, 477, 479, 567, and 575; and three additional hours in Psychology courses.

Strongly recommended: CHE 351, 352, 354; MAT 191, 292; and PHY 101, 102.

Transfer Credit

Credit for courses above the 100-level is transferred as Biology elective credit only. To establish transfer credit for specific Biology courses above the 100-level, students should contact the head of the Department of Biology.

Teacher Education Requirements

Secondary Subject-Area Licensure in Biology

Undergraduates seeking secondary teacher licensure in biology must satisfy the requirements for the B.A. or B.S. degree in Biology and must also complete Geography 103, Mathematics 121, and Physics 305. See additional information in this catalog under the subject of Teacher Education in Chapter 6.

Students seeking admission to the UNCG Teacher Education Program with a major in Biology must meet the following minimum requirements of the Department of Biology:

1. Completion of a minimum of 9 semester hours in biology courses, with at least 6 of those hours from courses taken at UNCG.
2. A grade point average of at least 2.5 for biology courses completed at UNCG.

Students already admitted to the UNCG Teacher Education Program with a major in Biology who are seeking admission to Student Teaching must meet the following requirements of the Department of Biology:

1. Completion of a minimum of 18 semester hours of biology courses, with at least 15 of those hours from courses taken at UNCG.
2. A grade point average of at least 2.5 for biology courses completed at UNCG.

Initial "A" Licensure

Students with an undergraduate degree who are seeking Initial "A" Licensure in Biology must complete the requirements for a B.A. or B.S. in Biology at UNCG with a biology grade point average of 2.5 or better. Course selection must be completed in consultation with the Head of the Department of Biology. Students who have already taken biology courses as part of their undergraduate program should contact the Head of the Department of Biology to determine if any of those courses can be accepted as meeting some of the requirements for "A" licensure in Biology at UNCG.

Questions about the above requirements should be directed to the Head of the Department of Biology.

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES— BA IN BIOLOGY AND MS IN CHEMISTRY

The accelerated program in Biology provides the opportunity for a student to complete a B.A. in Biology (122 hours) within a four-year period and to shorten the time required to finish the Master of Science degree in Chemistry.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.
- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Students should talk with an advisor in the department of Biology as early as possible.
- plan to take the GRE in the spring of the junior year.
- seek admission to the Graduate School in the fall of the senior year.

BIOLOGY COURSES (BIO)

For Undergraduates

105 Major Concepts of Biology (3:3). *For students not planning to take additional biology courses.*

• Students who have prior credit for BIO 101, 102 or BIO 111, 112 may not take BIO 105 for credit.

Introduction to the major ideas about life including reproduction, genetics, evolution, energetics, and ecology. Emphasis placed on the derivation of ideas. [NS, CLS].

106 Plants and Civilization (2:2).

Introduction to uses of plants and fungi in human society.

111 Principles of Biology I (4:3:3). • Students who have prior credit for BIO 101 or 103 may not take BIO 111 for credit.

Prerequisite for most other biology courses. Lecture and laboratory cover the fundamental principles of biology including the molecular and cellular basis of life, energetics, and homeostasis. [NS, CLS].

112 Principles of Biology II (4:3:3). Pr. 111. • Students who have prior credit for BIO 102 or 104 may not take BIO 112 for credit.

Prerequisite for 300 level courses and above. Continuation of 111. Fundamental principles of biology including cellular and organismic reproduction, genetics, evolution, and ecology. [NS, CLS].

271 Mammalian Anatomy (4:3:3). Pr. 111.

Human anatomy with study of skeletons, models, and anatomical preparations. Includes dissection of cat.

277 Mammalian Physiology (4:3:3). Pr. 111 and high school chemistry with grade of C or better.

Human physiology with emphasis on homeostatic mechanisms.

280 Fundamentals of Microbiology (3:2:4). Pr. 111. • Credit cannot be received for this course and BIO 481.

General survey of microscopic life and its impact on medicine, public health, industry, agriculture and the environment. Recommended for non-biology majors.

The remaining courses (300-, 400-, 500-, and 600-levels) require the successful completion of BIO 101-102 or 111-112:

301 Principles of Ecology (3:3).

Introduction to fundamentals of ecology. Principles relating to populations, communities and ecosystems. Particular emphasis placed on the many dimensions of interdependence within ecosystems. (FA,SP)

302 Introductory Ecology Laboratory (1:0:4). Pr. 301 (may be taken concurrently).

Laboratory course to accompany BIO 301. Several field trips, including one weekend trip, required. (FA)

322 Plant Morphology (4:3:3).

Introduction to the plant kingdom from an evolutionary point of view. Emphasis is on structure, function, reproduction, and phylogenetic relationships of the plants. (FA)

341 Invertebrate Zoology (4:3:3).

Major invertebrate groups with emphasis on ecology, physiology, evolution, and structural adaptations of representative types. Weekend coastal field trip required. (SP)

354 Plant Systematics (3:2:3).

Introduction to the classification and evolution of vascular plants. The principles of classification and characteristics of selected plant families are emphasized. (Odd SP)

355 Cell Biology (3:3). Pr. CHE 114 or equivalent.

Study of cellular organization and function. Fundamental biochemical properties, including cellular components, enzyme function, energetics, and metabolism studied in relation to cellular structure, membrane function, cell movement, and cytoplasmic compartments. (FA,SP)

356 Cell Biology Laboratory (1:0:3). Pr. previous completion of or current enrollment in 355. Withdrawal from 355 requires automatic withdrawal from 356.

Laboratory exercises to complement lecture material of 355. (FA,SP)

370 Natural History of the Vertebrates (3:2:3).

Classification, identification, and phylogeny of all classes of vertebrates, with field work. (FA)

392 Genetics (3:3).

Mendelism and modern trends in genetics. (FA,SP)

393 Genetics Laboratory (1:0:4). Pr. concurrent enrollment in or prior completion of BIO 392.

Laboratory course to complement BIO 392. Exercises employ both classic genetic approaches and modern recombinant DNA technology.

420 Marine Biology (3:3). Pr. one of the four core courses.

An introduction to marine organisms and their habitats; special attention given to adaptations necessary for marine life, physical oceanography, and basic ecological principles; one weekend coastal field trip is required. (Even SP)

424 Plant Physiology (3:2:3). Pr. 355.

Physiological processes involved in plant growth and behavior including effect of environmental factors. (SP)

425 Biological Clocks (3:3). Pr. one of the four core courses.

Descriptive survey of behavioral and physiological rhythms in humans and other animals, including circadian, tidal, lunar, seasonal and circannual cycles, with ecological considerations and implications for human health. (Even SP)

430 Biological Evolution (3:3). Pr. 392 and a diversity course.

Survey of modern systematics and the biological mechanisms responsible for diversity among living forms. (SP)

431 The Biosphere (3:3). Pr. 301.

A study of environmental issues in biology, specifically ecosystems, population dynamics, biodiversity and extinction. (Even FA)

440 Vascular Plant Anatomy (4:3:3). Pr. 392 or a diversity course.

Principles of plant structure and function are studied in lecture and laboratory. Emphasis is placed on structure and evolution of the major tissues of vascular plants.

453 Vertebrate Morphogenesis (4:3:3). Pr. 355.

Comparative anatomy of vertebrate embryos and adult forms. Laboratory work includes dissection of representative vertebrates and microscopic study of stages of embryonic development. (FA)

464 Developmental Biology (4:3:3). Pr. 355.

A survey of developmental processes in plants and animals. Topics will include fertilization, achievement of multicellularity, cell determination and differentiation, pattern development, and the genetic regulation of such processes. (SP)

472 Functional Microscopic Anatomy (4:3:3). Pr. 355.

Microscopic anatomy of vertebrate tissues. Emphasis on correlation of cell and tissue functions with

structures visible under the light and electron microscopes. (Even FA)

477 Animal Physiology (3:3). Pr. 355.

Physiology of invertebrates and vertebrates including metabolism, temperature regulation, respiration, blood, circulation, water and ion balance, excretion, and the nervous, sensory, endocrine, and muscular systems. (Even FA)

479 Neurobiology (3:3). Pr. 355.

Descriptive overview of chemical transmission in nervous systems from invertebrates to man. Sensory processing, ionic conductance at synapses and axons, neural circuits and pathways in the brain will be analyzed. (Even FA)

481 General Microbiology (4:3:4). Pr. 355 or 392.

Introductory survey of microbiology, emphasizing the role of microorganisms in everyday life. (FA)

483 Introduction to Clinical Pathology (3:2:4). Pr. 277, and 355 or 392, and CHE 114.

Introduction to profession of medical technology, including major divisions within the field of laboratory medicine. Lectures describe tests to evaluate organ systems, basic pathophysiology-producing abnormalities and evaluation of clinical procedures. Laboratories emphasize basic concepts and evaluation of results of tests discussed in lecture. (SP)

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

499 Undergraduate Research (1 to 3). Pr. two core courses and consent of instructor. • May be repeated for up to 6 hours credit with departmental permission.

Individual Studies: Biological research under the direction of a faculty member, culminating in a written report. Times by arrangement.

For Advanced Undergraduates and Graduate Students

Consult instructor for equivalence of listed prerequisites.

501 Advanced Topics in Animal Ecology (3:3). Pr. a previous course in ecology.

Directed readings in the literature of physiological ecology, growth and regulation of populations, community structure, energy flow, mineral cycling, and other areas of current research interest. (Formerly BIO 663)

502 Advanced Topics in Animal Physiology (3:3). Pr. 277 and 355.

Study of physiological mechanisms; selected problems from current literature. (Formerly BIO 657)

503 Advanced Topics in Biochemistry (3:3). Pr. 535.

Directed readings and reports from the biochemical literature. Structure and biosynthesis of macromolecules and the composition and kinetic characteristics of biochemical pathways. (Formerly BIO 655)

504 Advanced Topics in Cell Biology (3:3). Pr. 355.

Advanced treatment of cell biology covering selected topics such as gene regulation, protein sorting, cell cycle control, apoptosis. The course will consist of lectures and discussion of research articles.

505 Advanced Topics in Ecological Physiology (3:3). Pr. 477 or 579.

Study of a major topic in ecological physiology of animals, including mechanisms by which physiological processes change in response to environmental alterations and the ecological significance of those changes.

506 Advanced Topics in Genetics (3:3). Pr. 392.

Basic mechanisms of gene action in microbes, animals, and plants. (Formerly BIO 661).

507 Advanced Topics in Neurobiology (3:3). Pr. 477 and 579, or permission of instructor.

Directed readings on fundamental physiological principles of nervous system functioning. Topics may include motor pattern generation, sensory transduction, sensori-motor integration, neurohormonal modulation of behavior. (Formerly BIO 675)

509 Advanced Topics in Microbiology (3:3). Pr. 481.

Critical review of current research covering a wide range of topics including infectious diseases, bacterial physiology, marine microbiology, and immunology. Focus on students' interests or needs. (Formerly BIO 666)

510 Advanced Topics in Plant Ecology (3:3). Pr. a previous course in ecology.

Studies of special terrestrial communities or plant groups. (Formerly BIO 664)

511 Advanced Topics in Plant Physiology (3:3). Pr. 424.

The physiology of growth and development in vascular plants treated in terms of phytohormones, nutrition, theories of transport, and environmental factors. (Formerly BIO 656)

512 Advanced Topics in Plant Structure and Evolution (3:3). Pr. 322 or 354 or 440 or permission of instructor.

Lectures and discussions of current research in plant structure, development and evolution. The topics to be covered will change from semester to semester.

513 Advanced Topics in Reproductive Biology (3:3). Pr. 464 or permission of instructor.

Directed readings and original research on reproductive biology, with emphasis on structural, regulatory, behavioral, and evolutionary aspects.

515 Advanced Topics in Vertebrate History (3:3). Pr. 271 or 453, 370, and 392, and permission of instructor.

Directed/independent study of classification and phylogeny of particular vertebrate groups that results in a term paper.

527 Terrestrial Plant Ecology (3:2:3). Pr. 301.

Application of principles of ecology to plants and plant communities. Experimental methods stressed in laboratory work. Two required weekend field trips. (Odd FA)

528 Microbial Ecology (3:3). Pr. 301 and either 280 or 481, or permission of instructor.

Emphasis on current areas of active research with reference to applied problems. (Even SP)

529 Aquatic Ecology (3:2:3). Pr. 301, CHE 114, or permission of instructor.

Interactions and adaptations of aquatic organisms in the major aquatic environments: fresh water, estuaries, and oceans. Optional field trips monitor local lakes, Carolina bay lakes, and the coastal Cape Fear area. (Even FA)

535 General Biochemistry (3:3). Pr. 277 or 355 or 392, or permission of instructor.

Chemical properties of major cellular compounds; biosynthesis, degradation, and function of carbohydrates, lipids, proteins, nucleic acids, vitamins, and hormones; energy metabolism; enzymatic catalysis. (FA)

538 Radiation Biology and Radiotracer Methods (4:3:3). Pr. 355 or 392, or permission of instructor.

Characteristics of ionizing radiation and use of radioisotopes in biological studies. Principles of radiation interaction; methods of detection of ionizing radiation; personnel protection. Laboratory work emphasizes liquid scintillation methods and processing of these data. (Odd SP)

545 General Biochemistry Laboratory (1:0:3). Pr. 535 (may be taken concurrently).

Experimental work designed to complement lecture material of 535. (FA)

549 Current Topics in Biology (1 to 3). Pr. permission of instructor.

Current topics in the biological sciences. Students complete individual readings or laboratory/field experiments under the supervision of faculty.

550 Macroevolution (3:3). Pr. 392 and a diversity course (322, 341, 354, or 370).

Lectures and discussions provide an introduction to evolution above the species level. Special attention given to constraints on evolutionary change and to theories integrating development and evolution.

552 Metamorphosis (3:3). Pr. an upper level course in physiology (e.g. 477), and a course in developmental biology (e.g. 453) or equivalent courses.

Readings, discussions, and oral presentations of current literature on metamorphosis in animals. Mechanisms controlling metamorphosis, evolution of complex life cycles, and adaptations to differing habitats. (Odd FA)

555 Vertebrate Reproduction (3:3). Pr. 464.

An advanced treatment of the diversity of vertebrate reproductive biology, with emphasis on structural, regulatory, behavioral, and evolutionary aspects. (Even SP)

560 Symbiosis (3:2:3). Pr. any three core courses, or permission of instructor.

Symbiotic interactions of living organisms from an evolutionary perspective. Metabolic, genetic, behavioral, and ecological adaptations which allow symbioses to be formed and maintained will be discussed. (Odd SP)

567 Chemical Senses (3:3). Pr. 355, and one of the following: BIO 277, 472, 477, 479, PSY 450, PSY 453, or permission of instructor.

Exploration and interactive discussion of chemosensory stimuli, chemosensory transduction mechanisms, neural processing of chemosensory information, and organismal consequences of chemoreception.

575 Neuroanatomical Techniques (3:2:4). Pr. 355 and one of the following: BIO 453, 472, 477, 479, PSY 450, PSY 453, or permission of instructor.

Practical experience with a variety of neuroanatomical procedures used to investigate the structural framework of nervous systems in invertebrate and vertebrate preparations. Students will learn to conduct independent projects. (Odd SP)

579 Environmental Physiology (3:3). Pr. 341, 355, or 370, plus 277 or 477.

Lectures, discussions, and student presentations on the physiology of animals as it is influenced by and is adapted to environmental conditions. (Odd FA)

583 Virology (3:3). Pr. 481 or permission of instructor; 392 and 535 recommended.

Selected topics in virology. Emphasis upon new trends in the study of animal, plant, and bacterial viruses at both molecular and cellular levels. (Even SP)

584 Immunology (3:3). Pr. 481 or permission of instructor.

Principles of immunology and serology covering both humoral and cellular aspects of immunobiology. Selected topics include: T and B cell, immunoglobulins, tolerance, hypersensitivity. (Odd SP)

589 Experimental Course: Conservation Biology (3:3). Pr. 301.

Introduction to species conservation. Topics covered include genetic diversity, demographic processes in populations, species invasions, effects of habitat fragmentation, design and management of nature reserves. (FA95 only)

594 Introduction to Biotechnology (4:3:4). Pr. 12 hours of biology or chemistry above 100 level, including BIO 392.

Basic principles and techniques of biotechnology. Includes molecular cloning, DNA sequencing, and hybridomas. Explores development of gene amplification, gene therapy, and DNA fingerprinting. (SP)

595 Advanced Genetics (3:3). Pr. 392.

Selected topics in genetics at an advanced level. Emphasis placed on comparative view of molecular mechanisms underlying animal and plant development. (Even SP)

596 Molecular Biological Approaches in Research (1:1). Pr. 392.

Use of novel molecular approaches to address current questions in the life sciences will be explored by analyzing recent research reports and learning the principles underlying these approaches.

599 Biology Seminar (1:1). Pr. senior or graduate standing. • Grade: Satisfactory/Unsatisfactory (S/U).

Oral reports and discussions of topics from current literature of biology by students, faculty and guest lecturers.

For Graduate Students Only

601 Seminar in Animal Ecology. (3:3).

602 Seminar in Animal Physiology. (3:3).

603 Seminar in Biochemistry. (3:3). (Formerly BIO 633)

604 Seminar in Ecological Physiology. (3:3).

605 Seminar in Ecology (3:3). (Formerly BIO 630)

606 Seminar in Evolutionary Biology (3:3). (Formerly BIO 635)

608 Seminar in Microbiology (3:3). (Formerly BIO 631)

609 Seminar in Molecular Cell Biology. (3:3).

610 Seminar in Molecular Genetics. (3:3).

612 Seminar in Plant Structure and Evolution. (3:3).

613 Seminar in Reproductive Biology. (3:3).

649 Research Lab Rotations. (1:0).

695 Biological Research (3:0).

699 Thesis (3 to 6).

DEPARTMENT OF BROADCASTING/CINEMA AND THEATRE

200 Taylor Building

Robert C. Hansen, Professor and Head of Department

Professors Behm, Cook, Jellicorse; Associate Professors Bell, Edwards, Fragola, Frierson, Wren; Assistant Professors Barr, Boyd, Gulley, McMullen, Paludan, Wolf; Lecturers Donaldson, Howieson, McDougald, Shackelford

The Broadcasting/Cinema and Theatre Department offers a full range of liberal arts and professional degree programs that prepare undergraduate students for a variety of career opportunities in radio, television, film and theatre. The Department offers the following undergraduate degree programs:

BA in Drama

BA in Media Studies

BA in Theatre Arts (Teacher Licensure)

BFA in Drama, with concentrations in Acting or Design and Technical Theatre

The degrees, which are accredited by the **National Association of Schools of Theatre**, provide students with a vital mix of course work that combines both theory and practice and allows for the development of skills and talents in radio, television, and film production and performance; acting, directing, design, technical theatre, theatre for youth, and theatre education.

The Department's rich and varied curriculum is matched by an extensive co-curricular program that includes opportunities to participate in radio, film, and video production as well as local media internships; and the extensive Theatre production program which includes UNCG Theatre, Studio Theatre, Workshop Theatre, UNCG Summer Theatre, and the North Carolina Theatre for Young People. Participation in Department sponsored plays and musicals is open to majors and non-majors alike. Each fall the Department coordinates and hosts the North Carolina Theatre Conference (NCTC), K-12 Division Play Contest. The Department also presents the Carolina Film and Video Festival each spring which is a competitive showcase for both student and professional films and videos from across the nation.

The Department utilizes office, classroom, laboratory, studio, and performance space in the Taylor, Carmichael, McIver, Aycock, and Curry buildings on campus. The Department's faculty is composed of talented artists and scholars with excellent reputations as teachers. Students are encouraged to collaborate with faculty on creative and research projects during their course of study.

Admission to the Department's degree programs is competitive. The requirements stated below are minimum requirements, and marginal compliance with them does not automatically imply admission.

Admission to Closed Courses

- a. Due to enrollment pressures and limitations on space in certain impacted courses, the Department adheres to the following policy governing enrollment in its courses:
 - (1) Students may be dropped from impacted courses even though they may have successfully completed the registration process. This process will conform to the priority system established below.
 - (2) Students not attending the first day of class may be dropped from the course.
- b. Priority for inclusion in a course will be based on the following criteria, in any order deemed appropriate:

- (1) Successful completion of all prerequisite coursework.
 - (2) Graduate or Special Graduate student standing.
 - (3) Total number of semester hours earned toward graduation, **not** including hours currently being attempted.
 - (4) Overall GPA.
- c. Only those students who attempted preregistration will be considered for late placement in closed courses.

Criterion for Progression in the Major

Only grades of "C-" or better taken in Broadcasting/Cinema and Theatre courses will count toward completion of a major in the Department.

DRAMA MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours.

The BA in Drama provides a broadly based approach for students who wish to emphasize theatre arts as an undergraduate major. A strong core of courses in stagecraft, acting, directing, playscript analysis, and theatre history is supplemented by additional work in performance, technical theatre, and cognate theatre studies. BA Drama Majors have plentiful opportunities to develop analytical, communication, and presentational skills highly valued in university graduates; and BA Drama majors undertake work preparatory to teacher certification, nonspecialized employment in theatre and media, and graduate studies in theatre.

BA drama students are required to complete one production assignment each semester during the freshman year and a total of six more during the sophomore, junior, and senior years. BCT 150/450 credit is granted for these assignments (see below).

The BA in Drama major may also include a program for certification in theatre arts as described below.

In accordance with Department policy, only grades of "C-" or better will count for credit in the major.

All Theatre Division majors are expected to read and abide by the policies published in the Theatre Division student handbooks, available by mail or in Taylor Building, Room 202.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

1. BCT 122, 123, 201, 251, 541, 580W, 581W, 582W with 4 semester hours of 150 and 4 semester hours of 450 over four years. Junior transfer students must complete a minimum of two semester hours of each, and senior transfer students must complete a minimum of two semester hours of 450.
2. One performance course selected from BCT 113, 252, 252T, 524, 542, 599, DCE 349
3. One Technical Theatre course selected from BCT 365, 375, 376

4. One course selected from BCT 221, 301, 565, 579, 586, 596, 597, 598
5. Nine semester hours from categories 2 and /or 3 and /or 4 and /or BCT 200, 253, 366, 522, 533

Teacher Licensure Requirements for Theatre Arts

(See "Teacher Education" in Chapter 6 for full explanation.)

Students in the Theatre Arts licensure concentration must have and maintain a **2.7 GPA** for all work attempted for admission to teacher education and for acceptance into student teaching.

Electives sufficient to complete the 122 semester hours required for degree.

MEDIA STUDIES MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The **Media Studies major** provides instruction in the context of principles and practices of broadcasting and film. It is a liberal arts program which provides a sound conceptual and theoretical framework upon which to develop selected skills. Upon completion of a basic core, students select additional courses in the area of their interests.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

1. MAJOR REQUIREMENTS

Minimum 36 hours in Media Studies (all levels). Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

- a. BCT 171, 172, 203, 291, 310, 507
- b. Two courses from among BCT 302, 303, 403, 516
- c. One course from among BCT 380, 517, 518, 521

- d. Three courses or nine hours from BCT 140, 141, 202, 210, 300, 302, 303, 305, 311, 312, 313, 333, 380, 390, 391, 392, 393, 399, 403, 410, 411, 440, 441, 501, 503, 508, 509, 510, 512, 515, 516, 517, 518, 519, 521, 540, 585, 588
2. ADMISSION PROCEDURES FOR THE MEDIA STUDIES MAJOR
 - a. Admission to the University does not mean automatic admission to the Media Studies Major. Students must make formal application.
 - b. Application is made at the end of the Spring semester. Applicants obtain admission request forms from the Broadcasting/Cinema office in the Carmichael Building.
 - c. The deadline for filing completed forms is Reading Day of the spring semester only. Applications received after Reading Day will not be processed until the spring semester of the following year. The foundation courses (ENG 101, BCT 171, 172) must be completed prior to or during the spring semester at the end of which application will be made.
 - d. Since admission to the Media Studies Major requires a probationary year at UNCG, *transfer students will usually require a minimum of six semesters at UNCG to complete degree requirements.*
3. ADMISSION CRITERIA FOR THE MEDIA STUDIES MAJOR
 - a. Admission to the Media Studies program is competitive. Compliance with the minimum criteria does not guarantee admission.
 - b. Minimum criteria:
 - (1) Minimum OVERALL grade point average of 2.2.
 - (2) Completion of ENG 101, BCT 171 and 172 with no grade lower than "C-".
 - c. Competitive criteria:
 - (1) 60% OVERALL grade point average
 - (2) 40% grade point average in BCT 171, 172 and ENG 101
4. CRITERIA FOR CONTINUING IN THE MEDIA STUDIES MAJOR
 - a. Initial admission to the Media Studies major does not guarantee the student the right to complete the degree program.
 - b. Continuation in the Media Studies major is contingent upon the following requirements:
 - (1) Maintenance of the current minimum overall GPA
 - (2) Demonstration of high quality oral and written communication
 - (3) Adherence to all building and equipment policies and procedures
 - (4) Professional treatment of Divisional equipment and prompt payment of any charges assessed for equipment damage
 - (5) Compliance with all University regulations including the Academic Honor Code
5. ADDITIONAL MEDIA STUDIES REGULATIONS
 - a. Students will not be allowed to register for any production courses without formal admission to the program. Students who appear to be following the Media Studies curriculum but who have not been formally admitted may be prohibited from taking additional Media Studies coursework in the program.

- b. In accordance with Department policy, only courses completed with the grade of "C-" or better may count toward fulfilling requirements for the Media Studies major.
- c. Although production courses are limited to majors only, Media Studies foundation courses (BCT 171 and 172) and Media Studies courses meeting AULER and College of Arts and Sciences requirements are open to any student in the University on a space-available basis.
- d. No more than twelve (12) total hours may be applied to the major from among: BCT 140, 141, 333, 390, 399, 410, 411, 440, 441, 585.

DRAMA MAJOR (BACHELOR OF FINE ARTS)

Required: 124 semester hours

The **BFA Drama Major** emphasizes that theatre is a discipline involving three basic factors: talent, study, and practice. Only students who show evidence of talent and who work to perfect it through classroom study combined with practical application will be continued in the major. Transfer students from programs other than the BFA should note that this program is concerned with the maturation of the young artist. Thus enrollment for six semesters is required even when study is begun in the junior year. Transfer students who successfully remain in the BFA curriculum must, therefore, spend a minimum of three years in residence at UNCG to complete the BFA degree. There are no exceptions to this requirement. Students select from two concentrations: the BFA in Acting or the BFA in Design and Technical Theatre. Provisional admission is granted to the BFA Acting Concentration students for their first year in the program. Retention beyond the first year in the BFA in Acting is based upon application, audition, and selection in the spring semester of the provisional year. Provisional admission is granted to BFA Design and Technical Theatre Concentration students for the first year in the program. Retention beyond the first year in the BFA in Design and Technical Theatre is based upon application, review of project work, and selection in the spring semester of the provisional year. In both BFA concentrations, the total development of each student is continually under evaluation and is formally examined by the theatre faculty at least once each year. Continuance in the program depends upon the student's attitude, discipline, and achievement.

As part of developing the appropriate professional understanding, BFA Acting students must complete one production assignment each semester in the freshman year and a total of six more assignments during their sophomore, junior, and senior years. Four of the BFA Acting students' production assignments must be in technical-related activities. BFA Design and Technical Theatre students must complete one production assignment each semester in the freshman year and a total of six more assignments during the sophomore, junior, and senior years. BFA transfer students are required to complete one production assignment each semester in the program. BCT 150 and BCT 450 credit is earned for these production assignments as noted in the outline of requirements stated below.

BFA Acting and Design and Technical Theatre majors are required to complete an internship. The internship may be fulfilled in the UNCG Summer Theatre Program, in the North Carolina Theatre for Young People touring company, or in an intensive, off-campus theatre program that is approved by the Theatre Division faculty. Transfer students should make arrangements to schedule the internship as soon as possible. Internships must be approved prior to completion of the internship duties.

In accordance with Department policy, only grades of "C-" or better will count for credit in the major.

All Theatre Division majors are expected to read and abide by the policies published in the student handbooks, available by mail or in Taylor Building, Room 202.

All-University Liberal Education Requirements (AULER) (45 hours)

All students in this program must meet AULER requirements.

Advanced study of screenwriting with emphasis on writing of original full-length material. (Production Course).

517 The Auteur Director (3:2:3). Pr. 171, or ENG 330, or permission of instructor. • May be repeated for credit.

Works of an individual film director. Subject differs from offering to offering. (Same as ENG, FRE, ITA, SPA 517)

518 Studies in Film Genre (3:2:3). Pr. 171, or ENG 330, or permission of instructor. • May be repeated for credit.

Technical, dramatic, social, and rhetorical dimensions of a film genre or genres. Subject differs from offering to offering. (Same as ENG, FRE, ITA, SPA 518)

519 Film Animation (3:3). Pr. 393 or permission of instructor.

Study and practice of techniques of animated film. (Production Course).

521 Radio and Television Genres (3:3). Pr. 171, 172.

Examination of radio and television genres such as situation comedy, docudrama, reality-based programs, melodrama, sports, live events, performing arts, game shows, avant garde video works, and music programs.

522 Advanced Stagecrafts (3:2:3). Pr. 122 and admission to appropriate degree program or permission of instructor.

Study of advanced scenic construction, property construction, and rigging techniques for the stage. Supervised laboratory work in wood, plastics, metal, and other materials.

523 Technical Direction (3:3). Pr. 122 and 375 or 376, and junior, senior, or graduate standing, and admission to appropriate degree program or permission of instructor.

Theatrical technical direction with emphasis on organizational, managerial, and problem-solving duties and responsibilities. Lecture combined with practical projects.

524 Professional Theatre Audition Techniques (3:3). Pr. 251, 252, 351, 352, and admission to appropriate degree program or permission of instructor.

Audition theory, techniques, and practice for theatre, television, and films.

525 Computer Assisted Drafting (3:1:6). Pr. 535, or HID 111 and HID 112, or ART 222 or equivalent technical drawing aptitude and admission to appropriate degree program.

Fundamental principles and application of 3-D design utilizing a DOS based drafting and design program.

533 Scene Painting I (3:1:4). Pr. 122 and 375, and admission to appropriate degree program or permission of instructor.

Tools, materials, and techniques of scene painting.

534 Scene Painting II (3:1:4). Pr. 122, 375 and 533, and admission to appropriate degree program or permission of instructor.

Advanced problems in scene painting.

535 Scene Drafting and Construction (3:3). Pr. 375 and admission to appropriate degree program or permission of instructor.

Advanced problems in scene construction combined with the development of scene drafting skills and techniques. (ALT years)

536 Stage Management (1-2). Pr. 122 and 541, or permission of instructor. • May be repeated for a total of three credits.

The role of the stage manager. Supervised participation as a stage manager in the theatre production program.

540 Directing for Television (3:2:3). Pr. 313, 392 or 393 or permission of instructor.

Fundamental principles of directing for television. Laboratory directing experience. (Production Course).

541 Directing (3:3). Pr. second semester junior standing and admission to appropriate degree program or permission of instructor.

Fundamental principles of directing for the theatre including adapting literature for performance.

542 Directing Practicum (1:0:3). Pr. 541 and admission to appropriate degree program or permission of instructor.

Practice in directing the play; preparations of a 20- to 30-minute play or excerpt, and presentation in the Workshop Theatre. Required of BA and BFA Theatre Arts candidates in the semester following enrollment in 541.

543 Stage Costume Design (3:2:3). Pr. admission to appropriate degree program or permission of instructor.

Elements of design in relation to costume design and the graphic interpretation, with these fundamentals, of characters from plays.

544 Scene Design (3:1:6). Pr. 375 and admission to appropriate degree program or permission of instructor.

Advanced problems of scenic design for single-set productions.

545 Advanced Stage Lighting Design (3:2:3). Pr. 376 and admission to appropriate degree program or permission of instructor.

Advanced problems of stage lighting design; lighting equipment application and innovation.

546 Theatrical Sound Design and Technology (3:3). Pr. 122 or 123 or permission of instructor and admission to appropriate degree program.

An introduction to the theory, aesthetics, and technology of theatrical sound design.

547 Multi-Set Design Techniques (3:1:6). Pr. 375 and admission to appropriate degree program or permission of instructor.

Preparation of designs and solving of production problems of multiset plays in relation to various stage forms.

549 Historical Costume Pattern Drafting and Draping (3:1:6). Pr. 365, 366, and admission to appropriate degree program or permission of instructor.

Theory and practice in costume construction; basic pattern-making techniques for stage costumes.

550 Stage Millinery and Accessories (3:1:4).

Historical millinery and accessories in relation to stage adaptation; design and construction techniques. Pr. 365 or permission of instructor.

565 Broadcasting/Cinema and Theatre Field Studies (1-3:3). • May be repeated for up to 4 credit hours.

Guided off-campus study in the Broadcasting/Cinema and Theatre disciplines. Travel required. Site and topic will vary from semester to semester.

579 Theatre Management (3:3). Pr. drama major, and admission to appropriate degree program or permission of instructor.

Theatre organization and operation. Practical problems of financing, promoting, and staffing various theatre programs.

580, 581, 582 Theatre History I, II, III (3:3), (3:3), (3:3).

Specific conditions under which the great plays of the world have been produced. First semester: the beginnings to 1600; second semester: 1600-1850; third semester: 1850 to the present. [FA, CFA - COM 582 only]

583, 584 Period Styles of Stage Decor I, II (3:3), (3:3). Pr. Admission to BFA, MFA design program or permission of instructor.

First semester: Architectural styles and decoration from Antiquity to the Renaissance. Second semester: Architectural styles and decoration from the Renaissance to the present.

585 Advanced Radio-TV-Film Production (3:2:3). Pr. 300, 392 or 393, and permission of instructor or graduate standing.

Advanced application of principles and techniques of radio, television, or film production. (Production Course).

586 Non-Western Theatre. (3:3).

Theatre and dramatic literature in India, China, Japan, and Africa. [NW, CNW]

588 Documentary Production (3:2:3). Pr. 300, 391 or 403, 392 or 393, or graduate standing.

Documentary construction, research, planning and production techniques. Further development of video production skills in supervised laboratory project. (Production Course).

590 Acting V (3:1:4). Pr. 351 and 352, and admission to appropriate degree program or permission of instructor.

Practical application of Stanislavski's Method of Physical Action. Advanced scene study and role preparation with emphasis on the plays of Chekhov, Shaw, Ibsen, Strindberg, and American neoclassic dramatists.

592 Period Acting I (3:1:4). Pr. 251, 252, and ENG 227 and admission to appropriate degree program or permission of instructor.

Study and practice of Shakespearean acting styles. Performance emphasizing manners, movement, and vocal delivery of the Elizabethan period.

594 Applied Summer Theatre II (1-4:0:3-12). Pr. 256 and admission to appropriate degree program or permission of instructor.

Intensive experience in one or more areas of summer theatre production.

596 **Creative Dramatics for School and Community (3:2:2).** Pr. admission to appropriate degree program or permission of instructor.

Research and literature for creative dramatics for children, ages five through 14. Practice in leading groups of children in creative dramatics.

597 **Puppetry (3:2:2).** Pr. admission to appropriate degree program or permission of instructor.

Scope and development of puppetry throughout the world. Practical experience in the design, making, and performing of puppets.

598 **Children's Theatre for School and Community (3:2:2).** Pr. admission to appropriate degree program or permission of instructor.

Research and literature of children's theatre; methods of producing plays with children in school and community situations.

599 **Acting for the Camera (3:2:2).** • For advanced undergraduates and graduate students in Theatre. Pr. admission to appropriate degree program or permission of instructor.

Practical experience in camera technique for actors in dramatic film and television production.

DEPARTMENT OF CHEMISTRY

221 Petty Building

*Michael Farona, Professor and Head of Department**Professors Barborak, Herman, Jezorek, Knight, Miller, Nile; Associate Professors Banks, Walsh; Assistant Professors Haddy, Johnston; Laboratory Assistants Burnes, Katsikas*

The Department of Chemistry offers programs leading to either the Bachelor of Arts or the Bachelor of Science degrees at the undergraduate level and the Master of Science and Master of Education degrees at the graduate level. The Department of Chemistry is included on the list of schools which have been accredited by the American Chemical Society. Students who follow the program leading to the B. S. degree are certified to the Society upon graduation as having met its rigorous requirements for undergraduate professional training in chemistry.

Students who elect chemistry as a major include those planning to work directly in the chemical industry on completion of the undergraduate degree; those planning to continue their studies at the advanced level and then enter either industrial or academic research and teaching; those preparing to teach at the secondary level; those preparing for professional training in medicine and dentistry; and those who will use their training in chemistry as a background to undertake work in related fields such as business, technical sales, and textiles. Many of our majors take considerable work in related programs, which include earning a minor, or in some cases a double major, in areas such as biology, economics, mathematics, physics, or textiles.

One of the features of our undergraduate program which we particularly emphasize is the opportunity for students to engage in undergraduate research. Many of our majors do so, principally in their junior and senior years, and this provides excellent training for those who intend to continue their studies at the graduate level. We encourage undergraduate chemistry majors, particularly those planning to enter teaching as a career, to work as teaching assistants in our lower level laboratory courses. This provides valuable training as well as financial assistance.

Students seeking teacher certification should see "Teacher Education," Chapter 6.

CHEMISTRY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The Chemistry Major (BA), while less specialized than the BS program, provides sound training in chemistry. It offers fine preparation for those planning to enter medicine or dentistry, secondary school teaching, or various vocations within the chemical industry. In fact, by electing some additional courses in chemistry beyond the minimum required, the student may prepare for graduate work under this program as well as under the BS. While this program allows a more flexible arrangement of schedules, the student should work closely with a chemistry advisor to be certain that the proper sequence of chemistry and related area courses is taken with regard to the prerequisites.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for

a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 24 semester hours in chemistry above the 100-level.

1. CHE 111, 112, 114, 115, 242, 331, 333, 351, 352, 354, 372, 501 (audit), 502, 461 or 506
2. Two courses from among CHE 442, 531, 556, and 581

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Only Chemistry courses in which grades of C- or better are earned will be counted toward the major.

Related Area Requirements

1. MAT 191, 292
2. PHY 101, 102 or 291, 292

Electives

Electives should be sufficient to complete the 122 semester hours required for the degree. Additional advanced courses in mathematics are advised. Additional chemistry courses, up to 36 hours above the 100 level, may be taken.

Teacher Licensure

Additional requirements for teacher licensure, beyond the Chemistry Major (BA), are listed in Chapter 6. In addition, students must take 6-8 credits in biology and/or earth science chosen from the following:

- a. BIO 111, 112
- b. GEO 103 and one or more of GEO 111, 205, 311, 314. CHE 252 is also recommended.

CHEMISTRY MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours

The Chemistry Major (BS) differs from the BA in requiring additional advanced courses in chemistry and/or related sciences. It provides very thorough undergraduate training in chemistry and an excellent background for students planning to undertake graduate work or to enter the chemical industry. Students who complete this program will be certified to the American Chemical Society upon graduation as having fulfilled the Society's requirements for undergraduate professional training. German is strongly recommended as the foreign language choice. The sequence in which the required courses are taken is important, and the student should work closely with a chemistry advisor in planning a schedule.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 34 semester hours in chemistry above the 100 level.

CHE 111, 112, 114, 115, 242, 331, 333, 351, 352, 354, 372, 442, 461, 462, 463, 464, 501 (audit), 502, 531, 533, 581

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Only Chemistry courses in which grades of C- or better are earned will be counted toward the major.

Related Area Requirements

1. MAT 191, 292
2. PHY 291, 292
3. At least two courses selected from: CHE 320, 491, 492, 493, 494, 536, 553, 556, 570; BIO 535, 536, 538; CSC 230, 322; MAT 293, 311, 340, 390, 394; PHY 321, 323, 325, 327, 512, 513, 521

Electives

Electives should be sufficient to complete the 122 semester hours required for the degree. Additional advanced mathematics courses are advised. Additional chemistry courses, up to 42 hours above the 100 level, may be taken.

CHEMISTRY MINOR

A student may earn a minor in chemistry by completing a minimum of 19 semester hours in chemistry of which not more than 8 semester hours may be applied from introductory level courses (CHE 103, 104, 106, 110, 111, 112, 114, and 115.)

**ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—
BS IN CHEMISTRY AND MS IN CHEMISTRY**

The accelerated program in Chemistry provides the opportunity for a student with strong preparation in chemistry to complete a BS in Chemistry (122 hours) within a four-year period and to shorten the time required to finish the Master of Science degree in Chemistry.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.
- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Students should talk with an advisor in the department of Chemistry as early as possible.
- plan to take the GRE in the spring of the junior year.
- seek admission to the Graduate School in the fall of the senior year.

Requirements for Combined Accelerated BS in Chemistry/MS in Chemistry

**ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—
BA IN CHEMISTRY AND MBA IN BUSINESS ADMINISTRATION**

The accelerated program in Chemistry/Business Administration provides the opportunity for a student to complete a BA in Chemistry (122 hours) within a four-year period and to shorten the time required to finish the MBA.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.

• identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Students should talk with an advisor in the department of Chemistry as early as possible.

In the spring of the junior year, students should

- take the GMAT
- apply for admission to the Graduate School and the MBA program

CHEMISTRY COURSES (CHE)

For Undergraduates

103 General Descriptive Chemistry I (3:3). • Not open to students who have already taken 111. CHE 110 must be taken concurrently unless student takes CHE 104 or CHE 111 later.

Introductory course for students whose programs require only one year of college chemistry. Among the topics introduced are states of matter, atomic and molecular structure, nuclear chemistry, stoichiometry, and solutions. [NS, CPS]. (FA)

104 General Descriptive Chemistry II (3:3). CHE 110 must be taken concurrently unless taken with CHE 103.

Applications of the principles introduced in 103 to representative inorganic, organic, and biological systems. Topics include equilibrium, acid-base chemistry, and introductory organic and biochemical concepts. Pr. 103 or permission of instructor. [NS, CPS]. (SP)

106 Introductory Chemistry (3:3). • For elementary education, business, and liberal arts majors. Not open to students who have already taken 111 or 103. CHE 110 is recommended.

Nonquantitative survey of fundamentals of measurement, molecular structure, reactivity, and organic chemistry; applications to textiles, environmental, consumer, biological, and drug chemistry. [NS, CPS]. (FA,SP)

110 Introductory Chemistry Laboratory (1:0:3). To be taken concurrently with either 103 or 104. Also may accompany 106. Elementary and middle school education students must enroll in special sections. Designed to acquaint non-science chemistry students with basic laboratory practices. [NS, CPS]. (FA,SP)

111 General Chemistry I (3:3). Pr. one year of high school chemistry. Students who lack high school chemistry should take the sequence 103, 111, 114. All students must take 112 concurrently unless they have previous credit for an equivalent course.

Fundamental principles of chemistry, including stoichiometry, atomic structure, and states of matter. [NS, CPS]. (FA,SP)

112 General Chemistry I Laboratory (1:0:3). CHE 111 must be taken concurrently.

Laboratory work to accompany 111. [NS, CPS]. (FA,SP)

114 General Chemistry II (3:3). • Designed primarily for science majors and is the prerequisite to upper level courses in chemistry. Pr. 111, 112. All students must take 115 concurrently unless they have previous credit for an equivalent course.

Continuation of 111 with attention to ionic equilibria, elementary kinetics and thermodynamics, acid-base theory, coordination chemistry, and electrochemistry. [NS, CPS]. (FA,SP)

115 General Chemistry II Laboratory (1:0:3). Pr. 112 or equivalent. CHE 114 must be taken concurrently.

Laboratory work to accompany 114. Includes semi-micro qualitative analysis and ionic equilibria experiments. [NS, CPSJ]. (FA, SP)

205 Introductory Organic Chemistry (3:3). Pr. 104, 110; or 114, 115. All students must take 206 concurrently unless they have previous credit for an equivalent course. • Students cannot receive credit for both 205 and 351.

A course in organic chemistry designed for students whose programs require only one semester in this area. (FA)

206 Introductory Organic Chemistry Laboratory (1:0:3). Pr. 205 concurrently.

Laboratory work to accompany 205. (FA)

242 Inorganic Chemistry (2:2). Pr. 114, 115.

Introduction to descriptive inorganic chemistry, including oxidation-reduction, electrochemistry, acid-base and coordination chemistry. Farona, Nile, Walsh. (FA)

252 Chemistry and the Human Environment (3:3). Pr. 104, 106, or 114 or permission of instructor.

Study of chemical problems central to current technological, biomedical, and environmental issues. Topics include energy alternatives, food chemicals, environmental chemistry, molecular basis of drug action, and consumer products. (SP)

320 Chemistry in Industry (2:2). Pr. 205 or 352 (the latter may be taken concurrently).

Broad coverage of the roles played by chemistry, chemists, and chemical engineers in industry, including discussions of management, research, development, production, sales, and patents. Government agencies, economic considerations, professional societies, and employment practices also explored. Some material presented by experts from local industry. (Not offered every year.)

331 Quantitative Analysis (3:3). Pr. 114, 115. All students must take 333 concurrently unless they have previous credit for an equivalent course.

Introduction to the theory and practice of volumetric and gravimetric methods of analysis. Herman, Jezorek, Walsh. (FA)

333 Quantitative Analysis Laboratory (1:0:4). Pr. 331 concurrently. • Both 331 and 333 must be passed in order to obtain credit for either course.

Laboratory work to accompany 331. Herman, Jezorek, Walsh. (FA)

351 Organic Chemistry I (4:4). Pr. 114, 115.

Chemistry of aliphatic and aromatic compounds with attention to reaction mechanisms and synthetic applications, and the application of spectroscopy to structure determination. Banks, Barborak, Johnston, Knight. (FA)

352 Organic Chemistry II (3:3). Pr. 351. All students must take 354 concurrently unless they have previous credit for an equivalent course.

Continuation of 351 with attention to alcohols, ethers, aldehydes and ketones, carboxylic acids and derivatives, amines, lipids, carbohydrates, and organic spectroscopy. Banks, Barborak, Johnston, Knight. (SP)

354 Organic Chemistry II Laboratory (1:0:4). Pr. 352 concurrently.

Laboratory work to accompany 352. Includes basic techniques of organic laboratory practice plus preparations involving representative reactions. Barborak, Johnston, Knight, Banks. (SP)

371 Chemical Literature (1:1). Pr. 242, 351.

Instruction in use of the literature of chemistry. Reading knowledge of German helpful.

372 Introduction to Laboratory Methods (2:2). Pr. 104 or 114, 351 or 205.

An introduction to the practical skills of laboratory work, to include safe handling and disposal of chemicals, laboratory practice and equipment, data handling, chemical literature, and searching for chemical information. Walsh. (SP)

442 Advanced Inorganic Chemistry I (3:3). Pr. 242, 461, or 506 (may be taken concurrently).

Modern concepts of chemical bonding and its application to inorganic reactions and periodic relationships. Farona, Nile, Walsh. (FA)

461 Physical Chemistry I (4:4). Pr. MAT 292 and PHY 292.

Chemical thermodynamics and equilibrium processes covered, including phase equilibria, thermodynamics of solutions and electrochemistry. Miller, Haddy. (FA)

462 Physical Chemistry II (3:3). Pr. 461.

Subject material deals with microscopic world including introductions to quantum mechanics, molecular spectroscopy, statistical thermodynamics, and kinetics. Miller, Haddy. (SP)

463 Physical Chemistry I Laboratory (1:0:4). Pr. 331, 333, 461 (preferably taken concurrently with 462).

Laboratory work related to 461 with emphasis on mathematical treatment of experimental data and communication of results in report form. (SP)

464 Physical Chemistry II Laboratory (1:0:4). Must be taken concurrently with 462 and 463.

Additional laboratory work primarily in kinetics and the determination of molecular structure. This is a writing emphasis course. (SP)

491, 492 Independent Study (1 to 3), (1 to 3). Pr. two years of chemistry and permission of department head and instructor under whom student wishes to work.

Directed program of independent study and research for the qualified student. (FA-491; SP-492)

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

501, 502 Chemistry Seminar (0:0), (1:1). Pr. 372, senior standing. • Students will audit 501 and receive credit for 502.

Oral reports and discussion of topics from the current literature of chemistry by students, staff, and guest lecturers. (FA,SP)

506 Introductory Physical Chemistry (4:4). Pr. two semesters of chemistry beyond general chemistry, MAT 191, one year of physics. • Credit for an undergraduate degree cannot be received for both 506 and 461.

Concepts basic to chemical kinetics, equilibrium, energetics, spectroscopy, solution phenomena, electrochemistry, and colloidal behavior with applications to biological systems. Miller, Haddy. (SP)

531 Instrumental Analysis (3:3). Pr. 331, 333, 352 (may be taken concurrently), PHY 102 or 292.

Theory and practice of advanced analytical techniques with emphasis on instrumental methods of analysis. Herman, Jezorek. (SP)

533 Instrumental Analysis Laboratory (1:0:4). Pr. 531 concurrently.

Laboratory work to accompany 531. Herman, Jezorek. (SP)

536 Computers in Chemistry (3:3). Pr. two semesters of chemistry beyond general chemistry; one semester of calculus; one year of physics; one semester of programming in a higher level language; or permission of instructor.

Introduction to analysis of chemical data and control of chemical instruments with digital computers. Designed primarily for chemistry majors but may be taken by other interested science majors. Herman.

553 Advanced Organic Chemistry I (3:3). Pr. 352. Advanced topics in organic chemistry with special emphasis on reaction mechanisms and stereochemistry. Banks, Barborak, Johnston, Knight. (FA)

556 Biochemistry (3:3). Pr. 352; 461 or 506. Biochemistry presented from a chemical perspective. Topics covered include the structure of biomacromolecules, enzyme mechanisms, metabolic pathways, and biochemical genetics. Banks. (SP)

570 Advanced Special Topics in Chemistry (1 to 3). Pr. Permission of instructor.

Studies at an advanced level dealing with specialized areas of chemistry in which there is special expertise among departmental faculty. Areas of offering to be identified as follows: 570a, Analytical; 570b, Biochemistry; 570c, Inorganic; 570d, Organic; 570e, Physical.

581 Synthetic Techniques (2:0:8). Pr. 242, 352, 354, 371.

Theoretical discussion and laboratory practice in modern methods of synthesis in the areas of organic and inorganic chemistry. Emphasis given to regions of overlap such as organometallic chemistry. Areas covered include high temperature and high pressure reactions, photochemistry, reaction kinetics, inert atmosphere reactions, microtechniques, and the use of modern instrumentation to determine product structure. Banks, Barborak, Knight, Nile, Walsh. (FA)

For Graduate Students Only

604 Advanced Polymer Chemistry (3:3).

632 Advanced Analytical Chemistry (3:3).

641 Advanced Inorganic Chemistry II (3:3).

652 Advanced Organic Chemistry II (3:3).

661 Advanced Physical Chemistry I (3:3).

662 Advanced Physical Chemistry II (3:3).

670 Advanced Special Topics in Chemistry (1 to 6). 670a Analytical, 670b Biochemistry, 670c Inorganic, 670d Organic, 670e Physical.

680 Research Problems in Chemistry (1 to 6). 680a Analytical, 680b Biochemistry, 680c Inorganic, 680d Organic, 680e Physical.

699 Thesis Research in Chemistry (6).

800 Graduate Registration (0).

DEPARTMENT OF CLASSICAL STUDIES

237 McIver Building

Jeffrey S. Soles, Associate Professor and Head of Department

Associate Professor Shelmerdine; Assistant Professors Parker, Wharton; Lecturers Danford, Thurmond

The Department of Classical Studies provides a comprehensive approach to the study of the ancient Greek and Roman world. The Department believes that students should have a solid foundation in the language, history, and culture of Greek and Roman civilization. To this end, the program is designed to ensure that all students gain proficiency in the Greek or Latin language, as well as a broad understanding of Classical literature in its cultural and historical context, the influence of Graeco-Roman civilization on the conceptions and values of Western civilization, and the methods of critical inquiry which are central to the discipline of Classical Studies.

The Department offers a wide variety of courses in English on mythology, archaeology, literature and culture, as well as courses in ancient Greek and Latin at all levels. Courses with a CCI prefix require no knowledge of either language; GRK courses require reading of texts in Greek and LAT courses require reading of texts in Latin. The following departmental courses also satisfy AULER categories as designated: CCI 201, 202, 211, 212, 323 (Historical Perspectives on Western Culture); CCI 205, 305, 306, 321, 324, 325 (World Literature).

Students also have an opportunity in the summer to visit Athens, Rome, and other parts of the Classical world, to participate in archaeological excavation, and to earn semester hours of credit through CCI 393, 394, 401, or 450; GRK 393, 394; LAT 393, 394; or through Study Abroad Programs.

CLASSICAL STUDIES MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The Department offers a BA in Classical Studies, with four distinct concentrations in **Greek Language and Literature**, **Latin Language and Literature**, **Classical Civilization**, and **Classical Archaeology**. All four concentrations offer a broad liberal arts experience which provides an excellent foundation for a variety of careers including law, business, government, journalism, and teaching.

The **Greek Language and Literature** and the **Latin Language and Literature** concentrations are designed to ensure a solid preparation in the chosen language and to acquaint students with those works which form the origin of European literature, history, and philosophy. These concentrations prepare students for graduate work in the Classical languages and literature and for secondary school language teaching.

The **Classical Civilization** and **Classical Archaeology** concentrations provide a solid and wide-ranging background for understanding the origin and development of our Western ideas, values, languages, institutions, attitudes, and art. The **Classical Civilization** concentration is an excellent second major, particularly for those interested in any area of primary or secondary school teaching. The **Classical Archaeology** concentration is intended especially for students wishing to pursue graduate work in Classical Archaeology. Students interested in other areas of archaeology should also consider the Special Program in Liberal Studies in Archaeology (pp. 387-388).

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 24 hours above the 100-level distributed as follows in one of the four possible concentrations. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level. Students must have at least a 2.0 GPA for courses in the major:

1) Greek Language and Literature

- a) 15 hours in Greek language above the 100 level: any course with a GRK prefix except GRK 150
- b) 6 hours in literature in translation to be chosen from CCI 201, 202, 205, 206, 305, 306, 321, 324, 325, 405
- c) 3 hours in Greek archaeology or history to be chosen from CCI 211, 313, 314, 323, 351 (or HIS 351), 353 (or HIS 353)

2) Latin Language and Literature

- a) 15 hours in Latin language above the 100 level: any course with a LAT prefix, except LAT 101 and 102
- b) 6 hours in literature in translation to be chosen from CCI 201, 202, 205, 206, 305, 306, 321, 324, 325, 405
- c) 3 hours in Roman archaeology or history to be chosen from CCI 212, 314, 323, 354 (or HIS 354), 355 (or HIS 355)

For "A" licensure students, the following additional courses may be counted in category c) when necessary (due to scheduling difficulties): CCI 211, 313, 351, 353

3) Classical Civilization

- a) 12 hours in either Greek or Latin above the 100 level: any course with a GRK prefix, except GRK 150; or any course with a LAT prefix, except LAT 101 and 102
- b) 12 hours in civilization from courses in literature in translation, archaeology, and ancient history

4) Classical Archaeology

- a) CCI 211, CCI 212 (6 hours)
- b) 6 hours to be chosen from CII 312, 313, 314
- c) 9 hours in classical literature in translation or ancient history to be chosen from CCI 201, 202, 205, 206, 305, 306, 321, 323, 324, 325, 351 (or HIS 351), 353 (or HIS 353), 354 (or HIS 354), 355 (or HIS 355), 405
- d) 3 hours in either Greek or Latin at the intermediate level: GRK 203 or 204 or LAT 203 or 204

Under special circumstances and with the permission of the Department Head, some substitutions for required courses may be allowed.

Related Area Requirements

No specific courses required.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

CLASSICAL STUDIES AS A SECOND MAJOR

Required: 24 semester hours.

See the description of major requirements listed above. The **Classical Civilization** concentration is particularly recommended for students in the Teacher Education program who need a second major and are satisfying their language requirement by taking Greek or Latin. Students seeking Middle Grades certification in Language Arts must also take ENG 321, 322.

CLASSICAL STUDIES MINOR

Required: 15-21 semester hours.

The **Classical Studies Minor** complements majors in a variety of fields including anthropology, art, English, foreign languages, history, philosophy, and religious studies. Requirements are flexible enough to permit students to develop and extend their major plan of study. The minor consists of 15 to 21 hours in courses above the 100 level to be worked out with the department advisor as best suited to each student's academic program.

TEACHER LICENSURE IN LATIN

The Department of Classical Studies cooperates with the School of Education to prepare students for teaching Latin at the secondary level. The aim of the departmental program is three-fold:

- 1) to promote proficiency in Latin by providing courses which focus on grammatical analysis and reading of Latin texts with understanding, and which cover a range of genres and authors;
- 2) to make available a full variety of courses in literature, civilization, and advanced language training to ensure students a broad base of cultural and linguistic experiences;
- 3) to promote an understanding of and appreciation for the Classical foundations of the Western tradition.

Students seeking teacher licensure in Latin are required to take a minimum of 27 semester hours distributed as follows:

- 1) 15 hours in Latin above the 100 level.
* 3 hours in Greek may be counted towards this requirement.
- 2) 3 hours in Latin Grammar and Composition (LAT 431)
- 3) 6 hours in Classical Literature in translation
- 4) 3 hours in Classical archaeology or history (Roman recommended)

In addition, students must meet additional requirements in General and Professional Education (see "Teacher Education," Chapter 6). For further information concerning these requirements students should consult with their advisor from the Department of Classical Studies.

CLASSICAL CIVILIZATION COURSES (CCI)

Courses in English Translation

No knowledge of Greek or Latin required.

For Undergraduates

201 Introduction to Classical Civilization: The Greeks (3:3).

Introduction to Greek civilization from its beginnings to the Hellenistic age. Lectures and discussion will focus on the development of Greek literature, thought, and art in the context of society. [HP, CHP-CPM].

202 Introduction to Classical Civilization: The Romans (3:3).

Introduction to Roman civilization from its beginnings to the Roman Empire. Lectures and discussion will focus on the development of Roman literature, thought, and art in the context of society. [HP, CHP-CPM].

205 Mythology (3:3).

Great myths of the world with emphasis on their literary and artistic representations. Greek and Roman mythologies stressed; Norse and other myths included when possible. Only primary sources read. [WL, CWL].

206 Classical Origins of the English Language (3:3).

Analysis of Greek and Latin prefixes, stems, and suffixes used in English. Emphasis on the history of beliefs, institutions, and traditions reflected in the Greek and Latin elements.

209 The Ancient World (3:3).

Early civilizations: Near Eastern, Egyptian, Greek, and Roman to Reign of Constantine. (Same as HIS 220).

211 Introduction to Classical Archaeology (Greece) (3:3).

Archaeological consideration of the Mycenaean, Archaic, Classical, and Hellenistic periods of Greek civilization. [HP, CHP-CPM].

212 Introduction to Classical Archaeology (Rome) (3:3).

Archaeological consideration of the Italian Peninsula with emphasis on the Etruscan sites and Rome. [HP, CHP-CPM].

305 Classical Tragedy (3:3).

Study of Greek tragedians of Athens in the fifth century and their subsequent influence on later literature. Readings from Aeschylus, Sophocles, Euripides, and Seneca. [WL, CWL].

306 Classical Comedy (3:3).

Study of Greek comedy in the fifth and fourth centuries and its subsequent influence on later literature. Readings from Aristophanes, Menander, Terence, and Plautus. [WL, CWL].

312 The Art and Archaeology of Egypt (3:3).

Introduction to the archaeology of Egypt, emphasizing the relations between Egypt and the Aegean in the Bronze Age.

313 Archaeology of the Aegean (3:3).

Introduction to the Minoans and Mycenaeans. The archaeology of the Aegean Islands, Crete, the coast of Asia Minor, including Troy, and the mainland of Greece in the Bronze Age.

314 Ancient Cities (3:3).

Introduction to the great cities of the past, emphasizing the physical design of those cities, especially as it reflects changing political and social structures.

321 The Archaic Age (3:3).

Study of the Greek Archaic period, from the end of the Homeric Age to the dawn of the Classical era. Focus on literature, art, and religion within their social context. [WL, CWL].

323 The World of Alexander the Great. (3:3).

An introduction to the Hellenistic period of Greek civilization, emphasizing its art and architecture, its religion and literature in their historical context. [HP, CHP-CPM].

324 The Age of Cicero (3:3).

Introduction to Roman literature and society in the first century B.C. Focus on the development of the genres of Latin literature and the relationship between politics and literature. [WL, CWL].

325 The Age of Augustus (3:3).

Introduction to Roman literature and society during the reign of Augustus. Focus on the development of Latin epic poetry, historical writing, and elegy, and the relationship between authors and Emperor. [WL, CWL].

351 History of Greece, 2000-31 B.C. (3:3).

Mycenaean society, Greek "dark ages," colonization and tyranny, Athens and Sparta, flowering in the fifth and fourth centuries, conquests of Alexander, Hellenistic empires, and the diffusion of Greek civilization. (Same as HIS 351.).

353 Athens in the Fifth Century B.C. (3:3).

Study of the social and political history of Athens in the fifth century B.C. Pr. 209 or 351 or permission of instructor. (Same as HIS 353.)

354 The Roman Republic, 754 B.C.-44 B.C. (3:3). Study of the social and political forces that led to Rome's conquest of the Mediterranean World and of the transformation which world conquest wrought on Rome itself. Topics covered include: the Roman Constitution and politics, the Roman conquest of Italy and then of the whole Mediterranean, and the decline of the Republic. (Same as HIS 354.)

355 The Roman Empire, 44 B.C.-337 A.D. (3:3). Survey of politics and society at Rome under the Empire, when Rome dominated Western Civilization. Topics covered include: Augustus and the rise of one-man rule at Rome, the long "Roman Peace" and the civilizing of Europe under the Emperors, the rise of Christianity, and the transformed Empire of Constantine the Great. (Same as HIS 355.)

393, 394 Classical Studies Abroad (3:3), (3:3). Pr. permission of department. Extensive reading in Greek and Latin literature in translation, ancient history and archaeology, selected in accordance with student needs. For students participating in foreign study programs.

397 Comparative Studies in World Epics (3:3). Major world epics in translation including the following works in whole or in part: Gilgamesh, Iliad, Odyssey, Aeneid, Chanson de Roland, Divine Comedy, Jerusalem Delivered, Beowulf, Joyce's Ulysses.

398 Comparative Studies in World Drama (3:3). Greek, Latin, and modern plays in translation: representative plays from Aeschylus through Euripides, Seneca, Terence, Racine, O'Neill, Cocteau, Anouilh, et al.

401 Archaeological Practicum (1 to 3). May be repeated for credit. Participation in the department's archaeological work in Greece and opportunity to learn the field methods of classical archaeology firsthand.

405 Advanced Studies in Mythology (3:3). Pr. CCI 205 or permission of the instructor. Study of selected myths from Greece, Rome, and comparative cultures. Focus on original literature, supplemented by ancient and modern critical works. Topics will vary; see description for each term.

450 Internship in Classical Studies (1 to 6). Pr. consent of department head. • May be repeated once, for a maximum of 12 hours credit, with the provision that no more than 6 hours may be taken in the same country.

Supervised field experience in museums or institutes devoted to the study of Ancient Greece or Rome and/or visitation of classical sites.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

501 Independent Study (1 to 3). Pr. permission of instructor. Directed program of reading, research, and individual instruction in Classical Studies. May be repeated for credit for up to 6 hours.

502 History of Latin Literature (3:3). Pr. Permission of instructor. A survey of Latin literature in English translation from the third century B.C. to the beginnings of the Middle Ages.

512 The Archaeology of Roman Daily Life (3:3). Pr. permission of instructor. Study of Roman daily life and the evidence from archaeology and ancient literature for daily life.

541 Ancient World: Selected Topics (3:3). • May be repeated once for credit when topic varies. Varying topics in ancient Near Eastern, Greek, and Roman history, including politics and public rituals, patterns of social organization, ancient slavery, cross-cultural interactions. (Same as HIS 541)

For Graduate Students Only

605 Mythology in Art and Literature (3:3).

GREEK COURSES (GRK)

These courses require the reading of texts in Greek.

For Undergraduates

150 Applied Modern Greek (1:1). Pr. open to all students with instructor's permission. • May be repeated for credit up to 4 semester hours. • Grade: Pass/Not Pass (P/NP). • Will NOT satisfy foreign language requirement.

Training in spoken demotic Greek.

201, 202 Elementary Greek (3:3), (3:3). Pr. 201 prerequisite to 202.

Introduction to ancient Greek. Two semester sequence includes essentials of grammar and reading of selections from Xenophon, Plato, New Testament and others. Emphasis on understanding principles of grammar and developing skills for reading Greek. GRK 201 offered every fall.

203, 204 Intermediate Greek (3:3), (3:3). Pr. a grade of C- or better in GRK 202, or permission of instructor; 203 prerequisite to 204.

Designed to develop proficiency in the reading of ancient Greek and introduce students to Greek literature. Fall semester: Prose (Plato, Herodotus, etc.) Spring semester: Poetry (Homer or Greek tragedy). [CFL].

303, 304 Greek Drama (3:3), (3:3). Pr. 204, or permission of instructor.

Selected works of Sophocles, Aeschylus, Euripides, and Aristophanes.

311 The Greek Orators (3:3). Pr. 204, or permission of instructor.

Selections from the works of Greek orators; emphasis on Antiphon, Lysias, Isocrates, and Demosthenes.

312, 313 Greek Historical Writers (3:3), (3:3). Pr. 203, 204 previously or taken concurrently.

Selections from the works of the Greek historians; emphasis on Herodotus and Thucydides.

331 The New Testament (3:3). Pr. 204, or permission of the instructor.

Selections from the New Testament.

341 Homer (3:3). Pr. 204, or permission of instructor.

Selections from Iliad and Odyssey.

350, 351 Special Topics in Greek Studies (3:3), (3:3). Pr. 203, 204. Student should consult instructor before registering for course.

Opportunity for students to work individually or in small groups on problems of special interest in Greek

literature or language. Work may represent either survey of a given field or intensive investigation of particular problem.

393, 394 The Study of Greek Abroad (3:3), (3:3). Pr. 204 and permission of department.

Extensive reading in Greek literature selected in accordance with student needs. For students participating in foreign study programs.

401 The Greek Epic (3:3). Pr. 204, or permission of instructor.

Selections from the works of Homer, Hesiod, and Apollonius of Rhodes.

403 Greek Lyric Poetry (3:3). Pr. 203, 204 completed or taken concurrently.

Survey of Greek lyric poetry with emphasis on Sappho and Alcaeus; the pastoral poetry of Theocritus, Bion, and Moschus.

405 Hellenistic Poetry (3:3). Pr. 204, or permission of instructor.

Selections from Hellenistic poetry; emphasis on Callimachus and Theocritus.

421 The Greek Philosophers (3:3). Pr. 204, or permission of instructor.

Selections from the Presocratics, Plato, Aristotle, and representatives of the Hellenistic schools.

450 Seminar in Greek Studies (3:3). Pr. 204, or permission of instructor.

Extensive reading in literature of the Classics selected in accordance with student needs. Periodic conferences, written reports, and quizzes throughout the semester.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

501 Independent Study (1 to 3). Pr. permission of instructor. • May be repeated for up to 6 hours credit.

Directed program of reading, research, and individual instruction in Greek language and literature.

550 Topics in Greek Studies (3:3). Pr. permission of instructor. • May be repeated once for credit when topic varies.

Studies in selected topics in Greek literature or language, e.g., the development of a genre, the nature of a period in literary history, or the treatment of a particular theme.

LATIN COURSES (LAT)

These courses require the reading of texts in Latin.

For Undergraduates

101,102 Elementary Latin (3:3), (3:3). Pr. 101 prerequisite to 102.

Introduction to Latin. Two semester sequence includes essentials of grammar and selected readings. Emphasis on understanding principles of grammar and developing skills for reading Latin.

203, 204 Intermediate Latin (3:3), (3:3). Pr. a grade of C- or better in LAT 102, or permission of instructor; 203 prerequisite to 204.

Designed to develop proficiency in the reading of Latin and introduce students to Latin literature. Fall semester: Prose (Caesar, Cicero, etc.). Spring semester: Poetry (selections from Virgil's Aeneid I-VI). [CFL].

301 Roman Lyric Poetry. (3:3). Pr. 204, or permission of instructor.

Selections from the poetry of Catullus and Horace.

302 Roman Letters and Men of Letters (3:3). Pr. 204, or permission of instructor.

Selections from the letters of Cicero, Pliny, and Seneca.

303 Roman Drama (3:3). Pr. 204, or permission of instructor.

Selections from the tragedies of Seneca and their influence on Renaissance drama.

311 The Roman Orators (3:3). Pr. 204, or permission of instructor.

Selections from the speeches and rhetorical works of Cicero and of other Roman orators.

312 The Roman Historians: The Republic (3:3). Pr. 204, or permission of instructor.

Works of Julius Caesar, Sallust's Catiline, and extensive selections from Cicero's letters and orations.

321 Roman Satire (3:3). Pr. 204, or permission of instructor.

Study of the satires of Persius, Horace, and Juvenal; emphasis on Juvenal; influence on the eighteenth century.

350, 351 Special Topics in Latin Literature (3:3), (3:3). Pr. 203, 204. Student should consult instructor before registering for course.

Opportunity for students to work individually or in small groups on problems of special interest in Latin literature or language. Work may represent either survey of a given field or intensive investigation of particular problem.

393, 394 The Study of Latin Abroad (3:3), (3:3). Pr. 204 and permission of department.

Extensive reading in Latin literature selected in accordance with student needs. For students participating in foreign study programs.

400 Intensive Reading of Latin (3:3). Pr. permission of the instructor.

Systematic review of Latin grammar and intensive reading of selected authors intended to prepare students for further work in Latin.

401 Virgil (3:3). Pr. 204, or permission of instructor.

Virgil's Aeneid VII-XII; reading from the Eclogues and Georgics.

405 Poetry in the Age of Augustus (3:3). Pr. 204, or permission of instructor.

Survey of Latin literature from 40 B.C. to 14 A.D.; selections from Virgil, Horace, the elegiac poets, and Ovid.

412 The Roman Historians: The Empire (3:3). Pr. 204, or permission of instructor.

Selections from works of Livy and Tacitus.

421 Roman Philosophical Writings (3:3). Pr. 204, or permission of instructor.

Selections from essays of Cicero, *De Rerum Natura* of Lucretius and essays of Seneca.

431 Latin Grammar and Composition (3:3). Pr. 204, or permission of instructor.

Intensive study of Latin grammar, syntax, and prose style; includes reading of Latin texts and translation into Latin from English. Required for "A" certification in Latin.

450 Seminar in Latin Studies (3:3). Pr. 204, or permission of instructor.

Extensive readings in literature of the Classics selected in accordance with student needs. Periodic conferences, written reports, and quizzes throughout the semester.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

**For Advanced Undergraduates
and Graduate Students**

501 Independent Study (1 to 3). Pr. permission of instructor. • May be repeated for up to 6 hours credit.

Directed program of readings, research, and individual instruction in Latin language.

550 Topics in Latin Studies (3:3). • May be repeated once for credit when topic varies.

Studies in selected topics in Latin literature or languages, e.g., the development of a genre, the nature of a period in literary history, or the treatment of a particular theme.

571 Medieval and Renaissance Latin (3:3). Pr. permission of the instructor.

Selections from Medieval and Renaissance prose and poetry.

For Graduate Students Only

- 611 The Roman Historians: The Republic (3:3).**
- 612 Cicero (3:3).**
- 623 Roman Comedy (3:3).**
- 625 Poetry in the Age of Augustus (3:3).**
- 626 Silver Age Survey (3:3).**
- 631 Advanced Latin Grammar and Composition (3:3).**
- 711 Experimental Course: Virgil's Aeneid (3:3).**

DEPARTMENT OF COMMUNICATION

102 Ferguson Building

Professor Smith; Associate Professors Cimorelli, Natalie, Newton, E. Shroyer; Assistant Professors Barrett, Compton, Hinton, Kellett, Ross, Tucker; Lecturers Ferguson, McCready, S. Shroyer, Stoker, Torres

The Department of Communication offers students a variety of areas of study in the theory and practice of human communication. The **Communication Studies Program** offers coursework in interpersonal, organizational, and public communication. The **Communication Sciences and Disorders Program** focuses on the study of both normal and disordered aspects of speech, language and hearing. The **Education of Deaf Children Program** offers concentrations in teacher preparation at primary, elementary and secondary levels, and in educational interpreting. All programs help students to become more effective communicators as well as facilitators of effective communication in others. Specifically, the Communication Studies Program offers the BA in Speech communication as well as an undergraduate minor. The Communication Sciences and Disorders Program offers the BS in Speech pathology and Audiology. The Education of Deaf Children Program offers the BS in Education of the Deaf. In addition, Communication Studies offers the MA and MEd degrees, and Communication Sciences and Disorders offers the MA degree. For more details, see the Graduate School catalog.

The Communication Studies Program provides opportunities to study of the theory and practice of interpersonal, organizational, and public communication. These areas encompass rhetorical and communication theory, public persuasion and argument, group communication, political communication, and public relations. Communication Studies courses contribute to a liberal education by teaching creative thinking, critical reasoning, and effective communication. Professional areas of study lead to careers in organizational communication and public relations. The program also provides a foundation for graduate study in communication as well as related fields such as journalism, law, business, and the ministry. Faculty and students in Communication Studies are actively involved in research and conduct programs and workshops for community and state organizations.

The Communication Sciences and Disorders Program provides opportunities for the study of normal speech, language and hearing and the associated disorders. The courses offered in this program are pre-professional and prepare the student for further study at the graduate level. Faculty and students in Communication Sciences and Disorders provide services to the University community and the public through the University Speech and Hearing Center and the Augmentative Communication Systems Laboratory, and engage in cooperative work with area schools, hospitals and other human service agencies. In addition, the faculty and students in Communication Sciences and Disorders are actively involved in research.

The Education of Deaf Children Program provides opportunities for study in two concentrations: Teacher Preparation and Educational Interpreting. Both areas of study focus on the unique educational needs of deaf and hard-of-hearing children emphasizing language acquisition, teaching methods and communication modes. Specialized training in communication modes is offered through sign classes and the Sign Language Laboratory. Supervised experiences are available for student observations, volunteer work and practicum in area public schools and the Central North Carolina School for the Deaf.

The minimum requirements for admission to Departmental majors and concentrations are listed below. Marginal compliance with these requirements does not automatically imply admission.

Admission to Closed Courses

- a. Due to enrollment pressures and limitations on space in certain impacted courses, the Department adheres to the following policy governing enrollment in its courses:
 - (1) Students may be dropped from impacted courses even though they may have successfully completed the registration process. This process will conform to the priority system established below.
 - (2) Students not attending the first day of class may be dropped from the course.
- b. Priority for inclusion in a course will be based on the following criteria, in any order deemed appropriate:
 - (1) Successful completion of all prerequisite coursework.
 - (2) Graduate or Special Graduate student standing.
 - (3) Total number of semester hours earned toward graduation, **not** including hours currently being attempted.
 - (4) Overall GPA.
- c. Only those students who attempted preregistration will be considered for late placement in closed courses.

Criterion for Progression in the Major

Only grades of "C-" or better taken in Communication courses will count toward completion of a major in the Department.

SPEECH COMMUNICATION MAJOR (BACHELOR OF ARTS)

Required: 122-123 semester hours

Speech Communication is offered in two concentrations:

Speech Communication provides focus on the theory and practice of interpersonal, organizational and public communication. Two concentrations are: (1) **COMMUNICATION STUDIES** and (2) **ORGANIZATIONAL COMMUNICATION AND PUBLIC RELATIONS**.

• The **COMMUNICATION STUDIES** is designed for students interested in the liberal arts study of communication theory and practice including rhetorical and communication theory, history and criticism of argument and persuasion, political communication, and interpersonal and group communication. This option is flexible to prepare students for graduate study and a variety of communication-oriented professions.

• The **ORGANIZATIONAL COMMUNICATION AND PUBLIC RELATIONS** concentrates on the study of communication theory and practice with specific application to organizational and public relations contexts. Students in this option should be planning a professional career in a corporate or nonprofit environment.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several

categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Communication Studies Concentration

1. ADMISSION REQUIREMENTS

- a. Students must be formally admitted to the Communication Studies Program to pursue a major. Only students with formal, written acceptance will be permitted to remain in those upper division courses so specified in section (e) below. Non-majors who wish to take these courses may seek permission from the instructor, but may not use those courses for a Communication Studies major without proper admission.
- b. Applicants to the options in Communication Studies and Organizational Communication and Public Relations will be reviewed in light of the following criteria:
 - (1) Completion of at least 1 semester at UNCG,
 - (2) Completion of at least the following core courses or their equivalents with grades of "C-" or better: CST 105, 106, 112; and
 - (3) A GPA of at least 2.30.
- c. The stated requirements for admission are minimum ones, and simple compliance with them does not automatically imply admission. In all cases, admission is competitive and limited by space available in the program.
- d. Students seeking admission to the Program as majors should proceed as follows:
 - (1) Check to see that they meet the minimum requirements as described in section (b) above;
 - (2) Secure an official transcript from the Office of the Registrar;
 - (3) Secure an application form from the Office of Academic Advising or from the Program Office in 102 Ferguson building; and
 - (4) Deliver both the completed application form and the official transcript to the Program Office in Ferguson 102.
 - (5) In some cases the Program may require additional information or an interview, so the application process should be initiated well in advance of registration.
- e. Permission of the Program is required to enroll in CST 331, 342, 344, 345, 412, 413, 420, 502, 514, 530, 531, 538, 560, and 562. Students enrolled in these courses without permission are subject to removal.

2. CRITERIA FOR CONTINUING IN THE COMMUNICATION STUDIES Program

- a. Maintaining the 2.3 minimum GPA;
- b. Demonstrating high quality oral and written communication skills in all dealings with the Program; and
- c. Complying with all University regulations including the Academic Honor Code as well as policies and procedures developed by the Program or Department.

3. MAJOR REQUIREMENTS

Only grades of "C-" or better count toward completion of the major, which must include a minimum of 30 semester hours in the major above the 100-level including CST 105, 106, 112, 205, 206 or 207, 420, and 530, and one of the following options:

- a. Communication Studies: Other courses from among CST 206, 207, 208, 209, 231, 320, 331, 343, 344, 345, 346, 502, 505, 520, 529, 531, 532, 537, 538, 559, 563 or approved substitutes

- b. Organizational Communication and Public Relations: Other courses must include CST 342 or 514, 344 or 345, 412 or 413, 560 or 561; with additional hours from among CST 206, 207, 208, 209, 342, 343, 344, 345, 346, 502, 505, 514, 531, 560, 561, 562, or approved substitutes

Required cognate courses: MGT 200*, one from MGT 312 or 314 or SOC 351, and one from MGT 309 or ENG 327

Recommended electives: STA 108, ENG 219, and ENG 319

*Because PSY 221 is a prerequisite for some of these courses, it is recommended to satisfy a liberal education requirement.

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

COMMUNICATION STUDIES MINOR

A minor in Communication Studies consists of grades of at least "C-" in CST 105 or 341 and at least 15 semester hours of additional courses in the Communication Studies Program from among the following: CST 106, 112, 151, 205, 206, 207, 208, 209, 231, 320, 331, 342, 343, 344, 345, 346, 420, 502, 505, 514, 520, 529, 530, 531, 532, 537, 538, 559, 560, 561, 562, 563.

SPEECH PATHOLOGY AND AUDIOLOGY MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours

The **Speech Pathology and Audiology Major**, offered by the Communication Sciences and Disorders Program, provides a preprofessional program for those preparing for graduate study in speech-language pathology and audiology. The major is designed to satisfy some requirements for the N.C. license in Speech-Language Pathology or Audiology, although no license is awarded until completion of the Master's degree. Instruction is designed to meet American Speech-Language-Hearing Association standards. Transfer students may require an additional semester to complete the undergraduate degree program.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

1. ADMISSION REQUIREMENTS

- a. Students must be formally admitted to the Speech Pathology and Audiology Major. Only students with a written acceptance will be permitted to enroll in required courses at the 300 level or above.
- b. Applicants for admission to the Speech Pathology and Audiology major may apply only after completion and/or transfer of 55 semester hours and must apply before enrollment in any required courses at or above the 300 level in the major. Applicants must have an overall grade point average of at least 2.7 to be admitted to the major.

- c. The grade point average (see b. above) is a minimum requirement and simple compliance does not automatically imply admission. In all cases, admission is competitive and limited by space available in the program.
 - d. Students seeking admission to the Speech Pathology and Audiology Major should proceed as follows:
 - (1) Secure an official transcript(s) of undergraduate coursework completed at colleges and universities other than UNCG;
 - (2) Secure an application from the Communication Science and Disorders Program Office at 300 Ferguson Building;
 - (3) Deliver both the transcripts and the completed application to the Program Office in 300 Ferguson Building.
 - (4) In some cases the Program may require additional information or an interview, so the application process should be initiated immediately after completion of 55 semester hours.
2. CRITERIA FOR CONTINUING IN THE SPEECH PATHOLOGY AND AUDIOLOGY MAJOR
- a. Maintenance of a minimum grade point average of 2.7;
 - b. Minimum grade point average of 2.7 in CSD 306, 307, 308, and 309, with no grades in these courses below C-;
 - c. No grades below C- in any course in the major;
 - d. Demonstration of high quality oral and written communication;
 - e. Compliance with all University regulations including the Academic Honor Code.
3. MAJOR CURRICULUM REQUIREMENTS (Minimum 24 semester hours above the 100-level; students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.)
- a. All majors are required to take CSD 306, 307, 308, 309, 334, 336, 337 and 556; EDC 135; PSY 221
 - b. Students preparing for graduate study in speech-language pathology are required to take CSD 338, 339 and 451.
 - c. Students preparing for graduate study in audiology are required to take PHY 305 and two courses from MAT 119, 191 and 292.
 - d. All undergraduate majors must complete 25 supervised observation hours in the University Speech and Hearing Center.

EDUCATION OF THE DEAF MAJOR (BACHELOR OF SCIENCE)

Required: Teacher Preparation concentration — 128 semester hours

Educational Interpreter concentration — 129 semester hours

See "Teacher Education," Chapter 6 for Teacher Education admission requirements and second major requirement.

Teacher Preparation Concentration

The **Teacher Preparation concentration** provides training at the undergraduate level for teachers of deaf and hard-of-hearing children. In addition to courses in the major area, students elect a specialization such as preschool education, elementary education, or secondary education (mathematics, history, English, etc.). Internships for teaching take place at the Central North

Carolina School for the Deaf and in area public school programs for hearing-impaired students. Transfer students may require an additional semester to complete the undergraduate degree program. Upon completion of the program, students are eligible for licensure by the North Carolina Department of Public Instruction (K-12 Hearing Impaired) and the National Council on Education of the Deaf.

College of Arts and Sciences Liberal Education Requirements (39 semester hours)

The above reflects waivers approved for this program in the areas of: Literature (CBL or CWL), 3 hours; Natural Science (CNS), 3 hours (no lab required); Social and Behavioral Science (CSB), 3 hours; Foreign Language (CFL), 6 hours.

See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Note: Where appropriate, teacher licensure requirements (listed below) may be selected to fulfill liberal education requirements.

Major Requirements

Minimum 24 semester hours in the major above the 100-level.

EDC 135, 240, 243, 335, 461, 483, 485, 577, 578; CDS 334

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Related Area Requirements

1. PSY 221
2. HDF 302 or PSY 326
3. SOC 211 or approved substitute
4. ELC 381
5. PSY 502, or CUI 540, or approved substitute

Specialization

20-24 semester hours in elementary education, preschool education, secondary education, or in another sequence approved by the Department of Communication and the department of the student's specialization as follows:

Preschool Specialization

Required: EDC 483, 485; HDF 452, 552, with 9 hours to be selected from: CSC 101, CUI 346, HDF 212, 522, 532, 542, LIS 547

Elementary Specialization

Required: ART 367; EDC 483, 485, CUI 346, with 9 hours to be selected from: CSC 101, CUI 320, 360, 370, 380, LIS 556, 582

Secondary Specialization

The Secondary Specialization is met by the second major requirement (see below).

Teacher Licensure Requirements

1. AULER requirements as identified within each major.
2. PSY 221 General Psychology (PSY 223 may not be substituted)
3. ELC 381 The Institution of Education
4. CUI 430 or 450
5. CUI 420 or 470
6. HEA 201
7. EDC 461 Internship in Teaching the Deaf
8. Completion of pre-student-teaching field experience
9. Students must have a 2.7 overall grade point average to be admitted to teacher education, and a 2.7 grade point average in all courses with a EDC prefix in order to be admitted to student teaching. Any grade below C in a required core course makes a student ineligible to continue in the licensure track.

Second Major Requirement

All students majoring in Teacher Preparation — Deaf and Hard-of-Hearing Children who select the preschool or elementary specialization are required to complete another approved major or a second major or a concentration consisting of a minimum of 24 semester hours in a basic academic discipline. Depending on the academic discipline selected, a maximum of 6 hours may be counted toward both the All-University Liberal Education Requirements. The following majors have been approved for Education of the Deaf: Art, Communication Studies, English, Linguistics, Mathematics, Psychology, and Sociology.

Electives

Electives sufficient to complete the 128 semester hours required for degree.

Educational Interpreter Concentration

The Educational Interpreter Concentration provides training at the undergraduate level for individuals to work with students who are deaf and hard-of-hearing in public school settings. Internships for interpreting occur in area public schools having programs for students who are deaf and hard-of-hearing. Transfer students may require an additional semester to complete the undergraduate degree program.

COMMUNICATION SCIENCES AND DISORDERS COURSES (CSD)

For Undergraduates

219 Communication Disorders Laboratory (1:0:2). Pr. permission of instructor. • May be repeated for credit. • Grade: Pass/Not Pass (P/NP).

Supervised therapy for students with speech, voice, language, or hearing problems.

306 Introduction to Phonetics (3:3). Pr. Not open to freshmen or sophomores. Must be taken concurrently with CSD 307, 308, and 309.

Recording of speech using the International Phonetic Alphabet in broad transcription. General American dialects and variations. (Formerly COM 133)

307 Speech and Hearing Science (3:3). Pr. Not open to freshmen or sophomores. Must be taken concurrently with CSD 306, 308, and 309.

Acoustic principles of speech and hearing; analysis of the acoustic characteristics of speech and physiological correlates; speech perception. (Formerly COM 134)

308 Language and Speech Development (3:3). Pr. Not open to freshmen or sophomores. For Majors only or by permission of instructor. Communication Disorders majors must register for CSD 306, 307, 308, and 309 concurrently.

Theory and evidence of the chronological development of phonology, syntax, semantics, and pragmatics in the child. (Formerly COM 240)

309 Anatomy and Physiology of the Speech and Hearing Mechanism (3:3). Pr. Not open to freshmen or sophomores. For Majors only or by permission of instructor. Communication Disorders majors must register for CSD 306, 307, 308, and 309 concurrently. Anatomical and physiological bases of human communication. (Formerly COM 241)

334 Introduction to Audiology (3:3). Pr./Cor. CSD 308 and either EDC 243 or CSD 307; or permission of instructor.

Basic anatomy and physiology of the auditory system, fundamental hearing science, and methods and techniques of hearing measurement and interpretation for the assessment, diagnosis, evaluation, and rehabilitation of hearing disorders.

336 Articulation Disorders (3:3). Pr. CSD 306, 307, 308, 309.

Analysis of defective articulation-resonance as related to faulty development and to orofacial, neurologic, and sensory disabilities. Techniques for remediation.

337 Language Disorders (3:3). Pr. CSD 306, 307, 308, 309.

Nature, theory, measurement, and management of language problems in children and adults. Emphasis on problems in children.

338 Voice Disorders (3:3). Pr. CSD 306, 307, 308, 309.

Factors related to voice disorders in children and adults. Procedures for the examination of voice. Remediation techniques.

339 Rhythm Disorders (3:3). Pr. CSD 306, 307, 308, 309.

Basic theories and principles in the onset, development, and maintenance of stuttering and similar disorders. Principal factors in measurement, diagnosis, and treatment.

451 Diagnostic Procedures: Inquiry, Observation and Measurement (3:2:3). Pr. completion of all CSD 300-level courses required for the major or permission of the instructor.

Processes and techniques of data acquisition and analysis for the diagnosis, assessment, and evaluation of communication disorders.

For Advanced Undergraduates and Graduate Students

551 Speech and Language Disorders: Diagnostic Procedures (3:2:2). Pr. permission of instructor.

Differential diagnosis of speech, language, voice, and rhythm problems.

552 Communication and Aging (3:3). Pr. CSD 308 or consent of instructor.

DEPARTMENT OF ENGLISH

132A McIver Building

James E. Evans, Professor and Head of the Department

Professors Beale, Chappell, Cushman, Ellis, Gibson, Shapiro; Associate Professors Baker, Brewer, Bulgin, Davis, Ferguson, Griffith, Kelly, Kirby-Smith, Langenfeld, May Lombardi, R. McDonald, Roskelly, Tisdale, S. Yarbrough, Zacharias; Assistant Professors Chiseri-Strater, C. Hodgkins, Meyerson, Parker, Tucker; Visiting Assistant Professor Dischell; Adjunct Assistant Professor Mille; Lecturers Beatty, Bucknall, Clark, Cline, Gingher, H. Hodgkins, Kuvahara, G. McDonald, Meyers, Miller, Paetz, Schurer, Scott, Stephens, Thaden, B. Yarbrough, Yardley

The Department of English provides courses in English composition, in major authors, in all major literary periods, in literary theory, in linguistics and rhetoric, in journalism, and in writing fiction and poetry. Senior-graduate courses are available to advanced students, and the graduate program offering the full range of literary and rhetorical studies permits students to pursue work leading to the MA, MEd, and PhD. The unusually fine writing program offers courses both to undergraduates seeking the BA degree and to graduate students seeking the MFA degree.

ENGLISH MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours.

The English Major provides a diversified program. Students who major in English participate in an increasingly intensified study of language and literature that includes English, American, and foreign literature in translation. Upon graduation, English majors are well qualified to enter nearly all fields that do not require previous technical and professional training.

Although many English majors pursue careers not traditionally associated with English studies, some students will see licensure to teach, and others will choose to enter graduate school. English has long been recognized as a desirable major for prelaw and premedical studies. It is also beneficial for students who enter such fields as journalism, editing, communications, diplomacy, advertising, and personnel work.

A "Guide for English Majors and Minors" is available upon request from the departmental office. It provides current advice on planning a major or minor. Additional guidance is available from the Director of Undergraduate Studies in English and from faculty advisors.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

The department offers two major programs leading to the BA degree: "English" and "English — High School Teaching." Successful completion of the latter program qualifies the graduate to teach in high schools in North Carolina and other states with which North Carolina has reciprocal licensure agreements. A student may declare either major upon matriculation; to change one's

major to English, or to change from one degree program to the other, one must have permission of the department. (See the Director of Undergraduate Studies in English.)

The department also offers a 24-hour concentration in English that meets the requirement of a second major/concentration for Elementary and Middle Grades Education (School of Education) and certain other University programs in education. Consult with your major advisor or with the Director of Undergraduate Studies in English.

For both major programs, a minimum of 27 hours of English above the 100 level is required. No requirement for the major may be met by a grade lower than C-. The courses must be distributed as follows:

For the degree, BA in English:

1. ENG 211, 212, 251. These courses provide an overview of English and American literature that gives perspective and establishes a basis for choosing courses. Students should take these courses as early as possible, usually during the sophomore and junior years.
2. One course in language (ENG 260, 261, 321, 513) or criticism (303, 531, 549, 551) or creative writing (221, 222, 225, 226, 325, 326) or expository writing and journalism (219, 223, 319, 320, 322, 323, 327, 519, 520, 522, 523, 524).
3. Four courses in literature:
Two courses in major authors or genres, one before 1800 (ENG 336, 339, 340, 381, 536, 539, 540, 541, 555, 556, 567), and one after 1800 (349, 350, 351, 352, 353, 358, 382, 534, 548, 557, 558, 559, 563, 568, 582).
Two courses in literary movements or period surveys, one before 1800 (ENG 337, 338, 342, 360, 510, 537, 542, 561), and one after 1800 (331, 333, 344, 345, 346, 355, 374, 376, 532, 533, 544, 545, 550, 552).
4. One additional course in English at the 200 level or above.

For the degree, BA in English — High School Teaching:

1. English 211, 212, 251.
2. English 321.
3. Four courses in literature:
Two courses in major authors or genres, one before 1800 (ENG 336, 339, 340, 381, 536, 539, 540, 541, 555, 556, 567), and one after 1800 (349, 350, 351, 352, 353, 358, 382, 534, 548, 557, 558, 559, 563, 568, 582).
Two courses in literary movements or period surveys, one before 1800 (ENG 337, 338, 342, 360, 510, 537, 542, 561), and one after 1800 (331, 333, 344, 345, 346, 355, 374, 376, 532, 533, 544, 545, 550, 552).
4. English 322.

Besides completing the above courses in English, candidates for the teaching licensure must meet additional requirements, including admission to teacher education (end of sophomore year) and to student teaching (junior year), successful completion of the National Teacher's Exam, and course work outside the English Department. For full current information about all requirements see "Teacher Education" in Chapter 6 and the UNCG Teacher Education Handbook. Note: admission to teacher education and student teaching in English requires a minimum grade point average of 2.75, overall and in the major.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

HONORS IN ENGLISH

Requirements

Nine semester hours to consist of:

- 3 hours of HSS 490 (Honors Thesis)
- 3 hours of ENG 494 (Honors Seminar)
- 3 hours of any English Honors course above the 100 level

Qualifications

- Enrollment in and successful completion of the University Honors Program
- A declared English Major
- Maintenance of at least a 3.3 overall GPA

Recognition

The designation "Honors in English" will be printed on the student's official transcript.

ENGLISH MINOR

ENG 101 and 102 satisfy the College Reasoning and Discourse (CRD) requirement and do not, therefore, count as part of the hours for an English minor.

English minors have wide choice among courses offered in fulfilling the minimum of 18 hours in English. They are urged, however, to report to the departmental faculty advisor as early as possible for help in planning a program.

Requirements

1. Any two courses, to be chosen by the student, from among the following: ENG 201, 202, 211, 212, 251, 252.
2. No more than six hours at the 100 level (but see head note, above); and at least six hours at the 300 level or above.

DEPARTMENT OF GEOGRAPHY

129 Graham Building

Gordon Bennett, Professor and Head of Department

Professors Hidore, Rees; Associate Professor Patton; Assistant Professors Debbage, Lewis; Visiting Assistant Professor Hazard

The Department of Geography offers a program which has three principal objectives; to promote the understanding of the locational dimensions of human behavior in their environmental context; to offer a curriculum where geographic concepts and methods are applied to understanding economic, environmental and social problems at the urban and regional scale; and to promote international understanding through area studies. Thus, the purposes of the program are to contribute an important dimension to the university student's liberal education and to provide practical training in important contemporary areas of concern as well as the background appropriate for certain vocations.

Graduating majors of the department have found careers in business and industry, in urban and regional planning agencies, in departments of federal and state governments, and in teaching. Job titles include: city or regional planner, cartographer, demographer, resource analyst, land or economic developer, location analyst, and teacher. Many graduates find that an undergraduate degree in geography is an excellent foundation for advanced graduate work or professional training in planning, business or law.

Special facilities of the department include fully equipped laboratories in computer cartography, geographic information systems and remote sensing with a variety of other specialized locational analysis programs for both instruction and research.

GEOGRAPHY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

General Major and Concentrations

- Urban Planning
- Earth Science/Environmental Studies

The **Geography Major** requires four courses from a selection of more than twenty and requires a minimum of 24 semester hours in geography above the 100-level. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level. Students may elect a general geography major or they may complete additional courses for a concentration in Urban Planning or Earth Science/Environmental Studies. Students seeking teacher licensure should see "Teacher Education" in Chapter 6. Licensure in social studies is available for geography majors.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College require-

ments. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

A minimum of 24 hours in geography above the 100-level. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level. Only grades of "C-" or higher will count toward completion of the major and concentrations.

Core Courses for Geography Major and Concentrations

1. One course from GEO 321, 322, 323, 521, 522.
2. One course from GEO 103, 111
3. One course from GEO 105, 114, 202, 301, 302, 303, 502, 533.
4. One course from GEO 102, 104, 313, 344, 560.

Urban Planning Concentration

The inter-regional shift of people and jobs in the United States and elsewhere over the past decades coupled with the movement away from large central cities has increased the need for formal urban and regional planning. Planners are needed in the private sector as well as in state and local governments to provide the appropriate kinds of economic and community development that will ensure a high quality of life in both developed and developing countries. In a growth region like the Southeastern States geographers with a planning background are in increasing demand.

In addition to the core courses in geography listed above, students choosing this concentration are required to take GEO 202, 301 and 105 or 303, plus five courses from the following: GEO 302, 320, 321, 322, 344, 502, 522, 533.

Earth Science/Environmental Studies Concentration

A central theme of geography is human interaction with the earth's physical environment. This concentration permits students to apply the basic scientific principles of physical geography, cartography and natural resource analysis to the problem of ensuring a high quality of life through maintenance of the natural processes that support human existence. This concentration also provides training to enhance the employment opportunities of students with a strong interest in environmental assessment and resource evaluation.

In addition to the core courses in geography listed above, required courses for students choosing this concentration are GEO 311, 311L, 314, 314L, and five courses selected from the following: GEO 205, 305, 312, 321, 323, 330, 505, 521.

Majors planning to teach geography/social studies in the secondary schools should plan their programs to include one of the following: GEO 102, 104, or 344 and one of the following courses: GEO 105, 114, or 202.

Related Area Requirements for General Geography Major

No specific additional courses beyond the core are required. Suggested courses in other departments and schools are recommended by the department.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

GEOGRAPHY MINOR

Any six courses (18 semester hours) constitute a minor, but the following suggested course sequences will be of interest to certain students pursuing specific majors and with certain career objectives such as planning, environmental conservation, or business:

1. General Geography Minor - 1 physical, 1 human, 1 regional, 1 techniques course; and any other two geography courses.
2. Minor emphasizing Urban Planning - any 6 courses from: 105, 202, 301, 302, 303, 344, 502, 533.
3. Minor emphasizing Environmental Studies - Six courses from list of courses included under this emphasis. GEO 303 also recommended.
4. Minor emphasizing Geographic Techniques - 105, 321, 322, 323, 521, 522 (for student desiring to acquire geographic research, writing, and cartographic techniques).
5. Geography Minor for majors in the School of Business and Economics - For the major who wishes to acquire knowledge of industrial location, international trade, demographic change and environmental impact: any six courses from: 103, 105, 202, 301, 302, 303, 344, 533.

GEOGRAPHY COURSES (GEO)

For Undergraduates

102 The Geography of the Western World (3:3).

A study of the geographical factors which combine to form the major cultural regions of North America, Europe, and Australia-New Zealand.

103 Introduction to Earth Science (3:3).

Survey of basic concepts and processes integrating the nature of the earth's three primary physical systems: the solid earth and continents; the ocean basins and the oceans; and the atmosphere's weather. [NS, CPS].

104 The Geography of the Nonwestern World (3:3).

A study of the geographical factors which combine to form the major culture regions of Africa, Asia, and the Soviet Union. [NW, CNW].

105 Cultural Geography (3:3).

Introductory project-oriented course concerned with the geographical characteristics of population, political systems, settlement patterns and livelihoods. [SB, CSB].

111 Physical Geology (3:3).

Survey of tectonic and erosional processes, mountain building, rivers, glaciers, deserts, and coastal landform development. [NS, CPS].

111L Physical Geology Laboratory (1:0:3). Pr. concurrent registration in GEO 111.

Laboratory demonstrations and map interpretation exercises to accompany GEO 111, which must be taken concurrently. [NS, CPS].

114 The Geography of World Affairs (3:3).

Contemporary problems and issues of and between nations of the world as they have evolved in their geographical settings. [NW, CNW].

202 World Production and Marketing Systems (3:3).

Characteristics and location of the world's resources, theory of industrial location, world patterns of industry. [SB, CSB].

205 Environmental Change: Its Nature and Impact (3:3).

Environmental changes related to human use of land, water, soils, minerals, and natural amenities. Planning for sustained use or preservation of land based natural resources.

301 Urban Geography: Global Patterns (3:3).

Urbanization processes and the development of megacities and urban hierarchies emphasizing the differences between cities from across the world. [SB, CSB].

302 Urban Geography: Land Use (3:3).

Internal structure of cities, including the role of transportation systems, socio-economic development, and the physical environment. Emphasis on differences within cities.

303 World Population Problems (3:3).

Major world population problems, trends, and significant policy and action alternatives for the future. Impact of various geographical factors on problems and trends. [NW, CNW].

305 Natural Hazards Assessment (3:3). Pr. 103 or equivalent.

Nature and geographical distribution of short-lived environmental hazards including earthquakes, hurricanes, floods, volcanic eruptions, and landslides. Factors contributing to increased hazard potential. Alternative human responses to short-lived hazards.

311 Weather and Climate (3:3). Pr. 103 or equivalent.

Introduction to the nature, origin, processes, and dynamics of the atmosphere. Consideration also of human modification of the atmosphere and of climatic change. [NS, CPS].

311L Climatology Laboratory (1:0:3). Pr. concurrent registration in 311.

Laboratory work to accompany 311. [NS, CPS].

312 Geomorphology of North America(3:3).

A survey of the various landscape regions of the North America. Emphasis on the relationships between the geologic, erosional, and climatic processes occurring in each region.

313 Natural Resource Regions of North America (3:1:6). Pr. 103 or 314 and permission of instructor.

Regional natural resource use and associated human interaction with the natural environment. Instruction takes place during an extended field trip across portions of North America.

314 Physical Geography: Landscape Processes (3:3). Pr. 103 or equivalent.

Examination of the processes responsible for the development of the earth's varied terrain characteristics. Analysis of environmental problems involving human impact on landscape and river systems. [NS, CPS].

314L Physical Geography Laboratory (1:0:3). Pr. concurrent registration in GEO 314.

Laboratory demonstrations and map interpretation exercises to accompany GEO 314, which must be taken concurrently. [NS, CPS].

320 Tourism Planning and Development (3:3).

Geographic distribution of tourist development. Emphasis on the spatial dimension of origin-destination flows, economic geography of the travel industry, socio-economic and environmental impacts. Emphasis on tourism planning issues. (Same as LES 320.)

321 Cartography (3:1:6).

The science of cartography with an emphasis on the use of maps as descriptive and analytical tools. Laboratory work introduces computer mapping, compilation, design, and symbolization.

322 Research Methods in Geography (3:3).

Use of the scientific method, data collection, spatial analysis, and technical writing. Development of fundamental research and quantitative skills in geography.

323 Remote Sensing (3:3).

Acquisition, analysis, and interpretation of digital and photographic imagery. Emphasis on use of satellite and aircraft imagery for classification and monitoring of the earth's physical and cultural landscape.

330 Elements of Hydrology (3:3). Pr. 103 or 311 or 314, or consent of instructor.

Introduction to the origin, properties, occurrence, circulation of the waters of the earth, including the application of hydrologic techniques for the evaluation of regional water budgets and problems relating to the conservation of water resources.

338 Regions of Latin America (3:3).

Geographic distinctiveness of Latin American regions, with an emphasis upon the physical foundation, bases of past development, and recent transformation. Major consideration given to Mexico/Central America, Peru/Bolivia, and Brazil.

344 Geography of the United States and Canada (3:3).

Study of the human and physical characteristics of the United States and Canada, with emphasis on the former. [SB, CSB].

491 Current Topics in Population (3:3). • May be repeated for credit when topic varies.

Multidisciplinary seminar dealing with major topics concerned with national and international issues. (Same as SOC 491.) (Not offered every year.)

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

502 Urban Planning (3:3). Pr. 302 or consent of instructor.

Experiences in planning and primary concepts and procedures utilized by planners in city and local government agencies for improving the quality of the urban environment.

505 Seminar in Environmental Studies (3:3). Pr. 305 or 311.

Selected topics of current interest in environmental studies.

521 Advanced Cartography (3:3). Pr. 321 or consent of instructor.

Introduction to computer cartography and advanced photographic methods for map production. Design, production, and evaluation of computer and photographically generated maps.

522 Seminar in Population and Urban Studies (3:3). Pr. consent of instructor.

Advanced study of population processes and urban concepts from an interdisciplinary viewpoint. Emphasis on accessing and interpreting data from the U.S. census and other sources. (Same as SOC 522.)

533 Industrial Development: State and Local (3:3).

Theories of industrial location; techniques to measure impact of industry on communities; policy and institutional issues related to state and local industrial development.

560 Seminar in Regional Geography (3:3). Pr. 338 or 344.

Smaller regions within Latin America, the United States, and Europe as case studies of regionalism and the regional method in geography. (Not offered every year.)

570 Applied Field Methods in Physical Geography (3:1:6). Pr. 103 or 314, or consent of instructor. • May be repeated as area of world visited changes.

Application of methods in physical geography. Topics include surveying, stream measurement, dendrochronology, and geomorphological mapping. Extended field trip required. (SU)

590, 591 Special Problems in Geography (3), (3). Pr. consent of faculty member with whom student wishes to work and at least 3 hours of previous work in geography.

Opportunity for advanced students to undertake independent study of field research of special interest.

DEPARTMENT OF GERMAN AND RUSSIAN

337-A McIver Building

Joachim T. Baer, Professor and Head of Department

Associate Professors Adams, Lixl-Purcell; Lecturers Ahern, Jensen, Pynes

The aim of the Department of German and Russian is to convey a deeper understanding for important foreign languages and cultures in the context of a liberal and humanistic education.

The following courses are intended both to impart useful skills and to contribute to the student's intellectual development and aesthetic experience. Language instruction courses provide the students with a basic speaking knowledge and with a reading knowledge that will enable them to inform themselves independently about the life and literature of German- and Russian-speaking countries. More advanced courses emphasize literary study and culture, which are the actual goals of the major in German.

The language laboratory provides the student with the facilities for aural and oral exercises. Cultural material such as film, records, and tapes is coordinated with classroom work. Students may also elect to live in UNCG's International House.

For all interested students a German coffee hour (Kaffeestunde) is held once a week, where students and faculty meet socially to speak German. The UNCG film program provides a German full-length film each month, and several Russian films each semester.

From time to time a UNCG Summer Study Abroad travel program in German-speaking countries is offered. Information on other summer programs abroad is available.

Students who wish to spend their junior year studying any subject at the Universities of Bamberg, Mannheim, Osnabrück, The Higher School of Commerce at Worms (UNCG partner institutions), or with other programs, must have completed intermediate German.

A major in German works in tandem with an International Business Studies major (first or second major). Students are strongly advised to familiarize themselves with this program's offerings on pp. 3898-389 in this Bulletin.

Majors in UNCG's International Studies major with a concentration in Russian Studies (for requirements, see pp. 389-391) may spend a semester or academic year at Joensuu University (Finland) and/or at Petrozavodsk University (Russia).

GERMAN MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours.

The German Major, depending on the student's interest and other abilities, may lead into various careers such as teaching, government and international trade. The specialized study of German aims to improve language skills and to convey understanding of German culture, through the study of literature, film and works of German thought.

Students seeking teacher licensure should see "Teacher Education," Chapter 6.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a

complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum of 24 semester hours in German above the 204 level, including at least:

1. Two courses from 210, 301, 302, 307, 308, 311 (at least one from 301, 302).
2. GER 303 and one of the following: GER 304, 315 or 316
3. At least five total courses at the 300 level.
4. At least four total courses involving literature or cultural studies.

NOTE: Courses in German literature or culture in English translation (217, 218, 221, 315, 316) can only be used for Major credit if an appropriate amount of reading is done in German.

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Related Area Requirements

Suggested but not required: ART 305; ATY 385, 387, 587; ENG 201, 202, 339, 340; HIS 391, 392, 572, 573; RUS 201, 202, 313, 314, 315, 316; PHI 252, 330.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

GERMAN MINOR

15 hours above German 102, including at least 6 hours at the 300-level. Courses in English translation may not be counted. NOTE: Courses in German literature or culture in English translation (217, 218, 221, 315, 316) can only be used for minor credit if an appropriate amount of reading is done in German.

RUSSIAN MINOR

15 hours above the 100-level of which the following twelve are compulsory:

RUS 203-204 (3:3)-(3:3); RUS 305, 306 (3:3), (3:3).

GERMAN COURSES (GER)

Courses Read in English

German literature courses read in English translation are as follows:

217, 218 Masterworks of German Literature Read in English (3:3), (3:3).

221 Germanic Mythology. Readings in English (3:3).

315, 316 German Civilization. Readings in English (3:3), (3:3).

A full description of the above courses will be found in numerical order in the German courses listed below.

For Undergraduates

101-102 Elementary German (3:3)-(3:3). • German 102 must be successfully completed to receive credit for German 101.

Essentials of grammar, graded reading, vocabulary building. Language laboratory required.

101B-102B Elementary German for Business and Economics Majors (3:3)-(3:3). • German 102 or 102B must be successfully completed to receive credit for German 101B.

Essentials of grammar and vocabulary with supplementary business vocabulary and reading of business texts. Language laboratory.

101R Elementary German Reading (1:1). Pr. concurrent registration in 101.

Optional supplementary reading course at the elementary level for students interested in improving their command of the language. Course meets two hours a week in second half of semester.

102R Elementary German Reading (2:2). Pr. concurrent registration in 102 or permission of instructor.

Optional supplementary reading course at the elementary level for students interested in improving their command of the language. Simple but unedited

literary texts used. Course meets two hours a week for the whole semester.

203 Elementary German (3:3). Pr. 101-102.

Continuation of the essentials of grammar begun in 101-102. Language laboratory required. [CFL]

DEPARTMENT OF HISTORY

219 Mclver Building

Steven F. Lawson, Professor and Head of Department

Professors Calhoon, D'Emilio, Link, MacKenzie, Melton, Saab, Schleunes, Schweningen; Associate Professors Bilinkoff, Caneva, Cassell, Clowse, Cooley, Floyd, Mazgaj, Ruzicka; Assistant Professors Blair, Enstad, Kriger, Tolan, Tolbert; Lecturer Hatcher

History, at the most general level, provides students not just with the collective memory of their own national heritage but with an opportunity to gain perspective on this heritage by comparing it with the legacies of other nations and even other civilizations. Courses offered by the History Department, therefore, range from American through European history to histories of non-Western civilizations. In addition to giving students a knowledge of their own national development and a comparative perspective from which to evaluate it, history is designed to produce an awareness of the circumstances surrounding change and continuity over time and how both alter the quality of human life. This knowledge is important not only because human beings have difficulty in knowing where they are unless they know where they have been, but also because, in Santayana's words: "Those who cannot remember the past are condemned to repeat it."

The **History Major** prepares students for career opportunities in a wide range of employment, where liberally educated minds can be turned to fruitful account. It offers an excellent general background for later, more specialized studies in fields such as law and journalism. A number of history majors go on to work in public service at the local, state, and federal levels or find employment in those areas of the private sector where a premium is put on a sound general education. Finally, many history majors employ their skills more directly: in the teaching profession (from the primary through graduate school levels), in museums and archives, or in the expanding field of historical preservation work.

The department offers programs leading to the Bachelor of Arts degree in history, the Master of Arts in history, and the degree of Master of Education with a concentration in history or social studies.

All 200-level courses are open to freshmen; all 300-level courses are open to sophomores; 400- and 500-level courses are open to juniors and seniors.

HISTORY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours.

Students seeking teacher licensure should see "Teacher Education" in Chapter 6.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 30 semester hours above the 100-level, where History is the primary major. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

All majors must maintain a grade point average of at least 2.0 in history courses to qualify for a degree in history.

The department divides its undergraduate offerings into three fields (see courses listed below): Western Europe, United States, and the Wider World. For the primary major, the minimum of 30 semester hours must include 12 semester hours at the 200-level with no more than 6 hours in the Western European field; 12 semester hours at the 300-level, and 6 semester hours at the 500-level, which must include HIS 511a, b, or c (Seminar in Historical Research and Writing). To ensure that each major has breadth in his or her program, of the 30 semester hour minimum a student must take at least 6 hours from each of the three fields (Western Europe, United States, Wider World).

For the second major, of the 24-semester hour minimum, a student must take at least 6 hours from each of the three fields. Furthermore, at least 6 hours of the 24-semester hours minimum must be taken at the 500-level.

Field I: Europe

220, 221, 222, 223, 251, 252, 311, 315, 349, 351, 353, 354, 355, 357, 358, 360, 363, 364, 365, 366, 368, 369, 371, 373, 374, 375, 376, 380, 391, 392, 393, 397, 398, 510, 511b, 541, 542, 544, 560, 562, 563, 564, 567, 571, 574.

Field II: United States

211, 212, 301, 302, 328, 329, 330, 335, 336, 337, 338, 339, 340, 343, 344, 347, 359, 502, 505, 511a, 512, 515, 517, 518, 520, 522, 524, 526, 530, 545a, b, 549, 550.

Field III: Wider World

203, 204, 214, 215, 216, 217, 218, 239, 240, 303, 304, 306, 307, 308, 320, 321, 361, 370, 377, 378, 379, 381, 383, 384, 385, 386, 389, 508, 511c, 538, 540, 575, 577, 587, 588.

Other

Individual study courses for the most part; will vary according to subject taught each time: 305, 390, 401, 402, 493

Related Area Requirements

Because history is closely related to many other disciplines, we strongly recommend that history majors consult their advisors about using their liberal education requirements and electives to build a coherent series of cognate courses. Students interested in the various national histories may wish to pursue language and literature courses in the same area; students interested in social and institutional history may wish to pursue courses in the social sciences such as anthropology, sociology, political science, and economics; students interested in cultural and intellectual history will profit by work in philosophy, religious studies, and art and music history.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

HISTORY MINOR

The History Minor complements majors in a variety of fields, including English, the languages, and the other social sciences. Requirements are flexible to permit students to select courses with the help of their major departments, which will develop and extend their individual interests

as expressed in their majors. The minor shall comprise 15-21 semester hours in history; it may include two courses at the 100-level. If six hours of Western Civilization are taken with a team or panel which includes a member of the History Department, three hours may be counted toward the History Minor. Students should register for the History Minor in the History Department Office, 219 McIver Building.

384 The Modern Transformation of China: 1800 to Present Day (3:3).

Coming of Europeans; decline of imperial institutions to 1870; Western impact and Chinese reforms, 1870-1945; contemporary China. Cooley. [NW, CNW].

385 Japanese History to 1867, Izanagi and Izanami to Emperor Meiji (3:3).

Creation myths - archaeological record, warrior aristocracy under Chinese venter, Japanese feudalism: Shoguns, daimyo samurai, servants of Christ, diplomats, seclusion, and civil war. Cooley. [NW, CNW].

386 Creating Modern Japan, 1867 to the Present (3:3).

Meiji Restoration and the West, Radical Nationalism, Parliamentary government, World War II from Manchurian Incident through MacArthur. Present day Japan. Cooley. [NW, CNW].

389 History of Politics and Society in West Africa (3:3).

Civilizations and empires before 1500; the Atlantic slave trade and its effects; stateless societies; kingdoms, politics, and society, 1500-1900; Islam and Christianity; European colonialism; African resistance; independence movements. [NW, CNW].

390 History Internship (3). Pr. consent of department head. • May be repeated for credit.

Field learning experience in public or applied history. Academic supervision provided by job supervisor. Assigned reading and written reports.

391 The Holy Roman Empire (3:3).

The Holy Roman Empire, later known as Germany, from its origin to its destruction by Napoleon. Focus on Christianization of Germany, medieval monarchy, Reformation, Thirty Years War, rise of Prussia. Schleunes.

392 The Holocaust; History and Meaning (3:3).

This course examines the history of the Nazi Holocaust during World War II and explores a variety of meanings—intellectual and artistic—that have been imposed upon it. Schleunes.

393 Medieval Church and State (3:3).

Course examines origins, elaboration, and impact of political thought in the West as it arose out of the ongoing transformation of the medieval church and state from circa 300-1500.

397 Modern European Thought (3:3).

Intellectual and cultural history from the Enlightenment through Modernism. Emphasizes origins and maturation of Western ideological traditions with extended treatment of selected figures and themes (e.g., Marx and Nietzsche). Mazgaj. [HP, CHP-CMO].

398 Contemporary European Thought (3:3).

Intellectual and cultural history from Modernism to the present. Emphasizes relation between culture and politics with extended treatment of selected figures and themes (e.g., Camus and Sartre). Mazgaj.

401, 402 Individual Study (1 to 3), (1 to 3).

Directed program of reading or research. Available to qualified students upon the recommendation of an instructor and approval of department head.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

Prerequisite for ALL 500-level courses: either the completion of six hours of 300-level History courses or the permission of the instructor.

502 Blacks in American History: Selected Topics (3). • May be repeated once for credit.

Examination of selected topics in black history including African beginnings, slavery, racial attitudes, and civil rights. Schweningenr.

505 Introduction to Archival Management (3:3). Pr. consent of instructor.

Principles of archival management, featuring both classroom instruction in archival theory and practical experience in manuscript repositories and public and private archives. (Same as LIS 505)

508 Latin America: Selected Topics (3:3). Pr. one course in Latin American history or consent of instructor. • May be repeated once for credit when topic varies.

A study of select political and economic developments from a historical perspective. Topics include an examination of Hispanic democracy, the evolution of the military, and land tenure. Seminar format.

510 Historiography (3:3).

History of historical writing from Old Testament times to 19th century, with some attention to the philosophy of history and the development of the historical profession. Readings in major historians from Herodotus to Ranke.

511a,b,c Seminar in Historical Research and Writing (3:3), (3:3), (3:3). • Required of history majors. Pr. permission of instructor. • May be repeated once for credit when topic varies.

Locating and using historical source materials, written and oral, published and unpublished. 511a: American; 511b: European; and 511c: Wider World.

512 The Preservation of the American Past (3:3).

A history of America's past through museums (indoor and outdoor); collections and their interpretation; exhibitions and park and wilderness areas.

515 American Diplomatic History: The Twentieth Century (3:3).

Emphasis on most important crises and making of basic policy decisions from Spanish American war to present. D'Emilio.

517 American Economic History: Colonial Times to 1865 (3:3). Pr. ECO 201 or consent of instructor.

Evolution of the American economy through the Civil War. Emphasis on sources of economic growth and economic welfare. (Same as ECO 517) Snowden.

518 American Economic History: 1865 to Present (3:3). Pr. ECO 201 or consent of instructor.

Evolution of the American economy from the Civil War to the present. Emphasis on economic performance through time measured against the goals of full employment, price stability, and rapid growth. (Same as ECO 518) Snowden.

520 Southern History: Selected Topics (3:3).

• **May be repeated once for credit when topic varies.** Selected topics in the history of the American South from the colonial origins to our time. Examples include politics, education, economic development, reform, race, and gender.

522 Early American History: Selected Topics (3:3).

• **May be repeated once for credit when topic varies.** Varying topics in early American history including settlement, economic development, Puritanism, the Great Awakening, slavery, ethnicity, and pre-Revolutionary politics.

524 Twentieth Century U.S. History: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in twentieth century U.S. history including Progressive Era, World War I, the 1920s, the Great Depression and New Deal, World War II, McCarthyism, Civil Rights Movement, Vietnam War, the 1960s.

526 The Civil War and Reconstruction: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Causes of the Civil War. Military events and developments on the home front in wartime, North and South. Reconstruction policy in Washington and its implementation in the South.

530 History of Sexuality: Selected Topics (3:3).

Pr. for undergraduates, HIS 359 or the permission of the instructor. • May be repeated once for credit when topic varies.

Intensive exploration of critical themes in the history of sexuality, including such issues as fertility control, sexual identity, and sexual politics. D'Emilio.

538 South America (3:3). Pr. one course in Latin American history or consent of instructor.

A comparative study of the political and economic history of select countries. Emphasis on the variety of the Latin American experience; similarities and differences among the republics. Concentration on late nineteenth century to 1974. Seminar format.

540 Middle America (3:3). Pr. one course in Latin American history or consent of instructor.

An investigation into the history of Mexico and Central America. Emphasis on the political and economic developments in Mexico, 1876-1976, with special attention to the Revolution, and on the late nineteenth

century to 1979 in Central America. Seminar format.

541 Ancient World: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in ancient Near Eastern, Greek, and Roman history, including politics and public rituals, patterns of social organization, ancient slavery, cross-cultural interactions. (Same as CCI 541)

542 Middle Ages: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in medieval culture and society chosen from the broad categories of political, social, economic, intellectual, or religious history.

543 Historic Preservation: Principles and Practice (3:3). Pr. HID 221, 222, or permission of instructor.

Study of change in historic preservation theory and practice since the 1800s with emphasis on preservation of built environment. Development of philosophical approach for designers to contemporary preservation projects. (Same as HID 543)

544 Early Modern Europe: Selected Topics (3:3).

• **May be repeated once for credit when topic varies.**

Varying topics in early modern European history, including Renaissance cities, Protestant Reformation, Catholic Reformation, court cultures, impact of printing, gender and identity and the Age of Discovery.

545a,b Southern History and Southern Material Culture in a Museum Context (3), (3). Pr. consent of instructor. Students selected by individual application.

Combination of southern history and material culture with a museum practicum. Offered each summer at the Museum of Early Southern Decorative Arts in Winston-Salem. Gordon.

548 Architectural Conservation (3:3). Pr. HID 332, 301, or permission of instructor.

Overview of contemporary architectural conservation principles, practice and technology. A series of field exercises, group projects and investigation of an individual research topic expand upon lectures and readings. (Same as HID 548)

549 American Social History: Family and Religion (3:3).

American social history from the eve of colonization to Reconstruction, the family and communal organization of early American society, and the assumptions about human nature and destiny underlying culture and change.

551 Gender and History: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in Gender and History including Gender and Popular Culture; Gender, Labor, Race, and Class; History of Masculinity.

560 Nineteenth-Century Europe: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Selected topics address comparative political, social, and economic development of major European states and changing power relationships from the defeat of Napoleon to the end of the First World War.

562 Twentieth Century Europe: Selected Topics (3:3). • May be repeated for credit when topic varies.

Topics in 20th century European history including World War I, its impact on European thought and culture, the origins of World War II, the movement for European Unity, the Cold War.

563 Early Modern England: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in early modern British history, including the Protestant Reformation, political revolutions and economic and social change.

564 Modern Britain: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in modern British history such as the industrial revolution, parliamentary reform, loss of one empire and the creation of a second, World War I and II.

567 French History: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Study of specific themes and/or problem areas in French History. Mazgaj.

571 Modern European Thought: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Study of selected themes and/or problems in European intellectual and cultural history.

574 Modern Germany: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in modern German history including the Third Reich, Germany during World War I, Bismarckian Germany, ideology in Germany.

575 Modern Russian History: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in modern Russian history, including "Great Reforms," industrialization, revolutionary

movement, Marxism-Leninism, tsarist and Soviet foreign policy, Soviet politics, post-World War II changes, Gorbachev era, and end of Soviet Union.

577 Eastern Europe: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in modern east European history including partitioned Poland and national reawakening, the Czechs, Balkan nationalism, modern Serbian nationalist groups such as "The Black Hand."

581 African History: Selected Topics (3:3). • May be repeated once for credit when topic varies.

Varying topics in African history including Central African Kingdoms, Pre-colonial West African Kingdoms, "Stateless" Societies of Africa.

587 Southern African Kingdoms, 1780-1897 (3:3).

The rise and decline of African nations in nineteenth-century southern Africa: state formation, economics and social change; historical methodology and the use of oral sources.

588 East Asian History: Selected Topics (3:3).

• May be repeated once for credit when topic varies. Varying history in East Asian history: a detailed examination of specific social, economic, political and intellectual facets of Chinese, Korean and Japanese history.

For Graduate Students Only

601 Seminar In European History (3:3).

602 Seminar in European History (3:3).

609 Colloquium in American History before 1865 (3:3).

610 Colloquium in American History since 1865 (3:3).

611 Seminar in American History (3:3).

612 Seminar in American History (3:3).

621 Colloquium in European History before 1800 (3).

622 Colloquium in European History since 1815 (3).

DEPARTMENT OF MATHEMATICAL SCIENCES

383 Bryan Building

Paul F. Duvall, Professor and Head of Department

Professors Hildebrandt (Emeritus), Posey (Emeritus), Sher, J. Vaughan; Associate Professors Church (Emeritus), Gentry, Herr, Kissling, Landman, Lea, Long, Ludwig, Sadri, T. Vaughan; Assistant Professors Blanchet-Sadri, Byrd, Cooper, Love, Sivalingam, Wang; Instructors Griffin, Kilgariff; Lecturers Bradley, Carter, Keith, Koehler, Montgomery, O'Connor, Sallez, Sen, Shelton, Vruwink, Weigel

The Department of Mathematical Sciences offers undergraduate programs leading to the BA and BS degrees in Mathematics and the BS degree in Computer Science. It also offers graduate programs leading to the MA or ME. degrees in Mathematics (with specialities available in mathematics, computer science, or statistics) and the Certificate of Advanced Study (sixth-year program).

Mathematics and Computer Science are excellent majors for the student whose immediate objective is to acquire a strong liberal arts education. The goal of all of the Department's programs is to produce students who are both technically competent and sufficiently well grounded in theory that they can contribute to fundamental research in their chosen specialty. To give a professional direction to the student's liberal arts education, the mathematics major may elect a concentration in statistics or computer science, or seek secondary teacher certification. (Students seeking secondary teacher licensure should see "Teacher Education" in Chapter 6 of this catalog.) The Department of Mathematical Sciences can also help students design a plan of study emphasizing special interests, such as applied mathematics or computer systems analysis.

There are many opportunities for the undergraduate majors in the mathematical sciences in industry, government, business, and secondary school teaching. An undergraduate major in the mathematical sciences also provides excellent preparation for graduate studies in many areas, including actuarial sciences, computer science, economics, engineering, law, mathematics, operations research and statistics. The majors can be specialized to allow preparation for any of these goals.

The department offices, classrooms, and study areas are located in the Bryan Building. Students have access to computing facilities including personal computer laboratories, workstations, and VAX minicomputers. The campus is fully networked locally. The University is an Internet node, and students and faculty have access to the Internet's many features.

MATHEMATICS MAJOR (BACHELOR OF ARTS AND BACHELOR OF SCIENCE)

Required: 122 semester hours

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

The mathematics major must complete courses as specified below, and must maintain a grade point average of at least 2.0 in MAT/CSC/STA courses required for the major.

It is strongly recommended that students planning to pursue graduate study in Mathematics include at least two courses from MAT 591, 592, 595, 596, and two other courses from MAT 514, 515, 516, 517, 518, 531, 532, 540, 541, 542, 545, 546, 549, 556, 591, 592, 595, 596.

Requirements for the Bachelor of Arts

- A. MAT 191, 292, 293, 310, 311, 394
- B. Two 500-level courses chosen from the following list*: Any MAT course (excluding 503, 504, 505, 513); CSC 523, 524, 553, 555; STA 551, 552, 573, 574, 575
*Students seeking secondary teacher licensure must take one course from list B and must take the three courses MAT 504, 505, and 513.
- C. Six additional hours chosen from the following list:
Any MAT course 200-level or above (excluding 220, 303, 304, 503, 504, 505)
CSC 322, 523, 524, 553, 555
STA 271, 351, 352, 551, 552, 573, 574, 575
- D. CSC 130 or 230
- E. PHY 101 and 102; or PHY 291 and 292; or CHE 103 and 104; or BIO 111 and 112

Requirements for the Bachelor of Science

Students must meet all of the requirements for the Bachelor of Arts and take two additional courses from list C above.

Computer Science Concentration

Students majoring in mathematics may elect to concentrate in computer science. Students seeking this concentration must satisfy the requirements for the B.S. degree and must include in their program: MAT 253; CSC 130, 230, 330; one of CSC 261, 339, 340; and two 500-level CSC electives.

Statistics Concentration

Students majoring in mathematics may elect to concentrate in statistics. Students seeking this concentration must satisfy the requirements for the B.S. degree and must include in their program: CSC 130, STA 351 (or 551), 352 (or 552), 573, 574, an approved course in analysis, and two additional statistics courses at the 200 level or above chosen with the advice and consent of the Department of Mathematical Sciences.

Secondary Teacher Licensure

Students seeking secondary teacher licensure must satisfy the requirements for the B.A. or B.S. degree and must include in their program: CSC 322 or MAT 390; STA 271 or 351; MAT 504, 505, 513; one course chosen from: MAT 514, 515, 516, 517, 518, 519, 520, 521, 531, 540, 549, 595, 596.

MATHEMATICS MINOR

The minor in mathematics consists of at least 15 hours of work in the department, to be arranged in consultation with an advisor and with 12 semester hours in courses above the 100 level.

NOTE: All minor programs must be approved by the Department of Mathematical Sciences.

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES— BA OR BS IN MATHEMATICS AND MA OR MEd IN MATHEMATICS

The Department of Mathematical Sciences offers an accelerated program that permits the exceptionally well qualified student to receive an undergraduate degree in mathematics (BA or BS) within a four year period and a Masters degree in mathematics (MA or MEd) in an additional year.

A thorough knowledge of calculus is necessary for much of the advanced work required to complete the undergraduate degree. Because of this, it is unlikely that a student would be able to complete the accelerated program without having AP calculus credit. Advanced Placement credit in other areas would also be helpful in order to reduce the number of required undergraduate hours; see courses on pp. 20-21 for which AP credit is available.

Most mathematics courses depend on previous knowledge and have significant prerequisites. It is therefore very important that students identify themselves as potential candidates for the accelerated program **early** in their academic careers in order to receive appropriate advising. Although formal admission to the accelerated program does not occur until the student achieves junior status, proper advising must take place as early as possible so that appropriate coursework can be chosen in the correct sequence. This is particularly important with respect to mathematics courses so that the student will be ready to begin advanced work in mathematics suitable for the masters degree as soon as possible.

Students in the accelerated program must meet all requirements for the respective degree received. No coursework may be counted toward more than one degree. Requirements for the undergraduate degrees are listed on pp. 177-178. The MA in mathematics requires 30 hours of graduate level mathematics including a thesis; the MEd in mathematics requires 33 hours at the graduate level including 24 hours in mathematics and 9 hours in education. Specific requirements for the MA and MEd are listed in the **Graduate School Catalog**.

COMPUTER SCIENCE MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

1. CSC 130, 230, 261, 312, 330, 339, 340, 553, 561, 562
2. CSC Electives: 12 hours; select one option below:
 - Option 1—3 courses from Group A, and 1 course from any group
 - Option 2—2 courses from Group A, CSC 521, and 1 course from any group
 - Option 3—1 course from Group A, ISM sequence from Group B, and 2 courses from any group

Option 4—ISM sequence from Group B, CSC 521, 555, and either 539 or 1 course from Group C

Group A: CSC 322, 523, 524, 529, 593, 594

Group B: ISM sequence of 1 hour courses; all three courses must be taken: ISM 315, 316, and 317; CSC 521, 539, 555, 593, 594

Group C: CSC 467, 593, 594, PHY 512*, PHY 513*

* May be used either here or in Science Requirement 2 below

Supporting Discipline Requirements

1. MAT 191, 253, 292, 293, 310, 353
2. One of MAT 515, 531, 532, 541, 542, 556, STA 551, STA 552

Science Requirements

1. PHY 291 and 292, or CHE 111, 112, 114, 115 (these courses also fulfill the College physical science, laboratory science, and unrestricted science requirements).
2. At least 6 hours of science courses selected from ATY 253 or any course carrying credit toward a biology, chemistry, or physics major. (Only BIO 111, 112 or ATY 253 fulfills the College life science requirement as well as one course in this requirement).

Students must maintain a grade point average of at least 2.0 in the core courses, required electives, and required supporting discipline courses.

COMPUTER SCIENCE MINOR

The minor in computer science consists of at least 15 hours of work, chosen as follows:

1. MAT 253
2. CSC 130, 230, 330
3. One of CSC 261, 339, 340

NOTE: All minor programs must be approved by the Department of Mathematical Sciences.

COMPUTER SCIENCE COURSES (CSC)

For Undergraduates

101 Introduction to Computer Concepts (3:3).

Introduction to computers and computing. Topics cover impact of computers on society, ethical issues, hardware, and software applications.

130 Introduction to Computer Science (3:3). Pr. acceptable score on the mathematics placement test or a grade of at least C in MAT 119.

Programming in a high-level language. Emphasis on problem analysis, problem-solving techniques, and software design principles and techniques.

230 Elementary Data Structures and Algorithms (3:3). Pr. grade of at least C in 130.

Advanced syntax of high level language taught in CSC 130. Emphasis on modularization and abstraction. Big-O analysis of algorithms. Design and use of abstract data types with various implementations.

237 Programming Language Laboratory (1 to 3; 1 to 3). Pr. grade of at least C in 230. • May be taken twice for credit with permission of the Department Head.

Syntax and use of a programming language. Language covered announced at preregistration.

261 Computer Organization and Assembly Language (3:3). Pr. grade of at least C in 230.

CPU, memory, I/O devices, digital logic design, psw. Number representations and machine language. Assembly language instruction types, registers, addressing, arithmetic, instruction format, opcodes, pseudo-opcodes, assembler directives, system calls, and macros.

312 Ethics in Computer Science (1:1). Pr. grades of at least C in 230 and MAT 253. • Grade: Pass/Not Pass (P/NP).

Historical and social context of computing, ethical responsibilities of the computing professional, intellectual property rights, and risks and liabilities.

322 Linear Programming (3:3). Pr. grade of at least C in MAT 310.

Covers simplex computational procedure, minimum feasible solutions, artificial-basis technique, slack variables, perturbation techniques, cycling, parametric objective and dual problems, sensitivity analysis, and decomposition algorithms.

330 Advanced Data Structures (3:3). Pr. grades of at least C in 230 and in MAT 253.

Static and dynamic data structures emphasizing binary trees and graphs. Advanced programming techniques. Advanced sorting and searching algorithms. Hashing techniques. Performance analysis. Methods of developing large applications programs.

339 Concepts of Programming Languages (3:3). Pr. grade of at least C in 330.

Concepts of block-structured, object-oriented, functional, logic, and concurrent programming languages. Comparative study of syntactic and semantic features of these languages and writing programs using them.

340 Software Engineering (3:3). Pr. grade of at least C in 330.

Practical and theoretical concepts of software engineering using the UNIX and C environment.

467 Computer Networks (3:3). Pr. grades of at least C in 261 and 330.

Introduction to Open Systems Interconnection seven layer model and protocols. LAN standards including Ethernet, token ring, token bus. Internet network architecture. TCP/IP and NFS protocols. Writing network applications programs.

For Advanced Undergraduates and Graduate Students

521 Computer Graphics and Image Processing (3:3). Pr. grades of at least C in 330 and in MAT 310, or consent of instructor.

Survey of graphics and image processing hardware, algorithms, data structures, and techniques.

523 Numerical Analysis and Computing (3:3). Pr. grades of at least C in 130, and in MAT 310 and MAT 293.

Number systems and errors, solutions of non-linear and linear systems, eigenvalue problems, interpola-

tion and approximation, numerical differentiation and integration, solution of differential equations.

524 Numerical Analysis and Computing (3:3). Pr. grade of at least C in 523.

Continuation of 523 with special topics in numerical analysis, emphasis on applied mathematics.

529 Artificial Intelligence (3:3). Pr. grade of at least C in 330.

Knowledge representations. Resolution refutation systems. Best-first search algorithms. Heuristic, minimax, alpha-beta pruning techniques. Selected topics from machine learning, natural language processing, expert systems, neural networks. Functional or logic programming language.

539 Introduction to Compiler Design (3:3). Pr. grades of at least C in 261 and 330 or consent of instructor. Successful completion of 553 helpful.

Basic techniques of compiler design and implementation: lexical analysis, parsing, code generation. Sizable programming project implementing a compiler for a block-structured language with strong typing.

553 Theory of Computation (3:3). Pr. grade of at least C in MAT 253 and programming experience.

Finite state automata and regular expressions, context-free grammars, push-down automata and their use in parsing, overview of language translation systems, models for programming language semantics, computability and undecidability.

555 Algorithm Analysis and Design (3:3). Pr. grades of at least C in 330 and in MAT 353.

Sequential algorithm design and complexity analysis. Dynamic programming. Greedy algorithms. Graph algorithms. Selected advanced topics from NP-completeness; approximation, randomized, parallel, number-theoretic algorithms; Fast Fourier Transform; computational geometry; string matching.

561 Principles of Computer Architecture (3:3). Pr. grades of at least C in 261, MAT 353.

Hardware and software components of computer systems, their organization and operations. Topics: comparative instruction set architectures, microprogramming, memory management, processor management, I/O, interrupts, and emulation of processors.

562 Principles of Operating Systems (3:3). Pr. grades of at least C in 261 and 340 or permission of instructor. Successful completion of 561 helpful.

Techniques and strategies used in operating system design and implementation: managing processes, input/output, memory, scheduling, file systems, and protection.

589 **Experimental Course: Principles of Database and Knowledge-Base Systems (3:3).** Pr. grade of at least C in CSC 330.

Contemporary database and knowledge-base systems. Emphasis on relational, deductive, and object-oriented models. Query processing, modeling and implementation of application in these models.

593, 594 **Directed Study in Computer Science (1 to 3), (1 to 3).**

For Graduate Students Only

621 **Advanced Computer Graphics and Image Processing (3:3)**

623, 624 **Numerical Mathematics (3:3), (3:3).**

693 **Advanced Topics in Computer Science (3 to 6).**

695 **Current Problems in Computer Science (3:3).**

699 **Thesis (3-6).**

MATHEMATICS COURSES (MAT)

For Undergraduates

100 **Intermediate Algebra (0:3).** • Credit does not apply toward graduation nor count in the student's GPA.

Real numbers and their properties, linear equations, systems of equations, polynomials and functions, fractional expressions, exponents and roots, quadratic equations, graphing, inequalities.

112 **Contemporary Topics in Mathematics (3:3).** Selected topics from sets and logic, mathematical systems, statistics and probability, geometry and matrix algebra. Designed primarily for liberal arts student. [MT, CMT].

119 **College Algebra (3:3).** Pr. an acceptable score on the mathematics placement test or a grade of at least C in 100.

Review of elementary algebra, equations, inequalities, relations, functions, transformations, graphing, complex numbers, polynomial and rational functions. [MT, CMT].

120 **Calculus for Business and the Social Sciences (3:3).** Pr. an acceptable score on the mathematics placement test or a grade of at least C in 119. • Credit cannot be received for both this course and MAT 191. • NOTE: this course does not serve as a prerequisite for 292 (Calculus II).

Limits and introductory differential calculus of the algebraic functions of one variable. [MT, CMT].

121 **Analytic Trigonometry (3:3).** Pr. an acceptable score on the mathematics placement test or a grade of at least C in 119.

Review of relations, trigonometric (circular) functions and identities, exponential and logarithmic functions, solutions of triangles, equations of second degree and their graphs. [MT, CMT].

191 **Calculus I (3:3).** Pr. a grade of at least C in 121 or permission of the instructor. • Credit cannot be received for both this course and MAT 120 (formerly MAT 191B).

Limits and introductory differential calculus of the algebraic and transcendental functions of one variable. [MT, CMT].

220 **Plane and Solid Analytic Geometry (3:3).** Pr. grade of at least C in 121 or equivalent. • Hours count toward teacher certification but do not count toward degree requirements for a mathematics major.

Study of conic sections (including rotation of axes), graphing with polar coordinates, quadric surfaces, and vectors.

253 **Discrete Mathematics I (3:3).** Pr. grade of at least C in 121, acceptable score on mathematics placement test, or consent of instructor. • At most one of MAT 253 or MAT 295 can count toward degree requirements for a mathematics major.

Mathematical reasoning techniques and concepts in computer science. Topics include sets, functions, sequences, relations, induction and recursion, recurrence relations, boolean algebra, and elementary propositional and predicate logic, including proof techniques.

292 **Calculus II (3:3).** Pr. a grade of at least C in 191 or permission of the instructor.

A continuation of the study of differential calculus of the elementary transcendental functions, introductory integral calculus of the algebraic and transcendental functions of one variable, techniques of integration.

293 **Calculus III (3:3).** Pr. grade of at least C in 292. Indeterminate forms, Taylor's formula, infinite series, partial derivatives, multiple integrals.

295 Proofs and Mathematical Structures (3:3). Pr. grade of at least C in 292. • At most one of MAT 253 or MAT 295 can count toward degree requirements for a mathematics major.

An introduction to basic mathematical concepts needed for most upper level mathematics courses. The language and logic of proofs, basic set theory, relations, functions, numbers, counting, cardinalities, introduction to algebra.

303 Topics in Mathematics (3:3). • Hours count toward teacher certification but do not count toward degree requirements for a mathematics major.

Primarily for students seeking grades 6-9 certification. Extensive study of rational, irrational and real numbers; selected topics from number theory; clock and modular arithmetic. Concrete models used to illustrate many of the mathematical concepts studied.

304 Introduction to the Foundations of Geometry (3:3). • Hours do not count toward degree requirements for Mathematics majors.

Introductory course primarily for students seeking grade 6-9 certification. Designed to develop an understanding of the fundamental ideas of geometry. Includes both an intuitive and deductive study of points, lines, planes, curves, surfaces, congruences, parallelism, similarity and linear, angular, area, and volume measures.

310 Matrix Theory (3:3). Pr. grade of at least C in 292.

Matrices, equivalence relations for square matrices, determinants, finite dimensional vector spaces, linear transformations, eigen- vectors.

311 Modern Algebra (3:3). Pr. grade of at least C in 310.

Introduction to theory of groups, rings, integral domains and fields, including basic properties of polynomials.

345 Vector and Tensor Analysis (3:3). Pr. grade of at least C in 293 and 390.

Vectors, scalar fields, vector fields. Dot and cross product. Vector differentiation and integration. Gradient, divergence and curl. Green's theorem, divergence theorem, Stokes' theorem. Curvilinear coordinates. Tensor Analysis: Physical laws. Coordinate transformations. Contravariant and covariant vectors. Contravariant, covariant, and mixed tensors. Tensor fields. Symmetric and skew-symmetric tensors. Conjugate or reciprocal tensors. Associated tensors. Transformation laws of Christoffel's symbols. Tensor form of gradient, divergence, and curl.

353 Discrete Mathematics II (3:3). Pr. grade of at least C in 253 or consent of instructor.

Problem-solving and modeling using techniques and concepts of Discrete Mathematics with applications to algorithms. Topics include elementary graph theory, combinatorics, difference equations, discrete probability and random numbers.

390 Ordinary Differential Equations (3:3). Pr. 292.

First order differential equations and linear equations of finite order, inverse differential operators, undetermined coefficients, variation of parameters, power series solutions near ordinary or regular singular points, applications, numerical methods.

394 Calculus IV (3:3). Pr. grade of at least C in 293.

Application of partial derivative, infinite series, multiple integrals, line and surface integrals, integral theorems.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

503 Problem Solving in Mathematics ((3:3). Pr. grade of at least C in 191 and 303 or consent of instructor. • Hours count toward teacher certification but do not count toward degree requirements for a mathematics major.

Investigates the nature of problem solving, covers procedures involved in problem solving, develops individual problem solving skills, and collects a set of appropriate problems. Required for middle grades mathematics concentration.

504 Foundations of Geometry for Teachers (3:3). Pr. grade of at least C in 292 or consent of instructor.

• Hours count toward teacher certification but do not count toward degree requirements for a mathematics major.

Primarily for students seeking teacher certification. Includes logic and axiom systems, history, plane and solid Euclidean geometry, proof strategies, introduction to non-Euclidean geometries, and transformational geometry.

505 Foundations of Mathematics for Teachers (3:3). Pr. grade of at least C in 292 or 303 or consent of instructor. • Hours count toward teacher certification but do not count toward degree requirements for a mathematics major.

Primarily for students seeking teacher certification. Includes properties and algebra of real numbers; analytic geometry; polynomial, rational, exponen-

tial, logarithmic, and trigonometric functions; complex numbers; concept of limits of functions.

513 Historical Development of Mathematics (3:3). Pr. grade of at least C in 311.

Study of the historical development of mathematics, not a history of persons involved in development.

514 Theory of Numbers (3:3).

An introductory course to both multiplicative and additive number theory. Divisibility, prime numbers, congruences, linear and nonlinear Diophantine equations (including Pell's equation), quadratic residues, number-theoretic functions, and other topics.

515 Mathematical Logic (3:3). Pr. grade of at least C in 253 or 295 or 311.

Formal languages, recursion, compactness, and effectiveness. First-order languages, truth, and models. Soundness and completeness theorems. Models of theories.

516 Polynomial Rings (3:3). Pr. grade of at least C in 311.

Rings, integral domains, fields, division algorithm, factorization theorems, zeros of polynomials, greatest common divisor, relations between the zeros and the coefficients of a polynomial, formal derivatives, prime polynomials, Euclidean rings, the fundamental theorem of algebra.

517 Theory of Groups (3:3). Pr. grade of at least C in 311.

Elementary properties of groups and homomorphisms, quotients and products of groups, the Sylow theorems, structure theory for finitely generated Abelian groups.

518 Set Theory and Transfinite Arithmetic (3:3). Pr. grade of at least C in 311.

The axioms of set theory, operations on sets, relations and function, ordinal and cardinal numbers.

519 Intuitive Concepts in Topology (3:3). Pr. grade of at least C in 311.

Basic concepts, vector fields, the Jordan curve theorem, surfaces, homology of complexes, continuity.

520 Non-Euclidean Geometry (3:3). Pr. grade of at least C in 311.

Fifth postulate, hyperbolic geometries, elliptic geometries, consistency of non-Euclidean geometries, models for geometries, elements of inversion.

521 Projective Geometry (3:3). Pr. consent of instructor.

Transformation groups and projective, affine and metric geometries of the line, plane, and space. Homogeneous coordinates, principles of duality, involutions, cross-ratio, collineations, fixed points, conics,

ideal and imaginary elements, models, and Euclidean specializations.

522 Hilbert Spaces and Spectral Theory (3:3). Pr. grade of at least C in 311.

Vector-spaces: basis, dimension, Hilbert spaces; pre-Hilbert spaces, norms, metrics, orthogonality, infinite sums. Linear subspaces; annihilators, closed and complete subspaces, convex sets. Continuous linear mappings; normed spaces. Banach spaces, Banach algebras, dual spaces. Reisz-Frechet theorem. Completion. Bilinear and sesquilinear maps. Ad-joints. Operators in Hilbert space: isometric, unitary, self-adjoint, projection, and normal operations. Invariant subspaces. Continuous operators. Special theorems for a normal co-operator.

531, 532 Combinatorial Analysis (3:3), (3:3). Pr. grade of at least C in 253 or 295 or 311 or consent of instructor; MAT 310 and 531 are required for 532.

The pigeon-hole principle, permutations, combinations, generating functions, principle of inclusion and exclusion, distributions, partitions, recurrence relations, graphs, graph coloring, planar graphs, trees, networks.

540 Complex Functions with Applications (3:3). Pr. grade of at least C in 293.

The complex number system, holomorphic functions, power series, complex integration, representation theorems, the calculus of residues.

541, 542 Stochastic Processes (3:3), (3:3). Pr. grade of at least C in MAT 394 and either MAT 353 or STA 351, or equivalents.

Markov processes, Markov reward processes, queuing, decision making, graphs and networks. Applications to performance, reliability, and availability modeling.

545 Differential Equations and Orthogonal Systems (3:3). Pr. grade of at least C in 293 and 390 or consent of instructor.

An introduction to Fourier series and orthogonal sets of functions, with applications to boundary value problems.

546 Partial Differential Equations with Applications (3:3). Pr. grade of at least C in 545.

Fourier integrals, Bessel functions, Legendre polynomials and their applications. Existence and uniqueness of solutions to boundary value problems.

549 Topics in Applied Mathematics (3:3). Pr. grade of at least C in 293 and 390 or consent of instructor. • May be repeated for credit with approval of the Department Head.

Selected topics of current interest in applied mathematics.

556 **Advanced Discrete Mathematics (3:3).** Pr. grade of at least C in 253 or consent of instructor. Advanced topics in discrete mathematics and their uses in studying computer science.

591 **Modern Algebra (3:3).** Pr. grade of at least C in 311.

Set theory: sets, mappings, integers. Group theory: normal subgroups, quotient groups, permutation groups, Sylow theorems. Ring theory: homomorphisms, ideals, quotient rings, integral domains, fields, Euclidean rings, polynomial rings.

592 **Abstract Algebra (3:3).** Pr. grade of at least C in 591 or 311 with consent of instructor.

Fields: extensions, transcendental elements, roots of polynomials, Euclidean constructions. Galois theory, solvability by radicals.

593, 594 **Directed Study in Mathematics (1 to 3), (1 to 3).**

595, 596 **Mathematical Analysis (3:3), (3:3).** Pr. consent of instructor.

Real number axioms, metric spaces, sequences, series, continuity, differentiation, the Reimann-Stieltjes integral.

STATISTICS COURSES (STA)

For Undergraduates

108 **Elementary Introduction to Probability and Statistics (3:3).** Pr. an acceptable score on the mathematics placement test or a grade of at least C in MAT 100. • May not be taken for credit by students who have received credit for ECO 250 or 350 or are concurrently enrolled in ECO 250.

Finite sample spaces, discrete probability, random variables, expected value, binomial distribution, independent trials, random samples, point estimation, hypothesis testing, and confidence intervals. [MT, CMT].

271 **Fundamental Concepts of Statistics (3:3).** Pr. An appropriate score on the mathematics placement test or grade of at least C in MAT 119 or STA 108 or consent of department.

Survey of basic descriptive and inferential statistics for undergraduates from any discipline. Graphical

and descriptive techniques. Measures of central tendency, variability, correlation. Estimation. Normal tests, t-tests, analysis of variance. Emphasis on statistical literacy and interpretation.

351 **Probability (3:3).** Pr. grade of at least C in MAT 292.

Basic probability theory; combinatorial probability, conditional probability and independent events; univariate and multivariate probability distribution functions and their properties.

352 **Statistical Inference (3:3).** Pr. grade of at least C in 351 or consent of instructor.

Descriptive and inferential statistics. Emphasis on sampling distributions; theory of estimation and tests of hypotheses, linear hypothesis theory, regression, correlation and analysis of variance.

For Advanced Undergraduates and Graduate Students

551, 552 Introduction to Probability and Mathematical Statistics (3:3), (3:3). Pr. grade of at least C in 351 and MAT 293 or consent of instructor.

Events and probabilities (sample spaces), dependent and independent events, random variables and probability distribution, discrete and continuous distributions, expectation, moment generating functions, point estimation, multivariate normal distribution, testing hypotheses, confidence intervals, correlation and regression, small sample distributions.

571 Statistical Methods for Research I (3:3). Coreq. enrollment in 571L. • Hours do not count toward degree requirements for a mathematics major.

Introduction to statistical concepts. Basic probability, random variables, the binomial, normal and Student's *t* distributions, hypothesis tests, confidence intervals, chi-square tests, introduction to regression, and analysis of variance.

571L Statistical Methods Laboratory I (1:0:2). Coreq. enrollment in 571. • Hours do not count toward degree requirements for a mathematics major.

Using statistical software packages for data analysis. Problems parallel assignments in 571.

572 Statistical Methods for Research II (3:3). Coreq. enrollment in 572L.

Statistical methodology in research and use of statistical software. Regression, one and two factor ANOVA, analysis of covariance.

572L Statistical Methods Laboratory II (1:0:2). Coreq. enrollment in 572.

Using statistical software packages for data analysis. Problems parallel assignments in 572.

573 Theory of Linear Regression (3:3). Pr. grade of at least C in 352 and MAT 310 or 662, or consent of instructor.

Linear regression, least squares, inference, hypothesis testing, matrix approach to multiple regression. Estimation, Gauss-Markov Theorem, confidence bounds, model testing, analysis of residuals, polynomial regression, indicator variables.

574 Theory of the Analysis of Variance (3:3). Pr. consent of instructor.

Multivariate normal distribution, one-way analysis of variance, balanced and unbalanced two-way analysis of variance, empty cells, multiple comparisons, special designs, selected topics from random effects models.

575 Nonparametric Statistics (3:3). Pr. consent of instructor.

Introduction to nonparametric statistical methods for the analysis of qualitative and rank data. Binomial test, sign test, tests based on ranks, nonparametric analysis of variance, nonparametric correlation and measures of association.

593, 594 Directed Study in Statistics (1 to 3), (1 to 3).

DEPARTMENT OF PHILOSOPHY

216 Foust Building

Joshua Hoffman, Associate Professor and Head of Department

Professors Leplin, McConnell, Rosenkrantz; Associate Professors King, Zimmerman; Assistant Professor Preti

The Department of Philosophy offers courses on the fundamental problems and methods of philosophy, the classics of philosophical literature, and the major figures in the history of philosophy.

Philosophy courses fall into natural groups.

- A. Ethics and Theory of Value: 119, 121, 220, 231, 321, 322, 335, 361, 545.
- B. Logic, Epistemology, and Philosophy of Science: 115, 211, 311, 319, 325, 523, 525, 527, 555, 575.
- C. History of Philosophy: 251, 252, 351, 353.
- D. Metaphysics: 259, 357, 559, 565.

Groups A and B are useful preparation for careers in law and government, and the department offers a major in philosophy with a Prelaw concentration. Group B provides knowledge and skills vital to careers in science and medicine. Group C relates philosophy to other humanistic disciplines and is vital to a liberal education. Group D is necessary for advanced work in philosophy.

All courses under 300 and many higher level courses are open to students without previous training in philosophy. Prerequisites for other courses may be waived at the discretion of the instructor. Students are encouraged to begin work in philosophy by taking 111, 115, 119, 211, 251, or 252.

The department sponsors a philosophy club open to all undergraduates, regardless of major. Each year the department sponsors a number of lectures by distinguished scholars from other institutions. The department conducts an annual symposium on a topic of current research in philosophy.

PHILOSOPHY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours.

The Philosophy Major is recommended for students wishing a basic education in the liberal arts, students preparing for a career in law or government, and students contemplating graduate study in philosophy or a related discipline. Students who would like to major in philosophy but whose interests or career goals require substantial work in another field are encouraged to consider the option of a second major.

The **Prelaw concentration** provides a strong preparation for law school through courses in logic, epistemology, ethics, political philosophy, and the philosophy of law. These courses cover a broad range of skills and knowledge that are of fundamental importance in the field of law.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its

PHILOSOPHY

programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

The following courses offered by the Philosophy Department carry AULER and College of Arts and Sciences (CLER) credit:

AULER, CLER Credit

PHI 111, 119, 121, 220, 231

Analytic and Evaluative Studies (AE, CAE)

PHI 251, 252

Historical Perspectives on Western Culture (HP, CHP)

PHI 115, 211

Reasoning and Discourse (RD, CRD)

Major Requirements

Minimum 24 hours in philosophy courses above the 100-level, including at least 12 hours above the 200 level. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

1. PHI 211.
2. PHI 251 and 252.

Prelaw Concentration

In addition to the major requirements, the Prelaw concentration requires the following:

- (a) PHI 115, and
- (b) either PHI 319 or PHI 325 or PHI 555, and
- (c) either PHI 119 or PHI 121 or PHI 321, and
- (d) either PHI 231 or PHI 545, and
- (e) PHI 335

Note that the Prelaw concentration requires PHI 115 plus the major requirement of a minimum of 24 hours in philosophy courses above the 100 level. Thus, the Prelaw concentration requires a minimum of 27 hours in philosophy.

Related Area Requirements

Cognate courses to be determined by department adviser where necessary.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

PHILOSOPHY MINOR

The Philosophy Minor requires a minimum of 18 hours including PHI 251 and 252.

PHILOSOPHY COURSES (PHI)

For Undergraduates

111 Introduction to Philosophy (3:3).

Discussion of views and methods of major philosophers. Topics drawn from metaphysics and epistemology, such as the foundations and scope of human knowledge, personal identity, freedom and determinism, and the mind-body problem. [AE, CAE].

115 Practical Reasoning (3:3).

Introduction to basic principles of reasoning and argumentation. Topics taken from syllogistic reasoning, probability, informal fallacies, the structural analysis of statements, and scientific methods. [RD, CRD].

119 Introduction to Ethics (3:3).

Fundamental questions of ethics, such as the nature of the distinction between good and evil, moral right and wrong, the foundation of moral judgments, relativism, absolutism, and subjectivism. Readings from major figures in the history of ethics. [AE, CAE].

121 Contemporary Moral Problems (3:3).

Philosophical readings and discussion of such current topics as abortion, euthanasia, capital punishment, censorship, sexual morality, affirmative action and preferential hiring, environmental ethics, population control, and the morality of war. [AE, CAE].

201 Topics in Philosophy (3:3). • May be repeated for credit with different topics.

Variable content.

211 Introduction to Formal Logic (3:3).

Validity, consistency, implication, and the formal analysis of language. Propositional logic and quantification theory. [RD, CRD].

220 Medical Ethics (3:3).

Moral problems in medicine including the patient's right to know, the confidentiality of doctor-patient communications, informed consent and experimentation with human subjects, abortion, euthanasia, socialized medicine, conflicts between medicine and religion, and genetic engineering. [AE, CAE].

231 Social and Political Philosophy (3:3).

Major writings on social freedom or liberty, coercion, human rights, justice, and the basis of political authority. [AE, CAE].

251 History of Ancient Philosophy (3:3).

Survey of Western philosophical thought in the ancient period from the pre-Socratics, Plato, Aristotle, the Sceptics, Stoics, Epicureans. Particular choices of texts and philosophical ideas may vary. [HP, CHP-CPM].

252 History of Modern Philosophy (3:3).

Survey of Western philosophical thought in the seventeenth and eighteenth centuries, its historical background and its influences on subsequent intellectual developments. Reading from major figures of the period, such as Descartes, Locke, Berkeley, Leibniz, Spinoza, Hume, and Kant. [HP, CHP-CMO].

259 Philosophy of Religion (3:3).

Arguments concerning God's existence, the problem of evil, God's foreknowledge and human freedom, the analysis of divine attributes, immortality and the soul. (Same as REL 259) [AE, CAE].

267 Existentialism (3:3).

Introduction to the fundamental ideas of existentialism. Readings from Kierkegaard, Heidegger, Sartre.

311 Intermediate Formal Logic (3:3). Pr. 211 or consent of instructor.

Quantification theory with completeness results, identity, functions, decidability, and axiomatic methods.

319 Knowledge, Truth, and Belief (3:3).

Discussion of concepts central to an understanding of the nature of human knowledge, such as truth, evidence, certainty, intuition, perception, the reasonableness of belief, and the reliability theory of justification.

321 Ethical Theory (3:3).

Analysis of the meaning of moral concepts such as good, right, ought, duty, and of the nature of ethical argument. Attention to current theories in normative ethics.

322 Philosophy of the Arts (3:3).

Philosophical problems concerning description, interpretation, and evaluation of the visual, performing, and literary arts, discussed generally and in relation to specific works of art. Readings in philosophy and art theory.

325 Introduction to the Philosophy of Science (3:3). Pr. one course in logic, mathematics, or natural science.

Concepts important to an understanding of the nature and goals of research in the natural sciences, such as observation, experiment, theory, law, and explanation. Philosophical problems about objectivity and conceptual change in science based on examples from the history of science. Nature of scientific knowledge.

330 Philosophy in Literature (3:3).

Basic philosophical issues in literature such as personal identity, the problem of evil, free will, ethical ideals, the nature of reality, truth in literature, and reference to fictional objects. Major works of fiction studied for their philosophical content.

335 Philosophy of Law (3:3).

Theories of the origin and justification of legal systems, our obligation to obey the law, justice, punishment, and related issues. Readings from classical and contemporary sources.

348 Existentialism, Phenomenology, and Structuralism (3:3).

Recent philosophical movements in France and Germany. Application of structuralist models to the human sciences. Post-structuralist developments such as Deconstruction and Hermeneutics. Selections from such writers as Husserl, Levi-Strauss, Foucault, Lacan, Althusser, Derrida, Gadamer, and Ricoeur.

351 Major Philosophers (3:3). • May be repeated for credit with change in topic.

Systematic examination of the works of a major philosopher.

353 Major Philosophies (3:3). • May be repeated for credit with different topic.

Systematic examination of a major historical movement in philosophy, such as rationalism, empiricism, positivism, materialism, and idealism.

357 Metaphysics (3:3). Pr. one course in philosophy.

Selected metaphysical issues such as personal identity and the immortality of the soul, freedom and determinism, the nature of space, time and substance, the problem of universals, forms of realism, and theory of reference.

361 Ethical Issues in Business (3:3).

Ethical theory and its application to business: economic justice, corporate responsibility, self-regulation and government regulation, conflict of interest, investment policy, advertising, and environmental responsibility.

401 Reading Course for Seniors (1-3). Pr. consent of instructor. • May be repeated for credit.

Supervised reading and research for philosophy majors.

402 Independent Study (1-3). Pr. satisfaction of requirements for the major in philosophy and consent of instructor. • May be repeated for credit.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

523 Philosophy of Social and Behavioral Science (3:3). Pr. one course in social or behavioral science and one in philosophy or consent of instructor.

Issues in philosophy of social and behavioral science from Hume to the present: explanation, theory construction, methodology of the social sciences, the status of the sociology of knowledge.

525 Philosophy of Physical Science (3:3). Pr. 325 and one course in physical science or consent of instructor.

Study of a major current issue in the philosophy of science such as scientific progress and change, scientific methods, experiment and theory, scientific explanation, rationality, scientific realism, relations between philosophy of science and history of science. Examples drawn from modern history of the physical sciences.

527 Philosophy of Biological Science (3:3). Pr. one course in biology and one in philosophy or consent of instructor.

Examination of concepts of law, theory, explanation, evidence, classification, and reduction using examples drawn from biology. Investigation of problems related to alternative conceptual systems and conceptual change in biology, the nature of the biological subject matter, and the place of biology among the natural sciences.

545 Social Philosophy (3:3). Pr. one course in philosophy or consent of instructor.

Topics from social, political, and legal philosophy, such as property, justice, punishment, liberalism, and conservatism. Study of such major figures as Hobbes, Rousseau, and Marx.

555 Epistemology (3:3). Pr. 319 or consent of instructor.

Skepticism, the analysis of knowledge, confirmation and induction, apriori knowledge, naturalized epistemology.

559 Philosophy of Mind (3:3). Pr. one course in philosophy or consent of instructor.

The mind-body problem, identity theories, functionalism, reductive and eliminative materialism, behavioral and causal theories of mind.

565 Philosophy of Language (3:3). Pr. one course in philosophy or consent of instructor.

Theories of truth, meaning, and reference. Origin and nature of human language and its relations to animal and machine language.

575 Advanced Logic (3:3). Pr. 311 or consent of instructor.

Axiomatic first order quantification theory with completeness theorems. Numbers and sets. Paradoxes and type theory. Introduction to modal logic.

590 Aesthetics (3:3). Pr. 322 or consent of instructor.

Readings in the major philosophies of art, analysis of evaluative judgment and argument, the nature of aesthetic concepts, artistic truth, the art object, and the aesthetic experience.

For Graduate Students Only

601 Advanced Topics in Philosophy. (3:3).

DEPARTMENT OF PHYSICS AND ASTRONOMY

101 Petty Building

Gaylord T. Hageseth, Professor and Head of Department

Professors McCormack; Associate Professors Danford, Meisner, Muir; Adjunct Associate Professor Mosier; Assistant Professor Pratap; Lecturers Palit, Vandegrift

Physics and astronomy have long been recognized as constituting the basis for study, research, and understanding in the natural sciences. The undergraduate major program seeks to provide the student with a broad and general background in all areas of physics. With this background, he should be able to adapt readily to the specialized requirements of a job in industry, as a teacher, or to the specialized graduate study in physics or a number of related fields. Opportunities are provided through electives to sample the concerns of many of these related fields.

The effort required for a non-scientist to understand our technological society is formidable, but essential if an educated man or woman is to intelligently understand and affect our natural surroundings. Recognizing this, the Department of Physics and Astronomy offers for the non-major, with no prerequisites, courses with an overview of physics as well as special interest courses dealing with topics of immediate concern (PHY 101, 102, 203, 209, 235, 305, 333 and 334).

The department also offers graduate programs at the master's degree level. Its faculty members are involved with graduate and, in some cases, undergraduate students in research in computer simulation and computational physics, quantum statistical mechanics, biophysics, observational astronomy and digital image analysis, and pedagogical methods in science teaching. The department uses and administers the Three College Observatory, located in a nearby dark-sky location. This observatory contains the state's largest (32 inch) reflecting telescope, along with a low light-level image acquisition system. The research of the Department is supported by a local area network linking departmental microcomputers and the campus VAX cluster, a number of laboratories well-equipped with modern instrumentation, and an instrument-making facility.

PHYSICS MAJOR (BACHELOR OF ARTS AND BACHELOR OF SCIENCE)

Required: 122 semester hours

The **Physics Major** is a firm basis for a career in medicine, law, business, sales, engineering, teaching, computing, biophysics, environmental science, or physics.

Students who elect physics as a major need to complete PHY 291, 292, and MAT 293 no later than the end of their sophomore year. Freshmen who declare physics as a major are strongly advised to take PHY 291 and MAT 292 their first semester. If the freshman student is not prepared to take calculus his first semester, the student is advised to take MAT 121 or 119 (depending upon his background) and CHE 111 and 114 instead of PHY 291, 292 during the first year. Any student who desires to major in physics should contact the head of the department as soon as possible so a proper schedule can be planned.

Students seeking **teacher licensure** should follow the requirements for the Bachelor of Arts degree. In addition the following are required: BIO 111; CUI 390, 450, 459, 465, and 470; ELC 381; GEO 103; HEA 201; PSY 221. Also see Chapter 6.

Bachelor of Arts

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements & Related Area Requirements

Minimum 28 semester hours in physics above the 100-level. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level. Students must have at least a 2.0 grade point average for the required physics and mathematics courses.

Core Courses for Physics Majors

Courses required for the physics major:

1. PHY 291, 292, 321, 321L, 323, 323L, 325, 325L, 327, 425, 425L, 500.
2. Related Areas: CHE 111, 112, 114, 115; CSC 130; MAT 191, 292, 293, 390.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

Bachelor of Science

Minimum 36 semester hours in physics above the 100-level. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level. Students must have at least a 2.0 grade point average for the required physics and mathematics courses. Requirements are the same as for the BA degree with the following additional requirements:

PHY 521, 523 and 525

PHYSICS MINOR

A minimum of 15 semester hours in physics courses is to be planned in consultation with a physics faculty member. The usual physics minor program will consist of PHY 291, 292, and at least 7 semester hours of additional courses (excluding PHY 203, 209, 235, 305, 333, and 334). Other quite different programs may be fitted to the individual student's interests and objectives

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—

BA IN PHYSICS AND MBA IN BUSINESS ADMINISTRATION

The accelerated program in Physics/Business Administration provides the opportunity for a student to complete a BA in Physics (122 hours) within a four-year period and to shorten the time required to finish the MBA.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.
- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the

freshman year is essential. Students should talk with an advisor in the department of Physics as early as possible.

In the spring of the junior year, students should

- take the GMAT
- apply for admission to the Graduate School and the MBA program

PHYSICS AND ASTRONOMY COURSES (PHY)

For Undergraduates

101, 102 General Physics I, II (4:3:3), (4:3:3). Pr. 101 pr. for 102. • No student may receive credit for 101 or 102 if credit has previously been earned for 291 or 292.

Introduction of laws and properties of matter, sound, heat, optics, electricity, and magnetism. Algebra and trigonometry used in development of this material. [NS, CPS]. (FA-101, SP-102)

203 Conceptual Astronomy (3:3). • No student may receive credit for both this course and either 209 or 235.

Introduction to astronomy. Knowledge gained of day and night sky by use of binoculars, telescopes, and other simple instruments and how to observe and measure properties of astronomical objects. Basic concepts of solar system, stellar evolution, and cosmology. [NS, CPS]. (FA)

209 Astronomy: The Solar System (3:3). • No student may receive credit for both this course and 203.

Introductory study of the solar system. Sun and planets studied with special attention to results of recent planetary exploration. Telescopic and naked-eye observations of the constellations and planets. 209 intended to complement 235, although each course is independent of the other. No science or math background beyond the level of high school algebra required. [NS, CPS]. (FA)

235 Astronomy: The Universe (3:3). • No student may receive credit for both this course and 203.

Introduction to stars, galaxies, and cosmology. Emphasis on conceptual approach to such topics as the

evolution of stars, the formation of galaxies, interstellar communication, and the Big Bang. Sky observations utilizing the UNCG telescopes included. 235 intended to complement 209, although each course is independent of the other. No science or math background beyond the level of high school algebra required. [NS, CPS]. (SP)

291 General Physics I with Calculus (4:3:3). Pr. MAT 191, co. MAT 292. • No student may receive credit for this course if credit has previously been earned for 101.

Basic principles of mechanics, heat, and sound developed using the calculus. 291 together with 292 constitute a one-year general physics course utilizing calculus and including laboratory experiences. [NS, CPS]. (FA)

292 General Physics II with Calculus (4:3:3). Pr. 291 and MAT 292, or permission of instructor. • No student may receive credit for this course if credit has previously been earned for 102.

Introduction to basic principles of electricity and magnetism and optics, presented in terms of both classical and modern physics topics. 291 together with 292 constitute a one year general physics course utilizing calculus and including laboratory experiences. [NS, CPS]. (SP)

305 Conceptual Physics (4:3:3). • No student may receive credit for this course if credit has previously been earned for 101, 102, 291, or 292.

Introduction to basic laws of physics made by extensive use of demonstrations. Labs use discovery approach. Concepts emphasized and mathematical manipulations held to a minimum. [NS, CPS]. (FA, SP)

321 Introduction to Modern Physics (3:3). Pr. 292 (or 101, 102 with permission of instructor).

Fundamental concepts of atomic, molecular, nuclear, and solid state physics from quantum-mechanical and special relativity points of view. Topics include special relativity, wave-particle dualism, Schrödinger equation, hydrogen atom, atomic spectra, nuclear structure, radioactivity, nuclear reactions, and molecular and solid state physics. (FA)

321L Modern Physics Laboratory (1:0:3). Pr. 292 (or 101, 102 with permission of instructor).

Performance of atomic, nuclear, and solid state physics experiments and analysis of data in a quantitative and scientific manner. Simple computer programs used to study the concepts of error and least-square-fit techniques. (FA)

323 Mechanics (3:3). Pr. 101, 102, or 292; co. MAT 293, or consent of instructor.

Mathematical treatment of classical kinematics and dynamics of a particle in a uniform field, in oscillatory motion and simple motions of systems of particles. Analytical and numerical techniques of problem solution stressed. (FA)

323L Classical Physics Laboratory (1:0:3). Pr. 292 (or 101, 102 with permission of instructor).

Performance of experiments emphasizing concepts of classical physics. Topics include force, energy, resonance, and relaxation. (FA)

325 Electricity and Magnetism I (3:3). Pr. 292 and MAT 293.

A study, developing and using techniques of vector algebra and calculus, of topics in the theory of static electric and magnetic fields including the divergence and Stokes' theorems and the law of Gauss, Biot-Savart, and Ampere. Application to the properties of conductors, dielectric, and magnetic materials. (SP)

325L Electricity and Magnetism Laboratory (1:0:3). Pr. 323, MAT 390, or consent of instructor.

Performance of electricity and magnetism and electronic experiments with analysis of these basic phenomena as applied to research laboratory. (SP)

327 Thermal Physics (3:3). Pr. 292 (or 101, 102 with permission of instructor).

Properties of matter developed by combining thermodynamic reasoning with molecular theory. (SP)

331, 332 Experimental Physics (1:0:3), (1:0:3). Pr. two advanced courses in physics taken concurrently or completed.

Advanced courses in laboratory techniques as involved in special laboratory problems.

333 Selected Topics (1 to 3).

Primarily intended for those who are not physical science majors. Topics vary with instructor and with semester. Contemporary topics may include subjects such as analysis of physical resources, their inherent energy limitations and new sources of energy (such as solar, geothermal, etc.); development and adaptation of nuclear energy to electric power plants and armaments systems and the ensuing environmental and political problems; ideas involved in special relativity, cosmology, and quantum mechanics for those with little mathematical background; importance of understanding physical laws in development of art, music, and architecture; relationships between physical laws and communications. No previous science course required. Interested student should inquire at Physics and Astronomy Department office for further details. Selected topics for science majors may also be given upon request.

334 Energy Options and the Environment (3:3).

Energy dilemma facing the U.S. Fundamentals of fission and fusion discussed and military and commercial uses of nuclear energy analyzed. Risks and benefits of fossil fuel use, extent and uses of geothermal energy, basic elements of wind energy, and feasibility of biomass use studied. Passive and active solar energy fundamentals and techniques studied and demonstrated.

345 20th Century Physics: A Liberal Art (3:3). Pr. junior, senior standing, or consent of instructor.

20th century developments in description of physical universe, including small (quantum mechanics), fast (Einstein's relativity), energetic (nuclear). Emphasize understanding, societal impact, minimal mathematics.

375 Science of Nuclear Weapons/Arms Control (3:3). Pr. MAT 119 or equivalent.

Principles of nuclear weapons, strategies of their use. Science of weapons, effects, arms control efforts and problems.

425 Optics (3:3). Pr. 325 or permission of instructor.

Analytical treatment of geometrical optics (thin and thick lenses, image formation, theory of optical instruments) and physical optics (electromagnetic waves, interference, polarization, diffraction, optical properties of materials). (SP)

425L Optics Laboratory (1:0:3). Pr. 321L, 325L, or permission of instructor.

Performance of geometrical and physical optics experiments with both microwaves and visible light. (SP)

493 **Honors Work (3-6).** See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

500 **Seminar (1 to 3).**

Selected topics of current interest in physics are studied.

501, 502 **Conceptual Physics for Teachers (3:3), (3:3).**

• **Credit not applicable to MS degree in Physics.**

The basic laws of physics are introduced by extensive use of demonstrations. Concepts are emphasized and mathematical manipulation is minimal. Teaching materials and strategies are developed.

510 **Apparatus and Instrumentation for Teaching (3:3).** Pr. consent of instructor.

Principles of design, construction, maintenance, and use of demonstration and laboratory apparatus and instrumentation are studied. Safe use of equipment, materials choice and substitutions, and functionality tests are included.

512 **Electronics for Scientists (3:2:3).** Pr. permission of instructor or head of student's major department.

Electronic circuits useful for measurement, signal processing, and control. This course is especially designed to meet needs of experimental scientist.

513 **Microcomputer Interfacing for Scientists (3:2:3).** Pr. permission of instructor.

Methods and techniques of electronic connection between computer and other devices and programming methods to facilitate use of the computer as a laboratory instrument are introduced. Assembly language used primarily.

519 **Advanced Laboratory (1 to 3:0:3 to 9).** Pr. 321L and 323L.

Principles of design and execution of laboratory experiments are introduced, with emphasis on developing the capability to do independent experimentation.

520 **Selected Topics in Physics (3:3).** Pr. consent of instructor.

A topic of special interest is studied in depth.

521 **Modern Physics with Quantum Mechanics (3:3).** Pr. 321 and 325.

Modern theories of matter are studied by applying quantum mechanics to atomic, molecular, nuclear, and solid state systems.

523 **Analytical Mechanics (3:3).** Pr. 323, MAT 390. Classical laws of particle motion are extended to the treatment of general motion of a rigid body, noninertial

reference frames, generalized coordinates, normal coordinates, and to topics and techniques based on calculus of variations.

525 **Electricity and Magnetism II (3:3).** Pr. 325. Continuation of 325. The properties of time-varying electric and magnetic fields, including Faraday's law, and the development of Maxwell's equations are studied. Results are applied to alternating current circuit theory, electromagnetic waves, and radiation.

530 **Astrophysics (3:3).** Pr. 291, 292, 321, 325, 323. Current understanding of the structure and evolution of stars and galaxies is emphasized. Properties of the interstellar medium and cosmological models are studied in some detail.

589 **Experimental Course: Topics in Biophysics (3:3).** Pr. PHY 327 or CHE 461.

Exploration of principles behind several biophysical techniques; examination of how these techniques are used in research to address problems of biological structure and function.

595 **Individual Study (1 to 3).** Pr. consent of instructor.

The student and at least one member of the graduate faculty will develop a plan to study a topic of particular interest to the student.

DEPARTMENT OF POLITICAL SCIENCE

237 Graham Building

Charles Prysby, Professor and Head of Department

Professors Clotfelter, Olson, Prysby; Associate Professors Bernick, Buck, Crowther, DeHoog, Meyers; Assistant Professors Griffiths, Haire, Tulloss; Lecturers Harbour, Solari

Political science is the study of the government, politics and policies of the United States and other nations; of levels of government, such as city and state, within those nations; and of relationships among nations. It studies the political behavior, attitudes, and ideas of groups and individuals.

All 100- and 200-level courses are introductions to the study of political science. Beginning students are urged to take any 100- or 200-level course in which they may be interested.

Students seeking electives in political science may select from almost the entire range of offerings. Non-majors are urged to select their electives widely to satisfy individual intellectual interests and are not restricted to 100- and 200-level courses.

Internships and field experience are available to both majors and non-majors in national government, public administration, and electoral politics.

Students seeking teacher certification should see "Teacher Education" in Chapter 6.

POLITICAL SCIENCE MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The **Political Science Major** is suitable for students with career interests in law, politics, or governmental service (at local, state, or federal levels), as well as for students who have more general intellectual interests in government, politics, and international relations as part of their effort to obtain a liberal education or to prepare for careers in business.

Students should take a broad variety of courses in the major to become familiar with the diversity of topics and methods used by contemporary political scientists throughout the world. Majors should consult early with their faculty advisors to plan programs most suitable to their individual interests and needs.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 30 semester hours in political science above the 100-level including PSC 200, 210, 240, 260, and 301. At least 15 semester hours must be at 300 level or higher. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Related Area Requirements

No specific courses required.

Electives

Courses in other social sciences and in history are recommended. Electives sufficient to complete the 122 semester hours required for degree.

POLITICAL SCIENCE AS A SECOND MAJOR

A student may double major by combining political science with another major. The student must complete all of the required courses for political science (PSC 200, 210, 240, 260, and 301) and take 9 additional hours of political science at the 300 level or higher. The student must also take at least 24 hours in the second major and meet the appropriate requirements of that department for the double major. Students considering this option are advised to consult extensively with their advisors.

POLITICAL SCIENCE MINOR

A student may minor in political science by taking at least 15 hours of course work above the 100 level. The student should select courses to best suit intellectual and career interests, and in consultation with a member of the Political Science faculty.

**ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—
BA IN POLITICAL SCIENCE AND MPA IN PUBLIC AFFAIRS**

The accelerated program in Political Science/Public Affairs provides the opportunity for a student to complete a BA in Political Science (122 hours) within a four-year period and to shorten the time required to finish the Master of Public Affairs degree.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.
- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should talk with an advisor in the department of Political Science as early as possible.
- plan to take the GRE in the spring of the junior year.
- seek admission to the Graduate School in the fall of the senior year; students will not be allowed to enroll for spring MPA courses (see E below) unless admitted to the MPA program.

DEPARTMENT OF PSYCHOLOGY

296 Eberhart Building

Anthony DeCasper, Professor and Head of Department

Professors DeRosa, Eason (Emeritus), Gottlieb, (Excellence Foundation Professor), Guttentag, Hunt, Johnston, Logan, Lumsden, Nelson, Salinger, Shull, Smith (Emeritus), Soderquist, Wells, White; Associate Professors Hicks, Keane, Lawrence, Rabiner, Seta; Assistant Professor Kossen

The Department of Psychology approaches its subject matter as a scientific discipline with emphasis placed on understanding behavior and cognition through experimentation and observation.

All of the major areas of specialization in psychology are represented among the interests of the departmental faculty. Physiological psychologists study the biological foundations of behavior. Experimental psychologists investigate problems related to cognition, learning, sensation and perception, personality, developmental, and social psychology. Clinical psychology emphasizes the application of psychological principles to clinical problems and other aspects of adult and child behavior.

To supplement reading and lecture material, some courses have laboratories where students can see the principles of behavior and psychological functioning in operation firsthand. In addition to the B.A. program for undergraduates, the department offers training at both the M.A. and Ph.D. levels.

Students may take any 300- and 400- level psychology course for which they satisfy the stated prerequisites.

Students who wish to seek **teacher licensure** should see "Teacher Education" in Chapter 6 as well as below. Such persons should contact the departmental Director of Undergraduate Studies as early as possible.

PSYCHOLOGY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The **Psychology Major** provides a background for entry into a variety of professions other than psychology where understanding the principles of behavior and cognition is important. It also provides the necessary background for individuals planning to do graduate work in either basic or applied psychology.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 24 semester hours in psychology including: PSY 221 or 223; 310; either 341 or 345; either 326 or 342 or 347; either 450 or 453; 452 or 454; 425 or 449 or 451; and 515. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Related Area Requirements

No specific courses required.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

TEACHER LICENSURE IN SOCIAL STUDIES

Students majoring in psychology may elect to pursue teacher licensure in Social Studies. Completion of this means of teacher certification will enable one who wishes to teach Social Studies curricula in the secondary schools to gain the background for teaching psychology courses as well. The requirements for completion of teacher licensure in Social Studies are listed on pp. 399-400 of this catalog. The University, College, and departmental major requirements are the same as for any other psychology major; however, those intending to gain teacher licensure are particularly encouraged to select Personality, Abnormal, and Social Psychology either as their choices among the required alternatives or as electives in the major. Furthermore, the student is encouraged to choose electives in Departments of Sociology, Philosophy, or Religious Studies that address human behavior and experiences from complementary or, perhaps, alternative perspectives.

CONCENTRATION IN PSYCHOLOGY

for Teacher Education Students

A minimum of 24 semester hours to include:

Psychology 221

A minimum of 3 courses at the 300 level

A minimum of 2 courses above the 300 level (not including PSY 433 or 434)

Plus other psychology courses (which can include 433 and 434) to total a minimum of 8 courses or 24 semester hours

PSYCHOLOGY AS A SECOND MAJOR

Psychology courses required are the same as for a Psychology Major. (See College Requirements for Second Majors, p. 77).

BIOPSYCHOLOGY SECOND MAJOR

This second major is designed for students interested in behavior and the structure and function of nervous systems. Topics will span molecular, cellular, organ, and organismal levels.

Basic requirements: BIO 111, 112, 277, 355; CHE 111, 112, 114, 115; MAT 121 or 191; and PSY 221, 425, 450, 453.

Additional requirements: a minimum of six additional hours in Biology courses selected from BIO 425, 453, 464, 477, 479, 567, and 575; and three additional hours in Psychology courses.

Strongly recommended: CHE 351, 352, 354; MAT 191, 292; and PHY 101, 102.

PSYCHOLOGY MINOR

A student may earn a minor in psychology by completing a minimum of 15 hours in the department. The Department's Director of Undergraduate Studies will be glad to recommend courses appropriate to the student's interest.

PSYCHOLOGY COURSES (PSY)

For Undergraduates

221 General Psychology (3:3). • Students may not take both 221 and 223 for credit.

Survey of psychology. Includes psychology as science, nervous system, growth and development, sensory and perceptual processes, motivation, emotion, learning, personality (normal and pathological), statistics, testing, intelligence, aptitudes, and achievement. [SB, CSB].

223 Introduction to Psychology: Natural Science Perspective (3:3). • Students may not take both 221 and 223 for credit. • PSY 223 cannot be substituted for PSY 221 for Teacher Education curricular requirements.

Topics include evolutionary and genetic factors, physiological processes, sensory processes, perception, learning, memory, motivation, and emotion. Relation between research and theory stressed. [NS, CLS].

223L Experimental Psychology Laboratory (1:2). Pr. prior or concurrent enrollment in 223 or consent of instructor.

Laboratory/lecture introduction to methods of experimental psychology. Emphasizes formulating hypotheses, designing experiments, describing and interpreting data, and writing reports. [NS, CLS].

310 Statistics in Behavioral Science Research (3:3). Moment and product-moment statistics; description and inference; estimating parameters and testing significance. Taught at introductory level. Requires knowledge of elementary algebra.

312 Psychology of Learning (3:3). Pr. 221 or 223. Principles of learning and their application to everyday human behavior. Analysis of learning situations involved in child-rearing, classroom teaching, and deviant behavior. [SB, CSB].

314 Industrial and Organizational Psychology (3:3). Pr. 221 or 223.

Introduction to industrial and organizational psychology with special emphasis on employee motivation, selection, training, and organizational determinants of employee behavior. (Same as MGT 314)

320 Psychology of Animal Communication (3:3). Pr. one introductory course in a behavioral or biological science or consent of instructor.

Survey of the strategies of non-human communication used by animals, the methods used for their study, and their bearing on human communication.

326 Developmental Processes: Learning, Cognition, and Perception (3:3). Pr. 221 or 223.

Children from infancy through adolescence, emphasizing developmental concepts, processes, experimental methodology, and findings of research in the areas of learning, cognition, and perception.

341 Abnormal Psychology (3:3). Pr. 221 or 223.

A description of the various psychological disorders is presented along with the research methods used to study them. Each disorder is approached from a number of perspectives: Biological, psychosocial (psychodynamic, interpersonal, behavioral, cognitive, and humanistic) and sociocultural. [SB, CSB].

342 Developmental Processes: Social, Personality, and Motivation (3:3). Pr. 221 or 223.

Study of development and behavior of children from infancy through adolescence, emphasizing developmental concepts, processes, experimental methodology, and findings of research in the areas of social, personality, and motivation development.

345 Introduction to Personality (3:3). Pr. 221 or 223.

Comparative study of representative theories of personality from the psychodynamic, trait, behavioral, and humanistic perspectives. [SB, CSB].

346 Sex, Gender, and Behavior (3:3). Pr. 221 or 223.

Evaluation of effects of biological sex and gender role socialization on personality and behavior through examination of empirical research.

347 Dynamics of Social Behavior (3:3). Pr. 221 or 223.

Study of social behavior. Covers attitudes, communication, perception of others, small group behavior.

361 Environmental Psychology (3:3). Pr. 221 or 223.

Evaluation of research in environmental psychology. Content areas include attitude change, crowding, effect of an unpredictable environment, helping and helplessness.

410 The Psychology of Language (3:3). Pr. 221 or 223.

Language comprehension and memory. Relation-ship between language and thought. Psychological questions considered from several different theoretical and methodological perspectives.

412 Language and the Child (3:3). Pr. 221 or 223 and 326, equivalents, or permission of instructor.

Psychological issues, methodologies, and findings in language development. Emphasis on language as an interactional learning device central to the development of cognition and knowledge of the world.

425 Animal Behavior (3:3). Pr. 221 or 223.

Application of theory of evolution to the explanation of animal behavior. Surveys a variety of species, addressing several behavioral categories as well as issues in sociobiology and human evolution.

433, 434 Special Problems in Psychology (1 to 3), (1 to 3). Pr. juniors and seniors with at least 9 hours of psychology; student should consult instructor before registering for this course.

Opportunity for students to work individually or in small groups on psychological problems of special interest. Survey of given field or intensive investigation of particular problem. Paper or other formal evaluation required.

437 Psychological Tests and Measurements (3:2:3). Pr. 221 or 223 and 310.

Major principles of measurement of psychological attributes. Factors essential for reliable and valid measuring instrument. Fundamentals of testing in areas of achievement, personality, intelligence, attitudes, and projective techniques. Experience in constructing, giving, and evaluating tests provided in laboratory.

440 Introduction to Clinical Psychology (3:3). Pr. 221 or 223, and 341.

Theories and techniques of current approaches to clinical psychology. Survey of clinical applications, theoretical underpinnings, empirical support, and current controversial issues.

449 Motivation and Emotion (3:3). Pr. 221 or 223.

History, data, and theories concerning the nature and scientific status of motivational and emotional variables. Roles of physiological factors and learning stressed.

450 Physiological Psychology (3:3). Pr. 221 or 223 or BIO 111, 112.

Role of central and peripheral nervous systems, muscles, and glands in mediation of behavior.

451 Experimental Analysis of Operant Behavior (3:2:3). Pr. 221 or 223.

Methodological and theoretical considerations of basic factors of generation, maintenance, extinction, differentiation, discrimination, generalization, chaining, and motivation of operant behavior.

452 Cognitive Psychology (3:2:3). Pr. 221 or 223. Processes involved in human learning, memory, problem solving, and related performance; examination of typical experimental techniques, results, and current theoretical accounts of these processes.

453 Sensory Processes (3:2:3). Pr. 221 or 223.

Sensory systems and how they receive and modify information about the external environment; structures, function, and phylogenetic development of eye, ear (including labyrinth), nose, and organs of touch.

454 Perceptual Processes (3:2:3). Pr. 221 or 223.

Examination of perceptual processes of detection, discrimination, and scaling of changes in visual and auditory stimulus input, as well as study of instances of perceptual stability.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

502 Psychology of the Exceptional Child (3:3). Pr. 221 or 223 and consent of instructor. • May not be taken by students who have credit for CUI 540.

General survey of significant psychological problems characteristic of various classes of exceptional children. Especially designed to fit the needs of teachers in special education.

503 Mental Deficiency (3:3). Pr. 221 or 223 or consent of instructor.

Definitions, theories, classifications, etiology, diagnosis, and psychotherapy in area of mental deficiency.

504 Behavior Disorders in Children (3:3). Pr. 326, 342, or consent of instructor.

Clinical and experimental approaches to psychopathology of childhood. Etiology and modification of deviant behavior in various age groups through adolescence.

505 Applied Behavioral Psychology (3:3). Pr. 221 or 223 or consent of instructor.

Principles of behavior and their current applications to educational and human service settings. Recommended for psychology majors, and graduate and undergraduate students in counseling, speech pathology, social work, physical education, nursing.

506 Psychology of Aging (3:3). Pr. 221 or 223 or consent of instructor.

Adult lifespan changes in psychophysiology, cognition, personality, sexuality, social relationships, and mental health.

515 **History and Systems of Psychology (3:3).** Pr. senior or graduate status with minimum of 12 hours of psychology, including 221 or 223, or consent of instructor.

Discussion of prescientific thinking on psychological problems, origin of systems of psychology, and ways systems are reflected in contemporary psychology.

DEPARTMENT OF RELIGIOUS STUDIES

109 Foust Building

Henry Samuel Levinson, Professor and Head of Department

Associate Professor Wakeman; Assistant Professors Krueger, Orzech, Ramsey; Lecturers Headington, Sopper

The Department of Religious Studies investigates a variety of religious traditions, movements, and expressions that play important roles either historically or in contemporary cultures.

Courses are organized in four concentrations:

1. Traditions
2. Historical Studies
3. Critical and Evaluative Studies
4. Cultural Studies.

The Department teaches courses on such traditions as Buddhism, Christianity, Confucianism, Hinduism, Islam, Judaism, Shinto, and Taoism. Historical studies include courses about religions in African, Asian, Middle East, European, and American (especially United States) history. Critical and evaluative studies include courses on religious philosophies, religious ethics, and theologies, as well as political, social, and psychological accounts of religious life. Cultural studies include courses that investigate the role religion plays in politics, economics, social movements, arts, sciences, as well as diverse forms of personal conduct.

RELIGIOUS STUDIES MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The Religious Studies Major participates in a diversified program in the humanities, studying religious history, imaginative literature, systems of thought, and criticisms of culture, politics, and society. Because religious studies majors engage in multidisciplinary studies in the liberal arts, they are well-qualified to enter any field that profits from disciplines of exposition, analysis, appreciation, criticism, and historical reflection. Upon graduation, Religious Studies majors have gone into teaching, medicine, nursing, law, business, ministry, journalism and communications.

Members of the Religious Studies Department are available to advise students about career opportunities and to refer them to further information that may be of help.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its

programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

Minimum 24 semester hours in Religious Studies above the 100-level, including one course from each category.

1. Traditions: REL 210, 211, 212, 215, 218, 220, 221, 225, 351
2. Historical Studies: REL 202, 204, 301, 305, 366, 367
3. Critical and Evaluative Studies: REL 207, 226, 227, 228, 240, 259, 324, 325, 330, 333, 339, 365
4. Cultural Studies: REL 309, 310, 314, 318, 503

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Electives

Electives sufficient to complete the 122 semester hours required for degree.

RELIGIOUS STUDIES MINOR

The **Religious Studies Minor** complements majors in a variety of fields in the humanities and social sciences; for others it provides a way to focus various disciplines in the humanities on a profoundly significant part of cultures around the world. The minor consists of 18 semester hours including one course each in Traditions, Historical Studies, Critical and Evaluative Studies, and Cultural Studies.

DEPARTMENT OF ROMANCE LANGUAGES

319 McIver Building

Kathleen V. Kish, Professor and Head of Department

Professors Fein, Sánchez-Boudy, Smith, Smith-Soto; Associate Professors Almeida, Bulgin, Goode, Koenig, Mitchell, Sotomayor; Assistant Professors Arias, Campo, Chesak, Rizk; Lecturers Angileri, Bender, Hill, López-Bilbao, McLin, Tomlinson

The Department of Romance Languages offers a variety of programs in language, literature, and culture of the three major Romance areas of French, Spanish, and Italian. Students may begin the study of any of these at the elementary level or continue it at the intermediate level. Students with one or more years of high school French or Spanish who wish to continue the study of that same language must take the Language Placement Test. Incoming transfer students returning to the study of French or Spanish begun in high school but not previously pursued at the college level must also take the test. Intermediate proficiency is expected for further work in French or Spanish; according to the student's interests, he or she may then begin the study of literature or develop language skills in composition and conversation. Native or near-native speakers must consult with Department Head before signing up for courses in the Department.

The Department's goals are three-fold:

1. To provide practical training in understanding, speaking, reading, and writing a foreign language;
2. To promote those values in the liberal arts tradition that derive particularly from the study of language and literature: increased understanding of language itself as structure and process, and the enlightening encounter with cultures and modes of thought different from one's own.
3. To prepare students interested in becoming French and Spanish teachers by providing a range of courses and experiences in their prospective field.

In addition to the Bachelor of Arts degree, the department offers the Master of Arts and the Master of Education degrees in French and in Spanish.

Special facilities and features include language laboratories; summer programs in France, Spain, Italy, and Latin America; and French and Spanish honorary societies. Achievement in Romance studies is recognized by five annual awards to outstanding juniors and seniors.

FRENCH OR SPANISH MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The **French and Spanish Majors** are designed to ensure a well-rounded preparation in language and literature. The programs are balanced and comprehensive, yet they allow students the latitude to explore subjects of special interest to them. Specific course and area requirements and electives in language, literature, and culture characterize both programs. The majors in Romance Languages begin above the 204 level. The maximum number of hours in the major that will count toward graduation is 60 (see p. 78 for details).

Students seeking teacher licensure should see "Teacher Education" in Chapter 6.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES— BA IN FRENCH AND MBA IN BUSINESS ADMINISTRATION

The accelerated program in French/Business Administration provides the opportunity for a student to complete a BA in French (122 hours) within a four-year period and to shorten the time required to finish the MBA.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.
- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should talk with an advisor in the department of Romance Languages as early as possible.

In the spring of the junior year, students should

- take the GMAT
- apply for admission to the Graduate School and the MBA program

DEPARTMENT OF SOCIOLOGY

337 Graham Building

David J. Pratto, Professor and Head of Department

Professor Humphrey; Associate Professors Adams, Brown, Lindsay, Luebke, Markham; Assistant Professors Allan, Erdmans, Malone, Mitchell

The undergraduate program in sociology is planned primarily as a part of a liberal arts education. The objective is to provide the student with an analytic and systematic approach to the understanding of social relations. The major provides a foundation for a variety of occupations and for advanced study.

Graduate study leading to the Master of Arts degree with a major in sociology is also available. Courses in this program are offered during the regular academic year. For details, see the **Graduate School Catalog**.

SOCIOLOGY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

The **Sociology Major** provides students with an understanding of the fundamental processes of social interaction that underlie all social organization and change. Beyond book and library study, students are required to develop skill in laboratory and field research. Students may a) major in sociology, b) major in both sociology and another major, or c) complete the social studies licensure for secondary teachers with a major in sociology. Requirements for these three options are described separately below.

College of Arts and Sciences Liberal Education Requirements (CLER) (54-55 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER). See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

SCHOOL OF BUSINESS AND ECONOMICS

401 Bryan Building

James K. Weeks, Professor and Dean of the School

Donald L. McCrickard, Associate Professor and Associate Dean

The Bryan School of Business and Economics is organized into five academic departments and an instructional division, each of which offers a program leading to the Bachelor of Science degree. The Department of Economics also offers a liberal-arts-oriented program leading to the Bachelor of Arts degree.

Departments

Accounting

Economics

Finance

Information Systems and Operations Management

Management and Marketing

Division

Business and Marketing Teacher Education

The School's **Advising and Internship Center** supplements and complements faculty advising. The Director of the Center, with a professional staff, coordinates orientation, registration for the School and administers admission and retention of majors in the School.

The School's **Internship Program** integrates academic study with career-related work for eligible juniors majoring in the Bryan School. A variety of internship plans are available to meet students' needs.

Additionally the School supports two professional centers. **The Center for Applied Research** sponsors and conducts studies of particular relevance to economic and business developments in North Carolina, the southeast, and the nation. It publishes monographs and occasional papers. **The Center for Economic Education**, affiliated with the North Carolina Council for Economic Education, works to improve understanding of economic affairs, primarily in collaboration with state and local school systems.

ACCREDITATION

Undergraduate and graduate programs offered by the Bryan School of Business and Economics are accredited by The American Assembly of Collegiate Schools of Business, and in the case of programs leading to certification to teach, by the National Council of Accreditation in Teacher Education and the North Carolina Department of Public Instruction.

SCOPE

Programs within the Bryan School of Business and Economics prepare students for careers in business, teaching, and government, or for graduate study. These programs combine the essentials of a professional education and the breadth of general education. A minimum of 50 percent of the degree program requirements must be taken in general education and liberal arts studies outside the School. In a 122-semester-hour degree program, at least 61 hours must be taken outside

the Bryan School of Business and Economics. In addition, at least 50 percent of the business credit hours required for the degree must be earned at UNCG.

The essential components of a professional education in business and economics (Bachelor of Science degrees) include a common body of knowledge for breadth and opportunities for advanced work for depth in the various business and economics disciplines. The common body of knowledge requirements for Bachelor of Science majors within the Bryan School of Business and Economics include ACC 201, 202; ECO 201, 202, 250; FIN 315; ISM 110, 280, 360; and MGT 309, 312, 320, 330 (331 for Accounting majors), 491.

Noncredit courses, workshops, and special lectures and seminars by distinguished persons of national prominence promote continuing education for a diverse public.

Collaboration with North Carolina Agricultural and Technical State University (located in Greensboro) permits UNCG students to take courses not offered on the home campus - for example, Agricultural Economics or Agribusiness.

ADMISSION TO THE BRYAN SCHOOL

A student must be admitted to the Bryan School of Business and Economics and to a major or minor program of study to enroll in selected advanced level courses. Admission to the Bryan School and to the program of study is a two-step process. **First**, students declare an intent to pursue a specific program of study (major or minor) in the Bryan School. For prospective students, this declaration will be based on their admission to the University and the declared majors indicated on their application forms. Currently enrolled students may declare their intentions to pursue programs of study in the Bryan School by completing appropriate forms in the Bryan School Advising and Internship Center. **Second**, a student must be admitted to a specific program of study in the Bryan School.

Criteria for Admission to Programs of Study in the Bryan School of Business and Economics

Admission to a program of study requires successful completion of the following foundation level courses either at UNCG or in acceptable transfer credit.

BS programs:

ACC 201, 202; ECO 201, 202, 250; ISM 110; and MAT 120 or 191

Economics BA program:

ECO 201, 202, 250; ISM 110; and MAT 120 or 191

Business Minor program:

ACC 201 and ECO 201

All programs in the School have a GPA admission requirement equal to or higher than the University GPA requirement for graduation. In addition, the major programs of study may have additional admission requirements based on academic performance in selected foundation course work in that program. The stated requirements for admission are minimum requirements. Admission to the School may be denied in cases where additional enrollments would threaten the academic quality of classes or programs.

Admission to a program of study should normally be sought by the second semester of the sophomore year. Students may enroll in no more than 30 semester hours in the Bryan School without being admitted to a major program in the School.

Holders of baccalaureate degrees who wish to work toward a second bachelor's degree should apply for admission immediately upon enrolling in the University and consult carefully with an advisor regarding requirements for completing the second degree. The Bryan School of Business and Economics cannot, at this time, accommodate persons who seek only to complete a

series of courses in one field (such as Accounting or Management Information Systems). Those who enroll as candidates for second undergraduate degrees are expected to respect all course prerequisites and show evidence of orderly progress toward the second degree.

Criteria for Continuing in the Bryan School of Business and Economics

Students who have been admitted to the Bryan School of Business and Economics must be in good academic standing at UNCG, must maintain at least the GPA required for program admission, and must meet the continuation requirements of their programs of study.

INTERNATIONAL BUSINESS STUDIES

The major in International Business Studies is an interdisciplinary program which meets the requirements of the Bryan School, the College of Arts and Sciences, and the International Studies program. This major provides broad-based study in international business including the common body of business and economics courses plus foreign language training and international studies courses. For additional information please see the description on pp. 388-389.

TRANSFERS

Since most of the courses in the major are taken during the junior and senior years, transfer students often complete their programs without extending their total stay beyond the usual four years. As a general guide, courses taught mainly to freshmen and sophomores here will usually, but not always, be accepted in transfer from accredited two-year colleges. Courses numbered 300 and above generally will not be accepted in transfer credit from two-year institutions. However, credit for any course may be obtained by examination, and passing grades on CLEP examinations may be used to establish credit in a few courses.

SUGGESTED ACADEMIC WORKLOAD GUIDELINES

The faculty of the Bryan School of Business and Economics recognizes that many Bryan School students hold jobs to support college expenses. The faculty wishes to emphasize that academic excellence and scholastic achievement usually require a significant investment of time in study, research, and out-of-class projects. To provide guidance to students in planning their academic and work schedules, the faculty of the Bryan School have endorsed the following recommendations:

1. In general, students should plan to devote between 2-3 hours outside of class for each hour in class. Thus, students with a 15-hour course load should schedule between 30-45 hours weekly for completing outside- of-class reading, study, and homework assignments.
2. Students who are employed more than 5-10 hours each week should consider reducing their course loads (credit hours), depending upon their study habits, learning abilities and course work requirements.

SCHOLARSHIPS AND FELLOWSHIPS

Procedures and requirements for undergraduate scholarships are described in Chapter 3.

BUSINESS MINOR

The Business Minor, consisting of 21 semester hours, is available for majors outside the Bryan School of Business and Economics who are in good standing in the University. The minor complements a variety of professional, and arts and sciences fields. To earn a Business Minor, a student must meet the following requirements in the order listed:

1. Complete ACC 201 and ECO 201 with a grade of C- or better.
2. Apply for admission to the minor program in the Bryan School Advising and Internship Center, Room 232, Bryan Building, and
3. Consult with an advisor in the Bryan School Advising and Internship Center to select 15 semester hours of electives.

A grade of C- or better must be achieved in each course utilized for the minor.

BUSINESS ADMINISTRATION MAJOR

The School offers the Bachelor of Science in Business Administration as a general business degree. This major is most appropriate for those who want a broad business exposure without the need to concentrate specifically in one functional area. The degree requires all of the common body of knowledge courses for the School and includes the ability to select from approved electives in the School. The degree is an attractive second major for those whose first major is in the College or another professional school. This major cannot serve as a second major for BS programs in the Bryan School.

DEPARTMENT OF ECONOMICS

462 Bryan Building

Stuart D. Allen, Professor and Head of Department

Professors Caldwell, Link, Neufeld, Ruhm, Seaks; Associate Professors Layson, Leyden, McCrickard (Associate Dean), Snowden; Assistant Professors Brod, Shivakumar, Shobe; Lecturer Redmond

The Department of Economics endeavors to provide students with an understanding of economic principles, concepts, and institutions and the ability to analyze economic problems and public policy issues. Economics is a social science concerned with public policy issues related to pollution and the environment, the health system, central bank policy and inflation, unemployment and the productivity of the labor force, savings and investment and its impact on economic growth, and international trade and finance.

The Economics Department offers two undergraduate degrees: a liberal arts Bachelor of Arts and a Bachelor of Science through the Bryan School of Business and Economics. Requirements for the BS degree include a core of courses common to all professional degree programs in the Bryan School: nine hours of economics and thirty-three hours in accounting, finance, management, and information systems and operations management, and at least twenty-one additional hours of economics. The Department also offers a BS degree in economics with a concentration in financial economics.

The BA degree allows a student to earn a liberal arts degree and to have the flexibility to double major. A major in economics can be combined with a major in geography, political science, history, English, mathematics, or the sciences. Interdisciplinary work in the areas of the environment, regional economic development, public policy, health or gerontology can be taken by the enterprising student who seeks out appropriate coursework in a variety of departments. A degree in economics provides the student with enhanced access to the job market and to graduate and professional schools. Additional statistical and quantitative coursework allows a student to develop research skills and computer expertise that are very important for the job market and for entry into graduate programs.

The Economics Department offers a thirty-three hour Master of Arts program in economics that provides the student with the theoretical and empirical training to enter the job market as an economic researcher employable by the economic consulting and research firms including the Research Triangle Institute, state and federal government agencies including the Bureau of Labor Statistics and the Federal Reserve System, and nationally-recognized companies in industries such as financial services, electric utilities, telecommunications, and health care.

The Economics Department also offers to qualified students the opportunity to accelerate their study of economics by taking MA courses for graduate credit during their senior year. This accelerated program of study is especially attractive to students who enter the University with advanced placement credit or who earn additional credit hours during summer. The program enables students who are accepted into the MA program following their undergraduate degree the opportunity to earn the MA degree in one additional year of study.

ECONOMICS MAJOR (BACHELOR OF ARTS)**Required**

1. Formal admission to the Department of Economics, including the following:
 - a. Successful completion of ECO 101 or 201, 202, 250; ISM 110; and MAT 120 or 191

6. Natural Science (NS)	6
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	6
Required: ENG 101 or FMS 103 or RCO 101, and one other RD course	
9. Social and Behavioral Sciences (SB)	6
Required: ECO 201, 202	
10. World Literature (WL)	3
11. AULER Electives (EL)	6

See pp. 69-71 for a detailed listing of the complete AULER area requirements and courses meeting those requirements.

Major and Related Area Requirements

1. ECO 201, 202, 250, 301, 327, 346
2. Economics electives: 12-19 hours
3. Related areas: ACC 201, 202; FIN 315; ISM 110, 280, 360; MGT 309, 312, 320, 330, 491
4. At least 50 percent of the major hours must be earned at UNCG

Electives

Electives sufficient to complete 122 total semester hours required for degree. At least 13 hours of free electives must be taken in courses outside business and economics.

CONCENTRATION IN FINANCIAL ECONOMICS

A student can earn a BS degree in Economics with a concentration in financial economics by taking the courses required for a BS degree plus ECO 351 and a minimum of three finance electives in lieu of three economics electives. A maximum of two additional economics and finance electives may be taken. ECO 101 and FIN 300 cannot count as electives. FIN 330 may be substituted for ECO 327.

ECONOMICS MINOR

ECO 101 or 201 and fifteen semester hours of economics are required to complete a minor. An economics minor is especially appropriate for students whose majors are geography, history, mathematics, political science, sociology, or for students doing interdisciplinary study in the social sciences.

ECONOMICS AS A SECOND MAJOR

Completion of a second major in economics is a good choice for students in other social sciences, mathematics, and other professional areas. The double major can usually be fitted into a normal four-year liberal arts course of study. In highly structured professional programs, additional hours beyond the minimum required for graduation are necessary. Students who double major in economics and another field must complete all major requirements in both areas as well as the general requirements for the degree which they are seeking.

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES— BA IN ECONOMICS AND MA IN ECONOMICS

The accelerated program in Economics provides the opportunity for a student to complete a BA in Economics (122 hours) within a four-year period and to shorten the time required to finish the Master of Arts degree.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.

- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should talk with an advisor in the Department of Economics as early as possible.

- earn a minimum GPA of 3.5 in economics courses and 3.0 in the University.
- take ECO 301 and 351 (required for accelerated students) by the end of their junior year.
- take ECO 554 as an undergraduate course; a waiver for this required course in the MA program will be given if at least a B grade is earned.
- receive provisional admission to the MA program in order to take 500 and 600 level courses for graduate credit while enrolled as an undergraduate.
- plan to take the GRE in the fall of the senior year.
- seek admission to the Graduate School in the fall of the senior year.

DEPARTMENT OF FINANCE

441 Bryan Building

Donald L. McCrickard, Associate Professor and Acting Head of Department

Professors Johnson, Jud; Associate Professors Balbirer, Wingler, Winkler; Lecturers Oglesby, Simms

The undergraduate finance, insurance and real estate program deals with the theory, organization, and operation of the financial system from both a market and a managerial viewpoint. Students are expected to develop analytical abilities and to present their analyses in both written and oral form.

The Department of Finance offers a Bachelor of Science degree with a major in finance, insurance and real estate. Undergraduate majors are offered a broad range of courses from the areas of financial management, risk and insurance, and real estate.

Graduates may take managerial positions in controllership or treasury work in non-financial businesses as well as a wide array of careers in financial services and banking. In addition, the degree may lead to positions in risk management and real estate departments of public agencies and private corporations as well as insurance and real estate companies.

At the graduate level, the department offers courses in finance, risk management, and real estate as part of the Master of Business Administration (MBA) program.

Professors Grill, Weeks (Dean); Associate Professors Eatman, Ehrhardt, Taube; Adjunct Associate Professors Cheng, Grandon; Assistant Professors Amoako-Gyampah, Balthazard, Gargeya, Herschel, Koh, Steiger; Lecturers Cantrell, Lockley

Programs offered by the department include study of computer technology and automation applied to information systems, production-manufacturing systems, office systems and management decision making. Career opportunities are excellent for quality graduates of any of the three concentrations. All students in departmental programs gain extensive experience using micro-computers and contemporary applications software.

The department assists professional student development, participates in the School's internship program, and assists students with career planning and placement. Students with appropriate academic records are encouraged to seek an internship as juniors or seniors. The programs in Management Information Systems and Office Systems Administration closely follow the national curriculum models of DPMA and OSRA.

304 Managing and Organizing Projects (3:3). Pr. 280.

An introduction to modern methods for defining, planning, managing, and controlling large projects.

Computer software and network modeling are used to support the efficient scheduling of interdependent activities.

305 Office Systems Analysis and Design (3:3). Pr. admission to the Department.

Approaches and tools used in analysis and design of office and end-user systems. Development of techniques for analyzing unstructured systems and assessing office productivity. (FA)

310 COBOL Programming II (3:3). Pr. admission to program or other approved program; grade of C or better in 240.

Advanced study of structured COBOL programming. Multiple dimensioned tables, multiple file handling, indexed and direct file access for business applications.

315 Database Systems Theory (1:1). Pr. 240 and admission to Department.

Study of the concept of database management systems and alternative logical systems of data management. Overview of available systems and industry trends.

316 Structured Query Language (1:1). Pr. 315 and admission to Department.

Study of the SQL language and its use in query, reporting, and maintenance activities.

317 Database Systems Design (1:1). Pr. 316 and admission to Department.

Design of database systems. Emphasis on the development of multiple table database systems to solve specific organizational needs and practical problems in the development and evolution of an actual database.

325 Topics in Applications Development (1-3). Pr. 315 and admission to the Department. May be repeated for credit when topic varies.

Study of specific application development environments and development tools to support business application development.

351 Systems and Process Analysis (3:3). Pr. admission to Department.

Focuses on systems and process concepts such as automation boundaries, feasibility assessments, performance measures, information modelling, process reengineering, quality, and value added. Course emphasizes analysis methodologies.

360 Operations Management (3:3). Pr. admission to program of study within the Bryan School or other professional program approved by the School. Survey of the operations functions of organizations with emphasis on design and control decisions. Qualitative and quantitative problem-solving methods used to enhance managerial competence in the operations functions.

361 Assembler Programming (3:3). Pr. 240. Examination and utilization of assembly language with an emphasis on understanding how a one-for-one machine language operates.

452 Design of Management Information Systems (3:3). Pr. admission to program or other approved program; grade of C or better in 310.

Development of cost effective computer-based systems to produce information needed for managerial decision making as specified in the information analysis phase.

461 Production Management Controls (3:3). Pr. 360.

Analysis of development, execution, and control of an operating plan for an organization, including discussions of material and capacity control, quality control, and Japanese techniques. Cases and a term paper/project. (FA)

462 Distribution and Materials Management (3:3). Pr. grade of C or better in 360 and admission to Department or other approved program.

Roles of distribution and materials management in the management of operations. Topics include inventory management, materials requirement planning, distribution management, purchasing, and logistics management. (SP)

463 Production/Operations Management Simulation (3:3). Pr. 360.

Seminar simulating operation of a complex business enterprise. Student teams operate competing firms in an industrial environment simulated by a computer.

472 Advanced Office Systems (3:3). Pr. admission to program or other approved program; grade of C or better in 305.

Study of advanced topics in office systems and office automation. In-depth analysis of selected issues. May involve field-based research. (SP)

475 Telecommunications Management (3:3). Pr. 315, 351, and admission to Department.

Telecommunications technology and the use of that technology in business. Coverage of voice, data, and video communications and LANs and WANs. Emphasis on the delivery and management of telecommunications services.

492 Advanced Topics in Business Information Systems (3:3). Pr. 351 and senior standing.

Advanced study of topics of interest to those in Information Systems. Group discussions and study emphasized.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

498 Independent Study (1 to 3). Pr. consent of instructor, senior standing and approval of written plan of study prior to registration.

Individual study of issues or problems in information systems and/or operations management. Student must arrange time and course requirements with instructor prior to registration.

499 Problems in Information Systems and Operations Management (3:3). Pr. consent of instructor. • May be repeated for credit with approval of Department Head.

Independent study and research with class discussion covering a topic or group of related topics of current interest in information systems and/or operations management.

For Graduate Students Only

613 Directed Studies in Information Systems and Operations Management (1 to 3).

649 Topics in Operations Research (3:3).

DEPARTMENT OF MANAGEMENT AND MARKETING

366 Bryan Building

Benton E. Miles, Professor and Head of Department

Professors Lucas, Moran, Muchinsky (Bryan Distinguished Professor of Business); Associate Professors Brown, Buttner, Gryskiewicz, Land, McEnally, Tullar, Williamson; Assistant Professors Kawashima, Paradise-Tornow, Rathburn; Adjunct Assistant Professor Novelli; Lecturers Arledge, Cash, Hassell, Johnson, Kaiser, Schwartz, Sowers

The Department of Management and Marketing offers a program of study leading to the Bachelor of Science degree. The objective of the undergraduate major in management and marketing is to provide liberally educated students with a broad exposure to the functional areas of business and a more comprehensive understanding of one of the managerial specialties through choice of a concentration:

Human Resources places focus on skills and knowledge needed by the professional human resources manager: job analysis, recruiting, screening, selection, training and development, performance appraisal, job evaluation, and salary administration.

Management is the process of producing organizational effectiveness through planning, organizing, staffing, leading, and controlling. Activities range from supervising small groups to establishing strategy for a multinational corporation.

Marketing is concerned with the development and pricing of products, selection of distribution channels, and promotion of products to consumers. This concentration leads to careers in sales, sales management, advertising, and retailing as well as marketing management.

Merchandising Management focuses on the retail environment and the appropriate channel members involved in consumer goods/services. The concentration leads to careers in management in retailing organizations and related business firms dealing with consumer goods and services.

Small Business Management/Entrepreneurship focuses on the small business and will be of interest to those students who may be planning careers in family businesses or other small business operations.

DIVISION OF BUSINESS AND MARKETING EDUCATION

362 Bryan Building

Stephen R. Lucas, Professor (Department of Management and Marketing) and Director of Division

Benton E. Miles, Professor (Department of Management and Marketing)

Programs in this division develop, maintain, and promote business and marketing teacher education. Graduates are qualified and licensed to teach in North Carolina secondary schools.

Two majors are available in this division in two areas of teaching: business education and marketing education. While each major primarily prepares students to teach high school subjects germane to the business world, the strong foundation in business courses also prepares students for employment in the business world.

Accelerated Master of Science Program. The accelerated program in business and marketing education provides the opportunity for a student to complete an undergraduate degree within a four-year period and to reduce the amount of time required to complete the Master of Science in Business Education degree (MSBE). The MSBE degree addresses both the business education and marketing education majors. Interested undergraduates should identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Students can receive more detailed information about this program by contacting the BME program director in Room 362, Bryan Building.

Financial Aid. Financial aid is available on a competitive basis to undergraduate students preparing to teach business education and/or marketing education: the Vance T. Littlejohn Scholarship, Nina Teague Lineberry Scholarship Endowment, Charles Burchett Allen Scholarship, and James W. Crews Scholarship Endowment are available. Other financial aid sources are listed and explained in Chapter 3.

BUSINESS EDUCATION MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours

Students must be admitted into the Division of Business and Marketing Education of the Bryan School of Business and Economics and into the teacher education program (see Chapter 6).

All-University Liberal Education Requirements (AULER) (36 hours)

All students in this program must meet AULER requirements. Specific area requirements for BOTH concentrations are indicated below:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL) or World Literature (WL)	3
3. Fine Arts (FA)	3

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—

BS IN BUSINESS AND MARKETING EDUCATION AND MSBE IN BUSINESS EDUCATION

The accelerated program in Business and Marketing Education provides the opportunity for a student to complete a BS in Business and/or Marketing Education (122 hours) within a four-year period and to shorten the time required to finish the MS in Business Education degree.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.
- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should talk with the MSBE advisor in the department of Management and Marketing as early as possible.
- earn a minimum GPA of 3.5 in their major and 3.0 in the University.
- take one of the MSBE-approved standardized tests in the spring of the junior year.

- seek admission to the Graduate School in the spring of the junior year.
- take BME 610 in the fall of the senior year and BME 614 in the spring of the senior year.

SCHOOL OF EDUCATION

Curry Building

A. Edward Uprichard, Professor and Dean of School

Mary W. Olson, Professor and Associate Dean

The School of Education comprises five departments and the Collegium for the Advancement of Schools, Schooling and Education. Within the Collegium are four centers, a consortium and various externally funded projects.

Departments

Counseling and Educational Development (CED)

Curriculum and Instruction (CUI)

Educational Leadership and Cultural Foundations (ELC)

Educational Research and Methodology (ERM)

Library and Information Studies (LIS)

The Collegium

Center for Educational Research and Evaluation

Center for Educational Studies and Development

Center for Information Technologies Education

Center for School Accountability

Piedmont Triad Horizons Education Consortium

All of these departments are engaged in graduate programs leading to master's, specialist's, and/or doctoral degrees. The Department of Curriculum and Instruction offers undergraduate degrees as well; its Bachelor of Science programs prepare students for Class "A" licensure in North Carolina. Undergraduate majors are available in Elementary and Middle Grades Education.

The School of Education also supports programs in teacher education conducted under the auspices of other schools (music; dance, health, physical education; home economics; business) and departments within the College of Arts and Sciences by responding to course requirements in the areas of social, philosophical, and psychological foundations, methodology, and curriculum and student teaching. Recent emphases in competency-based curricula and individualized programming contribute to new designs of teacher education programs.

All licensure programs for school personnel are approved by the North Carolina State Department of Public Instruction and accredited by the Southern Association of Colleges and Schools and the National Council for Accreditation of Teacher Education.

The School of Education continues to seek realization of its goals as a professional school to create and disseminate new knowledge in professional education, to engage in field services and apply research findings, to prepare practitioners, and to study the profession. A general discussion of Teacher Education may be found in Chapter 5, **Special Academic Programs**.

Departments of the School of Education are listed below with their respective faculties. Students seeking further information on graduate-level programs are referred to the **Graduate School Catalog**.

DEPARTMENT OF COUNSELING AND EDUCATIONAL DEVELOPMENT

Curry Building

*Nicholas A. Vacc, Professor and Chair of the Department**Professors Myers, Purkey; Visiting Distinguished Professor Patterson; Associate Professors Benschhoff, Borders, Hinkle, Osborne; Assistant Professors Juhnke; Visiting Assistant Professor Fuller; Adjunct Professors Bleuer, Clawson, Knight, Morley, Sweeney, Thirsk, Walz*

The Counselor Education program faculty adheres to the scientist problem-solver model of training. Consistent with this approach is the program's goals of graduating students who have knowledge of basic counseling, possess a high level of competency in providing professional services, and have the skills necessary to evaluate research that is relevant and that contributes to the profession. The major tenets underlying the programs include (a) exposure to a variety of theoretical orientations for counseling, (b) reliance on both the clinical-counseling and vocational-educational approaches in designing counseling and programmatic interventions, (c) a commitment to developing the student's skills as a researcher, and (d) a strong emphasis on the normal developmental issues of the individual as opposed to an approach based on pathology.

Especially important to the program faculty are the commitment to mental "health" (vs. pathology) and the value attached to understanding the common developmental themes throughout a person's life. Also, rather than receiving only one theoretical orientation in depth, students are exposed to a diverse base of knowledge and experience available from the faculty. This provides students with a number of different theoretical orientations from which they can formulate their own counseling style. An appealing feature of the program is the diversity of the faculty's theoretical orientations which translates into a variety of research opportunities available to creative students as well as different applied settings for gaining training experience.

COUNSELING AND DEVELOPMENT MAJOR

There are three areas of specialization in counselor education for which the Master's, Combined Master's and Specialist, and Doctorate degrees are offered: Community Counseling, Student Development in Higher Education, and School Counseling. The Council for Accreditation of Counseling and Related Education Programs (CACREP), a specialized accrediting body recognized by the Council on Postsecondary Accreditation (COPA), has conferred accreditation to program areas in the Department of Counseling and Education Development at UNCG as follows: Community Counseling (MEd), Student Development in Higher Education (MEd), School Counseling (MEd), and Counseling and Counselor Education (PhD and EdD).

DEPARTMENT OF CURRICULUM AND INSTRUCTION

Curry Building

Gerald Ponder, Professor and Chair of Department

Professors Bright, Olson, Uprichard, Van Hoose; Associate Professors Irwin, S. Miller, Mitchell, Powers, Strahan, Vacc, Vallecorsa; Assistant Professors Baber, Cox, de Bettencourt, Levin, Matthews, Niemeyer; Adjunct Professors Adkins-Bowling, A.C. Miller, Woodruff; Professor Emeritus Bowles

Undergraduate majors in this department are prepared to receive North Carolina Class "A" licensure for teaching in public schools, grades K-6 and 6-9. The majors in this department include Elementary (K-6) and Middle Grades (6-9) Education.

Admission to the University does not guarantee admission to Teacher Education with a major in the Department of Curriculum and Instruction. In addition to admission to teacher education (See "Teacher Education" in Chapter 6), a student who seeks admission to the Elementary or Middle Grades Education major is expected to achieve:

1. A minimum grade point average (GPA) of 2.75;
2. A grade of C or better in CUI 250;
3. Completion of all courses needed to fulfill the "All University Liberal Education Requirements;" and
4. Demonstration of effective written communication skills.

Applications for admission to Elementary and Middle Grades Education are due in the office of Student Information and Advising by February 1 of each year for admission for the following academic year.

Eligibility to enter student teaching requires maintaining a grade point average of 2.75 or better after being admitted to the major, and achieving a grade of "C" or better in each professional course. After admission to the major, if a student fails to maintain a grade point average of 2.75, the student has one semester to improve his/her grade point average. If a student receives a "D" or "F" in a professional course, the student is eligible to retake the course at its next offering.

All students majoring in Elementary or Middle Grades Education are required to complete another approved major or a second major or a concentration consisting of a minimum of 24 semester hours in a basic academic discipline. Depending on the academic discipline selected, a maximum of 6 hours may be counted toward the all-university liberal education requirement as well as the major or concentration. All students who entered the University as freshmen beginning in fall 1989 are subject to this requirement.

The School of Education's Department of Curriculum and Instruction reserves the right to refuse admission where additional enrollments would threaten the academic quality of classes or programs. The size of each junior class coming into Elementary or Middle Grades Education is determined by the availability of clinical faculty for student practicum and student teaching experiences. Therefore, it may not be possible to assure space for each student who meets the quantitative criteria for admission to the major as specified above. Interviews and/or other qualitative criteria will be implemented in such instances.

ELEMENTARY EDUCATION MAJOR (BACHELOR OF SCIENCE)

SCHOOL OF HEALTH AND HUMAN PERFORMANCE

401 Health and Human Performance Building

Robert W. Christina, Professor and Dean of School

Diane L. Gill, Professor and Associate Dean

In the School of Health and Human Performance academic programs are offered through the Department of Dance, the Department of Exercise and Sport Science, the Department of Leisure Studies, and the Department of Public Health Education. Each department offers varied courses for all University students and programs of study leading to undergraduate majors and minors in their respective areas. Graduate degrees in Dance, Health Education, Leisure Studies, and Exercise and Sport Science are also offered. The School's programs are designed to meet specialized interests of students and also the requirements of state and national accrediting agencies and professional associations.

In the **Department of Dance**, the Bachelor of Fine Arts degree is offered with a major in Dance as a creative and performing art. The Bachelor of Science degree, with a major in Dance Education, is designed to lead to North Carolina licensure for teaching in public schools. A Bachelor of Arts degree in Dance is pending. A Dance minor and master's degree studies are also available.

The **Department of Exercise and Sport Science** offers majors in Exercise and Sport Science leading to the Bachelor of Science degree. One of two concentrations may be selected: Teacher Education or Exercise Science and Sport Studies. The Teacher Education concentration prepares students for teaching in grades K-12. The Exercise Science and Sport Studies Concentration prepares students for careers in preventive and rehabilitative exercise and fitness. This concentration may be tailored to meet the needs and interests of students planning graduate study in medicine, occupational therapy, or physical therapy. Graduate studies leading to the master's degree and the doctoral degree are offered.

In the **Department of Leisure Studies**, a major student may choose one of three areas of concentration, Leisure Services Management, Therapeutic Recreation, or Travel, Tourism, and Commercial Recreation. These concentrations lead to the Bachelor of Science degree. A Leisure Studies minor and graduate studies leading to the master's degree are also available. The undergraduate program is fully accredited by the NRPA/AALR Council on Accreditation.

The **Department of Public Health Education** offers the Health Education major, leading to the Bachelor of Science degree, with concentrations in Community Health Education and School Health Education. The latter leads to K-12 teacher licensure. A Health Studies minor is available as well as graduate studies leading to the master's degree.

Further details about specific major programs can be found in the individual Department listings on the following pages. Graduate programs are described in the University's **Graduate School Catalog**.

DANCE EDUCATION MAJOR (BACHELOR OF SCIENCE)

Required: 128 semester hours

The Dance Education major (BS) is planned to develop an understanding of dance as an art form and as creative arts education. In addition to core courses in dance technique, choreography,

performance, history, and scientific foundations, dance education students also study the teaching/learning process in dance. Extensive observation, participation, and laboratory experiences with a variety of age groups are included. The Dance Education major is designed to lead to North Carolina licensure for teaching in public schools.

Dance Education majors are required to complete the following program:

I. AULER Requirements	45 hours
II. Major Requirements	64 hours
III. Teacher Licensure Requirements	11 hours
IV. Free Electives	8 hours
Total Semester Hours	128 hours

Specific course requirements for the B.S. degree with a major in Dance Education are detailed in the following sections.

I. All-University Liberal Education Requirements (AULER) (45 semester hours)

All students in this program must meet AULER requirements. Specific area requirements for the Bachelor of Science Dance Education Major are indicated below:

DEPARTMENT OF EXERCISE AND SPORT SCIENCE

250 Health and Human Performance Building

Shirl J. Hoffman, Professor and Head of Department

Professors Barrett, Gill, Gould, Harris, Martinek, Swanson; Associate Professors Goldfarb, Karper, Robinson, Williams; Assistant Professors Gilchrist, Hopewell, Morgan, Veal; Lecturers Francis, Richards, Wieser

EXERCISE AND SPORT SCIENCE MAJOR (BACHELOR OF SCIENCE)

Required:

Exercise Science and Sport Studies Concentration — 122 semester hours

Teacher Education Concentration — 125-128 semester hours

Concentrations

The **Exercise Science and Sport Studies concentration** is designed for students preparing for fitness leadership as a career and those preparing for graduate programs related to exercise science. A 6 semester-hour internship, designed to provide practical experience in community settings appropriate for each student's career goals, is required.

The **Physical Education Teacher Education concentration** leads to licensure for teaching in North Carolina and most other states. The licensure program prepares a student to teach grades K-12. Throughout the program there are opportunities for observation, participation, assisting and "mini-teaching", and coaching experiences with public school students, including those with special needs. Also see "Teacher Education" in Chapter 6.

Second Major Requirement for Teacher Education Concentration

All students majoring in Physical Education Teacher Education are required to complete another approved major or a second major or a concentration consisting of a minimum of 24 semester hours in a basic academic discipline. Depending on the academic discipline selected, a maximum of 6 hours may be counted toward the all-university liberal education requirement and the second major requirement. All students who entered any college in Fall 1989 or later as freshmen are subject to this requirement.

Requirements

Requirements for the Physical Education Major are described in the following categories:

1. **All-University Liberal Education Requirements (AULER)** - separately for the ESSS concentration, and for the Teacher Education concentration according to the "Second Major" chosen
2. **Related Area Requirements** - for the Teacher Education Concentration only, according to the "Second Major" chosen
3. **Additional "Second Major" Requirements** - for the Teacher Education Concentration only, according to the "Second Major" chosen
4. **Major Requirements** - for both concentrations
5. **Electives** - for both concentrations

All-University Liberal Education Requirements (AULER) (47-50 semester hours)

Exercise and Sport Studies concentration

All students in this program must meet AULER requirements. Specific area requirements are indicated below:

	Semester Hours
1. Analytical and Evaluative Studies (AE)	3
2. British or American Literature (BL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
Required: STA 108	
6. Natural Science (NS)	7-8
Required: BIO 111, and one additional NS course	
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	6
Required: ENG 101 or FMS 103 or RCO 101; and CST 105 or 341	
9. Social and Behavioral Sciences (SB)	6
Required: PSY 221 and ESS 330	
10. World Literature (WL)	3
11. AULER Additional Courses	7 - 9
Required: CHE 103 or 111, plus CHE 104 or 114, and CHE 110 or 115	

See pp. 69-71 for a detailed listing of the complete AULER area requirements and courses meeting those requirements.

All-University Liberal Education Requirements (AULER)

Physical Education Teacher Education concentration

Specific AULER area requirements for Physical Education Teacher Education VARY according to the "Second Major" chosen. Please see second major requirements outlined below for details.

— For the Anthropology Second Major (128 total semester hours):

All-University Liberal Education Requirements (AULER) (40-41 semester hours)

All students in this program must meet AULER requirements. Specific area requirements are indicated below:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL) or World Literature (WL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
6. Natural Science (NS)	7-8
Required: BIO 111 and ATY 253	
7. Non-Western Studies (NW)	3
Required: ATY 325, 333, 335, or 337*	
8. Reasoning and Discourse (RD)	3
Required: ENG 101 or FMS 103 or RCO 101	
9. Social and Behavioral Sciences (SB)	6
Required: PSY 221 and ESS 330	
10. AULER Additional Course	3
Required: ATY 201, 212, or 258**	

The above reflects waivers approved for this program in the areas of Literature (BL/WL), 3 hours, Reasoning and Discourse (RD), 3 hours, and AULER additional Courses, 3 hours. See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Related Area Requirements (8 semester hours)

BIO 271 and 277 or approved transfer courses

Additional "Second Major" Requirements (18 semester hours plus 6 hours in AULER)

1. Required Core: ATY 213, 253, 360, 387, and 411
2. *Choose one from the group ATY 325, 333, 337 in addition to the course selected for the NW Area in AULER
3. **One from the following: ATY 201, 212, or 258 (was contributed from the AULER Additional courses)

— For the Biology Second Major (128 total semester hours):

All-University Liberal Education Requirements (AULER) (38 semester hours)

All students in this program must meet AULER requirements. Specific area requirements are indicated below:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL) or World Literature (WL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3

Required: BIO 111 and 112	
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	3
Required: ENG 101 or FMS 103 or RCO 101	
9. Social and Behavioral Sciences (SB)	6
Required: PSY 221 and ESS 330	
10. AULER Additional Courses (from any of the above AULER areas)	3

The above reflects waivers approved for this program in the areas of Literature (BL/WL), 3 hours, Reasoning and Discourse (RD), 3 hours, and AULER Additional courses, 3 hours. See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Related Area Requirements (8 semester hours)

BIO 271 and 277 or approved transfer courses

Additional "Second Major" Requirements (9 semester hours plus 6 hours in AULER)

One course from three of the following:

1. Ecology: BIO 301
2. Cell biology: BIO 355
3. Genetics: BIO 392
4. Diversity: BIO 322, 341, 354, or 370

— For the English Second Major (128 total semester hours):

All-University Liberal Education Requirements (AULER) (40-41 semester hours)

All students in this program must meet AULER requirements. Specific area requirements are indicated below:

Semester Hours

1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL) or World Literature (WL)	3

DEPARTMENT OF LEISURE STUDIES

420-J Health and Human Performance Building

*Stephen C. Anderson, Professor and Head of Department**Professor Sellers; Associate Professor Gladwell; Assistant Professors Bedini, Gibson, Zuefle***LEISURE STUDIES MAJOR (BACHELOR OF SCIENCE)**

Required: 122 semester hours

The Leisure Studies major prepares students to pursue graduate study or to assume career opportunities in leisure services management, therapeutic recreation, commercial recreation, and aspects of the travel and tourism industry. The Department is committed to offering an academically challenging program of undergraduate education coupled with a solid foundation of a liberal arts education. The program is accredited by the National Recreation and Park Association's Council on Accreditation.

Concentrations

- Leisure Services Management
- Therapeutic Recreation
- Travel, Tourism, and Commercial Recreation

All-University Liberal Education Requirements (AULER) (45 semester hours)

All students in this program must meet AULER requirements. Specific area requirements for each concentration are indicated below:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
Required: STA 108	
6. Natural Science (NS)	6 (or 7)
Therapeutic Recreation concentration must complete: BIO 111	
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	6
Required: ENG 101 or FMS 103 or RCO 101 and ENG 102 or 301	
9. Social and Behavioral Sciences (SB)	6
10. World Literature (WL)	3
11. AULER Electives	6
CST105, 231, or 341; and one other course from any area listed above	

See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Major Requirements**For all three concentrations:**

1. LES 111, 212, 213, 314, 315, 416, 417, 418, 511
2. For both LES 315 and 417 an overall GPA of 2.0 is required prior to registration for the courses.

NOTE: Both field work experiences are normally offered only during the summer sessions and cannot be taken during the same summer. Therefore, students should plan accordingly.

Leisure Services Management Concentration

1. LES 241, 324, 342, 343, 545
2. Related areas:
Select two of the following: PSC 210, 310, 312, 313, 323, 324, 516, or 520
Select one of the following: GEO 205, 301, 302, or 502
Select one of the following: SOC 222, 326, 331, 343, or 543
Select one of the following: MGT 200, 312, 320, or 330

Therapeutic Recreation Concentration

1. LES 231, 332, 533
2. Related areas: BIO 271, 277; ESS 381; PSY 341
3. Select one of the following: HDF 302, 303, or 304
4. Select one of the following: BIO 479; CED 310; EDC 135; HEA 369; or PSY 450

Travel, Tourism, and Commercial Recreation Concentration

1. LES 221, 324, 425, 526
2. Related areas: MGT 320
Select two of the following: MGT 307, 312, MGT/PSY 314, 330, 421, 424
Select one of the following: ACC 201; ECO 202, 336; FIN 340; ISM 110
Select two of the following: GEO 202, 205, 302, 344, GEO/LES 320, LES 342

Electives

Sufficient to complete 122 total semester hours required for degree.

LEISURE STUDIES MINOR

This minor complements a number of majors, including biology, business administration, child development, geography, history, exercise and sport science, political science, public health education, psychology and social work. Fifteen semester hours are required, including LES 101 or 111, 212 or 213, 416 or equivalent, and 6-9 hours from department concentration courses. LES 314 may be counted as a therapeutic recreation concentration course.

Students interested in the minor should register with the Department of Leisure Studies, 420-J HHP Building.

LEISURE STUDIES COURSES (LES)

For Undergraduates

101 Leisure in Modern Society (3:3). • For students NOT majoring in Leisure Studies. • May not take both 101 and 111 for credit.

Survey of philosophical dimensions of leisure; exploration of leisure service delivery systems; evolution of leisure life-styles and need for educating for leisure-oriented living.

111 Leisure Studies (3:3). • May not take both 111 and 101 for credit.

Survey of historical and philosophical foundations of leisure studies; examination of agencies providing leisure services, professional organizations and career opportunities.

202 Environmental Education (3:3).

Historical and philosophical foundations of environmental education. Exploration of various program types; emphasis on teaching and learning alternatives. Survey of environmental issues and current research.

203 Leisure Services Planning Laboratory (2:1:2). Pr. 342.

Basic concepts and principles of leisure services planning are applied to produce design solutions to various planning problems in leisure service settings.

212 Leadership in Leisure Services (3:3).

Analysis of techniques, principles, and practices of leadership in leisure services; basic processes of activity leadership in conjunction with development of skills and knowledge in activity areas.

213 Leisure Services Programming (3:3). Pr. 212 or consent of instructor.

General principles of leisure services programming; intensive study of program areas available to participants; analysis of methods and techniques of program design, organization, implementation, and evaluation.

221 Travel and Tourism (3:3).

Tourism and recreational travel including its origins, present characteristics, and societal impacts; implications of non-business travel in the United States and emerging importance of international travel.

231 Introduction to Therapeutic Recreation (4:4).

Survey of key concepts, theoretical underpinnings, and procedures in clinical and community recreation situations. Focuses upon varied special needs populations, prescriptive activities, documentations using medical charting, medical and psychiatric terms.

241 Introduction to Leisure Services (3:3).

History and development of leisure services; examination of public agencies providing leisure services. Emphasis on types of programs and services offered in relationship to the leisure market.

304 Outdoor Challenge/Adventure Education Programs (3:3).

Principles and practices of outdoor challenge/adventure education; administrative considerations for selection, use, design, and implementation of outdoor challenge/adventure programs.

314 Special Recreation (3:3).

Examination of structure and functions of various community organizations and agencies providing recreation to people with disabilities. Analysis of various approaches and techniques of promoting "special recreation".

315 Practicum in Leisure Services (3 to 6). Pr. 111, 212, 213, 221 or 231, or 241. • May be repeated once for credit for maximum of six semester hours. • Grade: Pass/Not Pass (P/NP).

Directed practicum experience in a leisure services agency under supervision of a faculty advisor and an agency supervisor. Opportunities provide for student to develop knowledge, values, and beginning practice skills appropriate for entry-level practice in leisure services agencies.

320 Tourism Planning and Development (3:3).

Geographic distribution of tourist development with an emphasis on the spatial dimension of origin-destination flows, industrial structure, demand, and supply. Tourism planning and agents of tourism development are stressed. (Same as GEO 320.)

324 Commercial Recreation (3:3).

Study of nature and function of recreation in commercial agencies and settings. Survey of the development and operation of commercial goods and services offered in the leisure market.

332 Program Design and Evaluation in Therapeutic Recreation (3:3). Pr. 111, 231, or consent of instructor.

Focus on skills for systematic design and evaluation of programs using various systems techniques, including activity and task analysis procedures and summative and formative evaluation procedures.

342 Leisure Services Planning (3:2:2).

Examination of the basic procedures involved in the planning process; basic considerations in leisure services planning; analysis of the methods and techniques of site evaluation and design.

343 Maintenance and Operations in Leisure Services (3:3). Pr. 111, 342 or permission of instructor.

Principles and practices of maintenance management; operational policies and procedures in leisure services agencies.

405 Problems Seminar (3:3). Pr. course work in appropriate content area and/or consent of instructor.

Specific course title identified by subscript, e.g., Problems Seminar: Leisure and Aging. Nature of problems themselves and their impact on society studied. May be repeated once for credit.

406 Leisure Resources Policy (3:3). Pr. 111.

Concepts, principles, and practices in leisure resources policy; methods and techniques of determining land and facility policy; quantitative and qualitative resource evaluation.

407 Leisure Services Communication (3:3). Pr. 111.

Communication process as it relates to leisure services agencies. Emphasis on communication skills and interpretive techniques. Evaluation of information media and problem resolution.

416 Leisure Services Administration (3:3). Pr. 111 or consent of instructor.

Study of principles and practices of administration. Basic procedures in leisure services administration, with particular emphasis on finance and budgeting; personnel policies and practices; publicity and public relations; and planning, evaluation, and research.

417 Internship in Leisure Services (6). Pr. senior standing, and 2.0 GPA achieved prior to registration; 18 semester hours in LES and permission from LES Department Head required. • Grade: Pass/Not Pass (P/NP).

Provides student with opportunity to relate theory to practice through observation and experience. Student, in a ten-week program, assigned on an individualized basis to approved public, private, and commercial agencies. Internship consists of a full-time placement for total of 400 clock hours.

418 Research in Leisure Studies (3:3). Pr. 111, STA 108 or consent of instructor.

Analysis of research methods in leisure studies will include problem identification, literature review, data collection methods and analysis, and proposal writing.

425 Resort Management (3:3). Pr. 111, 221 or consent of instructor.

Examination of the resort industry. Considers development and operations, with an emphasis on the management of resort properties.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

511 Advanced Concepts in Leisure Studies (3:3). Pr. Senior standing in Leisure Studies, graduate standing, or permission of the instructor.

Theories, concepts and current research which influence the study of leisure behavior and the delivery of leisure services.

519 Directed Research (3:3). Pr. 418 or permission of department head.

Identification and investigation of research questions in leisure studies. Opportunity for students to conduct research with direction from scholars in the field.

526 Tourism Management (3:3). Pr. 221, 324 or consent of instructor.

Study of concepts, principles, and practices of tourism management. Emphasis given to the application of management and marketing in the tourism industry.

634 Advanced Procedures in Therapeutic Recreation (3:3).

697 Internship in Leisure Services (3-6).

698 Field Project in Leisure Services (3-6).

699 Thesis (6).

DEPARTMENT OF PUBLIC HEALTH EDUCATION

437 Health and Human Performance Building

Keith A. Howell, Professor and Head of Department

Professor Gruchow; Associate Professors Bibeau, King, Lawrance, Mullen; Lecturer Durward; Adjunct Lecturer Enright

Increasing national interest in health and health promotion attracts students to the undergraduate degree program in Public Health Education, with concentrations available in Community Health Education and School Health Education. Both concentrations provide field experiences in public and private agencies as a part of the professional studies program. Graduates have found career paths open to them in community health departments, schools, and various health and human services agencies. The student who wishes to declare a Health Education major should consult with the Department Undergraduate Program Director, to be assigned an advisor and receive information about required course schedules and sequences.

HEALTH EDUCATION MAJOR (BACHELOR OF SCIENCE)

Required: Community Health Education Concentration — 124 semester hours

School Health Education Concentration — 125 to 128 semester hours
(depending on Second Area of Concentration)

Concentrations

• Community Health Education

Students in this concentration are prepared to design and implement health promotion programs in the community. Graduates have found careers in national, state, and local health agencies, health and human services organizations, and business and industry.

• School Health Education

Students in this concentration are prepared for teaching grades K-12 in public and private schools, and school-related positions with selected community agencies. Admission into the UNCG Teacher Education program is required. See "Teacher Education", Chapter 6.

Second Area of Concentration (School Concentration)

All students majoring in Health Education (School concentration) are required to complete another approved major or a second major or a concentration consisting of a minimum of 24 semester hours in a basic academic discipline. Depending on the academic discipline selected, a maximum of 6 hours may be counted toward the all-university liberal education requirement and this requirement. All students who entered the University in Fall 1989 or later as freshmen are subject to this requirement.

Admission to the Professional Program

1. Completion of at least 12 semester hours at UNCG
2. At least 2.2 grade point average upon completion of 60 credit hours.

Admission to Senior Practicum Course (HEA 428)

1. Admission to the Professional Program
2. Completion of all early field experience requirements (HEA 340 and 345)
3. At least 2.2 grade point average (overall)
4. A grade of "C" or better in all required Health courses

Admission to Student Teaching Courses (HEA 461, 462)

1. Admission to Teacher Education Program
2. Completion of all Teacher Education requirements
3. Minimum 2.5 grade point average (overall)
4. A grade of "C" or better in all required Health courses

• **Community Health Education Concentration (124 semester hours)**

All-University Liberal Education Requirements (AULER) (46 semester hours)

Same as for Biology Second Area of Concentration with exception noted below:

	Semester Hours
For Natural Science (NS)— BIO 111 and FNS 213	7
For Social and Behavioral Sciences (SB)— SOC 211*, 232*	6
For AULER Electives (EL)—	6
PSY 221 and one additional course from any AULER area	
* AULER courses included in "Second Area of Concentration"	

See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Related Area Requirements (7 semester hours)

1. BIO 277
2. One of the following: HEA 310, 333, 347; HDF 212; PSC 210, 323

Additional "Second Area of Concentration" Requirements (18 semester hours)

1. SOC 314, 318, 320, 450 and 339 or 361
2. One of the following: SOC 336 or 337

MINOR IN HEALTH STUDIES

1. HEA 201; FNS 213; ESS 220; nine additional hours of health courses above the 200 level
2. Grade of C or better in courses counted toward minor
3. At least 2.2 grade point average
4. Completion of at least 12 semester hours at UNCG and a minimum grade point average of 2.2 at time of registration for the minor

NOTE: Students interested in the minor should contact the Department of Public Health Education.

PUBLIC HEALTH EDUCATION COURSES (HEA)**For Undergraduates**

110 Experimental Course: Managing Your Emotional Health (1:1). Pr. Freshman or Sophomore status. • Grade: Pass/Not Pass (P/NP).

To be conducted in an interactive setting, this course will focus on how students can deal with stress and maintain their own positive emotional well-being.

156 Experimental Course: Reducing Violence (1:1). Pr. Freshman or Sophomore status. • Grade: Pass/Not Pass (P/NP).

An interactive course focusing on the occurrence and prevention of violence. Life-style issues for suicide prevention, rape prevention, and reducing the probability of assault will be targeted.

160 Experimental Course: Sexuality: Behavior and Relationships (1:1). Pr. Freshman or Sophomore status. • Grade: Pass/Not Pass (P/NP).

To be conducted in an interactive setting, this course will focus on health issues related to love, sexual behavior, gender roles, and development and maintenance of intimate relationships.

162 Experimental Course: Preventing Sexually Transmitted Diseases (1:1). Pr. Freshman or Sophomore status. • Grade: Pass/Not Pass (P/NP).

To be conducted in an interactive setting, this course will help students identify health consequences of STDs and select life-style choices to reduce their risk of an STD-type infection.

201 Personal Health (3:3). • Fulfills teacher licensure requirements. Elective for all others.

Study of determinants of healthful and safe living for various age groups; emphasis on analyses and interpretations of research methods and findings within a social ecological conceptual framework. (Formerly 201 Health: A Personal Look) [SB, CSB]

236 First Aid (1:1). • Students may not take both 236 and 338 for credit.

American Red Cross Standard First Aid Course leading to certification for those who qualify.

310 Emotional Health (3:3).

Consideration of positive emotional health as an integral factor in the total health and well-being of the individual.

315 Epidemiology and Disease Processes (3:3). Pr. Sophomore standing, HEA 201 or permission of instructor.

Study of the distribution and determinants of disease occurrence with emphasis on application to health education. (SP)

320 The School Health Program (3:3). Pr. 327 or 334 or permission of instructor.

Total school health program (healthful environment, health services, and health instruction including curriculum) and its contribution to health and education of children and youth. (SP)

327 Foundations for Community Health Education Practices (3:3). Pr. 201 and enrollment in health education major or permission of instructor.

Orientation to community health and principles governing it. Special emphasis on role of community health educator and his responsibilities with regard to total community health framework. (FA)

330 Family Health (3:3). Pr. 201 or permission of instructor. Elective for sophomores, juniors, and seniors.

Factors contributing to health of the family at various stages in the life cycle, with emphasis on selected health problems as they affect family health maintenance and promotion.

331 Alcohol and Health (3:3).

Analysis of alcohol use, effects, associated disorders, and preventive approaches. Emphasis upon physiological and psycho-social considerations. Exploration of behaviors, knowledge, and attitudes related to alcohol use/non-use/abuse.

333 Health of Women (3:3).

Women and their health. Incorporating selected health issues, physical and developmental changes in the life cycle, health maintenance, and health problems. Not offered every semester. (Same as NUR 330)

334 Community Health (3:3). Pr. sophomore standing.

Overview of complex social, health, and medical problems of modern society, with special emphasis on community programs for solving them. Study of programs of official and voluntary health agencies, designed to promote and protect the health of citizens, observed through field trips, discussed by guest lecturers, and studied through other forms of enrichment.

338 Safety and First Aid (3:3). • Students may not take both 236 and 338 for credit.

Study of factors essential to safety in home, school, and community, with emphasis on First Aid and emergency care knowledge and skills. Cardiopulmonary Resuscitation (CPR) included.

340 Observation and Participation in Community Health Agencies (2:2). Pr. Community Health Education Major or permission of instructor.

Observation of modern community health practice in local health agencies. With cooperation of health agency staff members, student receives practical experience through participation in selected agency activities. (FA)

341 Elementary School Health (3:3). Pr. Health Education Major or acceptance into Teacher Education Program.

Health content relevant to college students followed by analysis of such content to derive information appropriate for elementary children. Includes methodologies for conduct of elementary school health program.

342 Observation and Participation in School Health Education (2:2). Pr. School Health Education Major, or permission of instructor.

Analysis of observation and participation techniques. Observation of pupils, class activities, and teaching methods. Participation in teaching-learning process. Practical experience in observation and participation in public schools on elementary and secondary levels. (FA)

345 Field Experiences in Health Education (2:1:3). Pr. 340 or 342, 380 and admission to professional program.

Observing and assisting in health education programs in selected agencies and schools. Development of observational and teaching skills. Health education majors only. (FA)

347 Health Problems of Lower Income Groups (3:3). Pr. sophomore standing.

Ramifications of poverty-health complex in United States and social differences in physical and mental illness. Emphasis on identification of specific health problems common among the poor and detailed inspection of characteristics of poverty which contribute to these health conditions.

360 Human Sexuality (3:3).

Study of psychosocial, biological, cultural, and developmental research aspects of human sexuality emphasizing methods of sexuality research, relationships, gender issues, intimacy, sexual response, reproduction, exploitation, and dysfunctions. [SB, CSB]

361 Sexuality Education: Content and Methods (3:3:1). Pr. 360 and permission of instructor.

Content and methods for sexuality education among young adults. Emphasis on enhancing student understanding of sexuality through the planning and implementation of selected learning activities.

369 Lifetime Health Concerns (3:3). Pr. sophomore standing.

Selected predictable physical, mental, and social health concerns from prenatal life through adulthood. Special emphasis on prenatal life through adolescence.

380 Social and Philosophical Foundations of Health Education (3:3). Pr. sophomore standing, HEA 201, or permission of instructor.

Social and philosophical foundations of school and community health education programs in society from the perspective of historical development and current and future roles. (FA)

405 Program Planning and Evaluation (3:3). Pr. 327, 340, and 380.

Process of implementing specific health programs in the community. Total program development emphasized with attention given to defining community problems, overcoming community resistance, selecting appropriate educational methods, and conducting evaluation activities. (SP)

425 Evaluation in Health Education (3:3). Pr. admission to professional program, or permission of instructor.

Consideration of existing health education instrumentation and its construction and usage to evaluate

health knowledge, attitudes, behavior, and programs. (FA)

428 Community Health Field Work (3 to 6). Pr. 340, 345; admission to professional program; overall 2.2 GPA; a grade of "C" or better in all required HEA courses. • May be repeated for credit to a maximum of six hours. • Grade: Pass/Not Pass (P/NP).

Experience in community health agency using techniques and practices of health educators under supervision of University and agency personnel. Designed for seniors in Community Health Education and other qualified students with permission of instructor. (SP)

450 Current Health Problems (3:3).

Examination of selected health problems including cardiovascular diseases, cancer, death and dying, and others that are of current pertinence. Nature of the problems themselves as well as the impact on society.

461, 462 Student Teaching in Health Education (4), (4). Pr. admission to Teacher Education Program; completion of all prerequisite teacher licensure requirements; overall 2.5 GPA and a grade of "C" or better in all required HEA courses. • Grade: Pass/Not Pass (P/NP).

Full-time teaching of health in schools and/or appropriate teaching centers in state. Weekly seminar for evaluation and planning. (SP)

463 Seminar in School Health Education (2:2). Coreq. 461, 462.

Consideration and evaluation of student teaching experiences and identification of opportunities for future professional growth. (SP)

464 Administration of the School Health Program (2:2). Coreq. 461, 462.

Administration of the school health program, with particular emphasis on program planning, implementation, and school-community relations. (SP)

465 Elementary School Health Education (2:2).

Integration and application of principles from general education and secondary health education for grades K-6. Emphasis on content selection and teaching methodology appropriate to elementary school.

467 Teaching Methods in Health (3:3). Pr. admission to professional program.

Philosophy and practice of health education with emphasis on problem-centered teaching methodologies and instructional materials. (FA)

475 Independent Study (1 to 3). Pr. demonstrated competency for independent work and consent of academic adviser and instructor. • May be repeated once for credit.

Intensive work in an area of special interest in health education. Available to qualified students on recommendation of academic adviser and instructor.

For Advanced Undergraduates and Graduate Students

540 Seminar in Health (3:3). Pr. 320, 380, and senior standing in health education or permission of instructor.

Current problems, issues, and trends in health education and health sciences, with emphasis on analysis of research and literature.

For Graduate Students Only

600 Contemporary Problems in Health (3:3).

601 Principles of Health Promotion and Disease Prevention (3:3).

602 Epidemiology and Biostatistics (3:3).

603 Community Health Education (3:3).

605 Program Planning in Community Health Education (3:3).

606 Workshops in Health Education (1 to 3).

616 Workplace Health Promotion (3:3).

620 School Health Programs (3:3).

SCHOOL OF HUMAN ENVIRONMENTAL SCIENCES

235 Stone Building

Helen A. Shaw, Professor and Dean

Edward A. Powers, Professor and Associate Dean

Programs within the School of Human Environmental Sciences prepare students for careers in the field of applied human sciences. Our science-based teaching and research programs focus on human beings in multiple environmental contexts.

Students receive a broad-based liberal education that includes University requirements and School requirements along with the courses required for their particular majors. Our programs are unique in their ability to utilize basic principles from many disciplines to solve human problems and to meet social needs.

The strong research efforts within the School serve to enhance and support highly challenging undergraduate programs. The five majors offered are:

Clothing and Textiles

Food, Nutrition and Food Service Management

Housing and Interior Design

Human Development and Family Studies

Social Work

Special facilities of the School of Human Environmental Sciences include three Child Care Education Centers, the Governor Morehead School for the Visually Impaired, the Historic Costume and Textile Collection, the Family Research Center, and the North Carolina Agricultural Research Service.

DEPARTMENT OF CLOTHING AND TEXTILES

210 Stone Building

*Betty L. Feather, Professor and Chair of Department**Professors Kim, Oakland; Associate Professors Cassill, Grasso; Assistant Professor Moore; Lecturers Gibson, May-Plumlee; Adjunct Associate Professors McEnally, Williamson*

The Clothing and Textiles program offers two concentrations for majors and minors: Textile Products Marketing and Textile Products Design. These concentrations prepare students for positions with companies who focus on the development, design or marketing strategies in the soft goods chain or textile related industries.

During the first two years of study, students will complete a majority of their general education requirements and begin introductory textile, design, and marketing courses. Since many students frequently change majors early in their academic careers, the majority of textiles and clothing courses are offered during the junior and senior years.

Students begin in-depth study in either Textile Products Design or Textile Products Marketing in their junior year. Design students take supporting courses in the Art Department, preferably during their sophomore and junior years. Marketing students complete sufficient courses (21 hours) in the Bryan School of Business and Economics to complete a minor in Business.

Internship experiences are completed between a student's junior and senior years. Students prepare for this opportunity by completing a pre-internship class. Internships are structured and supervised to ensure that students have a quality experience. Because of the proximity to North Carolina's textile and apparel industry, the majority of students have experiences within the state.

International exposure is built into the total curriculum beginning in the freshman year with a non-western course, "Culture, Human Behavior and Clothing", and continues throughout the program. Study of foreign languages is encouraged and international study experiences are possible.

CLOTHING AND TEXTILES MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours

CONCENTRATIONS

- Textile Products Marketing
Designed to prepare students for careers in textile products marketing such as apparel manufacturing, distribution, and retailing.
- Textile Products Design
Designed to prepare students for careers in apparel and other textile products design and production.

All-University Liberal Education Requirements (AULER) (46 semester hours)

All students in this program must meet AULER requirements. Specific area requirements are indicated below:

	Semester Hours
1. Analytic and Evaluative Studies (AE) Required: ATY 213	3
2. British or American Literature (BL)	
3. Fine Arts (FA) Required: ART 101	3

CLOTHING AND TEXTILES

4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
Required: MAT 119	
6. Natural Science (NS)	7
Required: CHE 103 or 106; CHE 110; CTX 211	
7. Non-Western Studies (NW)	3
Required: CTX 121	
8. Reasoning and Discourse (RD)	6
Required: ENG 101 or FMS 103 or RCO 101 and CST 105	
9. Social and Behavioral Sciences (SB)	6
Required: ECO 201 and SOC 211 or 232, or PSY 221	
10. World Literature (WL)	3
11. AULER Electives	6

These requirements are retroactive for students who follow the 1991-92 Bulletin and Bulletins thereafter. In addition, CTX 211 and CTX 121 are approved to meet Natural Science (NS) and Non-Western Studies (NW) requirements respectively. See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Major and Related Area Requirements

CTX Core Courses For All Concentrations

CTX 121, 211, 231, 242, 312, 481

Textile Products Marketing

1. CTX 251, 261, 321, 361, 362, 372, 461, 462, 463, 530, 560
2. Related Areas: ECO 201; MGT 200, 309, 320; ACC 201; ISM 110; and one additional 3-hour course to satisfy the Business minor in the Bryan School of Business and Economics.

Textile Products Design

1. CTX 100 or competency, 244, 321, 341, 342, 372, 441, 461, 462, 530, 543, 545, 552
2. Related Areas: ART 140, and one course from ART 271, 347, 372.; ISM 110; MGT 309

Electives

Electives sufficient to complete total semester hours required for degree.

CLOTHING AND TEXTILES MINOR

Majors in art, history, any major in the Bryan School of Business and Economics, chemistry, or allied fields may elect a minor in Clothing and Textiles by completing 15 semester hours, one course of which must be at the 500 level. There are two areas in the CTX Department from which a student can develop a minor: Textile Products Marketing or Textile Products Design. Required courses (6 hours) for the minor are CTX 211 and 231; Housing and Interior Design students may substitute CTX 111 for CTX 211; the remaining courses can be selected from the following concentrations provided prerequisites are met:

Textile Products Marketing: CTX 251, 261, 361, 362, 372, 463, 530, 532, 560, 562

Textile Products Design: CTX 242, 244, 341, 342, 372, 441, 543, 545, 552

CLOTHING AND TEXTILES COURSES (CTX)

For Undergraduates**100 Apparel Construction Processes I (3:1:6).**

• **For CTX majors only.**

An introduction to the concepts of shaping, reinforcing, joining, and detailing textile materials in a variety of textile products. Textile Products Design students are required to successfully pass CTX 100 or a competency examination prior to enrolling in CTX 341. (SP)

111 Textiles for Interior Furnishings (3:3).

Textile fiber, yarn and fabric properties, dyes and finishes relating to quality of interior furnishings. Performance evaluation based on industry standards, end-use requirements and the use environment. (FA)

121 Culture, Human Behavior, and Clothing (3:3).

Interaction of clothing and textiles with the individual and society: sociological and psychological implications for non-western cultures. [NW].

211 Textile Science (3:3).

Principles of fiber science with emphasis on fiber chemical composition, physical structure, and properties; analyses of yarn and fabric structures and their characterization; and fundamentals of coloration and finishing. [NS].

231 Textile Products: Production, Distribution and Consumption (3:3).

Overview of the fiber-textile-apparel retail complex from raw material through consumption; includes scope and structure of the industries, auxiliary enterprises, and career possibilities.

242 Design Principles Applied to Textile Products (3:3). Pr. 211.

Application of the elements and principles of design to analysis of textile products and solution of design problems. Emphasis on textile product design evaluations through verbal and written communications.

244 Visual Communication for the Textile Products Industry (3:1:5). Pr. 242, ART 140.

Survey of industry methods for communicating design concepts and presenting finished products. Emphasis is on use of media and development of techniques for rendering fabrics and textile product designs. (FA)

251 Principles of Apparel Evaluation (3:3). Pr. 211, 231.

An examination and evaluation of ready-to-wear apparel including terminologies, production techniques and price/quality relationships. (FA)

261 Introduction to Apparel Merchandising (3:3).

Survey of apparel business focusing on fashion socio-economics, principles governing fashions' origins and movement, and implications of these factors for apparel merchandisers. Career opportunities investigated.

312 Textile Product Performance (3:2:3). Pr. 211, CHE 103 or 106, CHE 110.

Study of the properties of textile fibers, yarns, and finished fabrics using standard methods of textile evaluation and basic statistics.

321 Social Psychology of Dress (3:3). Pr. SOC 211 or 232.

Social and cognitive processes related to the meanings people assign to clothing cues when perceiving one another. Focus on appearance-related stereotypes: age, gender, physical attractiveness, status, and ethnicity.

341 Apparel Design Techniques (3:1:5). Pr. 100, 211, 242.

Development of apparel designs by flat pattern techniques and original design process. (FA)

342 Advanced Applications of Flat Pattern Drafting Techniques (3:2:3). Pr. 341.

Flat pattern drafting techniques in development of slopers, master patterns, and original designs as well as theory and practical application of pattern grading and fit. (SP)

361 Textile Products Buying and Merchandising I (3:3). Pr. CTX 231, 261, MAT 119 or permission of instructor.

Investigation of the role and responsibilities of buyers and managers in retail operations. Fundamentals of merchandise mathematics and buying.

362 Visual Merchandising and Promotion (3:3). Pr. 242.

Application of visual merchandising to textile and nontextile products and services, through design principles and physical manipulation. (FA)

372 Survey of Historic Costume (3:3).

Survey of historic costume from prehistory to present, with emphasis on social, economic, and political events as well as various cultures that have influenced modern dress. (FA)

400 Special Problems in Clothing and Textiles (1 to 4).

Individual study. Conference hours to be arranged.

441 Computer-Aided Design for Apparel (3:1:6). Pr. 100, 242, 341.

A survey of apparel design techniques utilizing computers to facilitate the design process. Emphasis is placed on developing original designs, patterns, and markers.

461 Textile Products Industry Analyses (3:3). Pr. 12 hours in CTX; application required.

Analyses of trends and current developments influencing the textile and apparel industry. Examination of process, content, requirements, and options for self-directed learning opportunities in clothing and textiles. (SP)

462 Internship: Textile Products Design and Marketing (3:3). Pr. 18 hours in CTX; application required. • May not be taken concurrently with CTX 461.

Campus monitored, structured educational experiences in off-campus textile products industries. Site visits by professor, weekly written assignments, required oral presentations to academic and business professionals. (SU)

463 International Sourcing of Textile Products (3:3). Pr. 231.

Examination of textile products sourcing strategies, business and cultural environments, and financial transactions used in calculating business in the international marketplace. (SP)

481 Contemporary Professional Issues in Textile Products (3:3). Pr. Senior CTX majors.

Study of contemporary issues related to clothing and textiles in their social, economic and political context. Emphasis on understanding cultural differences in the global marketplace. (SP)

482 Special Problems in Textile Products Design or Marketing (1 to 4).

Individual study. Conference hours to be arranged.

Nutrition Science Concentration

1. FNS 213, 313, 523, 531, 534, 573, 593, 527 (3-6 hrs) plus one FNS course in applied area
2. Related areas: BIO 112, 277, 355, 356, 392; CHE 112, 115, 331, 333, 351, 352, 354; MAT 119; PHY 101, 102; STA 108 or 271

Dietetics Concentration

1. FNS 103, 213, 302, 309, 313, 503, 519, 523, 531 or BIO 535, FNS 532, 573, 593
2. Related areas: BIO 112, 277, 280; CHE 110, 205, 206; ISM 110 or FNS 205; MGT 200

Electives

Electives sufficient to complete total semester hours required for degree. Approximately one-third of electives may be selected from departments in Human Environmental Sciences.

FOOD AND NUTRITION MINOR

Completion of 17-18 hours as follows:

Food Service Management Minor: FNS 103, 213, 309, 519, 532, 549 or 569

Food and Nutrition Minor: FNS 103, 213, and four of the following: 313, 503, 523, 533, 543, 553, 576, 593

FOOD, NUTRITION, FOOD SERVICE MANAGEMENT COURSES (FNS)

For Undergraduates

103 Food Selection and Preparation (3:2:3).

Basic scientific principles of food preparation with emphasis on standards of selection, purchasing, preparation, storage, and preservation. (FA,SP)

205 Computer Applications in Dietetics and Foodservice (2:1:3).

Application of computer software used in word processing, data management, nutrient analysis and food service management operations. (FA)

213 Nutrition (3:3).

Basic principles of human nutrition with emphasis on the nutrients and factors which affect their utilization in the human body. [NS, CLS]. (FA,SP)

302 Nutrition Science, Education and Application Processes (3:3).

Study of communication of nutrition science through nutrition education, professional literature, and public media. Evaluation and use of professional and scientific literature in nutrition and food systems. (FA)

309 Quantity Food Procurement and Production (4:2:6). Pr. 103.

Procurement and production of quantity foods with an emphasis on menu planning, pre-preparation, service, sanitation, delivery systems, select, use and care of quantity food equipment. (FA,SP)

313 Nutrition Throughout the Life Cycle (3:2:3). Pr. 213 or approval of instructor.

Principles of nutrition applied to meet the nutrient needs at different stages of the life cycle. Forces governing food availability, acceptability, nutritive quality and safety are stressed in the preparation of nutritional plans for individuals and groups. (SP)

401 Special Problems in Food, Nutrition, Food Service Management (1 to 4).

Individual study. Conference hours to be arranged.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

500 Supervised Professional Experience (1-4:0:3-12).

Supervised professional experience in selected commercial or industrial organizations, public or private agencies in accordance with the major course of study of the student.

503 Experimental Food Study (3:2:3). Pr. 103, CHE 205, 206.

Experimental study of factors regulating the preparation of standard food products. (FA,SP)

519 Food Service Management (3:3). Pr. MGT 200.

Planning, organization, and administration of institutional food service, personnel, and work units. (FA)

523 Community Nutrition (3:2:3). Pr. 313, or permission of instructor.

Current trends in community nutrition with emphasis on community services, government projects, and international health organizations. (SP)

527 Problems in Food, Nutrition, Food Service Management (2 to 6).

Individual study.

531 Nutrition and Human Metabolism (3:3). Pr. 213, CHE 205, 206.

Structure, function, and regulation of nutrients in human metabolism. (SP)

532 Analysis and Control of Food Systems (3:2:3). Pr. 309, 519.

Overview of food service cost control, financial methods and procedures necessary to forecast cost and record and control expense. (SP)

533 Cultural Aspects of Foods (3:3). Pr. 103, 213 or 313, or consent of instructor.

Food patterns and population groups; malnutrition and food habits; national and international programs toward improved food supply and food habits.

534 Nutrition and Human Metabolism Laboratory (2:1:3). Pr. CHE 205, 206, and BIO 535 or FNS 531 (may be taken concurrently).

Analytical procedures, their rationale and interpretations, applicable to the study of human metabolism.

539 Marketing for Dietitians and Food Service Management (3:3). Pr. 519.

Basic marketing principles with a focus on application to food service and dietetics where competition is requiring a more strategic approach to the promotion of ideas, concepts and products. (FA)

540 School Food Service (2:1:3).

Selection, purchase, preparation, and service of food for school lunchrooms; organization, administration, records, and cost control applicable to school lunchrooms. (Not offered every year)

543 Maternal and Infant Nutrition (3:3). Pr. 213 or equivalent, and BIO 277 or equivalent.

Nutritional needs of pregnant and lactating women, and infants; methods of evaluating nutritional status of these groups; effects of nutrition on pregnancy outcome and infant development.

549 Supervised Experience in Food Service Management (3:1:6). Pr. 309, 519.

Directed experiences in managerial problems of institutional food service.

553 Child and Adolescent Nutrition (3:3). Pr. 213 or equivalent, and BIO 277 or equivalent.

Nutritional needs of children and adolescents; methods of evaluating nutritional status of these groups; effects of nutrition on development.

559 Comparative Analysis of Food Service Systems (3:1:6). Pr. 309, 519.

Critical analysis of operational procedures of food service systems.

569 Internship in Foodservice Systems (4:0:24). Pr. 519, 205, 309, or equivalent.

Internship experience in selected foodservice operations to enhance the educational experience. 400 hours on site plus written and oral final presentation required.

573 Diet Therapy (4:3:2). Pr. 313 (may be taken concurrently); BIO 277; BIO 535 or FNS 531; and FNS 593.

Clinical aspects of nutrition. Development and use of therapeutic diets to combat nutritional diseases and physiological disorders. (SP)

576 Nutrition and Physical Fitness (3:3). Pr. BIO 277 and FNS 213 or equivalent required. ESS 375 or 575 recommended.

Metabolism during exercise, ergogenic aids, nutrients' effects on performance, and body composition alterations during training. Gender and age-specific needs and responses to exercise and dietary intake. (Same as ESS 576) (FA)

593 Advanced Nutrition (3:3). Pr. 313, BIO 535 or FNS 531, BIO 277.

Biochemical and physiological aspects of nutrient metabolism and utilization. Nutrient requirements for maintenance, growth, pregnancy, lactation, work, and senescence. (FA)

For Graduate Students Only

601 Directed-Individual Study in Food, Nutrition, Food Service Management (1 to 6).

602 Introduction to Clinical Dietetics (2:1:3).

605 Nutritional Assessment (4:2:6).

606 (a)(b)(c) Practicum in Clinical Dietetics (3 to 6), (3 to 6), (3 to 6).

607 Nutrition Education (3:3).

609 Seminar in Food and Nutrition (1:1) or (2:2).

613 (a) Readings in Foods (3:3).

(b) Readings in Nutrition (3:3).

619 Nutrition Consultation Methods (3:2:3).

623 Current Trends in Nutrition (1 to 3).

625 Nutrient Metabolism I (4:3:2).

626 Nutrient Metabolism II (4:3:2).

643 Nutrition and Aging (3:3).

649 Nutrition and Physical Performance (3:3).

653 Problems in Food and Nutrition (2 to 4).

670 Minor Research (2 to 6).

673 Nutrition Research Methodology (2:1:3).

693 Advanced Medical Dietetics (3:3).

699 Thesis (3 to 6).

790 Independent Doctoral Research (1-6).

799 Dissertation (1 to 12).

800 Graduate Registration (0).

DEPARTMENT OF HOUSING AND INTERIOR DESIGN

239 Stone Building

Novem Mason, Professor and Chair of Department

Associate Professors Leimenstoll, Lambeth; Assistant Professors Matthews, Rawls, Ziff; Lecturer Temple; Adjunct Associate Professor Herman; Adjunct Assistant Professor Hammett

INTERIOR DESIGN MAJOR (BACHELOR OF SCIENCE)

Required: Five years of study, 142 semester hours

The Interior Design program is structured around a continuing sequence of studio courses which help the student develop a deepening mastery of the processes of designing architectural interiors.

The first year presents small-scale problems that take the student through the total design process, from problem identification to graphic communication of the solution.

Second-year design studios focus on the development of scale and proportioning systems within the context of interior spaces. Communication skills are stressed.

Third- and fourth-year studio courses deal with typical interior environments, with emphasis on institutional and commercial interiors, but also including residential design, historic restoration, and adaptive reuse. Attention is also directed toward the environmental needs of special groups. Support courses enable the student to develop skills and concepts that can be tested in the studio.

Twelve semester hours may be completed either through Advanced Interior Design Studio courses in the fifth year, or through a combination of the Interior Design Internship option and Advanced Interior Design Studio. The Internship option provides opportunity for experiential learning in a design business, government or health care agency, while fifth-year studio courses provide opportunity for independent project work.

Accreditation

The Interior Design program is accredited by the Foundation for Interior Design Education Research (FIDER) for a six-year period ending July 31, 1999.

Departmental Admission

Enrollment in the Interior Design program is limited. Students who indicate interest in the Interior Design major on their University application will receive information on departmental admission. Students are admitted on evidence of scholastic and design potential, motivation, and self-direction. A personal interview is required. Students will not be allowed to take interior design courses unless they have been formally admitted to the Interior Design program.

Transfer students applying for advance studio placement must present to the Interior Design screening committee portfolio and transcript evidence of relevant achievement through prior course work or experiences. Transfer students seeking entry into the program must have at least an overall 2.5 grade point average in completed coursework.

In order to remain in the Interior Design major, students must maintain a minimum overall 2.0 grade point average in the University and in interior design studio courses. Students are responsible for purchase of equipment and studio supplies.

All-University Liberal Education Requirements (AULER) (45 semester hours)

All students in this program must meet AULER requirements. Specific area requirements are indicated below:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL)	3
3. Fine Arts (FA)	3
Required: ART 100 or 101	
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
6. Natural Science (NS)	6
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	6
Required: ENG 101 or FMS 103 or RCO 101 for 3 of the 6 credits	
9. Social and Behavioral Sciences (SB)	6
10. World Literature (WL)	3
11. AULER Electives (from any area listed above or foreign language)	6

See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Major Requirements

HID 101, 102, 201, 202, 301, 302, 411, 412, 501

Support courses: HID 111, 112, 121, 122, 211, 212, 221, 222, 252, 311, 331, 332, 333, 431, 451, 452, 453; CTX 111

Six semester hours from among the following: HID 432, 502, 527, 531, 543, 548

Electives

Nine semester hours of electives which may be taken in one focused area of study that supports a special Interior Design interest.

HOUSING AND INTERIOR DESIGN COURSES (HID)

For Undergraduates

101, 102 Basic Environmental Design I, II (3:0:6), (3:0:6). Pr. admission to the Interior Design Program; to be taken concurrently with 111, 112.

Investigation of space design at small scale while exploring properties of basic materials. Development of conceptual thinking.

111, 112 Perception and Communication I, II (2:0:4), (2:0:4). Pr. admission to the Interior Design Program; to be taken concurrently with 101, 102.

Studies designed to increase perceptual awareness and communication skills through exercises in various design and communications media and by investigation of pertinent theoretical concepts and established procedures.

121 Design Graphics I (2:0:4). Pr. admission to the Interior Design Program; to be taken concurrently with 101 and 111.

Basic technical drawing processes and skills using tee squares, parallel bars, triangles, templates, and scales to produce measured drawings as applied to architectural, interior and furniture design. (FA)

122 Design Graphics II (2:0:4). Pr. 121; to be taken concurrently with 102 and 112.

A continuation of HID 121. (SP).

201, 202 Basic Environmental Design III, IV (4:8), (4:8). Pr. 102.

Design investigations of spaces as articulated by the interaction of individual and place. Introduction to light and color with ongoing study of materials. Emphasis placed on cognitive understanding of design process.

205 The House and Its Furnishings (3:3). • Open to non-majors.

Evaluation of housing alternatives; planning furnishings according to space use, aesthetics, economy, and individuality.

211, 212 Visual Communication I, II (2:0:4), (2:0:4). Pr. 112.

Visual communication processes as they support design activities. Two- and three-dimensional studies as related to conceptual and definitive aspects of the design process. Exercises aimed at developing a mastery of both technical and non-technical methods of visual communication.

221, 222 History of Design I, II (3:3), (3:3).

Survey of design forms evolved in response to man's needs for community, architecture, furnishings, and artifacts from pre-historic periods through the modern era with reference to cultural, political, and technological movements which affected their development.

252 Introduction to Professional Practice (2:2:0). Pr. 211, or departmental approval.

Theory, process, content, and options for internships and entry level design employment; defining goals and objectives, preparation of resumé and portfolio, mock interviews, survey of career options in interior design. (SP)

301 Interior Design I (4:8). Pr. 202, 212.

Design investigations of increasingly complex spaces as articulated by the interaction of individual and place. Ongoing emphasis on light, color, materials and structure as aspects of space design.

302 Interior Design II (4:8). Pr. 301.

Design investigations of spaces of increasing scale and complexity as articulated by the interaction of individual and place. Special emphasis on social and behavioral aspects of interior design and the responsibilities of the designer to society.

311 Computer-Aided Design for Interior Architecture (3:3:0). Pr. 102, 112. Required of all majors.

Introduction to computer-aided design technology, historical context, and professional use in interior design. Student use of CAD equipment and production of design drawings.

331 Social and Behavioral Aspects of Interior Design (3:3). Pr. 201.

Introduction to literature and methods of environmental design research as it applies to interior environments.

332 Materials and Structures of Interior Architecture (3:3). Pr. 101, 102, 201.

Investigation of building materials, structural elements, environmental controls, mechanical systems and other components of interior architecture. Emphasis placed on historical precedents and contemporary applications.

333 Interior Environmental Systems (3:1:4). Pr. 202, 212, 332.

Variables in climate, mechanical, electrical, plumbing, detection, and conveyance systems and their effects upon interior spaces. Lecture and laboratory investigation of design with environmental control components and systems.

355 Housing and Community (3:3).

Introduction to housing as an environment for living. Sociological, psychological, economic, and technological aspects of shelter explored from both historical and contemporary perspectives.

411 Interior Design III (4:8). Pr. 301, 302.

Design investigations of multi-function environments incorporating understanding of light, color, materials, structure and technology.

412 Interior Design IV (4:8). Pr. 411.

Design explorations encompassing the full range of interior design scale and complexity. Emphasis on individual competence with respect to design process.

431 Interior Lighting Design (3:1:4). Pr. 101, 102, 301.

Exploration of light as a design element in interior architecture: uses and control of light, lighting fixtures, and lighting installation for desired effect. Emphasis placed on experimentation with light in relation to other elements.

432 Special Problems in Interior Design (1 to 4). Pr. consent of instructor with whom student wishes to work.

Independent study of topics of special interest. Conference hours to be arranged.

451 Professional Practice in Interior Design (3:3). Pr. open to third-, fourth- and fifth-year students in interior design.

Investigation of business, legal, ethical aspects of professional practice in interior design by students, staff, and guest speakers.

452 Internship in Interior Design (4 to 6). Pr. 252 and consent of instructor. • May be taken twice for total of 10 semester hours credit.

Design-relevant internship experiences in off-campus organizations. Approved learning plan required prior to beginning experience; enrollment in 453 in semester following.

453 Interior Design Internship Seminar (1:0:2). Pr. 252 or consent of instructor; 452; consent of instructor required to take concurrently with 452. • May be repeated for a total of 2 semester hours credit.

Follow-up seminar for internships. Presentation of individual internships, identification of pervasive problems, group projects to address these problems.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

499 Studio Problems in Interior Design (4 to 6). Pr. open only to students accepted in the Accelerated Option in Interior Design.

Investigation of design problems formulated in collaboration with faculty and that develop competencies equivalent to those covered in interior design studio courses.

For Advanced Undergraduates and Graduate Students

500 Supervised Professional Experience (1-4:0:3-12).

Supervised professional experience in selected commercial or industrial organizations, public or private agencies.

501, 502 Advanced Interior Design I, II (6:0:12), (6:0:12).

Advanced design problems having complex functional, social, and economic implications, with emphasis on problem identification, formulation, and design development through the collaborative efforts of a design team.

527 Problems in Interior Design (2 to 6).

Individual study.

531 Design Seminar (2:2). Pr. consent of instructor. • May be repeated for a total of 4 hours credit. Investigation of current research and subjects of topical interest in environmental design.

535 Lighting Design (2:2).

Study of environmental lighting.

536 History of Decorative Arts (3:3).

Study of stylistic and cultural developments in the decorative arts with special concentration on America.

543 Historic Preservation: Principles and Practice (3:3). Pr. HID 221, 222, or permission of instructor.

Study of change in historic preservation theory and practice since the 1800s with emphasis on preservation of built environment. Development of philosophical approach for designers to contemporary preservation projects. (Same as HIS 543)

548 Architectural Conservation (3:3). Pr. HID 332, 301, or permission of instructor.

Overview of contemporary architectural conservation principles, practice and technology. A series of field exercises, group projects and investigation of an individual research topic expand upon lectures and readings. (Same as HIS 548)

For Graduate Students Only

601 Directed Individual Study in Interior Design (1 to 6).

602 Advanced Interior Design III (6).

611 Graduate Seminar (0).

630 Fundamentals of Laboratory Research in Housing and Interior Design (3:3).

631 Environmental Design Research (3:3).

645 Seminar in Housing and Interior Design (3:3).

665 Problems in Housing and Interior Design (2 to 4).

699 Thesis (3 to 6).

800 Graduate Registration (0).

DEPARTMENT OF HUMAN DEVELOPMENT AND FAMILY STUDIES

Stone Building

Peggye Dilworth-Anderson, Professor and Acting Chair of Department

Excellence Fund Professors Kivett, Rodman; Professors Farran, Lange, Powers, Watson; Associate Professors MacKinnon-Lewis, Morgan, Pasley, Tudge; Assistant Professors Cassidy, Gray, Kerpelman, Marshall, Shoffner; Adjunct Faculty Canaday, Clawson, White; Lecturer Taylor

Emeritus Professors Canaday, Clawson, Johnson, Smith, Voss; Emeritus Associate Professor White

The Department of Human Development and Family Studies offers an undergraduate program leading to the Bachelor of Science Degree in Human Development and Family Studies. The programs include the study of the development of individuals and families throughout the life span, seeking to improve their well-being through the creation, use, and dissemination of knowledge. Programs of study in the department are multidisciplinary, requiring a synthesis of knowledge from the social and behavioral sciences, and from the field of education. The goal of the Human Development and Family Studies Department is to provide the best opportunity in North Carolina for undergraduates to prepare for careers in child, adolescent, adult, aging and family care services; in business and community consumer services for families; teaching at the preschool level; and in cooperative extension and state agencies.

The **Human Development major** offers students the choice of four options. The Developmental Foundations in Preschool Education option prepares students for careers in child care centers and agencies, private kindergartens, and hospitals. Teacher licensure in Birth through Kindergarten education is available in this option. The Child and Adolescent Development in the Family option prepares students for careers in community agencies that serve children, adolescents, and their families. The Adult Development and Aging in the Family option prepares students for careers in community agencies that serve adults, the elderly, and their families. The Business and Community Services for Individuals and Families option prepares students for family and consumer related careers in business, industry, and governmental and community service agencies.

The internship program within the Department as well as student organizations provide students with opportunities for professional experiences in the career field of their choice. The Department also administers the Child Care Education Programs at three sites with an enrollment of 80 children in all-day care; two Curry Mainstream Preschools are operated in conjunction with the Governor Morehead School for the Blind, and the Guilford County Schools. All serve as laboratories for the study of children and their families. The Family Research Center conducts research and policy studies that are aimed at improving life for children and families.

Admission to the Human Development Major

Any student may declare Human Development as a major upon entering the university. Students must meet the department requirements of the current catalog at the time they declare Human Development as their major.

Declaring Human Development as a major does not assure admission to the program. A student must be formally admitted to the Department of Human Development and Family Studies to register for advanced courses and complete work for the degree.

Criteria for Admission:

1. Completion of the following group of foundation courses with a C or better: HDF 211, 212, and 302 or 303
2. 51 semester hours (junior standing) with a minimum overall GPA of 2.2
3. Transfer students with 51 semester hours may apply for admission after completing 12 semester hours at UNCG.

Students will not be permitted to take upper division courses in the department (HDF 412, 425, 435, 441, 452, 460, 500, 512, 522, 532, 542, 552, 560, 582) unless they have been formally admitted to the major (or in the case of non-majors, have the permission of the instructor).

Admission forms are available in the department office in Stone Building. Admission should normally be sought during the second semester of the sophomore year.

HUMAN DEVELOPMENT AND FAMILY STUDIES MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours

All-University Liberal Education Requirements (AULER) (45-46 semester hours)

All students in this program must meet AULER requirements. Specific area requirements are indicated under appropriate options:

	Semester Hours
1. Analytic and Evaluative Studies (AE)	3
2. British or American Literature (BL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT)	3
6. Natural Science (NS)	6 or 7
(Please see specific requirements listed under appropriate Option)	
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD)	6
Required: ENG 101 or FMS 103 or RCO 101 for 3 of the 6 credits	
9. Social and Behavioral Sciences (SB)	6
Required: PSY 221 and one other course (see Options)	
(Please see specific requirements listed under appropriate Option)	
10. World Literature (WL)	3
11. AULER Electives (from any area listed above or foreign language)	6
(Please see specific requirements listed under appropriate Option)	

See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Major Requirements

OPTION I: Developmental Foundations in Preschool Education

la. Non-Licensure

1. Foundation Courses: HDF 211*, 212*, 302, 410, 411
* taken as AULER courses
2. Skills and Professional Courses: 425, 435, 441, 452, 522, 532, 552, 560 (6 sh)

3. AULER Requirements as outlined on p. 281, to include these specific required course(s):
For the Natural Science Area (NS)
Required: BIO 111 and FNS 213 7 semester hours
For the Social and Behavioral Sciences Area (SB)
Required: PSY 221 and HDF 302 6 semester hours
For the AULER Electives (EL)
Required: HDF 211 and HDF 212 6 semester hours
4. Additional requirements outside HDF: HEA 236 or NUR 345; MUS 361 or ART 367; EDC 240 or PSY 412; LIS 556 or CUI 346

Ib. Birth Through Kindergarten Teacher Licensure

1. HDF Major Requirements: 21 semester hours
HDF 211*, 212*, 302, 410, 411, 412, 452, 532, 552
* taken as AULER courses
2. AULER Requirements as outlined on p. 281, to include these specific required course(s):
For the Mathematics Area (MT) 3 semester hours
Required: MAT 112
For the Natural Science Area (NS) 7 semester hours
Required: BIO 111 or CHE 106-110, and GEO 103 or 311
For the Social and Behavioral Sciences Area (SB) 6 semester hours
Required: HDF 212 and PSY 221
For the AULER Electives (EL) 6 semester hours
Required: FNS 213 and HDF 211
3. Integrated Methods Courses 11 semester hours
HDF/CUI 425, 435, 441
4. Teacher Education Requirements* 30-31 semester hours
CUI 240, 516; ELC 381; ESS 551; HDF 460 (12 sem hrs); NUR 345 or HEA 369
Two courses to be selected from the following: ART 367, BCT 596, DCE 345, LIS 556 or CUI 346, MUS 361
5. Interdisciplinary Course Requirements 12 semester hours
CED 310; EDC 240 or PSY 412; SWK 584

*NOTE: To be admitted to Teacher Education, students must achieve a 2.5 overall GPA and a passing score on PRAXIS. Students are also required to be certified in First Aid and CPR prior to student teaching.

OPTION II: Child and Adolescent Development in the Family

1. Foundation Courses: HDF 211*, 212*, 302, 303, 405, 410, 411, 522
* taken as AULER courses
2. Skills and Professional Courses: HDF 412, 500 (6 sem hrs)
3. AULER Requirements as outlined on p. 281, to include these specific required course(s):
For the Natural Science Area (NS)
Required: BIO 105 and FNS 213 6 semester hours
For the Social and Behavioral Sciences Area (SB)
Required: PSY 221 and HEA 360 6 semester hours
For the AULER Electives (EL)
Required: HDF 211 and HDF 212 6 semester hours
4. Additional requirements outside HDF: MGT 200; SWK 560 or 584; PSY 341 or 346 or 347; HEA 331 or 347; CED 310; SOC 222 or 312 or 317 or SWK 312; HEB 210 and 377

OPTION III: Adult Development and Aging in the Family

1. Foundation Courses: HDF 211*, 212*, 303, 304, 405, 410, 411, 562
* taken as AULER courses
2. Skills and Professional Courses: HDF 412, 500 (6 sem hrs)
3. AULER Requirements as outlined on p. 281, to include these specific required course(s):
For the Natural Science Area (NS)
Required: BIO 105 and FNS 213 6 semester hours
For the Social and Behavioral Sciences Area (SB)
Required: PSY 221 and SOC 211 6 semester hours
For the AULER Electives (EL)
Required: HDF 211 and HDF 212 6 semester hours
4. Additional requirements outside HDF: HEA 334 or 347 or 369; MGT 200; SOC 586 or PSY 506; SWK 550 or 570 or 580; HEB 210, 377, 410; CED 310; LES 222 or 231

OPTION IV: Business and Community Services for Individuals and Families

1. Foundation Courses: HEB 210, 410; HDF 211, 212, 303, 304, 405, 410, 512

SOCIAL WORK MAJOR (BACHELOR OF SCIENCE)

Required: 122 semester hours.

The purpose of the Social Work major is to prepare students for entry level practice in social work and human services. This is a professional program of study which is strongly grounded for the first two years in liberal arts; the second two years focus on the professional curriculum. The program prepares students for work with individuals, families, groups, and communities.

Accreditation

The program is accredited by the Council on Social Work Education for a seven year period ending in June, 1997.

Admission to the Social Work Major

The student who wishes to formally declare Social Work as a major should consult with the department Admissions Coordinator. Admission to the major is based upon:

1. Satisfactory completion of SWK 215 with a minimum grade of C.
2. A minimum University GPA of 2.0
3. Presenting a completed application form and receiving a favorable recommendation from the Admissions Coordinator

Admission to Field Instruction

1. Prior admission to the Social Work Major.
2. Completion of the following courses or their equivalent: BIO 105, ECO 101, HDF 212, PSC 200, PSY 221/223, STA 108, SOC 211, and a foreign language at the elementary level.
3. Completion of 84 hours with a 2.3 grade point average
4. Satisfactory completion of all early field experience requirements
5. Satisfactory completion of SWK 215, 310, 311, 312, 325, and 351, with a minimum grade of C. No Social Work course may be taken more than twice.
6. An application process and approval of the Director of Field Instruction.

General Information

Admission to the University does not constitute acceptance to the department. Community social work agencies cooperate with the Department of Social Work in providing field work experiences for the students. The number of students placed for field instruction is determined by the availability of these resources. At times, there may not be an approved site for student placement and there may be delay in meeting that part of the graduation requirements.

Students enrolled in the practice sequence are individually responsible for their own transportation to and from community agencies. Some agencies require students to provide proof of liability and malpractice insurance. Insurance information is available in the departmental office.

SOCIAL WORK

All-University Liberal Education Requirements (AULER) (45 semester hours)

All students in this program must meet AULER requirements. Specific area requirements are indicated below:

The School of Music is an accredited institutional member of the National Association of Schools of Music. The requirements for entrance and graduation as set forth in this catalog are in accordance with the published regulations of the National Association of Schools of Music. The School of Music is the sole representative of the State of North Carolina to the National Association of Music Executives in State Universities.

The School of Music offers the only comprehensive music program from undergraduate through doctoral study in both performance and music education in North Carolina. Unlike either more specialized programs in conservatory-type institutions or more general curricula encountered in most departments of music, studies in the School of Music complement rigorous professional training with that broad liberal education necessary for students both to function as informed, responsible citizens and, concurrently, to communicate most effectively as musicians.

The Bachelor of Music Performance Major is a professional music degree which prepares students for future careers as performers, composers, and/or teachers; it requires students to spend approximately two-thirds of their time in music study. The Bachelor of Music Music Education Major prepares students for positions as choral directors or teachers of general music (principal performance area usually voice, piano, or organ) or for positions as instrumental directors (principal performance area in orchestral or band instruments) in public schools; it requires students to spend approximately two-thirds of their time in music and teacher certification study. The Bachelor of Arts Music Major is a liberal arts degree which provides valuable undergraduate preparation for a variety of careers; it requires students to spend approximately one-third of their time in music study. **Exceptions to prescribed degree programs must have written approval of the Dean of the School of Music.**

All prospective music majors and minors must audition for members of the music faculty for acceptance into the School of Music and for approval of the major or principal performance area. Such auditions should be arranged in advance through the School of Music; taped auditions are acceptable only if distance prohibits a personal audition. Composition majors should submit scores and/or recordings of completed compositions.

Aspects of Music Study

Performance Studies. Throughout the four years of undergraduate enrollment, music students will study in one or more performance studies areas: keyboard, voice, strings, winds, percussion, or composition. This study will include private instruction in the major or principal performance area, some group instruction, and work in a secondary performance area (instruments, voice, composition or advanced conducting) outside the major or principal area.

Requirements in performance studies are defined both by proficiency level and credit hours. The level of study for each semester is determined by faculty committees in "jury examinations." Specific requirements for these examinations are provided by the faculty in each performance area.

Music majors enroll each semester in the major or principal instrument for two or three credit hours as determined by the performance faculty. Secondary performance study or performance study by most minors and non-majors normally grants one credit. Music majors assigned instruction in performance studies must simultaneously carry a minimum of two three-credit music courses.

Majors, principals, and minors will be assigned to MUS 151-451 (1-3 credits) for performance studies. Students who are not music majors or minors may enroll for performance study subject to the availability of space. Advance approval must be obtained from the School of Music. Neither noncredit nor audit registration in performance studies is permitted.

Performance Activities. B.M. students will participate in one or more large ensembles in their area each semester according to degree requirements. Any student enrolled for two or more credits of performance studies must coregister for a large ensemble (MUS 380, 381A & B, 382, 383, 384, 388, 391, 393, 394, 395, 396D, 396I). Each year advanced students may apply for positions as vocalists or instrumentalists in the performances of opera and musical theatre which the School of Music presents in cooperation with the Department of Communication and Theatre. Advanced students also have opportunities to perform in the Greensboro Symphony Orchestra and/or other professional ensembles, to serve as church organists, vocal soloists, and directors, and to participate in orchestras hired locally for touring events appearing in the community.

Community Opportunities

Living in the artistically thriving Greensboro/Winston-Salem/High Point "Triad" area, students enjoy regular opportunities to attend and perform in concerts sponsored by such organizations as the Greensboro Symphony Orchestra, the Greensboro Opera Company, and the Eastern Music Festival. In addition, they interact with some of the world's major artists who frequently schedule informal discussions, open rehearsals, and master classes at UNCG.

Facilities. The School of Music is currently based in the Brown Music Building Complex. This facility, in combination with other buildings on campus, provides large and small auditoriums, choral and instrumental rehearsal halls, and numerous practice rooms. The Music Listening Center, also located in the Brown Music Building, houses a large collection of recordings, other audio-visual materials, and scores.

Many students explore special interests in the Electronic Music Studio, the Electronic Piano Laboratory, and the Computer Assisted Instruction Laboratory. The Birdie H. Holloway Music Education Laboratory houses reference materials, computer and video cassette recorder equipment, other audio-visual equipment, and the various teaching instruments required for primary and secondary school music instruction.

Students in instrumental areas, although encouraged to own the best possible instruments for their personal use, are afforded access to the school's large inventory of orchestral and keyboard instruments.

Student Information Manual

Additional policies and regulations are found in the Student Information Manual. This manual is made available to all music students after entrance requirements are met. Adherence to the contents of this publication are the responsibility of the student.

Music in General Studies

Courses in introductory music appreciation, Afro-American music, non-western music and jazz appreciation are designed for the non-music major. Such courses may be taken either to satisfy degree requirements or as electives. The interested and qualified student may, with consent of the instructor, pursue study in other music courses as well (see pertinent course descriptions).

GENERAL MUSIC MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours.

MUS 090 (4 semesters)

MUS 091 (7 semesters)

All-University Liberal Education Requirements (AULER) (45 hours)

All students in this program must meet the All-University Liberal Education Requirements (AULER). Students must elect two writing intensive courses, as defined and identified in the UNCG Undergraduate Bulletin within their AULER requirements. Students must complete six hours of the same foreign language. This may be accomplished by completing six hours of a new elementary foreign language, by completing six hours through the intermediate level of a previously studied foreign language, or by proficiency through the intermediate level.

See pp. 69-71 for a detailed listing of AULER area requirements and courses meeting those requirements.

Major Requirements

46 semester hours in music with at least 32 hours above the 100 level, as follows:

1. Theory; MUS 101, 102, 105, 106, 201, 202, 205, 206, 301
2. History: MUS 332 and 333; 331 or 334; 343 (fulfills NW requirement of AULER)
3. Performance Studies: 10 semester hours including at least 2 at 351 level
4. Class Piano: 4 semester hours through MUS 134 or proficiency
5. Large Ensemble: 5 semester hours
6. One 500-level music elective in history/literature, theory, or pedagogy

Electives

Electives sufficient to complete 122 semester hours required for degree.

MUSIC HISTORY MAJOR (BACHELOR OF ARTS)

Required: 126 semester hours

MUS 090 (4 semesters)

MUS 091 (7 semesters)

All-University Liberal Education Requirements (AULER) (45 hours)

All students in this program must meet the All-University Liberal Education Requirements (AULER). See pp. 69-71 for a detailed listing of AULER area requirements and courses meeting those requirements.

Major Requirements

29-45 hours in music above the 100 level

1. Theory: MUS 101, 102, 105, 106, 201, 202, 205, 206, 301
2. History: MUS 331, 332, 333, 343 (fulfills NW requirement of AULER; see above)
3. Performance Studies: 10 semester hours (must achieve 351 level)

SCHOOL OF MUSIC

4. Class Piano: 4 semester hours through MUS 134 or proficiency
5. Large Ensemble: 2 semester hours
6. Collegium Musicum: 6 semester hours
7. MUS 497c (6 semester hours) to culminate in a senior thesis; MUS 507; **three** of the following: MUS 511, 521, 527, 528, 529, 530, 531, 532, 533, 534, 537, 538

Electives

Electives sufficient to complete 126 semester hours required for degree.

PERFORMANCE MAJOR (BACHELOR OF MUSIC)

A concentration in voice or an instrument

PERFORMANCE MAJOR: JAZZ STUDIES (BACHELOR OF MUSIC)

A concentration in an instrument with emphasis on jazz

COMPOSITION MAJOR (BACHELOR OF MUSIC)

A concentration in music composition (proficiency in at least one performance area required for acceptance).

Required: 128 semester hours.

MUS 090 (7 semesters)

MUS 091 (7 semesters)

All-University Liberal Education Requirements (AULER) (39 semester hours)

All students in this program must meet AULER requirements.

**ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—
BA IN GENERAL MUSIC AND MBA IN BUSINESS ADMINISTRATION**

The accelerated program in General Music/Business Administration provides the opportunity for a student to complete a BA in General Music (122 hours) within a four-year period and to shorten the time required to finish the Master of Business Administration degree.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.

- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should talk with an advisor in the School of Music as early as possible.

In the spring of the junior year, students should

- take the GMAT
- apply for admission to the Graduate School and the MBA program

The School of Nursing offers an undergraduate program leading to the Bachelor of Science in Nursing degree. The first two years of study are in general education, basic sciences, humanities, and basic nursing. The majority of work in the junior and senior years is in nursing.

The School of Nursing also offers a Master of Science in Nursing degree to prepare persons for a leadership role in nursing education, administration, and clinical practice. This program has a strong research emphasis and is founded on specialization in clinical practice.

Accreditation

The program offered by the School of Nursing is approved by the North Carolina Board of Nursing and accredited by the National League for Nursing. The School of Nursing is an agency member of the National League for Nursing in the NLN Council of Baccalaureate and Higher Degree Programs.

Philosophy

The faculty believes that people, existing as individuals, families, groups, and communities, are holistic, complex biological, psychological, social, cultural, and spiritual beings. Each person is unique and possesses inherent dignity, worth, and the right to self-determination. While human responses are individualized, many can be generalized and predicted. Throughout the life span, people have potential for growth and development.

A person dynamically interacts with the environment, and each is affected by the other. The environment is the sum total of all those conditions and circumstances that have an impact on the existence of an individual. The environment constantly changes and influences a person's health.

Health is a relative state of being which is characterized by wellness, illness, disease, or dysfunction. Any view of health must consider both developmental and environmental influences. A person uses both internal and external resources to achieve the desired level of health. Nursing is one of the external resources available.

Nurses use knowledge and skill in working with people to promote, maintain, and restore the balance between them and their environment, and when necessary, to support a dignified death.

Professional nursing has both theoretical and practice components. Nursing's body of knowledge incorporates biological, behavioral, and humanistic principles. The practice component is characterized by critical thinking, scientific inquiry, and effective interpersonal and psychomotor skills. Nurses function independently and interdependently in a variety of roles and are ethically and legally accountable for the quality of nursing care they provide.

The faculty believes that professional nursing education, built upon a foundation of liberal arts and the biological and social sciences, guides the learner to attain competencies required to practice professional nursing. Baccalaureate education prepares nurses to function as generalists, while education at the master's level prepares nurses as specialists in nursing practice. Nursing education respects the uniqueness of the learner and encourages commitment, accountability, leadership, self-awareness, and continued professional development.

Admission for Basic Students

Students must be formally admitted to the School of Nursing which is an upper division major. Only students who have formal, written acceptance into the School will be permitted to register in advanced nursing courses and complete work for the major. Admission should normally be sought during the sophomore year. The application deadline is February 1 of each year. Applications are obtained from the Advising Center in the School of Nursing.

Criteria for Admission:

1. Overall grade point average above 2.0
2. A grade of "C" or better in each of the following courses: BIO 271, 277, 280; HDF 211; NUR 210, 220; PSY 221; SOC 355 or HDF 212
3. No more than two of the above prerequisite courses may be repeated to attain a grade of "C" or better. Prerequisite courses may be repeated only one time.
4. Admission to the upper division is contingent upon receipt of a satisfactory evaluation signed by the student's physician of the applicant's physical and emotional health to provide nursing care. Forms will be sent to the applicants during the spring semester and must be completed and on file in the School of Nursing by the following August 1.

Students may not enroll in nursing courses beyond the foundation level courses cited above without being admitted to the School. Application for admission is possible while students are still completing the prerequisite courses, but unconditional admission cannot be granted until admission criteria have been successfully completed.

Admission to the University does not guarantee acceptance into the nursing major. Various health care agencies in Piedmont North Carolina cooperate with the School of Nursing in providing clinical learning experiences for students. The size of each incoming junior class is determined by the availability of these clinical resources. Therefore, it is impossible to assure space for every student who meets the criteria.

Registered Nurses

RN's interested in completing the BSN degree need to meet the University's requirements for admission. A registered nurse who brings advanced placement may build a minor in order to complete the 122 hours required for graduation. The Registered Nurse who has completed the prerequisite academic work and is ready to enter the professional major may earn up to 30 semester hours of credit for selected courses by special examination. Applications for special examinations are available in the Advising Center of the School of Nursing. Registered nurse students must make a "C" or better in NUR 370 and 371 and a passing rate for the special examinations to be admitted into the 400-level nursing courses. Registered nurse students must provide evidence of graduation from a basic nursing program prior to enrolling in NUR 370 and

371, and current, active, unrestricted N.C. licensure prior to admission to the 400-level courses. The length of time required to complete the program varies with each individual.

Criteria for Progression in the Major

1. A student must earn a grade of "C" or better in all required nursing courses at the 300-level before proceeding to the 400-level courses, and must earn a grade of "C" or better in all required 400-level courses in order to graduate. An overall grade point average of 2.0 or better is required to graduate.
2. Only one nursing course may be repeated in the nursing major. A nursing course may be repeated only once to attain a grade of "C" or better.

Grading in Practicum and Laboratory

A grade of unsatisfactory in lab or clinical practicum in nursing courses will result in a course grade of "F".

Appeal Procedure Related to Progression Policies

Students who fail to meet the progression policies because of extenuating circumstances may petition the Admission and Progression Committee for consideration of their eligibility to continue in the major. Responsibility for initiating the appeal process and presenting evidence of extenuating circumstances lies with the student.

General Information

1. Nursing majors are required to purchase uniforms - estimated cost is \$150. Uniforms are required for clinical activities in the 300- and 400-level nursing courses. Students usually purchase uniforms in the second semester of the sophomore year.
2. Before beginning clinical courses, students are required to furnish the School of Nursing with evidence that they have secured liability insurance covering their actions as students while having clinical activity/practicum experiences. Students may obtain coverage through the School of Nursing's group policy at a cost of approximately \$15 per academic year. Insurance obtained through the School's group policy does not cover students for part-time work or work during vacations.
3. Students enrolled in 300- and 400-level courses with a clinical component are responsible for their own transportation to and from the agencies used for clinical activities/practicum experiences. Car owners are reminded that current liability insurance is required by North Carolina law.
4. Diagnostic tests will be administered during the senior year. Students are responsible for the cost of the examinations, approximately \$35.
5. Students admitted to the major must provide evidence of the following by August 1 (forms will be sent to students earlier in the summer):
 - a. a tuberculin Mantoux skin test (or chest x-ray if skin test is positive) - annual requirement.
 - b. a tetanus toxoid immunization - every ten years.
 - c. Rubella and Measles evidence as required by the University.
 - d. History of Mumps or Mumps immunization.
 - e. Chicken Pox titre.
 - f. Completion of the first Hepatitis B immunizations. By the start of the second year of clinical, completion of the Hepatitis B series.

- g. Rarely, immunization requirements must be changed on short notice. Students will be informed of changes as soon as they occur.
6. Students admitted to the major must provide evidence (annual requirement) that they are certified to perform cardiopulmonary resuscitation (CPR).
7. Registered Nurse students are responsible for the items listed under "General Information" on the preceding page, with the following modifications:
 - a. Registered Nurses are not required to purchase uniforms, but must wear identifying name tags and lab coats or uniforms appropriate to the clinical setting. Specific requirements will be discussed in each clinical course.
 - b. Registered Nurses are not required to purchase the School of Nursing group liability policy if they have a personal liability policy with \$1 million/\$3 million limits. Liability insurance must be current, and copies of the policy limits must be on file in the School of Nursing prior to clinical.
 - c. End-of-the-program tests may be required, at an approximate cost to the student of \$20. Achievement tests are not required.
 - d. Immunization requirements listed must be on file in the School of Nursing prior to beginning a clinical course. Forms are sent to students who preregistered for clinical courses. Students who do not preregister and have not received the immunization forms should stop by the Advising Center of the School of Nursing to obtain the forms.
8. Students are responsible for all costs associated with their own health care. Students are encouraged to have health insurance, and to be familiar with its provisions.
9. Substitutions for prerequisite courses may be made with prior approval from the School of Nursing.
10. Qualified students are encouraged to take Honors courses in the arts and sciences.
11. All students are encouraged to take either Advanced Placement Exams, Biology Department exemption exam, or CLEP exam for BIO 111 which is prerequisite for BIO 271, 277, and 280.
12. All students are encouraged to take the CHE 103 exemption exam offered by the Chemistry Department. The exam determines if a student should take CHE 103 and 110 (fall semester) or take CHE 104 and 110 (spring semester).
13. Placement in a student's first 100-level mathematics (MAT, CSC, or STA) course is determined by a required placement exam.
14. Students are responsible for policies in the UNCG Policies for Students, including the "Policy on Dismissal of Students who Present Physical and/or Emotional Problems that do not Respond to Treatment", and the "Policy on Unsafe Practice".

Scholarships

Procedures and requirements for undergraduate scholarships are described in Chapter 3.

NURSING MAJOR (BACHELOR OF SCIENCE IN NURSING)

Required: 122 semester hours

REQUIREMENTS

All-University Liberal Education Requirements (AULER) (45 semester hours)

All students in this program must meet AULER requirements. Specific area requirements for the Nursing Major are indicated below:

	Semester Hours
1. Analytic and Evaluative Studies (AE) Required: PHI 119 or 220	3
2. British or American Literature (BL)	3
3. Fine Arts (FA)	3
4. Historical Perspectives on Western Culture (HP)	3
5. Mathematics (MT) Required: STA 108	3
6. Natural Science (NS) Required: BIO 111; CHE 103 or 104 and 110L	6
7. Non-Western Studies (NW)	3
8. Reasoning and Discourse (RD) Required: ENG 101 or FMS 103 or RCO 101 for 3 of the 6 credits	6
9. Social and Behavioral Sciences (SB) Required: PSY 221; SOC 211	6
10. World Literature (WL)	3
11. AULER Electives Required: FNS 213; HDF 211	6

See pp. 69-71 for a detailed listing of courses meeting AULER area requirements.

Major and Related Area Requirements

1. NUR 210, 220, 310, 320, 340, 360, 380, 410, 420, 430, 440
2. BIO 271, 277, 280; SOC 355 or HDF 212.

Electives

Electives must be sufficient to complete 122 total semester hours required for degree.

NOTE: Requirements listed above, with the exceptions of PHI 119 or 220, STA 108, FNS 213, and electives, should be completed prior to enrolling in 300-level or 400-level nursing courses. Because of the time commitments involved with the 300- and 400-level nursing courses, and the difficulties in scheduling non-nursing courses concurrently with nursing courses, students should try to have most course requirements completed prior to entering the upper division major.

Course Requirements for Special Student Populations

Licensed Practical Nurse Students seeking a BSN:

Same as for the BSN program outlined above, with the following exception:

May earn credit (4 s.h.) for the following course by examination: NUR 210.

Students pursuing the BSN as a second degree:

1. Satisfactory completion of courses in anatomy and physiology, NUR 210, and NUR 220 prior to entering the upper division major. Second degree students must also apply for admission to the upper division major.

2. Completion of other University requirements for the degree.
3. Satisfactory completion of the required 300- and 400-level courses (NUR 310, 320, 340, 360, 380, 410, 420, 430, 440).

Registered Nurse Students seeking a BSN:

1. Satisfactory completion of NUR 370 and 371.
2. May earn credit (30 s.h.) for the following courses by examination: NUR 210, 220, 310, 320, 340, 360, and 380. The cost of taking the exams one time is approximately \$150. There is an additional charge to the student for posting credit to the transcript.
3. Satisfactory completion of NUR 470, 471, 472, one NUR elective, and one other elective, approved by the advisor.
4. Completion of the AULER requirements (see pp. 69-71 of *Bulletin*).
5. Completion of sufficient electives to earn a minimum of 122 semester hours.
6. Completion of other University requirements for the degree.

NURSING COURSES (NUR)

For Undergraduates

210 Concepts in Nursing (4:3:3). Pr. sophomore standing; overall GPA over 2.0.

Introduction to basic concepts in nursing. Laboratory activities encourage self-awareness and include exercises in values clarification and communication patterns, with practice of basic nursing skills. (FA)

220 Nursing Assessment of Well Individuals (4:3:3). Pr. completion of BIO 271 or 277; overall GPA over 2.0. Corequisite: concurrent enrollment in BIO 271 or 277, whichever has not been completed.

Introduction to basic nursing assessment of well individuals over the life span. Laboratory activities encourage development of skills in interviewing, physical examination, and documentation of information. (SP)

***310 Nursing Care of Individuals with Psychosocial Problems (5:3:6).** Pr. NUR 210, 220.

Nursing care of individuals who have mental health or psychosocial problems. Clinical activities in selected mental health settings.

***320 Nursing Care of Adults: Common Physiological Problems (5:3:6).** Pr. NUR 210, 220.

Nursing care of adults who have common physiological problems. Clinical activities in medical or surgical units within acute care settings.

330 Health of Women (3:3).

Women and their health. Incorporating selected health issues, physical and developmental changes in the life cycle, health maintenance, and health problems.

Not offered every semester. (Elective credit for nursing majors.) (Same as HEA 333)

***340 Nursing Care of the Developing Family (5:3:6).** Pr. NUR 210, 220.

Nursing care of growing children in maturing family. Wellness emphasized, with the study of illness, disease, or dysfunction. Clinical activities in agencies where care is provided for children.

345 Basic Health Management of Children (3:3). Pr. HDF 211.

Health appraisal and recognition of symptoms of illness in children. Emphasizes needs of children in group settings from infancy through elementary school age.

***360 Nursing Care of the Emerging Family (5:3:6).** Pr. NUR 210, 220.

Nursing care of families experiencing birth of an infant. Wellness emphasized, with the study of illness, disease, or dysfunction. Clinical activities in agencies where care is provided for parents and newborns.

370 Concepts of Professional Nursing (3:3:0).

Study of basic concepts in professional nursing.

371 Nursing Health Assessment (2:1:3).

Study of the assessment of individuals over the life span. Laboratory activities promote the development of nursing assessment skills.

380 Nursing Skills (2:1:3). Pr. 210 and 220.

Introduction and practice of nursing skills necessary for care of clients in clinical settings.

* Note: Students are individually responsible for their own transportation to and from the agencies used for practicum experiences.

405 Pharmacology in Nursing (3:3). Pr. admission to the School of Nursing or permission of instructor.

Study of major drug groups and their action, use, side effects, and nursing care considerations. Emphasis on nursing care and teaching, built upon physiology and basic pharmacology.

***410 Nursing Care of the Community of Older Adults (6:3:9).** Pr. NUR 210, 220, 310, 320, 340, 360, or equivalent.

Nursing care of older adults: theories of aging, physiological/ psychological functioning, impact of developmental changes, illness, and dysfunction. Clinical activities in agencies where care is provided for older adults.

***420 Nursing Care in the Community (6:3:9).** Pr. NUR 210, 220, 310, 320, 340, 360, or equivalent.

Nursing care of individuals, families, and groups within the community setting. Exploration of environmental characteristics and resources. Clinical activities in community health agencies.

***430 Nursing in Complex Organizations (6:3:9).** Pr. NUR 210, 220, 310, 320, 340, 360, or equivalent.

Nursing care of groups in complex acute-care settings. Emphasis on nurse's role in research, team membership, and professional growth. Clinical activities encourage development of basic leadership and organizational skills.

***440 Nursing Practicum (6:1:15).** Pr. NUR 410, 420; pr. or concurrent enrollment in NUR 430.

A concentrated five-week practicum in a clinical area of the student's choice. Students simulate role of the employed graduate under the guidance of a selected nursing preceptor. (SP)

***470 Community Health Nursing Concepts and Care ((5:3:6).** Pr. completion of all required 200- and 300-level nursing courses or equivalent. Current unrestricted North Carolina licensure as a Registered Nurse.

Nursing care of individuals, families, and groups within the community settings. Focus on implementation of community health nursing services. Clinical activities in a variety of community health agencies.

***471 Nursing Care of the Older Adult (5:3:6).** Pr. completion of all required 200- and 300-level nursing courses or equivalent. Current unrestricted North Carolina licensure as a Registered Nurse.

Nursing care of older adults considering theories of aging, developmental, physiological/psychological

functioning, common health problems, and resources. Clinical experiences in a wide variety of agencies involving older adults.

472 Nursing Research and Leadership (3:3). Pr. completion of all required 200- and 300-level nursing courses or equivalent. Current unrestricted North Carolina licensure as a Registered Nurse.

Professional nurse's role in applying principles of research, leadership, and management in health care organizations.

492 Independent Study (1-3:1-3). Pr. approval must be granted by a nursing faculty member prior to registration.

Guided readings in nursing as an individual project designed with a focus on the nursing profession and/or nursing practice. Course offering is dependent on faculty availability.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Advanced Undergraduates and Graduate Students

505 Computer Applications in Nursing (3:2:3). Pr. Basic understanding of microcomputers or permission of instructor. • Not recommended for Nursing Administration majors.

An introduction to computer applications in nursing. Practical experience with microcomputers and generic software applicable to patient care and nursing management. Lab assignments will vary to meet specific learning needs.

540 Budget Development and Analysis of Nursing Services (3:3).

An introduction to the principles of fiscal management, health care agency accounting practices, and nurse manager's role in the budgeting process.

542 Law and Policy for Nurses (3:3).

Legal, regulatory, professional, and ethical dimensions of nursing practice and health care delivery systems.

550 Pathophysiology for Advanced Nursing (3:3). The physiological changes across the life span and common pathophysiological mechanisms.

562 Advanced Nursing Leadership Role (3:3).

Development of the leadership and management roles in specialized areas of advanced nursing practice.

* Note: Students are individually responsible for their own transportation to and from the agencies used for practicum experiences.

563 **The Aged Developmentally Disabled (3:3).** Pr. Undergraduate level psychosocial nursing course or special education courses and permission of the instructor.

Healthcare needs of older developmentally disabled persons. Holistic model incorporating the belief that developmentally disabled can continue to learn as they age.

564 **The Elderly Mentally Ill Client (3:3).** Pr. Undergraduate level psychosocial nursing course or equivalent course and practicum.

A holistic approach to nursing practice with the elderly mentally ill using theories of psychological functioning, and socio-economic conditions.

580 **Psychoneuroimmunological Aspects of Nursing (3:3).** Pr. senior or graduate status in nursing or permission of instructor.

Emerging mind-brain-body interactions. Information transmission among the mind, neuroendocrine and immune systems related to nursing.

For Graduate Students Only

- 601 **Research Design for Nursing (3:3).**
 604 **Nurse Anesthesia Seminar (1:1).**
 605 **Scientific Foundations in Nurse Anesthesia I (4:4).**
 606 **Scientific Foundations in Nurse Anesthesia II (4:4).**
 607 **Scientific Foundations in Nurse Anesthesia III (4:4).**

CHAPTER 6

SPECIAL ACADEMIC PROGRAMS

FRESHMAN SEMINARS PROGRAM

Freshman Seminars are small discussion classes that introduce students to various areas of study in the All-University Liberal Education Requirements (AULER). Each seminar focuses on a topic, issue, or problem selected by the instructor; seminar topics change from one semester to the next and are described in a booklet that is distributed to advisors at the beginning of each semester. Additional information on Freshman Seminars may be obtained from the Center for Critical Inquiry in the Liberal Arts, 100 Foust Building (x3186).

FRESHMAN SEMINAR COURSES (FMS)

Freshman Seminars are open ONLY to freshmen. Except for FMS 103 (which is equivalent to ENG 101/RCO 101, English Composition I), all seminars are offered as writing-intensive courses (see p. 75). **Students may not receive credit for more than one seminar under the same course number, even if the contents of the seminars are different.**

101 Freshman Seminar in Historical Perspectives on Western Culture - I (3:3).

Introduction to the historical study of western culture from ancient times through the Reformation. [HP, CHP-CPM].

102 Freshman Seminar in Historical Perspectives on Western Culture - II (3:3).

Introduction to the historical study of western culture from the 17th century through modern times. [HP, CHP-CMO].

103 Freshman Seminar in Reasoning and Discourse (3:3). • Equivalent credit to ENG 101/RCO 101; students may not receive credit for both FMS 103 and either ENG 101 or RCO 101.

Instruction and practice in deliberative, informative, and reflective writing based on the study of primary texts. Emphasis on the writing/revising process and on critical reading. [RD, CRD].

104 Freshman Seminar in Natural Science (3:3).

Introduction to the scientific study of the natural world. Illustrates the nature of scientific inquiry and the formulation of hypotheses. [NS, CLS or CPS].

104L Laboratory for Freshman Seminar in Natural Science (1:0:3). Pr: concurrent registration in FMS 104.

Laboratory work to accompany FMS 104. [NS, CPS or CLS].

105 Freshman Seminar in Fine Arts (3:3).

An introductory study of selected topics in the fine arts (which include painting, sculpture, cinema, dance, music, and theatre). [FA, CFA].

106 Freshman Seminar in Analytic and Evaluative Studies (3:3).

An introduction to the abstract systems of thought and evaluative concepts fundamental to intellectual inquiry and values. Topics may be drawn from ethics, metaphysics, epistemology, historiography, religion, and cultural anthropology. [AE, CAE].

107 Freshman Seminar in World Literature (3:3).

A study of major works in the literature of countries other than Britain and the United States. [WL, CWL].

108 Freshman Seminar in Social and Behavioral Studies (3:3).

Introduction to the scientific study of individuals, societies, and human institutions with an emphasis on the methods and results of investigations in these areas. [SB, CSB].

109 Freshman Seminar in Non-Western Studies (3:3).

Studies of cultural forms of expression, socio-political structures, and habits of mind that are distinctly different from Western cultural traditions. [NW, CNW].

110 Freshman Seminar in British or American Literature (3:3).

A study of selected major works in the literature of Britain or the United States. [BL, CBL].

HONORS PROGRAM

The Honors Program offers highly qualified students an opportunity to pursue a unique course of study that is both intellectually stimulating and challenging. The Program is not designed to be a major. Thus students in the Honors Program must complete the requirements for one of the academic or professional programs offered in the University. The Honors Program is, however, designed to be compatible with all major and professional programs and generally adds only a few additional hours to the four-year plan.

The Honors Program provides a strong base in the liberal arts leading to more specialized and independent work as students progress toward the bachelor's degree. It consists of three parts.

1. In their first two years students take Honors Core Seminars, courses specially designed for the Program that explore fundamental areas of study in natural sciences, social sciences, art and literature, and analytical and evaluative studies.

2. Students must enroll in at least nine additional hours of designated Honors courses. These may consist of honors sections of regularly-scheduled courses meeting College and University general education requirements (e.g. Introduction to Sociology, Mythology, etc.), upper division Honors seminars, disciplinary work offered through departments and schools, or independent studies conducted under the direction of a faculty member. This component of the Program is designed to provide students with flexibility in coordinating Honors with the requirements of their major programs.

3. The final component of the program is the Senior Honors Thesis. Required of all students completing the Program, the senior thesis covers a topic chosen by the student and is completed in the senior year.

Association with faculty and other Honors students in the Program is close, a welcome contrast to large impersonal lecture classes. Every aspect of the program provides special opportunities for exceptionally qualified students to grow intellectually through contact with a community of Honors students and faculty.

Honors Council

The program is under the general supervision of an Honors Council composed of faculty and students from the various schools of the University, as well as from the College of Arts and Sciences.

Ronald D. Cassell, Director of Honors Program, Department of History

Laurie White, Assistant Director of Honors Program, Department of English

Porter Aichele, Department of Art

Kate Barrett, Department of Exercise and Sport Science

Rob Cannon, Department of Biology

Steven Danford, Department of Physics and Astronomy

Dee Irwin, Department of Curriculum and Instruction

Timothy Johnston, Associate Dean, College of Arts and Sciences, Ex Officio

Derek Kreuger, Department of Religious Studies

Dennis Leyden, Department of Economics

Terry McConnell, Department of Philosophy

Charles Prysby, Department of Political Science

John Salmon, School of Music

Susan Shelmerdine, Department of Classical Studies

Amy Gavvett, Student Member

Robert Stockberger, Student Member

Christina Wilson, Student Member

Program Requirements

All students with an overall grade point average of 3.3 or above are eligible for admission to the Honors Program. Freshmen are admitted on the basis of high school standing, projected grade point average, SAT scores or, exceptionally, through personal interview.

To complete the Honors Program:

- a) eligible students must enroll in a minimum of 18 semester hours of Honors courses;
- b) 6 of the 18 must include two Honors Core Seminars, except for junior transfers for whom the requirement is 3 of 18;
- c) 3 of the 18 must be in Senior Honors Thesis.

The remaining 9-12 hours may include any other Honors courses. There is no maximum number of courses in which a student may enroll. To remain in the program, students must maintain a cumulative UNCG grade point average of 3.3 or above. A student whose GPA falls below the minimum required may, at the discretion of the Director, continue in the program for a probationary period of one semester. Students who take the minimum required curriculum will have completed the Honors program and will have this accomplishment so recorded on their transcripts.

HONORS PROGRAM COURSES (HSS)

Honors Core Seminars (6 hrs required)

Honors Core Seminars may be used to meet liberal education requirements in the credit areas indicated below. They, however, cannot substitute for introductory prerequisites in the major. Students completing the Honors Program must take three Honors Core Seminars, one each from three of the four categories described below. Specific topics will vary from year to year. The courses may be repeated for credit as topics change.

205a, b, c Aesthetic Dimensions of Culture (3:3). Pr. 3.3 GPA or permission of the Director.

Studies in the arts (literature, painting, sculpture, music, architecture, theater, cinema, and dance) and their interpretation, drawing on the perspectives of culture, history and theory. [HSS 205a — BL, CBL; HSS 205b — WL, CWL; HSS 205c — FA, CFA].

206 Social and Political Dimensions of Culture (3:3). Pr. 3.3 GPA or permission of the Director.

Influential texts, authors, movements, and critical issues or problems concerned with the conditions, mechanisms and aims of social life. [SB, CSB].

207a, b Scientific Dimensions of Culture (3:3). Pr. 3.3 GPA or permission of the Director.

Critical examination of the impact of revolutionary advances in natural science on our understanding of nature and attitudes about humanity and society. Cannot substitute for introductory prerequisite in the major. [HSS 207a — NS, CPS; HSS 207b — NS, CLS].

208 Seminar in Analytical and Evaluative Studies (3:3). Pr. 3.3 GPA or permission of the Director.

Analytic and evaluative studies of the search for basic knowledge that have informed systems of thought in intellectual history. [AE, CAE].

Honors Electives

220 Student Seminar (2:2).

Students (usually eight to ten) agree on a general topic for a semester's study. Each participant defines a special interest to be explored individually as a contributing member of the group. A faculty member directs the group's discussions. (Not offered every year.)

300 Interdisciplinary Honors Seminar (3:3). • May be repeated for credit as topic changes.

Interdisciplinary seminar focusing on a particular theme or topic and taught by two faculty members from different disciplines or schools. Topic varies each semester.

400, 401 Senior Honors Seminar (3), (3). Pr. Completion of the Honors Core Requirement or permission of the Director of the Honors Program.

Provides qualified students the opportunity to study special topics in an advanced seminar setting with the rigorous and intense discipline implied at the senior level.

Honors Directed Study

330 Honors Independent Study (1 - 3). Pr. 6 hrs. in Honors Core Seminars. • May be repeated once for credit if the topic of study changes.

Student consults with a supervising faculty member to develop a program of concentrated study and investigation within a particular discipline.

490 Senior Honors Thesis (3 - 6). Pr. 6 hrs. in Honors Core Seminars and approval of the Honors Council.

Independent original scholarship in the student's primary area of interest completed under the supervision of a faculty member. Work culminates in an original essay, annotated creative work or performance, or scientific report, depending upon the area of specialization. While completing the Honors Thesis the student may not enroll in more than thirteen additional hours in either semester.

Departmental Honors Sections

Departments may offer special Honors sections of regularly-scheduled courses such as Introduction to Sociology (SOC 211), Mythology (CCI 205), Introduction to Earth Science (GEO 103), etc. Qualified students may enroll in Honors sections (designated by an "H" after the course number), even if they do not expect to complete the Honors Program. However, Honors sections may be used by students in the Program to complete the 18-hour minimum requirement.

xxx493 Honors Work (3-6). Pr. 3.3 GPA in the major, 12 hours in the major.

(See Departmental listings). Disciplinary Honors work providing students with advanced study of the primary literature in their area of specialization.

MEDICAL TECHNOLOGY PROGRAM

Director: Dr. Robert Gatten, Department of Biology, 312 Eberhart Building

Coordinator: Reta Beck, Department of Biology, 322 Eberhart Building

UNCG students interested in medical technology have two programs of study from which to choose:

1. A program leading to the Bachelor of Science in Medical Technology.
2. A program which includes receipt of a BA or BS with a major in either Biology or Chemistry and the completion of an additional 12 months of study in a School of Medical Technology which has been approved by the National Accrediting Agency for the Clinical Laboratory Sciences (NAACLS).

Because the recommended courses of study for both programs are essentially the same during the first year, students do not have to make a choice of programs until the end of the freshman year. Students in either program should complete the following courses during their freshman year or during the subsequent summer session: BIO 111, 112 and CHE 111, 112, 114, 115.

MEDICAL TECHNOLOGY MAJOR (BACHELOR OF SCIENCE IN MEDICAL TECHNOLOGY)

Students pursuing this degree program complete a minimum of 94 semester hours at UNCG and then complete 12 months of study at one of the affiliated Schools of Medical Technology. The BSMT is awarded only after successful completion of the final year of study at one of the four affiliated clinical schools listed below. Students earning the degree are eligible for state and/or national certification, registration, and/or licensure.

Participation in and completion of the 94 semester hours at UNCG does not guarantee acceptance into the 12-month Medical Technology program at one of the affiliated hospitals. Students should apply for admission to an affiliated hospital school early in their junior year at UNCG. A student must have attained a GPA of at least 2.5 to be considered for admission by the hospital programs.

Required: 124 semester hours, including

- 94 semester hours at UNCG
- 30 semester hours at the School of Medical Technology at one of the following:

Moses H. Cone Memorial Hospital in Greensboro, N.C.

Forsyth Memorial Hospital in Winston-Salem, N.C.

Baptist Hospital - Bowman Gray School of Medicine in Winston-Salem, N.C.

Carolinas Medical Center in Charlotte, N.C.

College of Arts and Sciences Liberal Education Requirements (CLER) (48-49 hours)

All students must meet the All-University Liberal Education Requirements (AULER). The College of Arts and Sciences, however, has established liberal education requirements for its programs which, while including those of AULER, contain additional requirements in several categories. Therefore, students following this program should adhere to the College requirements. Please note that students who satisfy the College Liberal Education Requirements (CLER) will also satisfy the All-University Liberal Education Requirements (AULER).

CLER Requirements

Semester Hours

1. Analytic and Evaluative Studies (CAE)	3
2. British or American Literature (CBL)	3
3. Fine Arts (CFA)	3
4. Historical Perspectives on Western Culture (CHP/CPM or CHP/CMO)	3*
5. Mathematics (CMT)	3
6. Natural Science (CLS and CPS)	9-10
7. Non-Western Studies (CNW)	3
8. Reasoning and Discourse (CRD)	6
9. Social and Behavioral Sciences (CSB)	6*
10. World Literature (CWL)	3
11. Foreign Language	6**

*These areas reflect exemptions approved by the College of Arts and Sciences for this program as follows: Historical Perspectives on Western Culture (CHP), 3 hours exempted and 3 hours required; and Social and Behavioral Sciences (CSB), 3 hours exempted and 6 hours required. Only students in the BSMT program are granted these exemptions.

**The Foreign Language requirement can be satisfied by completing 6 semester hours at the appropriate level to be determined on the basis of high school foreign language background.

See pp. 75-76 for a complete description of the College requirements and pp. 69-71 for a listing of courses meeting AULER/CLER requirements.

Major Requirements

1. BIO 111, 112, 277, 355 or 392, 481, 483.
2. CHE 111, 112, 114, 115, and one of the following options:
 - (a) CHE 205 + 206 and 331 + 333
 - (b) CHE 351, 352, 354
 - (c) CHE 351 and 331 + 333
3. MAT 119 or 120 or 121 or 191 or 292 (MAT 191 is a prerequisite for MAT 292).
4. PHY 101 and 102, or 291 and 292, or 305.

Electives

Electives sufficient to complete total semester hours required for degree. See below for suggested electives.

Note: The BSMT program must include these minimum requirements: 16 semester hours in approved biology courses including a course in microbiology and immunology (BIO 481 fulfills both of these requirements); 16 semester hours in chemistry including one semester of organic chemistry; 3 semester hours in college level mathematics; and 3 semester hours in physics.

Suggested Sequence for the BSMT Student

Total Hours = 94

* Foreign language is "at appropriate level." If starting a new language, 101-102; if continuing a language, 203-204.

** Either BIO 355 or BIO 392 must be taken in the sophomore year in order to take BIO 481 and BIO 483 (which have a prerequisite of one of these courses) in the junior year. Both BIO 355 and 392 are taught in the Fall semester; BIO 355 is also taught in the Spring semester.

- Suggested electives:*
- BIO 472 (Functional Microscopic Anatomy)
 - BIO 535 (Biochemistry)
 - BIO 583 (Virology) or 584 (Immunology) — alternate years
 - BIO 594 (Biotechnology)

A statistics course, a management course, a computer course

Students must take four Writing Intensive courses, including one at the lower level, one at the upper level, and one in the major (BIO 111 and 112 labs and BIO 481 are Writing Intensive).

Clinical Year

During the 12 months in a clinical program at an affiliated hospital, students in the BSMT program earn 30 semester hour of credit from among the following course areas:

Microbiology (Bacteriology, Parasitology, Virology, Serology, Mycology); Biochemistry and Isotopes; Clinical Microscopy; Hematology and Immunology; Blood Bank; Cytology and Cytogenetics; Basic Electronics, Instrumentation, and Computer Technology; Ethics and Laboratory Management; and Laboratory Seminars, Medical Mortality Conferences, and Abnormal Laboratory Rounds.

Because the course requirements for the BSMT are so complex, students in the program must confer with their assigned faculty advisor at least once each semester. Students in the program should schedule an appointment with their faculty advisor in the Spring Semester of their Sophomore year to review their transcript and GPA; at that time, the advisor will offer an assessment of the student's progress and competitive position for admission to a hospital program for the clinical year. Any student who is undecided about which program to pursue (BSMT or BA/BS in Biology/Chemistry plus a year of clinical study) should consult an advisor who can recommend courses within the curriculum that would minimize the time needed to switch from the BSMT to the BA or BS in Biology or Chemistry.

BIOLOGY OR CHEMISTRY MAJOR PLUS A YEAR OF CLINICAL STUDY

Students electing this program earn a Bachelor of Arts or Bachelor of Science with a major in either Biology or Chemistry from UNCG. During their final year at UNCG they apply for admission to a School of Medical Technology approved by the National Accrediting Agency for the Clinical Laboratory Sciences (NAACLS) for their final year of study.

Students electing this program must take the same subjects listed as major requirements for the BSMT program. They must consult with the head of the department in which they are majoring or their faculty advisor in selecting other courses necessary to fulfill the BA or BS requirements.

Eligibility for certification, registration, or licensure does not come until the student completes the final year of clinical training in a NAACLS-approved School of Medical Technology.

PREPROFESSIONAL PROGRAMS—

DENTISTRY, MEDICINE, AND VETERINARY MEDICINE

Advisory Committee

Robert E. Cannon, Chair of Advisory Committee and Associate Professor, Department of Biology

Robert P. Doolittle, Director, Student Health Center

Eric Johnston, Assistant Professor, Department of Chemistry

Frank McCormack, Professor, Department of Physics and Astronomy

Walter L. Salinger, Professor, Department of Psychology

Students should contact a member of this committee for assistance in planning their program of study.

The admission requirements vary slightly among the various schools and programs. For specific information students should write directly to the individual schools for catalogs or consult the library. Other sources of information are current volumes of **Medical School Admission Requirements and Admission Requirements of American Dental Schools**.

The preprofessional programs constitute a core of courses which must be completed before admission to the professional schools. They can be successfully incorporated into almost any major. It has been shown in the case of medical schools that the choice of major does not significantly affect the student's probability of admission. Students should give consideration to any major which they find interesting and in which they feel they can do well. Nearly all students accepted to medical, dental, and veterinary schools have completed a bachelor's degree.

Medical schools generally require 2 semesters of English; 2 semesters of general biology (BIO 111, 112); 2 semesters of general chemistry with laboratory (CHE 111, 112, 114, 115); 2 semesters of organic chemistry with laboratory (CHE 351, 352, 354); 2 semesters of physics (PHY 101, 102 or 291, 292). A few schools (e.g., Duke) also require mathematics through Calculus (MAT 191, 292).

Other courses which are often recommended include Mammalian Physiology (BIO 277), Biochemistry (BIO 535 or CHE 556), Genetics (BIO 392).

Dental school preparatory course requirements are usually very much like those for medical school. Many schools do, however, require Quantitative Analysis (CHE 331, 333).

The list of required courses for **veterinary schools** is considerably more extensive than that for medical or dental schools. In addition to specifying more courses in mathematics, chemistry, and biology, these programs typically require or recommend more courses in animal science, general microbiology (BIO 481), biochemistry (BIO 535 or CHE 556) and nutrition (FNS 213). Significant work experience with animals or in a veterinarian's practice is required. Students interested in veterinary school should make contact with the school and with the advisory committee at an early stage of their undergraduate careers.

The achievement of outstanding academic credentials should not be accomplished at the cost of totally sacrificing extracurricular activities. Most professional programs prefer students who have participated in nonacademic activities and actively pursued a range of interests.

In addition to the core of preparatory courses, virtually all professional schools require some form of standardized test prior to consideration of a student's admission application. These tests are usually taken in the spring before application is made. Medical schools require the Medical College Admission Test (MCAT), dental schools the Dental Admission Test (DAT), and veterinary schools the Veterinary College Admission Test (VCAT). As of Fall 1992, no standardized test is required for the veterinary school at North Carolina State University.

Applications to professional schools are made a year before expected enrollment, usually between June 15 and November 15. Early application is strongly recommended. The American Medical College Application Service (AMCAS) is the agent for most medical schools, and the American Association of Dental Schools Application Service (AADSAS) is the agent for many dental schools. Application materials are available from the committee. Veterinary, medical, and dental schools not subscribing to one of the application services must be contacted individually.

PREPROFESSIONAL PROGRAM—ENGINEERING

Advisor

Paul F. Duvall, Professor, Department of Mathematical Sciences

Robert B. Muir, Associate Professor, Department of Physics and Astronomy

The following two-year pre-engineering curriculum offers preparation for students who plan to transfer to engineering programs in other institutions. This program has been approved by the Subcommittee on Engineering Transfer for transfer to the engineering programs at North Carolina

PREPROFESSIONAL PROGRAMS

A & T State University, North Carolina State University, and The University of North Carolina at Charlotte. **Students interested in engineering should contact one of the advisors above as soon as possible.**

Note: Courses that satisfy the "social science or humanities" requirement are listed in the designated AULER categories (see p. 70). Recommended are a beginning course in literature, history (200 level), history or philosophy of science, and communications (COM 105). Some engineering programs require proficiency in a foreign language through the level of the first year (101-102). Students should make appropriate selections after consultation with an advisor.

PREPROFESSIONAL PROGRAM—LAW

Advisory Committee

Converse Clowse, Chair of Advisory Committee, Department of History

Susan Buck, Department of Political Science

Christopher Hodgkins, Department of English

Frank Land, Department of Management

Gary Rosenkrantz, Department of Philosophy

Admittance to law school is primarily achieved through a favorable consideration of a student's grade point average, scores on the law school admission test (LSAT), and other materials furnished in an application for admission. Students who plan to attend law school may select their major from any academically respectable field. However, since law schools seek to admit students who can think, speak, and write only at the highest levels of competency, interested students, regardless of their major, should always select courses which engender skills in critical, creative, and reflective thinking as well as clear, cogent, and concise writing and speaking. In order to attain these vital skills, prelaw students are most strongly advised to take the core courses which grant credit in the area of Reasoning and Discourse (RD). These courses are, in alphabetical order, COM 105, 231, 341; ENG 101, 102, 223, 301; FMS 103; PHI 115, 211. Students interested in prelaw should consult a prelaw advisor in addition to their major advisors.

PREPROFESSIONAL PROGRAM—MEDICINE

(see Dentistry, Medicine, and Veterinary Medicine)

PREPROFESSIONAL PROGRAM—PHARMACY

Students seeking a professional degree in pharmacy may follow a prepharmacy curriculum at UNCG for two years before transferring to a school of pharmacy. An additional three to four years will then be required depending on whether the Bachelor of Science in Pharmacy or the Doctor of Pharmacy degree is sought. There are 73 accredited schools of pharmacy in the United States. The two in North Carolina are located at the University of North Carolina at Chapel Hill and at Campbell University.

Prepharmacy requirements generally include the following:

First year

CHE 111, 112, 114, 115

Algebra, Calculus, or Statistics

ENG 101, 102

Foreign language or other approved liberal arts courses

BIO 111, 112

Second year

CHE 351, 352, 354

PHY 305 or 101, 102

BIO 271

ECO 201

Other specified courses for a total of 64 sem. hrs. of prepharmacy work

Students will also be required to take the Pharmacy College Admission Test in the second year.

Completion of the prepharmacy work at UNCG does not guarantee admission to pharmacy school. Students should consult a prepharmacy advisor before registering for courses. Those planning to apply to out-of-state pharmacy schools should bring along information from those schools.

PREPROFESSIONAL PROGRAM—PHYSICAL THERAPY

Advisors

Department of Biology: Cannon, Katula, Leise, Lepri, and Henrich

There are currently four physical therapy programs in North Carolina. The programs at UNC-Chapel Hill and Duke University offer entry-level Masters degrees. Beginning Fall 1995, the program at East Carolina University will replace its bachelors degree program with an entry-level Master of Physical Therapy program (MPT). Winston-Salem State University offers a BS in Physical Therapy.

Students seeking a masters degree in physical therapy may major in any academic area but will be expected to complete a core of science courses. The minimum grade point average for admission is 3.0 on a 4.0 scale. Volunteer experience in physical therapy is required for admission. Requirements for the MPT generally include the courses shown below.

Statistics 108 or Psychology 310

Introductory Biology (BIO 111, 112)

Anatomy (BIO 271)

Physiology (BIO 277)

Physics 101 and 102

General Chemistry (CHE 111, 112 and 114, 115)

General Psychology (PSY 221)

Human Growth and Development (HDF 211 or PSY 326)

CPR Certification

Additional recommendations include computer literacy and course work in biomechanics, histology, and genetics. Students should contact the programs directly to ensure that they meet current requirements for each school. A complete listing of accredited physical therapy programs is available from the American Physical Therapy Association, 1111 North Fairfax Street, Alexandria, VA 22314 (703) 684-APTA.

Students should contact an advisor for assistance in planning their program of study.

PREPROFESSIONAL PROGRAM—VETERINARY MEDICINE

(see Dentistry, Medicine, and Veterinary Medicine)

RESIDENTIAL COLLEGE

Mary Foust Hall/College of Arts and Sciences

Mark I. Smith-Soto, Department of Romance Languages
Ann B. Somers, Department of Biology
Richard A. Swanson, Department of Exercise and Sport Science

The Residential College was created at UNCG in 1970 to provide a setting which encourages innovative study, small classes, unity of academic and social experiences, and close student-faculty contacts.

The Residential College is a two-year program for freshmen and sophomores with a limited number of upperclassperson participants. Members of the program live and have classes in a coeducational residence hall. A Residence Hall Director, who often serves on the faculty, resides in the hall. Other faculty members have offices in the residence hall. Students and faculty serve on governing committees and participate together in special events within the dormitory.

Faculty members from many different departments and schools teach in the Residential College. Courses taught meet All-University Liberal Education Requirements and requirements of the College of Arts and Sciences.

All students participate in an interdisciplinary core course focusing on the American experience and choose from a wide range of other academic subjects. These seminars, along with varied types of independent study and community service work, make up six to nine hours of a student's semester course load. The remaining semester hours are taken in the University outside the Residential College. (Residential College students are full members of UNCG and are expected to participate in the life of UNCG.)

All students who have been admitted to UNCG automatically qualify for application to Residential College. Anyone who wishes to receive more information about the program is encouraged to write directly to the Residential College.

RESIDENTIAL COLLEGE COURSES (RCO)

101 English Composition I (3:3). • Equivalent credit to ENG 101/FMS 103; students may not receive credit for both RCO 101 and either ENG 101 or FMS 103.

Designed to develop the student's ability to read with discrimination and write effectively. Seabrooke. [RD, CRD].

102 English Composition II (3:3).

Practice in writing responsible public discourse. Students write extended, informed arguments on issues of public concern. Attention to critical reading, effective use of evidence. Seabrooke. [RD, CRD].

108, 109, 208, 209 Residential College Core Course: The American Experience. First year: **The Deep Roots through 1890.** Second year: **America and the Modern World: 1890-present.** The four semester series of courses is multi-disciplinary and is assigned credits in HP, AE, BL and SB areas. Sections offered for 1994-95 were:

208 The American Experience, 1890-1945 (3).

F. Arndt, Ellis, Enstad, Headington, Ramsey.

209 The American Experience, 1945-Present (3).

F. Arndt, Colbert, D'Emilio, Ellis, Headington.

131, 132, 231, 232 Residential College Seminars (9), (9), (3 to 9), (3 to 9).

Concentrated and in-depth seminars meeting College of Arts and Sciences and All-University Liberal Education Requirements and intended to complement the core program. Seminars are set up each year, each with 3 hours credit. Seminars for 1994-95 were:

220-01 College Algebra.

Sallez. [MT, CMT].

220B-01 Contemporary Topics in Mathematics.

Sallez. [MT, CMT].

221-64 Twentieth-Century Russian Literature.

SPECIAL PROGRAMS IN LIBERAL STUDIES

The College offers six programs of focused interdisciplinary study, each of which is firmly grounded in the liberal arts. These programs, designed and administered by faculty committees, are listed below.

In addition, when existing programs in the liberal arts do not meet certain academic needs, students may petition to pursue an interdisciplinary major that they design, in consultation with relevant faculty. Students interested in pursuing this possibility should first discuss it with relevant faculty and then consult with the Associate Dean of the College, Professor Timothy D. Johnston (Room 100, Foust Building). If the request seems justifiable, a faculty committee is appointed to work with the student in developing a program in an academically feasible and coherent manner. Upon the approval of that faculty committee and the Associate Dean, a self-designed interdisciplinary program of study is established as a major for the student, a faculty advisor is appointed, and the Director of Academic Advising and Support Services and the Registrar are notified.

SPECIAL PROGRAMS IN LIBERAL STUDIES

African American Studies

Archaeology

International Business Studies (co-sponsored with the Bryan School of Business and Economics)

International Studies:

Area I: A Global Approach to International Development (major or minor)

Area II: Inter-Cultural Studies (major or minor)

Area III: Regional Studies

Russian Studies (major or minor)

European Studies (second major or minor)

African Studies (minor)

Asian Studies (minor)

Linguistics

Women's Studies

As with other programs, students must meet the liberal education requirements of the College of Arts and Sciences. See pp. 70-71 and 75-76 for a detailed listing of courses meeting each area requirement.

AFRICAN AMERICAN STUDIES

Committee Members

Frank Woods, Interim Chair, African-American Studies Program

Willie L. Baber, Department of Anthropology

Kathleen Casey, School of Education

Mary V. Compton, Department of Communication and Theatre

Mary P. Erdmans, Department of Sociology

Timothy D. Johnston, Chair, Special Programs in Liberal Studies, ex officio

Carolyn Moore, Department of Social Work

Odessa Patrick, Department of Biology

Ben Ramsey, Department of Religious Studies

Leonora Richardson, School of Nursing

Pamela A. Wilson, Minority Student Affairs

The program has several objectives:

1. To promote the teaching and learning about the history and experience of blacks in American society as an integral part of the University experience.
2. To add a vital humanistic dimension to the liberal arts undergraduate experience of students in the university by enabling all students, black and white, to learn how blacks have exerted an indelible impact on American society and to assist black students in learning more about their history and background.
3. To provide a global perspective to the University community by presenting students with various opportunities to engage in courses which promote learning about the culture of Africa, individuals in Africa and African diaspora countries.
4. To provide a learning environment for students through courses and activities that develop research, writing, critical thinking and effective communication.
5. To establish and maintain the interdisciplinary nature of the program by offering courses from other departments which reflect and support the major objectives of the program.

Students who wish to propose a Special Program in Liberal Studies minor in African American Studies should contact the chairman of the African American Studies Committee. The Chairman or members of the Committee will advise the student in the selection of courses to constitute the minor.

The undergraduate courses listed below focus almost entirely on issues, areas of knowledge, and concerns related to the black experience.

AFRICAN AMERICAN STUDIES MINOR

The minor requires 18-21 semester hours that can be selected from the following courses:

AFS 100, 200, 210; ATY 325, 335; ENG 374, 376; HIS 203, 204, 301, 302; MUS 214, 344; SOC 327; Residential College courses with appropriate content and focus. Recently, HIS 203, 204, 301, 302 and MUS 214 and 344 have been approved to be cross-listed with African American courses.

AFRICAN AMERICAN STUDIES COURSES (AFS)

100 Blacks in America (3:3).

Introduction to African-American culture through an historical and social perspective. [HP, CHP-CMO].

200 African American Art History (3:3).

The development of Afro-American art placed within the context of mainstream American art and the history of the blacks in this country.

210 Blacks in American Society: Social, Economic, and Political Perspectives (3:3).

Social, political, economic experience of blacks in the United States. Topics include the black family, Civil Rights Movement, black politicians, and blacks in the labor market. [SB, CSB].

305 Special Topics in African American Studies (3:3). Pr. 100 or permission of instructor. • May be repeated once for credit when topic varies.

An in-depth study of a selected topic or topics in African American Studies involving directed reading and research.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

ARCHAEOLOGY

Committee Members

Jeffrey S. Soles, Chair, Archaeology Program, Department of Classical Studies

Brad Bartel, Department of Anthropology

Joseph B. Mountjoy, Department of Anthropology

Jeffrey C. Patton, Department of Geography

Mary Kaye Sandford, Department of Anthropology

Timothy D. Johnston, Chair, Special Programs in Liberal Studies, ex officio

The Special Programs in Liberal Studies major with a concentration in Archaeology introduces students to the ancient civilizations and cultures of the Old and New Worlds and to the analytical tools that facilitate their study. The major is designed to develop both anthropological and historical perspectives in archaeological research, to encompass the range of prehistoric to early historic cultures in the Old and New Worlds, and to introduce the theoretical concepts and methodological techniques appropriate to archaeological research.

ARCHAEOLOGY MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

Major Requirements

Minimum 30 semester hours distributed as follows. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level:

1. Core Requirements (12 hours)

ATY 258 World Prehistory

ATY 360 Modern Archaeology

CCI 211 Introduction to Classical Archaeology (Greece)

CCI 212 Introduction to Classical Archaeology (Rome)

2. Area Requirements (6 hours with 3 from each category)

Old World Archaeology:

ATY 501 Selected Topics in Anthropology (European Archaeology)

CCI 312 The Art and Archaeology of Egypt

CCI 313 Archaeology of the Aegean

CCI 314 Ancient Cities

New World Archaeology:

ATY 362 Archaeology of the Eastern United States

ATY 533 Archaeology of Mexico

3. Analytical Methods and Techniques (6 hours with no more than 3 from ATY 378, ATY 478, CCI 401)

ATY 378 Historical Archaeology Field Techniques

ATY 478 Field Methods in Archaeology

ATY 479 Analysis of Archaeological Data

ATY 553 Human Identification

CCI 401 Archaeological Practicum

The Special Programs in Liberal Studies major with a concentration in International Business Studies introduces students to business and economic institutions and practices in the global environment. The program emphasizes the importance of foreign language proficiency and the importance of the multicultural nature of a global economy. Students must meet the requirements for admission to the Bryan School of Business and Economics and must be formally admitted to the International Business Studies program. Students interested in applying should contact the Bryan School Advising Center, Room 232, Bryan Building. The program leads to a Bachelor of Science degree.

INTERNATIONAL BUSINESS STUDIES MAJOR (BACHELOR OF SCIENCE)

Required: 127 semester hours

Major Requirements:

1. **A. Common Body of Knowledge (39 hours)**

ACC 201, 202; ECO, 201, 202, 250; FIN 315; ISM 110, 280, 360; MGT 312, 320, 330, 491

B. International (6 hours)

Any two of the following: ECO 203, 360; FIN 444; MGT 390, 426

2. International Studies (27 hours)

Six hours in a Foreign Language (intermediate level of one language).

Six hours in two courses in literature in a foreign language beyond the intermediate level, in 300-level conversation, or in intensive language instruction in a foreign country

Six hours in core courses: INS 233A; INS 400A or INS 400B.

Nine hours in additional courses selected from the following categories: Arts and Literature, Society and Politics, Economics and Environment, and Belief Systems. See course listings under International Studies, p. 391.

3. All-University Liberal Education Requirements (54 hours)

(1) Analytic and Evaluative Studies (AE)	3
(2) British or American Literature (BL)	3
(3) Fine Arts (FA)	3
(4) Historical Perspectives on Western Culture (HP)	6
(5) Mathematics (MT) Required: MAT 120 or 191	
(6) Natural Science (NS)	9
(7) Non-Western Studies (NW)	3
(8) Reasoning and Discourse (RD)	6
Required: ENG 101 or FMS 103 or RCO 101, and one other RD course	
(9) Social and Behavioral Sciences (SB)	9
Required: ECO 201 and two other SB courses	
(10) World Literature (WL)	3
(11) AULER Electives	6
Required: proficiency in one language through the intermediate (203, 204) level. See p. 76 for specific languages.	

See pp. 69-71 for a detailed listing of the complete AULER area requirements and courses meeting those requirements.

Under special circumstances and with the permission of the Committee, some required courses may be substituted for others.

Rationale and Course Content

The International Studies program focuses on international issues, areas of investigation, and concerns that lie outside the parameters of traditional academic disciplines. The goals of the

program are to enrich, complement, and coordinate departmental offerings and to provide a range of skills for students preparing careers in which knowledge of foreign cultures and understanding of global processes are important. All students must take two core seminars: INS 233 and INS 400. INS 400 may be taken twice — once in the junior year (as INS 400a) and once in the senior year (as INS 400b). Students participating in International Studies Program are strongly encouraged to study abroad as an integral part of their undergraduate education.

Students participating in International Studies with a major, second major, or minor choose one of three areas of concentration:

- I: Global Affairs and International Development (major or minor): A study of interdependence among peoples, governments, and nations of the world as problems of progress or survival bear on the future of the entire planet. May focus on socioeconomics and political change as they affect relationships between nations.
- II: Inter-Cultural Studies (major or minor): A study of the common, yet varied human experience through the arts, literature, and the social sciences, focusing on problems of understanding.
- III: Regional Studies: Study of the languages, peoples and nations of four specific regions.
 - a. Russian Studies (major or minor)
 - b. European Studies (second major or minor)
 - c. African Studies (minor)
 - d. Asian Studies (minor)

In all areas of concentration, the course of study includes completion of a modern foreign language (which must be Russian in the case of Russian Studies) through one year above the intermediate level, the two core seminars (INS 233 and INS 400), and additional courses selected according to the student's special interests in consultation with the Director of the Program. In declaring a major, second major, or minor, the student will file a Plan of Study, signed by the Director, with the Office of Academic Advising. This Plan will be used to determine whether the requirements of the program have been satisfied. Students whose particular interests are not satisfactorily addressed by the areas of concentration listed above may design a coherent plan in a different area, in consultation with the Director of International Studies Program.

INTERNATIONAL STUDIES MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

Major Requirements

27 semester hours above the 100 level. To complete a second major, at least 12 semester hours must be taken outside the major in which the first major is obtained.

	Semester Hours
A. Foreign Language Requirements	6
One year beyond the intermediate level of a modern foreign language	
B. Core Courses	6
INS 233A or 233B	
INS 400A or 400B	
C. Additional courses	15
To be selected from the following categories, with no more than two courses from any one category:	

1. Arts and Literature: Any course in the Arts and Literature with a focus (1/2 or more) on international materials (i.e., excluding the United States), or any course reading literature in a foreign language above the 200 level.
 2. Society and Politics: Any course with a primary focus on international social, historical, and political issues.
 3. Economics and Environment: Any course with a primary focus on international dimensions of economics and on environmental issues.
 4. Belief Systems: Any course with a primary focus on ideological, religious, or philosophical issues and their international impact.
- INS 333 may be included for credit in any of these four categories depending upon the content of the course, which may vary from semester to semester

INTERNATIONAL STUDIES MINOR

INTERNATIONAL STUDIES COURSES (INS)

201 Experimental Course: Elementary Japanese (3:3).

Introduction to communicative, conversational Japanese. Study of fundamental words, phrases, and expressions based on notions.

201A Experimental Course: Elementary Japanese Drill (1:1). Pr. concurrent registration in 201 required.

Required drill section for material covered in 201.

233A, 233B ¹ International Studies Seminar (3:3). • Required for majors.

Interdisciplinary seminar designed to introduce students to substantive concerns of International Studies and the methods of investigation employed in it. An effort is made to increase student awareness of global problems through library research, interviews, and field trips. [233a fulfills NW, CNW].

333 Selected Topics: International Studies (3:3). • Required for majors.

An advanced level course usually offered once a year concentrating on specific topics of international concern. The content of this course may grow out of materials explored initially in INS 233. The faculty welcomes and encourages student suggestions in planning INS 333.

400A, 400B Seminar in International Studies (3:3), (3:3). Pr. must be in the International Studies program or obtain the consent of the instructor to enroll. • Required for all majors in International Studies Program. • Maximum credit 6 hours.

Interdisciplinary seminar dealing with contemporary problems in international politics. 400a in junior year; 400b in senior year.

¹ Courses designated 233A meet AULER and CLER Non-Western Studies requirements; those designated 233B do not.

LIBERAL STUDIES, MASTER OF ARTS IN

John J. Young, Director, Liberal Studies Program, Office of Continuing Education

Professors Calhoon, Fitzgerald, Garlington, Hidore, Levinson, McConnell, Miller, Schleunes, Scullion, Sher; Associate Professors Caneva, Cannon, Danford, Johnston, Kirby-Smith, Logan, Meisner Pratto, Ruzicka; Assistant Professors Cassell, Krueger, Ramsey

The MALS Program encourages innovative graduate studies across traditional disciplinary boundaries. It seeks to establish an intellectual community whose members, both students and faculty, are eager to employ the disciplines of the various liberal arts in ways that will enrich their understanding of themselves and of the world surrounding them. Course work, symposia, and seminars are intended to nurture this intellectual community. The MALS degree, a deliberately unspecialized degree, can serve to enhance career opportunities as well as provide personal enrichment.

Required: 33 semester hours of graduate credit

9 semester hours in interdisciplinary core seminars

18 semester hours of electives (graduate level)

6 semester hours for a thesis project or 6 additional hours of interdisciplinary core seminars in area of academic interest

More information is available in the Graduate School Office or the Office of Continuing Education

MASTER OF ARTS IN LIBERAL STUDIES COURSES (MALS)

For Graduate Students Only

- 610 Culture and Ideas (3:3).
- 620 Human Nature and Society (3:3).
- 630 Scientific Reasoning (3:3).

LINGUISTICS

Committee Members

William Coleman, Chair, Linguistics Program, Department of Anthropology

Jeutonne Brewer, Department of English

Mary V. Compton, Department of Communication

Brenda Cox, Department of Curriculum and Instruction

Jane Mitchell, Department of Romance Languages

Timothy D. Johnston, Chairman, Special Programs in Liberal Studies, ex officio

Linguistics exists as a major and a minor in Special Programs in Liberal Studies. The goal of Linguistics is to provide students with a very broad background in the formal study of language and, in particular, how linguistics articulates with other disciplines in the humanities and social sciences. Students in linguistics have many opportunities to study formal linguistic analysis as well as traditional disciplines of rhetoric, philosophy, sociolinguistics, psycholinguistics, philology, and nonverbal communication. A Linguistics major is a liberally educated individual who is prepared for graduate work in several disciplines as well as further study for careers in teaching,

especially in language arts, foreign languages, and communication studies. Linguistics effectively serves as a second major for majors in anthropology, speech and language pathology, English, communication studies, a foreign language, and education of deaf children. Linguistics majors who also double major in English, French, Spanish, and education of deaf children may also pursue "A" licensure in these areas as well as licensure in teaching English as a second language.

LINGUISTICS MAJOR (BACHELOR OF ARTS—SPECIAL PROGRAMS IN LIBERAL STUDIES)

Required: 122 semester hours

Major Requirements

Minimum 24 hours above the 100-level including the following core courses:

ATY 387; CSD 308 or EDC 240; ENG 321; PHI 211

Remaining courses to complete the major are to be chosen from the following electives: ATY 385, 585, 587; CSD 306; CST 206, 502; CUI 525; ENG 260, 261, 510, 513, 553; FRE 411; SPA 450

Credit toward the major may also be received for special topics courses when a research project or paper is specifically related to the study of language, and the topic is approved by the student's faculty advisor in linguistics. Students are encouraged to study other languages including sign language for the deaf and non-western languages.

Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

LINGUISTICS MINOR

The minor in Linguistics consists of a minimum of 15 hours above the 100 level. Of these, 9 hours must be chosen from the core courses. The additional hours may be chosen from any of the courses listed above.

ACCELERATED MASTERS PROGRAM FOR UNDERGRADUATES—

BA IN LINGUISTICS AND MA IN ENGLISH (TEACHING COMPOSITION PLAN)

The accelerated program in Linguistics/English provides the opportunity for a student to complete a BA in Linguistics (122 hours) within a four-year period and to shorten the time required to finish the Master of Arts degree in English.

Interested students should:

- have some Advanced Placement credit upon admission to UNCG in order to reduce the number of required undergraduate hours. See courses on pp. 20-21 for which AP credit is available.

- identify themselves as potential accelerated candidates early in their academic careers in order to receive appropriate advising. Although formal admission to an accelerated program usually occurs in the junior year, careful selection of undergraduate courses beginning in the freshman year is essential. Interested students should talk with an advisor in the Linguistics program as early as possible.

- plan to take the GRE in the spring of the junior year.
- seek admission to the Graduate School in the fall of the senior year.

Faculty members affiliated with the Women's Studies Program are housed in departments throughout the College and Schools. Interested students should contact the program director, Katherine W. Mille.

WOMEN'S STUDIES MAJOR (BACHELOR OF ARTS)

Required: 122 semester hours

Major Requirements

Minimum 30 hours above the 100-level. Students may take a maximum of 60 semester hours in the major and related areas, including courses at the 100-level.

Core Content (18 hours)

The following courses are required of all majors:

WMS 250, 333, 350; HIS 328 or 329; ENG 331; one Social & Behavioral Science course chosen from the following: HDF 502, HEB 410, PSY 346, SOC 329

Additional Electives (12-18 hours)

Students choose 12-18 additional hours from among the following courses:

ATY 550; CST 559; ENG 531; ESS 532; HEA 360; HIS 304, 359; either HIS 328 or 329 if not taken as part of core content; HEA 333/NUR 330; PSC 335, 336; REL 309, 310; SOC 354/MGT 354; WMS 450, 400*; HDF 502, HEB 410, PSY 346, SOC 329 if not taken as part of core content.

*Only two Independent Studies equivalent to six credit hours may be taken toward the Women's Studies major.

WOMEN'S STUDIES MINOR

A minimum of 18 semester hours is required.

WMS 250 and 350 are required courses for the minor.

Students take four additional courses distributed across the following categories, so that no more than two courses are taken within any one category. (Substitute courses are permitted with consent of the Director.)

Category A. Social and Behavioral Science Courses: ATY 550; HDF 502; HEB 410; PSC 335, 336; PSY 346; SOC 329, 354

Category B. Humanities Courses: CST 559; ENG 331, 531; HIS 304, 328, 329, 359; REL 309, 310; WMS 333

Category C. Professional Courses: ESS 532; HEA 360; MGT 354; NUR 330/HEA 333

WOMEN'S STUDIES COURSES (WMS)

For Undergraduates

250 An Introduction to Women's Studies: The American Woman (3:3).

A multidisciplinary introduction to the study of images, roles and status of women in American history and culture. Special attention will be paid to the development of sex roles and the social mythology which surrounds them.

333 Women in Developing Countries (3:3).

Explores problems and opportunities for women in developing countries, effects of the rapid process of social change, and the oppressive and liberating forces in women's lives. [NW, CNW].

350 Introduction to Feminist Theories (3:3).

Explores and evaluates feminist theories in a socio-historical context. Raises questions about their implications for different methods of inquiry and about the nature of knowledge and rational thought. [AE, CAE].

400 Independent Study (1 to 3). Pr. consent of sponsoring instructor. • May be repeated once for credit.

Intensive independent study of specialized topics.

450 Topics, Seminar in Women's Studies (3:3).

• Different topics may be repeated for credit.

An in-depth study of a selected topic or topics in Women's Studies involving directed reading and research. Category credit varies.

493 Honors Work (3-6). See prerequisites under Honors Program, XXX 493 (p. 375).

For Graduate Students Only

600 Independent Study (1 to 3).

A UNCG student in good standing may spend a summer, semester or academic year abroad in several ways.

Academic Year and Semester Abroad Programs

• **UNCG Exchange Programs.** Through various exchange agreements, a UNCG student may swap places with a student in another country. Under these arrangements, students study abroad for approximately the cost of being in residence at UNCG. Opportunities for such exchange are currently available in Australia, Costa Rica, Finland, France, Germany, Spain, Poland, and the United Kingdom.

• **International Student Exchange Program.** As a member of ISEP (a Washington-based exchange organization), UNCG is able to place students in any one of one hundred cooperating

universities in 35 countries overseas. The cost of such study is about the same as being in residence at UNCG.

- **Semester Abroad Programs.** On a regular basis the Department of Romance Languages offers semester abroad programs in Spain and France. UNCG faculty lead these groups and directly award academic credit. Although not student exchange programs, these semester abroad options are nonetheless less costly than study abroad opportunities offered through other colleges' programs.

- **Non-UNCG Programs.** A UNCG student may spend a summer, semester, or year abroad under the auspices of a group or institution approved by the UNCG Study Abroad Committee. While generally more costly than ISEP or the UNCG programs, this option may be of interest to students seeking particular experiences not otherwise available.

Summer Abroad Programs

UNCG professors regularly lead student groups overseas. Over the past few years, groups have gone to such countries as France, Greece, Mexico, Spain and the United Kingdom. These programs generally involve five or six weeks of supervised travel and study, followed by an additional three weeks of independent travel.

The UNCG Study Abroad Committee, the Office of International Programs, and Academic Advising

All study abroad activities are carefully supervised by the UNCG Study Abroad Committee, which is comprised of faculty members and administrators with considerable experience in international education. The Committee is constantly working to expand study abroad options for UNCG students, and to make them available at reasonable cost. The Committee may recommend to the student's department that up to 30 semester hours of credit be earned for one year's study overseas.

The Office of International Programs, in addition to handling most other administrative matters affecting study abroad, publicizes the various programs and counsels prospective participants. Those interested in study abroad are advised as a first step to contact the OIP (112 Foust, phone 334-5404). For academic counseling about study abroad, students should consult the Study-Abroad advisor in Academic Advising and Support Services (159 Mossman, phone 334-5730) well before they plan to go overseas.

TEACHER EDUCATION PROGRAMS

Teacher licensure in North Carolina and qualification for licensure in most of the other states may be earned at five UNCG professional schools and various departments within the College of Arts and Sciences. Students may select licensure programs in a variety of subject areas.

The School of Education offers programs in Elementary and Middle Grades Education, and jointly directs, with departments in the College of Arts and Sciences, programs for teacher licensure in liberal arts fields at the secondary level.

The School of Business and Economics, the School of Health and Human Performance, the School of Human Environmental Sciences, and the School of Music offer teacher education curricula in their respective fields. The Departments of Art, Social Work, and Communication and Theatre offer teacher education curricula in their respective subject areas.

Graduates of approved teacher education curricula are eligible for initial licensure on the basis of UNCG's recommendation to the State Department of Public Instruction. **As requirements may vary among departments, students should check with their major advisor for specific information regarding their program.**

Admission to Teacher Education

All students who wish to be recommended for licensure in any of the subject areas must be **admitted** to a specific Teacher Education Program. Application for admission should be made in The Teachers Academy (located in 319 Curry Building, 334-3414) after completing at least 51 semester hours (junior status) of work and prior to completing 50% of the professional coursework, excluding student teaching. Application is usually made at the end of the sophomore year.

The following requirements must be met:

1. Grade point average of at least 2.5 (some departments require a GPA higher than a 2.5 to be admitted to teacher education). To determine if students meet this standard, the grade point average (GPA) is calculated using all relevant undergraduate coursework. For students transferring to UNCG, this includes the transferable hours as determined by the UNCG Admissions Office. For second degree and initial licensure only students, this means that their cumulative undergraduate GPA must be equal to the GPA required for admission into the desired teacher education program.
2. Completion of at least 12 semester hours at UNCG.
3. Recommendation of the school or department where major is to be taken.
4. Achievement of minimum score requirements as set by the North Carolina Department of Public Instruction on the Pre-Professional Skills Test.

For additional requirements specific to a program, students should check with their major school or department. Students should contact the Teachers Academy (located in Curry Building, 334-3414) for:

1. Clarification of admission requirements.
2. Appeal of the application of a rule or regulation.

Admission To Student Teaching

During the junior year, students already admitted to the Teacher Education Program must apply for admission to **Student Teaching**.

Student Teaching admission includes:

1. Grade point average of at least 2.5 (some departments require a GPA higher than a 2.5 for student teaching).
2. Approval of the school or department in which the student is majoring.
3. Completion of additional requirements specific to the major department or school teacher education program.

Application forms are available from the Teachers Academy beginning first day of classes, Spring semester. Forms must be submitted by February 15 of the year before the student teaching is to be done.

Student teaching assignments are usually made in schools within commuting distance of UNCG, although at times student teaching programs are planned with other school systems at substantial distances from UNCG. Teacher education students are not subject to special fees but are individually responsible for expenses incurred during student teaching including transportation.

Student teaching in some subject areas is offered in only in either the Fall or the Spring semester. Any student who plans student teaching should check with the Teachers Academy to be certain of the semester when student teaching will be offered in a particular subject area.

General and Professional Education Requirements

Requirements for teacher licensure are specified in the respective program descriptions (see Chapter 4). In addition to the courses specified for the particular degree or major, the following requirements must be met:

For Elementary and Middle Grades Licensure

1. AULER requirements as identified within each major.
2. PSY 221 General Psychology (PSY 223 may not be substituted)
3. ELC 381 The Institution of Education
4. Additional certification requirements as specified on pp. xxx.
5. Appropriate method course(s) and student teaching

For Special Subject-Area Licensure

1. AULER requirements as identified within each major.
2. HEA 201 Personal Health
3. PSY 221 General Psychology (PSY 223 may not be substituted)
4. ELC 381 The Institution of Education
5. CUI 450 Psychological Foundations of Education
6. CUI 470 Reading Education
7. Appropriate method course(s) and student teaching

For Vocational Education and Secondary Subject-Area Licensure (Grades 9-12)

1. AULER requirements as identified within each major.
2. HEA 201 Personal Health
3. PSY 221 General Psychology (PSY 223 may not be substituted)
4. ELC 381 The Institution of Education
5. CUI 390 Issues in Secondary Education
6. CUI 450 Psychological Foundations of Education
7. CUI 470 Reading Education
8. Appropriate method course(s) and student teaching

Second Major Requirement

All students majoring in **Elementary, Middle Grades, Business, Marketing, Health, Physical Education and Deaf Education** are required to complete another approved major or a concentration consisting of a minimum of 24 semester hours in a basic academic discipline. Depending on the academic discipline selected, a maximum of 6 hours may be counted toward the all-university liberal arts requirement and the second major or concentration. This requirement became effective for all students who entered the University in fall 1989 as freshmen. This requirement also applies to students seeking a second degree in one of the affected majors. Students should check with the major school/department for this requirement or additional requirements specific to individual programs.

Teacher Licensure in Social Studies

Students majoring in anthropology, economics, geography, history, political science, psychology, or sociology can seek teacher licensure in comprehensive social studies with an endorsement in their major. Students seeking social studies certification must take a total of 36-42 hours in the social sciences beyond their major requirements from the departments of anthropology, economics, geography, history, political science, and sociology. Courses must be selected from the following approved list. This list is also available from the Office of Student Information and Advising (Curry 323), the student's major advisor, or the social studies advisor in the School of

Education. Substitution of any requirements needed for certification may be made by the social studies advisor in the School of Education.

Courses Satisfying Competencies for Initial A Licensure in Secondary Social Studies

Anthropology: select one from: ATY 212, 258; select one from: ATY 325, 330, 333, 335, 337

Economics: ECO 201, 202

Geography: select one from: GEO 105, 114, 202; select one from: GEO 344 or GEO 560, or other regional course

History: HIS 211 and 212; WCV 101 or 102; and one selected from: HIS 204, 215 or 216, 239 or 240, 381

Political Science: PSC 200, 260

Sociology: SOC 211, 318

This licensure program relies heavily on early and adequate advising. It is the student's responsibility to meet as soon as possible with both his/her major advisor and the social studies advisor in the School of Education. See other sections in this chapter for additional teacher certification requirements.

Application for Teacher Licensure

An application for licensure should be filed with the Teachers Academy during the last semester of the senior year. Students should be aware that the licensure process will take up to six weeks after graduation to be completed. There is no fee for the initial North Carolina licensure.

UNCG recommends for a teacher's licensure those students who have completed the appropriate teacher education curriculum, attained acceptable teaching competencies, and whose work has been approved by the appropriate department.

To be licensed in North Carolina, students must meet the specific state requirements for licensure, including an adequate score on relevant PRAXIS series exams.

TEACHER EDUCATION CURRICULA

Programs in teacher education are offered at UNCG in the four broad areas listed below. Their description is found under the school and/or department listed on the right.

WESTERN CIVILIZATION

Steven Lawson, , Coordinator, History Department

Western Civilization is a two-semester, interdisciplinary course emphasizing critical developments from ancient to modern times. Students who take the course receive credit for Historical Perspectives on Western culture. The course is divided into two broad units. The first unit (Western Civilization 101) covers the ancient world to about 1600. The second unit (Western Civilization 102) covers the modern period, from about 1600 to the twentieth century. Sections of the course may be taught by one or more faculty members and may have different thematic emphases. Readings typically include a basic history text and selections from authors central to the Western tradition.

WESTERN CIVILIZATION COURSES (WCV)

101, 102 Western Civilization (3:3), (3:3).

Interdisciplinary study of Western Civilization emphasizing critical developments from ancient to modern times. Emphasis on themes relating history to the humanities, social sciences, or natural sciences. [WCV 101: HP, CHP-CPM; WCV 102: HP, CHP-CMO].

CHAPTER 7

THE UNIVERSITY COMMUNITY

HOUSING

All UNCG students have the option of living on or off campus. Approximately 3,500 students live in 23 residence halls on campus. UNCG houses students without regard to race, creed, color, or national origin.

Students may request residence halls or roommates by name, and whenever possible, such requests will be honored.

Each residence hall is staffed with part-time Residence Directors/Head Residents who are graduate students or seniors. These Residence Directors/Head Residents supervise undergraduate Resident Assistants, who also live in the building. In addition, each hall forms a hall council made up of elected student representatives. These staff and student representatives work together to build an academically supportive community in each hall.

All residence hall rooms are furnished with beds, dressers, and desks. All have common toilet facilities on each floor or wing. Some residence halls are equipped with one or more lounges, recreation rooms, study rooms, laundry rooms, and kitchens or kitchenettes. All have local telephone service to their rooms. Long distance service is available through a designated carrier contracted by the University, or by using a personal calling card.

Students provide their own bed linens, blankets, lamps, and curtains. All windows are equipped with venetian or mini-blinds and curtain rods.

To request a space, students must return to the Office of Housing and Residence Life the following:

Completed application card

Advance rent payment of \$150

Upon receipt of the Advance Rent Payment and the Completed Application Card, the student will be sent a UNCG Relocation Kit which provides additional information about campus housing and a Contract for Housing and Food Service. See p. 29 for current housing costs.

Housing Options

The Office of Housing and Residence Life offers a variety of housing options to new and continuing students.

New Freshmen Students have the following options:

Single Gender Halls

Coed Halls

The First Year Experience (a predominantly freshman hall)

The Jamison Hall Fitness and Well-Being Program

The Shaw Hall International/Cultural Diversity Hall

Cornelia Strong College in Moore/Strong Hall*
The Residential College in Mary Foust Hall*

New Transfer Students have the following options:

Single Gender Halls

Coed Halls

The Cotten Transfer Hall Program

The Jamison Hall Fitness and Well-Being Program

The Shaw Hall International/Cultural Diversity Hall

Cornelia Strong College in Moore/Strong Hall*
The Suites of Tower Village

New Graduate Students have the following options:

The Shaw Hall International/Cultural Diversity Hall

The Suites of Tower Village

South Spencer Hall

Continuing Students have the following options:

Single Gender Halls

Coed Halls

The Jamison Hall Fitness and Well-Being Program

The Shaw Hall International/Cultural Diversity Hall

Cornelia Strong College in Moore/Strong Hall*
The Suites of Tower Village

** Separate application and acceptance is required for these programs.*

Additional information about the specific programs, the halls, and application procedures is available in the UNCG Relocation Kit.

Residence Hall Policies

Guest Policies

All residence halls are locked 24 hours a day, seven days a week. All students are issued a hall entry key. Each student may host non-resident guests during the hall's posted visitation hours. Currently, each hall is governed by one of the following three policies:

Traditional Visitation—Guests allowed from 12:00 pm to 12:00 am, Monday through Thursday; until 2:00 am on Friday and Saturday; and until 1:00 am on Sunday.

Weekend Visitation—Guests allowed from 12:00 pm to 12:00 am Monday through Thursday, and from Friday at 12:00 pm through Sunday at 1:00 am.

24/7 Visitation—Guests allowed 24 hours a day, seven days a week

Room Occupancy

The signing of a housing contract does not automatically assure one of space in a residence hall. Housing agreements are for periods when classes are in session and do not cover holidays, semester breaks, and periods when classes are not in session.

Housing agreements are made for the period indicated on the contract. The right to occupy a room terminates as of the contract period. UNCG reserves the right to require any student whom it finds, after due process, an undesirable tenant to vacate a residence hall room within 48 hours notice. Should a student be dismissed or withdraw from UNCG, the room is expected to be vacated within 48 hours. The space then becomes available for reassignment by UNCG.

All room assignments are considered final until the first day of classes. Room rent does not cover occupancy of the student's residence hall room during holidays, semester breaks, and other periods of time when UNCG is not officially in session.

UNCG reserves the right to make changes in room assignments in order to consolidate space and to transfer students to other residence halls during the school year.

Off Campus Housing

The Information Desk in Elliott University Center maintains a self-help facility which makes available listings of off-campus accommodations sent to EUC by private landlords. Persons can use the off-campus housing resource center in EUC during normal operating hours.

UNIVERSITY DINING SERVICES

A variety of dining options are available on campus, including Chick-fil-A, two Pizza Hut Express locations, Taco Bell, College Avenue Bakery (featuring Dunkin' Donuts), Healthy Choice Deli, 1891 Ice Cream Shop, The C-Store and Smart Mart (convenience stores), Mrs. Field's Cookies, Spencer's Food Court, Elliott Center Soda Shop, and Dogwood Cafe. Students may use dining plan cash accounts, called "Spartan Express" to make purchases in many of these locations. The CAF, located in the University Dining Hall, offers traditional board all-you-can eat meals for breakfast, lunch and dinner.

All students who choose to live in University residence halls are required to participate in one of the dining plans. Most dining plans combine traditional board meals with a cash account that allows purchases in any campus dining facility. One dining plan offers traditional board meals only, with the option of adding a cash account. All dining plans allow meals in the CAF. "Meals per week" begin Monday breakfast and end Sunday dinner. Nineteen meals are available in a one week period. All "meals per week" are reset on Sunday night. Meals remaining before the reset do not carry forward to the next week. "Meals per semester" allow any meals to be eaten during a semester until all are used. Semester meals reset when the next semester begins. Any meals remaining during a semester do not carry forward to the next semester.

Money that is part of an initial dining plan carries over from fall to spring semester only. Additional deposits to a dining account can be made anytime through the Spartan Services Hospitality Desk, located in the Atrium, University Dining Hall. A \$25 minimum deposit is required. Cash, checks, MasterCard and VISA are accepted. Spartan Express accounts can also be used to make University Bookstore purchases. However, a special amount must be set up—dining plan money cannot be used in the bookstore. Additional deposits to a dining account carry over as long as the student is enrolled at UNCG. Unused balances are nonrefundable upon graduation or leaving the University.

Changes in dining plans are allowed during the first weeks of the semester, until the last day of drop/add. No changes will be made after that date. No dining plan refunds are made except for "official withdrawal" from the University. ("Official withdrawal" are detailed in Residence Life Housing Contracts.) Dining plan refunds are prorated. See pp. 29-30 for current dining plan costs.

TRAFFIC AND SAFETY REGULATIONS

All student-legislated and administrative campus regulations are published in the UNCG Student Handbook which is distributed to all students each year. Students are responsible for knowing and abiding by those regulations established for the UNCG community. Some of these are reviewed below.

Parking Regulations

Parking regulations are in effect 24 hours a day, 7 days a week, unless signs in an area indicate otherwise.

Vehicles found in violation of UNCG traffic rules will be issued a violation notice with a penalty of from \$5.00 to \$100.00 depending on the violation. Penalties not paid or cleared could result in the issuance of a warrant requiring the presence of the offender in court to answer the charges. Outstanding violations will be charged against the student's account in the Cashier's office. Vehicles deemed to be committing a serious enough violation or accumulating several violations may be towed from campus at the owner's or operator's expense.

Students may keep motor vehicles on campus provided the vehicles are properly registered with Parking Services and display a valid UNCG parking permit. To obtain current parking permit fee information, call (910) 334-3340.

UNCG reserves the right to make changes in these charges without advance notice.

Regulations Relating to Public Safety

Alcoholic Beverage Policies

North Carolina law prohibits the consumption, purchase, or possession of alcoholic beverages by people under the age of 21, effective October 1, 1986. The University operates under this provision of the law.

Individual consumption of beer, unfortified wines, and/or spirituous liquors is permitted for those of legal age in student residence hall rooms and in selected public areas of the University in accordance with the Alcoholic Beverage Policy contained in the UNCG **Policies for Students**.

Possession/Use of Narcotics and Other Dangerous Drugs

The use, possession, sale, or distribution of products such as marijuana, LSD, barbiturates, or amphetamines is strictly prohibited. UNCG is prepared to take disciplinary action up to and including dismissal of students involved in such practices. Furthermore, because violation of federal and state laws is involved, UNCG has an obligation to report any information concerning such practices to proper authorities. Please refer to the University's Policy on Illegal Drugs on pp. 457-459 in the Appendix.

Firearms or Other Weapons on University Property

North Carolina law declares it unlawful for anyone to possess or carry (whether openly or concealed) any gun, rifle, or other weapon on property owned, used, or operated by a public or private educational institution. See also UNCG's **Policies for Students**.

Policies Relating to Disruption of Educational Process

The complete statement of University Policies, Procedures, and Disciplinary Actions in Cases of Disruption of Educational Process is printed in the Policies for Students. It was adopted by the UNC Board of Governors on October 26, 1970.

Policy Relating to Disruptive Behavior in the Classroom

The complete statement of the University's Policy Regarding Disruptive Behavior in the Classroom is printed in UNCG's **Policies for Students**. This policy was adopted by the UNCG Faculty Council on April 9, 1991.

SERVICES FOR STUDENTS

Academic Advising and Support Services (159 Mossman)

The Office of Academic Advising and Support Services coordinates the faculty advising system for the campus and assigns each undergraduate student a faculty advisor.

The Office offers assistance in the following areas: academic probation, appeals and suspension; advisor assignments; changing a major; CLEP exams; consortium courses; correspondence courses; declaring a major, double major or minor; degree audit preparation; learning assistance; ROTC; study abroad; summer transfer credit; and withdrawal from the University.

The Office also reviews undergraduate student petitions for all University policy exception.

Campus Ministries

Eight religious organizations are part of United Campus Ministries: Baptist Student Center, Hillel, Presbyterian, St. Mary's (Episcopal), University Catholic Center, Wesley-Luther (United Methodist and Lutheran), and InterVarsity Christian Fellowship (non-denominational). Each of these organizations sponsors a schedule of activities which are open to the entire University community. Campus ministers serve as advisors for their respective organizations and are also available for personal counseling or as resource persons for other groups or organizations. Several religious organizations are active at UNCG. (See p. 413.)

Career Services Center (First and Second Floors, Foust)

The Career Services Center assists students and alumni with career exploration and with securing employment. Services are provided in three major areas:

1. Career planning
2. Experiential learning
3. Employment assistance

Staff are available to assist students and alumni with their career plans through individual appointments or group workshops. A number of tools are available to help students assess individual interests, values and skills, and work preferences. A computerized guidance system (SIGI Plus) is available to students and alumni who would like to examine major/career options or gather information on various occupations. The Center maintains a Resource Library which houses career informa-

tion, employer literature, listings for part-time jobs, internships, and full-time employment, school district applications, and the Alumni Career Network.

Experiential learning services are provided by the Center's Job Location and Development Program which aids students in locating off-campus employment, summer employment, and internship opportunities while they are enrolled in school.

Full-time job search assistance is provided through a number of programs and services. Individual appointments may be scheduled with staff to discuss career and job search strategies. Job search workshops are scheduled throughout the fall and spring semesters to assist with resumé development, interviewing skill preparation, and job search strategies. A number of special events are sponsored such as the annual Career Day, Education Career Day, Summer Job Fair, Part-time Job Fair, and Nursing Career Day to aid students with their career plans. Seniors, graduate students and alumni are encouraged to register with the Career Services Center so that they may utilize the following services: the On-Campus Interview Program; the Computerized Job Referral Service and the JOB CONNECTION (telephone hot line for full-time professional positions).

Please contact the Career Services Center for further information and individual appointments at (910) 334-5454.

Cashier's Office (150 Mossman)

The Cashier's Office is open between 8:30 am and 4:00 pm, Monday through Friday, and is located in 150 Mossman Building (334-5831). Students may cash personal checks up to \$50 in this office with proper identification. All outstanding tuition and fee payments are made in the Cashier's Office. The office also handles the distribution of financial aid checks at the beginning of each semester.

Counseling and Testing Center (12 Gove)

The primary service of the Counseling and Testing Center is to help students meet the challenges and overcome the obstacles of their college years. Information shared between a student and a psychologist is strictly confidential and will not be released without the student's written permission.

The Counseling and Testing Center offers brief individual, group, and couples' counseling and psychotherapy for students, as well as crisis intervention and referrals to community agencies. Psychological consultation is available to students, faculty, and staff concerned with the welfare of someone

they know to be experiencing difficulty, such as another student, family member, etc. We are also available to the University community to provide consultation and assistance in developing a campus environment that fosters positive mental health. No fees are charged for counseling and psychological services for enrolled students, although students are required to pay the Student Health Fee.

The Counseling and Testing Center also administers standardized educational testing, including the National Teacher Exam (NTE/PRAXIS), the Graduate Record Exam (GRE), the Graduate Management Admission Test (GMAT), the Law School Admission Test (LSAT), the Graduate School Foreign Language Test (GSFLT), Miller's Analogy Test (MAT), and the College Level Examination Program (CLEP). Applications and information on these and other testing programs are available in the Counseling and Testing Center at 334-4156.

Disabled Student Services (157 Elliott University Center)

The Disabled Student Services office advises and assists in securing academic support services requested by qualified disabled students. Specific services are provided on an individual basis and aimed toward enabling disabled students to compete on an equal basis in the classroom with their peers. Currently, over 300 students receive some type of academic assistance. Students must register with the office and provide any necessary documentation prior to receiving services. For further information, call (910) 334-5440 (voice & TDD).

Instructional and Research Computing (235 Bryan)

Instructional and Research Computing, a department of Computing and Information Systems, provides comprehensive computing support and resources to students and faculty. The campus host system is a large Digital Equipment Corporation VAXcluster, including a VAX 6000-610. In addition, several Solaris (Sun Unix) workstations and two Solaris servers are available for research and instruction.

Instructional and Research Computing operates fifteen instructional labs in twelve buildings. The labs house both MSDOS and/or Windows and Macintosh computers; most of these computers are connected to the campus wide network, UNCGNET, for Novell, VAX/VMS, and Internet host, print, and file services. Computing and Information Systems provides local and wide area network services. Ter-

minals are available in the Bryan Building and terminal emulation is available from most of the microcomputer laboratories around the campus.

IBM and compatible microcomputer laboratories are available for student and faculty use in Bryan (4 labs), Elliott, Ferguson, Graham, McIver, Jackson Library, Stone, Moore, Mary Foust, Brown, and Petty. Apple Macintosh computer laboratories are located in Elliott, McIver, Health and Human Performance Building, Ferguson, Mary Foust and Brown. Most of the microcomputer laboratories are Novell networked and linked to each other and the VAXcluster and the Unix machines by the UNCG broadband network. The University continues to work toward a fully networked microcomputer to host environment on the developing campus-wide local area network.

UNCG is an Internet node. The Internet is a wide-area network connecting UNCG with universities, research institutions and other institutions around the world. The Internet provides access to the North Carolina Supercomputing Center in the Research Triangle Park, to other supercomputers and to computers where special logins provide students and faculty with access to many additional services.

IRC offers workshops, consultation, and short documents on campus network products.

The International House/Shaw Hall

The International House/Shaw Hall is a residential community on the UNCG campus. It houses both American and international students from all over the world. These residents share experiences common to living in any other residence hall on campus, but they also have the opportunity to develop their understanding of other cultures, values of different people, systems of government, economic structures, and religions. Through educational and social programs designed by the residents and the staff and through daily interaction, International House residents have the opportunity to explore the differences and communalities of the human experience.

The International House should be of particular interest to foreign students, language majors, those involved in International Studies, Political Science, History, or those who have a genuine interest in cross-cultural opportunities.

This program is open to all interested graduate and undergraduate students.

International Programs Office(112 Foust)

Established in January, 1992, the Office of International Programs works with students and faculty in a variety of ways to bring an international dimension to The University of North Carolina at Greensboro. The Office administers several student and faculty exchange programs between UNCG and sister universities abroad; assists students and scholars who seek funding for international activities; and conducts seminars, visiting scholar lectureships, and other such enrichment activities for the campus community. The Office promotes and conducts UNCG's several Study Abroad programs (see pp. 396-397), and provides counsel to students seeking to spend part of their educational program overseas. Students are encouraged to make use of Office resources as they plan their international experiences.

International Student Advisor (155 Elliott University Center)

The International Student Services Office staff assists international students in making the experience of international education a rewarding one. Often the transition from the customs, culture, and educational system of another country to that of the United States is confusing and difficult. Staff members provide needed information and assistance to this student group regarding Immigration and Naturalization Services (INS) regulations, and University/community resources.

Learning Resources Center (LRC) (McNutt Center)

This center provides instructional support for students and faculty at UNCG through three divisions:

Creative Services provides production of audio, video, graphic, and photographic materials for use by faculty in instruction and research.

Electronic Technical Services installs, modifies, maintains, and repairs electronic instructional and research equipment.

Media Services provides services related to individualized instruction, small group videotaping and viewing, optical scanning, and K-12 print materials. Instructional equipment is available to students with written permission and faculty. In addition to the instructional collection, an entertainment collection of 1000+ feature videotapes is available for free loan to the campus.

Walter Clinton Jackson Library

Jackson Library has the shelving capacity for more than one million books, an area of 220,174 square feet, and seating capacity for 1,700. The library offers a variety of materials and services to its users. Information regarding collections is available through JACLIN Plus, the Library's online system. In addition, computerized database searches can retrieve vast amounts of information in a short period of time. Orientation to the library and instruction in use of information resources are available.

Current library holdings number over 2,300,000 items, including 600,000 federal and state documents and 820,000 items in microtext. The library subscribes to approximately 5,500 newspapers, periodicals, and other serials. Its open shelves provide a generous selection of reference books, bibliographies, periodicals, and books reserved for class assignments. The building includes reading rooms, carrels, study areas in the stack sections, and a classroom/lab equipped with microcomputers.

Special collections include historical physical education materials; cello music collections; the Randall Jarrell Collection; the Lois Lenski Collection; the Woman's Collection; collections devoted to the history of dance, the book as an art form, and modern private presses; and a notable collection of rare books in several fields.

The Library is a depository for the University archives and for material relating to the history of UNCG and is a selective depository for U.S. government documents as well as a depository for State documents. It also houses limited spoken-word and leisure-listening music record collections.

In addition to its own book collections, the Library is able to borrow, by means of interlibrary loan, material from other libraries for faculty and graduate research. Through a cooperative lending agreement with the other fifteen campuses of the University of North Carolina system, and with Duke University, faculty members and graduate students may borrow books directly from the libraries of those institutions using a privilege card issued by the Circulation Department of Jackson Library.

All students cross-registered in the Greater Greensboro Consortium have direct lending access to the libraries of these institutions. Those not cross-registered may borrow directly from the other libraries for specific projects by application through the library at their home institution.

Orientation for New Students (155 Elliott University Center)

The Office of Orientation coordinates a variety of programs which bring together faculty, administrators, and upperclass students to welcome new students to the campus and to assist with the transitional process into the UNCG community. Programs have been designed to meet the needs of traditional, nontraditional, minority, and disabled students. Orientation activities include academic advising and registration of classes along with tours of the campus, informal discussion groups with faculty, and general information sessions facilitated by upperclass students. French, Latin and Spanish language placement tests are given at this time.

Students entering UNCG in the fall semester are invited to participate in a summer program called Step Ahead, which occurs the latter part of June, and a fall program, which takes place a few days prior to classes beginning in August. Likewise, orientation programs are planned for students entering in January, a few days prior to the beginning of classes for the spring semester.

Registrar's Office (180 Mossman)

The Office of the Registrar is responsible for the registration of all students in courses offered by the University. All aspects of this process, including the preparation of schedule materials, demographic updates, registration scheduling, and the processing of Drop/Add forms are handled by this office. In connection with registration, the Registrar's Office is also responsible for grade processing at the close of each semester, and maintains the official academic records for all current and former students. Services provided by this Office include the following:

Certifications. The Registrar's Office certifies student enrollment to various agencies and institutions upon the student's written request. Academic honors and athletic eligibility are also certified by this office.

Change of Address or Name. All University-related mailings access the demographic files maintained by the Registrar's Office. A student should notify this office in writing of any change in address; presentation of a legal document is required in order to process a name change.

Graduation and Commencement. Undergraduate students must apply to the Registrar's Office by the semester deadlines published in the University Calendar in order to graduate. The

Registrar's Office coordinates the ordering of diplomas and Commencement activities.

Transcripts. The Registrar's Office will provide an official transcript to any student upon written request. Both transcript pick-up and mailing services are available. There is a fee for the issuance of a transcript.

University Directory. The demographic files maintained by the Registrar are also published in the University Directory. Unless a student requests in writing to the contrary the University is permitted to release the following types of information without consent:

name, address, telephone number, date of birth, dates of attendance, major, degree, and honors information

Under the Family Rights and Privacy Act, a student has the right to request that the disclosure of this information be withheld as long as he/she is enrolled at the University. The above information may be released without permission for students no longer enrolled at UNCG. If a student wishes to have his/her address and phone number omitted from the University Directory, the student should contact the Registrar's Office. Information regarding grades and grade point averages is never released to agencies outside the University without the written consent of the student.

Veterans' Certification. See information on p. 24.

Special Support Services (109 Park)

Special Support Services is an educational support program sponsored by the U.S. Department of Education and UNCG.

The program, designed to improve academic performance, offers a variety of services: tutoring for a variety of courses, supplementary instruction in writing and mathematics for English and mathematics courses, a skills lab for reading and study skills improvement, computer literacy and word processing, academic advising and career and personal counseling. Enrollment can occur during any undergraduate year for eligible students with continuing access to services until graduation or entrance into graduate school. Services are tailored to individual need and are free of charge.

Speech and Hearing Center (300 Ferguson)

Students with speech, language, voice, or hearing problems may receive evaluation and therapy from the Speech and Hearing Center operated by the

Communication Sciences and Disorders Program of the Department of Communication.

Student Affairs Office (149 Mossman)

Students are encouraged to take advantage of the open door at the Office of Student Affairs, where the Vice Chancellor, the Associate Vice Chancellor, and the Assistant Vice Chancellor are available to work with, listen to, and counsel students.

This office is concerned with the meaningful quality of student life and campus experience and with any interests, problems, or grievances students may have.

Student Evening Services (105 EUC)

Student Evening Services provides limited assistance for Admissions, Cashier, Financial Aid, Graduate School, Health Center (Immunization Clearance), Registrar, Student Affairs, and Traffic Records during evening hours.

Student Evening Services is located at 105 Elliott Center and is open 5 - 8 p.m., Monday through Thursday. Students may call SES at (910) 334-4290.

Student Health Service (Gove Student Health Center)

The Student Health Service supports the mission of The University of North Carolina at Greensboro by offering comprehensive primary and preventive health care to students. A strong commitment is made to maintaining professional excellence in addressing the health problems that are unique to this population in an effort to:

- minimize interference in academic achievement by health concerns;
- educate students toward the achievement of a healthy lifestyle as a foundation for pursuing personal and professional goals; and
- contribute to the maintenance of a safe and healthy atmosphere in which students, faculty and staff live and work.

A Health Risk Survey that includes immunization information required by state law is collected from each student at the time of enrollment. Students are encouraged to have their personal physicians communicate specific medical information about significant health problems, physical limitations and psychological or emotional difficulties so that appropriate health services can be continued.

Health care providers, including physicians, physician extenders and nurses, are available in the Student Health Service by appointment (334-5334)

or walk-in during regular clinic hours (8:30 AM — 11:30 AM; 1:00 PM — 4:30 PM, Monday through Friday) to provide students with primary medical care, including gynecological, sports medicine and psychiatric services. Clinical support services include laboratory, x-ray and pharmacy services. After 5 PM or on weekends, students can arrange health care by calling the After Hours Clinic (334-5340).

The Health Education unit interacts with students to encourage healthy lifestyle decisions and enable more informed health care choice. Both individual and group consultation are available to address a wide range of topics, including fitness, nutrition, sexuality, sexual victimization, sexually transmitted diseases, substance misuse, self-esteem and self-image problems, stress management and many others. For more information, call 334-3190.

Students enrolled for nine or more hours pay a Student Health Fee each semester (see pp. 27 and 30). This fee pays for most of the services provided through the Student Health Service and the Counseling and Testing Center. While access to health professionals through office visits is currently "pre-paid" through the Student Health fee, additional charges are assessed for some support services, such as laboratory procedures, pharmaceutical items and x-rays. Students who take less than nine hours may elect to pay the fee through the University Cashier's Office or may choose to be seen on a "fee-for-service" basis at a rate comparable to charges in the local medical community.

Students referred for hospitalization, specialty care and diagnostic services not offered through the Student Health Service are responsible for the cost of these services. Students are strongly urged to obtain adequate health insurance to ensure financial coverage for unanticipated medical expenses. A cost-effective health insurance policy, designed specifically for a student population, is available to health-fee paying students.

For more information about the Student Health Service, please contact the Administrative Office (334-3132) between 8:00 AM and 5:00 PM, Monday through Friday.

Veterans' Services

Veterans' enrollment certification is handled by the Registrar's Office. See page 24 for more information.

CAMPUS OPPORTUNITIES

Campus Life

The University and all its resources are organized to offer students an academic experience of the first order and to provide as well opportunities for personal development beyond the classroom through recreational, social, and cultural programs on campus.

The following list of calendar excerpts represents only a portion of the activities scheduled on campus during 1994-95:

- UNCG Open House (Preorientation program for prospective students)
- UNCG Theatre
- African-American History Events
- Women's History Celebration
- Homecoming
- Luminaire Display
- UNCG Symphony Orchestra
- Athletic Events
- Video Programming
- UNCG Studio Theatre
- Touring Performing Arts
- Family Weekend
- Spring Fling
- Career Days
- Martin Luther King, Jr. Celebration

Elliott University Center

Named for Harriet Wiseman Elliott, the University Center is the campus union at UNCG, serving as the community center of the campus for all members of the University. The Center provides space for many student organizations including Student Government, Campus Activities Board, campus media, fraternity and sorority governance groups, and various other activity groups as well as the offices of Minority Student Affairs, Disabled Student Services, ACES, and Orientation/International Student Services. Other service functions located in the building include a micro-computer lab, the registration center, the University Book Store, the University Box Office, a copy center, a convenience store, and a variety of food services including Pizza Hut, Taco Bell, Mrs. Field's Cookies, vending machines, catering, and the many offerings in the Soda Shop and Dogwood Room.

Self-realization and growth in individual competency and group effectiveness is learned through student participation in the planning and execution

of the Center's programs and services. Art exhibits, films, concerts, lectures, parties, dances, leadership development seminars, and community service opportunities represent only a segment of program offerings to the campus. Services as varied as providing lockers for commuting students, a ride board for riders and drivers, selling tickets for various events on- and off-campus, and providing information on campus events are another part of Elliott University Center's daily operations. In addition, the Center provides a Game Room equipped with billiard tables and the latest in video machines, television viewing rooms, lounges for study and informal gatherings, and an automatic teller machine. The Center provides information, activities, or simply a place for relaxation for the entire University community.

Weatherspoon Art Gallery (Anne and Benjamin Cone Building)

The Weatherspoon Art Gallery, located in the Anne and Benjamin Cone Building at Spring Garden and Tate Streets, features an outstanding collection of 20th-century American art that is both comprehensive and distinguished. Over 4,500 works of art in the Weatherspoon collection are available for exhibition and study. Willem de Kooning, Louise Nevelson, Robert Rauschenberg, Alexander Calder, and Andy Warhol are just a few of the recognized artists represented. The gallery schedules more than 20 major exhibitions each year and also offers a showcase for student and faculty work. The annual Art on Paper exhibition, sponsored by the Dillard Paper Company, has earned a national reputation.

The Weatherspoon Art Gallery exposes the UNCG community and the greater Piedmont North Carolina community to both traditional and experimental art in all media, and offers public opening receptions, lectures, children's programs, and special events, as well as membership and volunteer opportunities.

The gallery is free and open to the public. Please call 910/334-5770 for additional information.

University Concert/Lecture Series

Each year the University Concert/Lecture Series brings to the campus exciting and innovative programs by touring performing artists. A committee of students, faculty and staff members advises the Office of Student Activities, which selects performances and sets schedules. Tickets for all programs in the series are available afternoons at the University Box Office (910/334-4849).

Music Performance Organizations

All music performance organizations are open to all University students by audition.

- Chamber Singers
- Collegium Music
- Jazz Ensembles
- Percussion Ensemble
- Men's Glee Club
- Women's Glee Club
- Show Choir
- Symphonic Chorus
- University Chorale
- University Concert Band
- University Symphony Orchestra
- University Wind Ensemble
- University Women's Choir

Chamber ensembles for instrumentalists are organized each semester.

University Dance Programs

The UNCG Department of Dance provides performance, choreographic, and production opportunities for qualified undergraduate and graduate students. Most concerts are produced in the Department's own dance theatre, a 180-seat state-of-the-art facility in the Health and Human Performance Building. The Department produces approximately 5-8 concert programs each semester, with choreography by students, faculty, and guest artists. Auditions for performers are held at the beginning of each semester; other performing opportunities are available by registering for Dance Repertory (DCE343). Students who wish to participate in backstage crew work may register for the appropriate course or contact the Technical Director. There are limited opportunities for students not enrolled in choreography classes to present their choreography; interested students should contact the Department office.

University Theatre Programs

The Theatre Division of the Department of Broadcast/Cinema and Theatre has five production programs. These programs present a balanced selection of works each year involving plays, a musical, and an opera. Plays include works selected from a two year rotation among the significant periods and genres of drama and also include works designed for young audiences. These plays present an important co-curricular dimension of the artistic program of the University and offer exceptional opportunities for students to work in all dimensions of theatrical production. All students, regardless of major, are encouraged to audition for shows and to volunteer for backstage opportunities. With the

exception of NCTYP professional productions and a few professional guest artists, roles are reserved for students and are not cast from non-student community residents.

UNCG Theatre

Four major works, including at least one musical, are produced each year in the theatre in Taylor Building and Aycock Auditorium. Directed by faculty, guest artists, and advanced graduate students, these plays provide a major showcase of student design and acting talent. The UNCG Theatre also co-produces an opera each year in cooperation with the School of Music.

Studio Theatre

Four plays are presented each year in the Studio Theatre series. These plays focus on directing and acting challenges within the Taylor Building Studio Theatre or Curry Auditorium and are directed by M.F.A. directing candidates or faculty.

Workshop Theatre

An average of 35 short plays or scenes are directed and performed by students with faculty supervision in the Workshop Theatre. Numerous roles are available in these shows; and rehearsal periods are limited to 20 hours, making them an excellent opportunity for non-majors to act. Audition notices are posted in the Green Room on the first floor level of the Taylor Building. Productions are scheduled in either Curry Auditorium or the Taylor Building Studio Theatre at 3:30 p.m. on most Monday afternoons after the third week of each semester. Students and the public are invited to attend Workshop Theatre free of charge.

North Carolina Theatre for Young People

UNC-Greensboro is the host institution for the North Carolina Theatre for Young People (NCTYP). The North Carolina Theatre for Young People Professional Touring Company produces two or three plays each year, which are presented both on campus and toured extensively in North Carolina and the region. In addition, each semester NCTYP produces a major play using student rather than professional actors.

Summer Theatre Program

The UNC-Greensboro Summer Theatre Program produces a series of plays which are presented on campus during June. The program is designed to meet the educational needs of students, especially BFA and MFA candidates who are completing internship requirements. Auditions are open to any enrolled student, however, and summer term practicum courses are available for non-majors.

Student Government

Authorized by the UNCG Board of Trustees and faculty, the Student Government (SG) is another form of continuous education in action. SG is UNCG's way of implementing the idea that self-government is appropriate for mature students. Operating with a constitution written and accepted by students, it represents an effective means through which students share with the administration and faculty the responsibility for creating and maintaining an atmosphere conducive to total education of the student. SG is represented on faculty-administrative committees that are concerned with current evaluations of academic, social, and student welfare policies.

It is understood that matters relating to academic questions, the health of the UNCG community, the control of property, and special cases of discipline are handled by the faculty and administrative officers of UNCG.

Information about Student Government honor policy, judicial policy, or social regulations may be found in the UNCG Policies for Students..

Student Media

The Carolinian— UNCG student newspaper, published twice a week on Tuesday and Friday

The Coraddi— UNCG student literary magazine

Kaleidoscope— Video Magazine

Radio Station— WUAG, the UNCG radio station, is student operated under the University Station Administrative Board. Its purposes are to entertain and inform students about events on campus and in the community and to provide academic extracurricular radio experience for those interested in broadcasting. WUAG broadcasts daily from 7:00 a.m. to 1:00 a.m. at 103.1 FM.

Greek Organizations

The Greek system at UNCG offers students a channel for social growth and organizational leadership, drawing strength from its own diversity. For those students who wish to pursue membership, the fraternities and sororities at UNCG offer a positive educational and social experience and provide an extra dimension to campus life.

Administration of the Greek system is conducted through the Office of Student Activities in Elliott Center. For further information about sororities and fraternities, please contact the Student Activities Program Office at 334-5617 or speak with officers of the individual organizations. A full list of these organizations follows:

On-campus facilities include gymnasias, weight and exercise rooms, a fitness course, athletic training facility, an indoor swimming pool, dance studios, a six-hole golf course, ten lighted tennis courts, and playing fields for soccer, field hockey, softball, rugby, and flag football.

Intercollegiate Athletics

The University fields seven men's and seven women's teams:

Men's & Women's Soccer
Women's Volleyball
Men's & Women's Basketball
Men's & Women's Tennis
Men's & Women's Golf
Women's Softball
Men's Baseball
Men's and Women's Cross Country
Men's Wrestling

The Athletic Department promotes the University's philosophy of a student-athlete through its affiliation with the NCAA Division I.

The goal of the Athletic Department is to offer a competitive schedule regionally while striving toward national recognition. Men's soccer, baseball, and basketball, and women's volleyball, basketball, and tennis have all been involved in post season NCAA championship play. Men's soccer won national titles in 1982, 1983, 1985, 1986 and 1987. Women's basketball finished second in national competition in 1982 and third in 1988. Women's tennis finished second in 1983. Men's Soccer was national runner-up in 1989.

RECREATION

Campus Recreation (Student Recreation Center)

Located in the new Student Recreation Center, the Office of Campus Recreation provides a wide variety of recreational services for the University including intramural sports, fitness programming, informal recreation, club sports and outdoor recreation. The Rec Center covers 86,900 square feet and includes three court multi-purpose gymnasium for basketball, volleyball, badminton and soccer. A jogging track, racquetball courts, an exercise room with exercise bikes, stair climbers, rowers, weight lifting machines and a large aerobic fitness room enhances Campus Recreation's ability to offer students, faculty and staff the best in recreation and fitness opportunities. The department also employs a large number of students as facility supervisors, fitness instructors, lifeguards, artists, intramural officials, marketing specialists, program supervisors, and office receptionists.

Additionally, the University's swimming pool, golf course, tennis courts, and outside fields are available for informal recreation throughout the day. A schedule of the hours that the facilities are available for informal recreation may be obtained in the Student Recreation Center or by calling the Campus Recreation Information Line at 334-3060 for recorded information. Equipment such as balls, bats, frisbees, outdoor volleyball equipment and camping equipment may be checked out from the Equipment Rooms in the Student Recreation Center with the appropriate validated ID.

The Fitness Program offers numerous opportunities for individuals to participate in aerobics classes, which take place in the fitness center or aqua aerobics held daily in the pool. Noon, afternoon, evening and weekend classes are available. In addi-

tion to the activity classes, the Fitness Program also offers information, goal setting, basic fitness testing and evaluation, and encouragement to individuals who wish to develop their own fitness programs through the Individualized Fitness Program.

The new Outdoor Recreation program is located on the ground floor near the north corner of the Student Recreation Center. The goal of the program is to provide opportunities to the University community in outdoor adventures. Trips are organized and led by department personnel in hiking, biking, rock climbing, caving, kayaking, canoeing, rafting, skiing, and more. The program offers equipment rental for basic camping and hiking trips, as well as mountain bikes and roller blades, and is a resource center with information on state parks and outdoor activities. Also, educational workshops relating to outdoor activities are offered. Call 334-4033 for more information.

Intramural sports for men and women include volleyball, basketball, billiards, bowling, flag football, golf, racquetball, indoor and outdoor soccer, softball, table tennis, tennis, badminton, and three-on-three basketball. A co-rec program, which involves men and women participating on the same team or as a doubles entry, includes virtually all aforementioned sports. The Office of Campus Recreation also sponsors special events including: Fall Kickoff, Jitters Jog, Golf Classic, Turkey Trot, Ultimate Frisbee, Three Point Shoot, Free Throw context, H.O.R.S.E., Home Run Derby, and Late Niters at the Student Recreation Center.

Club sports are offered for interested groups of students in Table Tennis, Men's and Women's Lacrosse, Fencing, Dancing, Karate, Sports Officials, Tae Kwon Do, Ultimate Frisbee, Baseball, Outdoor Adventures, Men's and Women's Volleyball, and Men's and Women's Soccer. Students interested in forming a new sports club are invited to contact the Campus Recreation Office at 334-3059.

Piney Lake Field Campus

Piney Lake is a 40-acre field campus located eight miles south of Greensboro. It is used by UNCG students, faculty, staff members, their families and guests for outdoor recreation. The facility includes two lakes, one for swimming, canoeing, and fishing, and the other for fishing only. A picnic pavilion, picnic tables and BBQ grills are located next to the beach and swimming area. Other recreational activities include sunbathing, volleyball, horseshoes, table tennis and hiking. Eight sleeping cabins and a lodge capable of accommodating 64 people are avail-

able. The School of Health and Human Performance uses the field campus for instructional programs in camping and outdoor/environmental education as do other departments and schools for instructional work in outdoor laboratories.

Piney Lake operates a Summer Day Camp for children ages 6-12 from June to August. The focus of the camp is Outdoor Environmental Education.

Piney Lake is open daily from April 1 to Fall Break in October for Open Recreation. It is open year round for group reservations. Piney Lake is open on all holidays during the Open Recreation period.

Maps to Piney Lake are available at EUC Information Desk and the Campus Recreation Office. For more information about Piney Lake, call the Director, 910/274-4216.

ALUMNI, DEVELOPMENT, AND FRIENDS OF UNCG

Alumni Affairs

UNCG's Office of Alumni Affairs works to foster alumni interest in and loyalty to the University by providing programs and activities which involve alumni with UNCG. The Office serves as the University's central point of contact for alumni and coordinates alumni involvement in admissions programs, homecoming, career networking, and, with the Alumni Association, develops programs and activities that lead current students to involvement as alumni.

Alumni House

Described as "a link, actual and sentimental, with the beginnings" of the University, Alumni House stands on the site of Guilford Hall, one of the four original buildings on campus. Completed in 1937 at a cost of nearly \$160,000, the colonnaded structure follows the architectural style of Homewood, the Charles Carroll mansion on the campus of Johns Hopkins University.

Alumni House provides rooms for receptions, parties, and meetings for the University community and Association members. It also houses offices of the Division of Development and University Relations and the offices of the Alumni Association.

Alumni Association

Organized in 1893 and incorporated by the General Assembly of North Carolina in 1909 to promote education, the association works to ad-

vance the interests of UNCG and encourage cooperation of alumni in the work of the University. Annual and Life memberships are available to alumni and friends.

Development Office

UNCG's Development Office develops and manages programs leading to gifts from alumni, friends, corporations and foundations to support the University's faculty and students. An annual giving program supports ongoing operations, while major gift, corporation and foundation, and planned giving programs solicit larger gifts benefiting specific projects for the University endowment.

Advancement Services Office

The Advancement Services Office is responsible for managing biographic, gift, and other information on alumni, friends, corporations, and foundations to support activities of the Division of Development and University Relations, the UNCG Alumni Association, and various University departments.

Office of Information Services

The University's official public information office provides a centralized news service for the campus. The office writes news and feature stories, coordinates press coverage, sets up press conferences, and provides related services in public information and public relations. The office also operates and coordinates the University's Speakers Bureau.

Friends of UNCG

UNCG is not an academic ivory tower apart from the community and world around it. Business groups, individuals, alumni, the Greensboro community, and friends of the University throughout North Carolina give to and receive from UNCG in a realistic, academically healthy exchange of ideas, resources, and programs.

UNCG's continuing education programs, special seminars, University Concert/Lecture Series, and student productions and concerts receive community patronage and enthusiastic support. In addition, business and civic leaders and interested individuals join forces with UNCG to provide internships, scholarships for deserving students, and funds to enrich UNCG's various programs.

Among UNCG's friends and supportive groups are the following:

Friends of the Library

Organized in 1959 to help present the mission and needs of the library to the people of North Carolina. Special projects include enriching the book collection and the nationally recognized Woman's Collection, bringing speakers to campus, and providing library services to the entire community.

Weatherspoon Gallery Association

Organized in 1942 and expanded in 1964 with the formation of the Weatherspoon Guild. Objectives are to stimulate interest in art, assist with exhibitions, and offer financial support for the permanent collection of contemporary art, recognized as the most outstanding in the Southeast.

Angels of the UNCG Theatre

Organized in 1960 by alumni and friends to assist in UNCG productions and to provide financial assistance for talented students in theatre.

UNCG Musical Arts Guild

Organized in 1972 to promote the School of Music by encouraging attendance at concerts, aiding in the development of scholarships, and assisting with musical programs and projects and the purchase of recordings and specialized equipment.

Human Environmental Sciences Foundation

Organized in 1946 as a charitable, nonprofit educational corporation to aid and promote, through financial assistance and other means, all types of education and research, both undergraduate and graduate, in the School of Human Environmental Sciences. Present endowment is slightly over \$1,000,000.

The UNCG Excellence Foundation

Organized in 1966 by 42 business and civic leaders in Greensboro "to aid and promote, by financial assistance and otherwise, excellence in higher education, service, and research at UNCG." Present endowment exceeds \$7,000,000. The fund supports six Excellence Foundation professorships as well as fellowships and other University endeavors.

The Spartan Club

The Spartan Club was established in 1986. Its mission is to provide all scholarship support for UNCG student athletes through private gifts. No state funds or student fees are utilized.

CHAPTER 8

UNIVERSITY HISTORY AND PERSONNEL

THE HISTORY OF THE UNIVERSITY OF NORTH CAROLINA

In North Carolina, all the public educational institutions that grant baccalaureate degrees are part of the University of North Carolina. The University of North Carolina at Greensboro is one of 16 constituent institutions of the multi-campus state university.

The University of North Carolina, chartered by the N.C. General Assembly in 1789, was the first public university in the United States to open its doors and the only one to graduate students in the eighteenth century. The first class was admitted in Chapel Hill in 1795. For the next 136 years, the only campus of the University of North Carolina was at Chapel Hill.

In 1877, the N.C. General Assembly began sponsoring additional institutions of higher education, diverse in origin and purpose. Five were historically black institutions, and another was founded to educate American Indians. Several were created to prepare teachers for the public schools. Others had a technological emphasis. One is a training school for performing artists.

In 1931, the N.C. General Assembly redefined the University of North Carolina to include three state-supported institutions: the campus at Chapel Hill (now the University of North Carolina at Chapel Hill), North Carolina State College (now North Carolina State University at Raleigh), and Woman's College (now the University of North Carolina at Greensboro). The new multicampus University operated with one board of trustees and one president. By 1969, three additional campuses had joined the University through legislative action: the University of North Carolina at Charlotte, the University of North Carolina at Asheville, and the University of North Carolina at Wilmington.

In 1971, the General Assembly passed legislation bringing into the University of North Carolina the state's ten remaining public institutions, each of which had until then been legally separate: Appalachian State University, East Carolina University, Elizabeth City State University, Fayetteville State University, North Carolina Agricultural and Technical State University, North Carolina Central University, the North Carolina School of the Arts, Pembroke State University, Western Carolina University, and Winston-Salem State University. This action created the current 16-campus University. (In 1985, the North Carolina School of Science and Mathematics, a residential high school for gifted students, was declared an affiliated school of the University.)

The UNC Board of Governors is the policy-making body legally charged with "the general determination, control, supervision, management, and governance of all affairs of the constituent institutions." It elects the president, who administers the University. The 32 voting members of the Board of Governors are elected by the General Assembly for four-year terms. Former board chairmen and board members who are former governors of North Carolina may continue to serve for limited periods as nonvoting members emeriti. The president of the UNC Association of Student Governments, or that student's designee, is also a non-voting member.

Each of the 16 constituent institutions is headed by a chancellor, who is chosen by the Board of Governors on the president's nomination and is responsible to the president. Each institution has a board of trustees, consisting of eight members elected by the Board of Governors, four appointed by the governor, and the president of the student body, who serves *ex-officio*. (The NC School of the Arts has two additional *ex-officio* members.) Each board of trustees holds extensive powers over academic and other operations of its institution on delegation from the Board of Governors.

THE HISTORY OF THE UNIVERSITY OF NORTH CAROLINA AT GREENSBORO

The first state-supported school for the higher education of women in North Carolina was chartered in 1891 as the STATE NORMAL AND INDUSTRIAL SCHOOL. It opened on October 5, 1892 to 223 students, a 15-member faculty, and classes in three departments: business, domestic science, and teaching. In 1896 its name changed to the STATE NORMAL AND INDUSTRIAL COLLEGE.

Charles Duncan McIver, who with other pioneers in public education crusaded for women's education, was the first president, serving from 1892 until his death in 1906. In 1995, Patricia A. Sullivan became the ninth chancellor and the first woman chancellor of the University.

In 1919, the school was renamed NORTH CAROLINA COLLEGE FOR WOMEN, as it continued to educate women in the liberal arts with particular emphasis in the fields of teaching, home economics, music, and physical education. The first graduate degree, the Master of Arts, was awarded in 1922.

The General Assembly of 1931 combined the North Carolina College for Women, the University of North Carolina (at Chapel Hill) and the North Carolina State College of Agriculture and Engineering (at Raleigh) into a Consolidated University. The campus at Greensboro thus became THE WOMAN'S COLLEGE OF THE UNIVERSITY OF NORTH CAROLINA.

"W.C." became coeducational in 1963 when laws were amended to authorize admission of both men and women at all levels of instruction on all University campuses. At that time, the Greensboro campus was again renamed as THE UNIVERSITY OF NORTH CAROLINA AT GREENSBORO. The first doctoral degree was awarded in 1963.

In October 1971 the General Assembly adopted legislation which combined all 16 of the state-supported institutions of higher education into a single University of North Carolina, governed by a board of governors and administered by a president. Each constituent institution has a separate board of trustees and is administered by a chancellor.

Currently, UNCG has approximately twelve thousand students—one-fourth of whom are graduate students—and approximately 500 full-time faculty members. UNCG offers six baccalaureate degrees in over 100 areas of study, 12 master's degrees in a wide variety of concentrations, and three doctoral degrees in 13 areas of study. The campus on Spring Garden Street, its original location, has grown to 190 acres and 76 buildings.

Membership: 35 voting members (elected from the College of Arts and Sciences, the Schools, and the Library in accordance with the number of voting members of the faculty in each electoral division), 12 non-voting members (including the Provost, the immediate past Chair of the Senate, 4 Vice Chancellors, the Dean of the Graduate School, a representative from the Council of Deans, 2 graduate students, and 2 undergraduate students).

1 Academic Appeals Committee

The committee shall hear and rule on all student appeals related to University undergraduate academic regulations and advise the Senate, other committees, and administrative offices on related matters deemed important to the committee.

Membership: 7 faculty (1 from each School and the College of Arts and Sciences).

2 Academic Computing Committee

This committee shall serve as a policy formulation body with respect to academic computing and related activities. The committee shall act in an advisory capacity to the Faculty Senate and to members of the University administration.

Membership: 10 faculty (1 from each Senate electoral division) and 2 additional members of the General Faculty, 2 students (1 undergraduate, 1 graduate). Ex officio: Associate Vice Chancellor for Computing and Information Services, Provost or designee.

3 Academic Policies Committee

The committee shall review, recommend and advise on policies governing summer session, the academic calendar, class scheduling, and academic advising and shall make recommendations on all related matters deemed important to the committee. The committee shall advise the Provost on general concerns which are not under the purview of other specific committees.

Membership: 6 faculty, 2 students (1 undergraduate, 1 graduate). Ex officio: Provost or designee, Registrar, Summer Session Director.

4 Budget Committee

The committee shall review the budgetary needs of the University and make recommendations to the appropriate administrators and to the Faculty Senate regarding the needs of the faculty. The committee shall be consulted by and shall advise in a timely fashion the Chancellor and other administrative officers during the processes of budget preparation, revision, and allocation of University resources.

Membership: 8 faculty (1 from each Senate electoral division). Term of Service: 5 years. Ex officio: Provost and the Vice Chancellor for Business Affairs.

5 Business Services Committee

The Business Services Committee shall advise and make recommendations to the Faculty Senate on matters related to food and vending services, the bookstore, use of physical facilities and conservation thereof, and related matters not under the purview of other specific faculty committees. The committee shall encourage the exchange of specific and general information between the Office of Business Affairs and the Faculty Senate. Membership: 4 faculty, 1 SPA member, 1 EPA non-teaching member, 2 students (1 undergraduate, 1 graduate). Ex officio: Vice Chancellor for Business Affairs or designee.

6 Campus Planning Committee

The committee shall advise on matters related to current and long-range planning and development of the physical facilities of the campus. The architectural and ecological impact of land-use patterns including the location of buildings, roadways, parking areas, walkways, recreational areas and facilities, landscaping, and the general beauty of the campus shall be considered. Total planning of specific buildings shall be accomplished through ad hoc committees reporting to the Campus Planning Committee and the administration. The Chancellor shall appoint the ad hoc committee which will include at least one member of the Campus Planning Committee.

Membership: 5 faculty, 2 students (1 undergraduate, 1 graduate). Ex officio: Associate Vice Chancellor for Facilities, Chair of the Traffic Committee. Adjunct: Director of Facilities Planning.

7 Campus Recreation Committee

The Campus Recreation Committee serves as an advisory and/or advocacy group for the program. Specifically, the committee advises Campus Recreation about the introduction of new programs, the deletion of previous programs and the evaluation or review of existing programs. The committee also serves as a liaison between Campus Recreation and the University community. The committee provides input into the search process for Campus Recreation key personnel. The committee chair or another committee member serves on the Student Advisory Committee to the Vice Chancellor.

Membership: 3 faculty, 1 SPA member, 1 EPA non-teaching member, 5 students (3 undergraduate, 2 graduate). Ex officio: Director of Campus Recreation.

8 Campus Security and Public Safety Committee

The committee shall advise and make recommendations on matters related to campus security and public safety. The committee shall act as liaison and mediator between the University Police force and the University community and shall receive and distribute information concerning security and public safety problems and needs.

Membership: 5 faculty, 1 SPA member, 4 students (2 undergraduate, 2 graduate, at least one of whom should

be a commuting student). Ex officio: Vice Chancellor for Business Affairs or designee.

9 Commencement and Ceremonies Committee

The committee shall recommend to the Chancellor policies related to convocation and commencement activities and shall advise on activities for these and other University ceremonies as requested. The committee shall work with the Commencement Steering Committee to see that adopted plans are executed.

Membership: 8 faculty (including representation from the School of Music), 4 students (including the Chief Marshal, Assistant Chief Marshal, President of the Senior Class, and a graduate student). Ex officio: Registrar, Faculty Marshal.

10 Committee on Committees (elected)

The committee shall review the vacancies on all appointed committees and recommend to the Faculty Senate names of persons from the General Faculty and other University employees who have expressed a willingness to serve. In making these recommendations, the committee shall observe the following guidelines:

(a) Any voting member of the General Faculty may serve on appointed committees.

(b) In selecting persons to fill positions established by or pursuant to The Constitution, the Committee on Committees should consider factors of departmental affiliation, faculty rank, tenure status, ethnicity, length of service, and gender to the end that diversity of interests among the faculty are appropriately reflected on the appointed committees.

(c) Students and employees both subject to and exempt from the State Personnel Act shall be represented on appropriate committees.

(d) The committee shall solicit names for committee assignments from the current committee membership, from members of the General Faculty, from employees subject to and exempt from the State Personnel Act, and from appropriate administrators. The Vice Chancellor for Student Affairs shall submit the names of students recommended by the President of the Student Government Association. The Dean of the Graduate School shall submit names of students recommended by the Graduate School Association.

(e) The committee shall recommend to the Chancellor, names of faculty members to serve on specially appointed committees such as the O. Max Gardner Award Committee, Piney Lake Committee, Residence Appeals Committee. The names of persons recommended for these specially appointed committees will be forwarded to the Chancellor's Office yearly before June 30.

(f) The Faculty Athletics Representative (FAR) to the National Collegiate Athletic Association shall be appointed by the Chancellor in consultation with the Committee on Committees.

(i) Upon the approval of the Faculty Senate, the Committee on Committees shall recommend to the Chancellor three tenured faculty members to serve in this office, and the Chancellor will appoint one to serve a three-year term.

(ii) The FAR shall serve as an *ex officio* member of the Faculty Committee on Intercollegiate Athletics.

(iii) The length of the remaining term of the person serving in this role (Faculty Representative to the NCAA) will be reviewed by the Committee on Committees annually in order to provide for a timely appointment process.

(iv) When a new FAR is to be appointed, the faculty member should be selected a year in advance of the appointment, if at all possible. The new FAR designate would then work with the outgoing FAR to learn the many intricacies of the position.

Membership: 8 faculty (1 from each Senate electoral division). Adjunct: Chair-elect of the Faculty Senate.

11 Due Process Committee (elected)

The Due Process Committee shall exercise the following duties and responsibilities:

(a) Receive evidence, conduct hearings, and report its findings and recommendations to the department head and the department head's immediate supervisor or to the Chancellor and, as appropriate, to the Chair of the Faculty Senate, on appeals from administration decisions involving discharge or the imposition of serious sanctions, termination of faculty employment, and non-reappointment. In exercising its responsibility, the committee shall use the definition of terms and the procedures for such hearings which are established by The Code of The University of North Carolina and The Regulations on Academic Freedom, Tenure, and Due Process of The University of North Carolina at Greensboro.

(b) All appeals arising under Section 603 of The Code of The University of North Carolina shall be heard by the full committee. In all other appeals arising under the committee's jurisdiction, the committee may establish an ad hoc panel of at least three committee members appointed by the chair to conduct hearings, receive evidence, and report to the full committee for the committee's deliberation and recommendation. The panel report shall include records, transcripts, all other written material, and the panel's recommendation. However, no committee member may participate in the discussion or decision on his or her own appeal or in any other case in which that committee member has participated in the recommendations from departments, from the Schools, the College of Arts and Sciences, or other University committees.

Membership: 7 tenured faculty.

12 Elections Committee

The committee shall preside over elections for the Secretary of the General Faculty and members of the boards and committees who are elected from the faculty. The committee shall conduct the nomination and elections processes, determine the eligibility of the nominees in conformity with The Constitution and membership regulations of the boards and committees. The committee shall collate results from unit elections and General Faculty elections and report all results to the Faculty Senate.

Membership: 3 faculty.

13 Employee Benefits and Services Committee

The committee shall consider all questions related to health insurance, retirement plans, and other types of elective employee benefits and services programs. It is the responsibility of the committee with the approval of the Faculty Senate to make policy recommendations to the Vice Chancellor for Business Affairs relative to maintaining and strengthening present programs and developing new programs. The chair shall also serve as a member of the University Insurance Committee appointed by the Chancellor.

Membership: 8 faculty, 1 SPA member, 1 EPA nonteaching member. Ex officio: Vice Chancellor for Business Affairs, Associate Vice Chancellor for Human Resource Services.

14 Enrollment Management Committee

The committee shall review, recommend, and advise on policy decisions related to undergraduate enrollment: recruitment, admissions, financial aid, and retention.

Membership: 8 faculty, 2 undergraduate students. Ex officio: Associate Provost for Academic Support and Enrollment Management, Director of Student Financial Aid, Director of Admissions.

15 Equal Employment Opportunity and Intergroup Relations Committee

The committee shall review and make recommendations regarding equal employment opportunities, problems and issues related to affirmative action and intergroup relations. It shall regularly review the efforts, progress, and actions taken by the University to address the issues of equal employment, status of women and minorities, sexual harassment and discrimination, and other matters deemed relevant to the committee. In its educational capacity, the committee shall bring to the attention of the University community issues of representation, discrimination, and inclusion of all people in the campus community.

Membership: 10 faculty (including 1 from each Senate electoral division), 2 SPA members (including 1 non-academic employee), 1 EPA nonteaching member, 4 students (including undergraduate and graduate students with representation from student groups specified in the Committee's Bylaws). Ex officio: Associate Vice Chancellor for Human Resource Services.

16 Faculty Assembly Delegation (elected)

The Faculty Assembly Delegation shall: (1) gather and exchange information on behalf of the faculties of the constituent institutions of The University; (2) advise, through appropriate channels, the Board of Governors, the General Assembly, and other governmental agencies and officers on matters of University-wide import; and advise and communicate with the President of The University regarding matters of importance to the faculties as well as the whole University.

Representation in the Faculty Assembly shall be apportioned in accordance with the number of full-time faculty and professional staff members employed by this University. Delegates and Alternates shall be elected by the General Faculty from among the members of that body.

The Chairman of the Delegation shall attend all meetings of the Faculty Senate reporting on Faculty Assembly matters and recommending resolutions related to the work of the Assembly for action by the Faculty Senate.

Membership: 4 delegates, 3-4 alternates (one of whom shall be the Chair of the Faculty Senate). Term of Service: 3 years with eligibility to be nominated and elected to 1 additional 3-year term.

17 Faculty Committee on Intercollegiate Athletics (elected)

The committee shall be responsible for monitoring and reporting on intercollegiate athletics to the Faculty Senate. Of primary concern to the committee shall be the academic welfare of the student athletes and the overall integrity of the intercollegiate athletics program. The committee shall be available to hear and act on complaints and suggestions about intercollegiate athletics from the faculty, students, and other members of the University community.

Membership: 8 faculty (1 from each Senate electoral division). Term of Service: 5 years. 3 students (1 from the Student Athletic Association, 1 from the Student Government Association, 1 from the Graduate Student Association). Ex officio: Faculty Representative to the NCAA. Adjunct: Director of Intercollegiate Athletics, Chair of the Student Financial Aid Committee.

18 Faculty Development Committee

The committee shall assist in meeting the needs and concerns of faculty members in facilitating their professional growth in the areas of teaching, research and service. The committee shall review and establish policies, guidelines and criteria for grants that support professional development, improve teaching methods and course evaluation, stimulate curricular innovation, and strengthen academic programs and shall receive and act upon requests for such grants. The committee shall also review and advise on the procedures for the evaluation of teaching.

Membership: 9 faculty (1 from each School, 3 from the College, with 1 each from the areas of the Humanities, Social and Behavioral Sciences, Natural Sciences and Mathematics). Ex officio: Provost or designee.

19 Faculty Government Committee

The primary function of the committee is to recommend to the Faculty Senate all changes to The Constitution of the Faculty. Recommendations related to the policies and regulations subject to adoption by the General Faculty shall be forwarded to the Faculty Government Committee for consideration and review before presentation to the Faculty Senate. The committee shall also review the governance structures adopted by the College, Professional Schools, and the Library to determine that they are consistent with The Code of The University of North Carolina, The Regulations on Academic Freedom, Tenure, and Due Process, and The Constitution of the Faculty.

Membership: 5 faculty.

20 Faculty Grievance Committee (elected)

The Faculty Grievance Committee shall hear, mediate, and advise with respect to the adjustment of faculty grievances concerned with matters directly related to a faculty member's employment status and institutional relationships on this campus in accordance with the provisions of The Code of The University of North Carolina. No grievance that grows out of or involves matters related to a formal proceeding for the suspension, discharge, or termination of a faculty member, or that is within the jurisdiction of another faculty committee, may be considered by the Faculty Grievance Committee.

Membership: 5 tenure-track faculty, with at least 1 member from each rank and no more than 1 member from each Department or School. (No officer of administration, including department heads and division chairs, shall be eligible to serve on the committee.)

21 Faculty Salary Committee

The committee shall review, recommend and advise on all policies regarding faculty salaries for the regular academic year, summer session, and UNCG extension courses. The committee shall make periodic and timely reports to the Faculty Senate regarding the salary situation at UNCG such as comparison of salaries among the Schools and the College, gender differences in salaries and salary inequities between new appointments and continuing appointments in similar disciplines. The committee shall also review the salaries in the UNC system, national trends in faculty salaries and the effect of inflation upon salaries. The committee shall make an annual recommendation to the Faculty Senate regarding salary increases in the form of merit pay and cost of living which shall be forwarded to the Chancellor and to the President of the UNC system through the UNCG Delegation to the Faculty Assembly.

Membership: 5 faculty.

22 Faculty Welfare Committee

The committee shall consider matters related to the general welfare of the faculty. It shall also help promote health-related activities for the University community and advise faculty, appropriate administrators and offices on the initiation of health policies, programs, and activities. The committee shall serve as the advisory body considering policies for use of the Faculty Center and shall seek to promote its use.

Membership: 5 faculty, 1 SPA member. Ex officio: 1 Associate Provost, Associate Vice Chancellor for Human Resource Services.

23 Graduate Studies Committee (elected by members of the Graduate Faculty)

The Graduate Studies Committee shall be an agency of the Senate devoted to studying aspects of graduate education. Its basic duties and responsibilities are as follows:

- (a) Establish the criteria for the selection and review of members of the graduate faculty;
- (b) Review all new courses, revised courses, and modifications to current courses taking one of the following actions: approve, disapprove, approve with modification. Review and act on all proposals for new

graduate programs or major modifications to existing programs including the discontinuation of graduate programs;

(c) Review and formulate policies and regulations related to graduate education admission, retention, and graduation requirements;

(d) Hear student appeals related to Graduate School policies and regulations;

(e) Call to the attention of the Graduate Faculty and the administration issues of concern relating to graduate education;

(f) Act on matters referred by the Faculty Senate, Dean of the Graduate School, graduate faculty, and the Graduate Student Association on graduate education;

(g) Report to the Faculty Senate on actions taken regarding graduate education policies and programs;

(h) Advise the Faculty Senate on matters relating to graduate education.

Membership: 9 full members of the Graduate Faculty (1 from each School, 3 from the College of Arts and Sciences, with 1 each from the areas of the Humanities, Science and Mathematics, and Social and Behavioral Sciences). In order to achieve programmatic balance, 4 additional full members of the Graduate Faculty shall be appointed by the chair in consultation with the Dean of the Graduate School to serve 1-year terms. 2 student members elected by the Graduate Student Association. Ex officio: Dean of the Graduate School, Associate Dean of the Graduate School.

24 Honorary Degrees Committee

The committee shall solicit and review nominations for persons to receive honorary degrees in accordance with procedures set forth in the Faculty Senate Bylaws. The committee shall present its recommendations to the Faculty Senate in executive session. Those nominees approved by the General Faculty, acting in executive session, shall be presented to the Chancellor. Final action shall be taken by the Board of Trustees.

Membership: 5 faculty. Ex officio: Provost.

25 Library Committee

The committee shall review and make recommendations regarding policies and procedures which will enhance the effectiveness of the Library. The committee shall act as a liaison agency in interpreting Library policies to the University.

Membership: 9 faculty (1 from each School and 3 from the College); 2 students (1 undergraduate, 1 graduate). Ex officio: Director of the Library. Adjunct: Provost.

26 Promotions and Tenure Committee of the Faculty Senate (elected)

Advise the Chancellor on the promotion and/or change in tenure status of faculty. Assures faculty counsel at the point where recommendations from the Deans of the Schools and the College and the Director of the Library have been completed. On occasion initiates consideration of faculty members whom it considers meritorious of promotion and/or change in tenure status.

Membership: 7 faculty (Chair of the Faculty Senate serving as chair of the committee).

27 Research Grants Committee

The primary functions of the committee are to: (a) set policies and procedures for use of University funds for faculty research grants and subsidies for book publication, refereed publication page charges and submission fees, journal article reprints, and exhibition/performance charges; and (b) receive, evaluate, and act on applications for funding of the items listed above.

Membership: 10 faculty (1 from each School; 3 from the College of Arts and Sciences, with 1 each from the areas of Humanities, Natural Sciences and Mathematics, and Social and Behavioral Sciences). Ex officio: Director of Research Services, Associate Provost for Research.

28 Student Fellowships and Special Awards Committee

The committee shall oversee all externally sponsored fellowships and awards, both undergraduate and graduate; solicit applications; select nominees; and, for some programs, select recipients.

Membership: 6 faculty. Ex officio: Director of Student Financial Aid, Associate Dean of the Graduate School.

29 Student Financial Aid Committee

The Student Financial Aid Committee provides faculty and student input to the financial aid process, serves as a support network for the Financial Aid Office staff, and communicates financial aid information when necessary to the faculty. In addition, members of the committee form the Financial Aid Appeals Committee for student appeals relating to aid decisions, and the Scholarship Committee for the award of certain University, School, and College scholarships.

Membership: 9 faculty (including 1 from each School and the College of Arts and Sciences). Ex officio: Director of Student Financial Aid.

30 Traffic Committee

The committee shall assess the parking needs of faculty, staff, students, and visitors to the campus; review and propose parking and traffic regulations, policies, and practices for the University; and make recommendations concerning the carrying out of such regulations, policies, and practices.

Membership: 5 faculty, 1 SPA member, 1 EPA non-teaching member, 3 students (1 undergraduate resident on campus, 1 commuting student, 1 graduate student). Ex officio: Manager of Traffic and Parking, Provost or designee. The committee chair shall serve as an ex officio member of the Campus Planning Committee and shall meet regularly with the Vice Chancellor for Business Affairs.

31 Undergraduate Curriculum Committee (elected)

The Undergraduate Curriculum Committee shall be the agency of the Faculty Senate responsible for reviewing the undergraduate curriculum, making policy recommendations to the Faculty Senate on curricular matters, and performing such other duties as approved by the Faculty Senate, including the following:

(a) To review and approve all proposals for new courses; existing courses in which substantial changes have been made; new majors, programs, concentrations, and degrees which have been approved by the College Council or the curriculum committees of the various Schools; the discontinuation of courses and programs; routine changes as previously approved by the Provost's Office;

(b) To approve requests for area credit designation for both new and existing courses as forwarded by the instructional area committees;

(c) To review and approve student proposals under Plan II (Specially Designed Programs of Study);

(d) To oversee the adherence to the all-University requirements by the College and the various Schools and to initiate curricular reviews at least every five years;

(e) To take up for study or action matters referred by the Faculty Senate and General Faculty or any other matters deemed important to the work of the committee.

Membership: 14 faculty (1 elected representative from each of the six Schools, 3 elected representatives from the College of Arts and Sciences, with 1 representative from each of its electoral divisions, 5 elected at-large members). APPENDIX

RESIDENCE STATUS FOR TUITION PURPOSES

The basis for determining the appropriate tuition charge rests upon whether a student is a resident or a nonresident for tuition purposes. Each student must make a statement as to the length of his or her residence in North Carolina, with assessment by the institution of that statement to be conditioned by the following.

Residence. To qualify as a resident for tuition purposes, a person must become a legal resident and remain a legal resident for at least twelve months immediately prior to classification. Thus, there is a distinction between legal residence and residence for tuition purposes. Furthermore, twelve months legal residence means more than simple abode in North Carolina. In particular it means maintaining a domicile (permanent home of indefinite duration) as opposed to "maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education." The burden of establishing facts which justify classification of a student as a resident entitled to in-state tuition rates is on the applicant for such classification, who must show his or her entitlement by the preponderance (the greater part) of the residency information.

Initiative. Being classified a resident for tuition purposes is contingent on the student's seeking such status and providing all information that the institution may require in making the determination.

Parents' Domicile. If an individual, irrespective of age, has living parent(s) or court-appointed guardian of the person, the domicile of such parent(s) or guardian is, prima facie, the domicile of the individual; but this prima facie evidence of the individual's domicile may or may not be sustained by other information. Further, nondomiciliary status of parents is not deemed prima facie evidence of the applicant child's status if the applicant has lived (though not necessarily legally resided) in North Carolina for the five years preceding enrollment or re-registration.

Effect of Marriage. Marriage alone does not prevent a person from becoming or continuing to be a resident for tuition purposes, nor does marriage in any circumstance insure that a person will become or continue to be a resident for tuition purposes. Marriage and the legal residence of one's spouse are, however, relevant information in determining residency intent. Furthermore, if both a husband and his wife are legal residents of North Carolina and if one of them has been a legal resident longer than the other, then the longer duration may be claimed by either spouse in meeting the twelve-month requirement for in-state tuition status.

Military Personnel. A North Carolinian who serves outside the State in the armed forces does not lose North Carolina domicile simply by reason of such service. And students from the military may prove retention or

establishment of residence by reference, as in other cases, to residency acts accompanied by residency intent.

In addition, a separate North Carolina statute affords tuition rate benefits to certain military personnel and their dependents even though not qualifying for the in-state tuition rate by reason of twelve months legal residence in North Carolina. Members of the armed services, while stationed in and concurrently living in North Carolina, may be charged a tuition rate lower than the out-of-state tuition rate to the extent that the total of entitlements for application tuition costs available from the federal government, plus certain amounts based under a statutory formula upon the in-state tuition rate, is a sum less than the out-of-state tuition rate for the pertinent enrollment. A dependent relative of a service member stationed in North Carolina is eligible to be charged the in-state tuition rate while the dependent relative is living in North Carolina with the service member and if the dependent relative has met any requirement of the Selective Service System applicable to the dependent relative. These tuition benefits may be enjoyed only if the applicable requirements for admission have been met; these benefits alone do not provide the basis for receiving those derivative benefits under the provisions of the residence classification statute reviewed elsewhere in this summary.

Grace Period. If a person (1) has been a bona fide legal resident, (2) has consequently been classified a resident for tuition purposes, and (3) has subsequently lost North Carolina legal residence while enrolled at a public institution of higher education, that person may continue to enjoy the in-state tuition rate for a grace period of twelve months measured from the date on which North Carolina legal residence was lost. If the twelve months ends during an academic term for which the person is enrolled at a State institution of higher education, the grace period extends, in addition, to the end of that term. The fact of marriage to one who continues domiciled outside North Carolina does not by itself cause loss of legal residence marking the beginning of the grace period.

Minors. Minors (persons under 18 years of age) usually have the domicile of their parents, but certain special cases are recognized by the residence classification statute in determining residence for tuition purposes.

(a) If a minor's parents live apart, the minor's domicile is deemed to be North Carolina for the time period(s) that either parent, as a North Carolina legal resident, may claim and does claim the minor as a tax dependent, even if other law or judicial act assigns the minor's domicile outside North Carolina. A minor thus deemed to be a legal resident will not, upon achieving majority before enrolling at an institution of higher

education, lose North Carolina legal residence if that person (1) upon becoming an adult "acts, to the extent that the person's degree of actual emancipation permits, in a manner consistent with bona fide legal residence in North Carolina" and (2) "begins enrollment at an institution of higher education not later than the fall academic term following completion of education prerequisite to admission at such institution."

(b) If a minor has lived for five or more consecutive years with relatives (other than parents) who are domiciled in North Carolina and if the relatives have functioned during this time as if they were personal guardians, the minor will be deemed a resident for tuition purposes for an enrolled term commencing immediately after at least five years in which these circumstances have existed. If under this consideration a minor is deemed to be a resident for tuition purposes immediately prior to his or her eighteenth birthday, that person on achieving majority will be deemed a legal resident of North Carolina of at least twelve months duration. This provision acts to confer in-state tuition status even in the face of other provisions of law to the contrary; however, a person deemed a resident of twelve months duration pursuant to this provision continues to be a legal resident of the State only so long as he or she does not abandon North Carolina domicile.

Lost but Regained Domicile. If a student ceases enrollment at or graduates from an institution of higher education while classified a resident for tuition purposes and then both abandons and reacquires North Carolina domicile within a 12-month period, that person, if he or she continues to maintain the reacquired domicile into re-enrollment at an institution of higher education, may re-enroll at the in-state tuition rate without having to meet the usual twelve-month durational requirement. However, any one person may receive the benefit of the provision only once.

Change of Status. A student admitted to initial enrollment in an institution (or permitted to re-enroll following an absence from the institutional program which involved a formal withdrawal from enrollment) must be classified by the admitting institution either as a resident or as a nonresident for tuition purposes prior to actual enrollment. A residence status classification once assigned (and finalized pursuant to any appeal properly taken) may be changed thereafter (with corresponding change in billing rates) only at intervals corresponding with the established primary divisions of the academic year.

Transfer Students. When a student transfers from one North Carolina public institution of higher education to another, he or she is treated as a new student by the institution to which he or she is transferring and must be assigned an initial residence status classification for tuition purposes.

THE UNIVERSITY OF NORTH CAROLINA POLICY ON ILLEGAL DRUGS

The University of North Carolina at Greensboro seeks to maintain an environment that supports the pursuit and disseminating of knowledge. All members of the academic community — students, faculty, and staff members — share responsibility for protecting the academic environment by exemplifying high standards of professional and personal conduct. Use of illegal drugs by any member of the community interferes with the activities through which the goals of the University can be realized. Therefore, such practices will not be tolerated. The University will take all actions necessary, consistent with law and University policy, to eliminate the use of illegal drugs from the University community.

This policy has been developed in accord with "The University of North Carolina Policy on Illegal Drugs," adopted by the Board of Governors January 15, 1988. It establishes the framework for programs designed to educate the campus community on the harmful effects of illegal substances and to assist afflicted persons in their efforts to become rehabilitated. It also provides guidance for punishing violators.

I. Applicability

This policy is applicable to the following: students, faculty, senior administrative officers, non-faculty EPA employees¹, and SPA employees².

II. Notice

A. Article 5 of Chapter 90 of the *North Carolina General Statutes* makes it a crime to possess, sell, deliver, or manufacture those drugs designated collectively as "controlled substances." As citizens, all members of the University community are expected to know these laws. The *North Carolina General Statutes* are readily available in the Library.

B. This policy shall be publicized in catalogs and other materials prepared for all enrolled and prospective students and in appropriate materials distributed to faculty members, senior administrative officers, non-faculty EPA employees, and SPA employees.

III. Educational and Rehabilitation Programs

A. The University shall establish and maintain a program of education designed to help all members of the University community avoid involvement with illegal drugs. This program shall emphasize these subjects:

1. the incompatibility of the use or sale of illegal drugs with the goals of the University
2. the legal consequences of involvement with illegal drugs
3. the medical implications of the use of illegal drugs
4. the ways in which illegal drugs jeopardize an individual's present accomplishments and future opportunities

B. The University shall provide information about drug counseling and rehabilitative services (campus-based or community-based) available to students and employees.

C. Persons who voluntarily avail themselves of these University services or programs are assured that applicable professional standards of confidentiality will be observed.

IV. Disciplinary Proceedings and Sanctions

A. Preliminary Determinations

The University will initiate a disciplinary proceeding against a student, faculty member, senior administrative officer, EPA non-faculty employee, or SPA employee whenever **both** of these requirements are met:

1. there is a reasonable basis for believing that the person has violated this policy or North Carolina law pertaining to controlled substances

2. the alleged conduct is deemed to harm the interests of the University

Requirement (1), above, can be satisfied by **either** of the following:

(a) a conviction or a guilty plea resulting from criminal prosecution

(b) independent evidence obtained by University officials including police officers.

It should be noted that though an offense may be the subject of legal action by the civil authorities, University officials are nonetheless free to initiate disciplinary action that may result in additional penalties.

When the above requirements are met, the University will initiate disciplinary action against the alleged violator according to established procedures that safeguard the rights and interest of students and employees. Procedures will vary, depending on classification of the person facing disciplinary action:

Students

Judicial Policies Related to Student Conduct for the The University of North Carolina at Greensboro, approved by the Chancellor

Faculty Members

The University of North Carolina at Greensboro's Regulations on Academic Freedom, Tenure, and Due Process, Section 7. Discharge or Imposition of Serious Sanction, adopted by the Board of Trustees

Senior Administrative Officers

Policies Concerning Senior Administrative Officers of The University of North Carolina, adopted by the Board of Governors

Non-Faculty EPA Employees

Personnel Policies for Designated Employment Exempt from the State Personnel Act, adopted by the Board of Trustees

SPA Employees

Relevant regulations of the Office of State Personnel
Decisions reached by these processes are reviewable according to normal appeal mechanisms.

B. Penalties for students, faculty, senior administrative officers, and non-faculty EPA employees:

For these persons, the penalties to be imposed may range from written warnings with probationary status to expulsions from enrollment and discharges from employment. The following minimum penalties shall be imposed for the particular offences described:

1. Trafficking³ in Illegal Drugs

(a) For the illegal manufacture, sale or delivery, or possession with intent to manufacture, sell or deliver, of any controlled substance identified in "Schedule I, N.C. General Statutes 90-89, or Schedule II, N.C. General Statutes 90-90 (including, but not limited to, heroin, mescaline, lysergic acid diethylamide, opium, cocaine, amphetamine, methqualone), any student shall be expelled and any faculty member, senior administrative officer, or non-faculty EPA employee shall be discharged.

(b) For a first offense involving the illegal manufacture, sale or delivery, or possession with intent to manufacture, sell or deliver, of any controlled substance identified in Schedules III through VI, N.C. General Statutes 90-91 through 90-94, (including, but not limited to, marijuana, pentobarbital, codeine) the minimum penalty shall be suspension from enrollment or from employment for a period of at least one semester or its equivalent. For a second offense, any student shall be expelled and any faculty member, senior administrative officer, or non-faculty EPA employees shall be discharged.

2. Illegal Possession of Drugs

(a) For a first offense involving the illegal possession of any controlled substance identified in Schedule I, N.C. General Statute 90-89, or Schedule II, N.C. General Statutes 90-90, the minimum penalty shall be suspension from enrollment or from employment for a period of at least one semester or its equivalent.

(b) For a first offense involving the illegal possession of any controlled substance identified in Schedules II through VI, N.C. General Statutes 90-91 through 90-94, the minimum penalty shall be probation, for a period to be determined on a case-by-case basis. A person on probation must agree to participate in a drug education and counseling program, consent to regular drug testing at his/her own expense, and accept such other conditions and restrictions, including a program of community service, as the Chancellor or the Chancellor's designee deems appropriate. Refusal or failure to abide by the terms of probation shall result in suspension from enrollment or from employment for any unexpired balance of the prescribed period of probation.

(c) For a second or other subsequent offenses involving the illegal possession of controlled substances, progressively more severe penalties shall be imposed, including expulsion of students and discharge of faculty members, senior administrative officers, or EPA non-faculty employees.

3. Suspension Pending Final Disposition

When a student, faculty member, senior administrative officer, or non-faculty EPA employee has been charged by the University with a violation of policies concerning illegal drugs, he or she may be suspended from enrollment or employment before initiation or completion or regular disciplinary proceedings if, assuming the truth of the charges, the Chancellor or, in the Chancellor's absence, the Chancellor's designee, concludes that the person's continued presence within the University community would constitute a clear and immediate danger to the health or welfare of other members of the University community; provided, that if such a suspension is imposed, an appropriate hearing of the charges against the suspended person shall be held as promptly as possible thereafter.

C. Penalties for SPA Employees

Discipline for SPA employees is prescribed in regulations published by the State Personnel Commission. Violations of this policy and of North Carolina state law on controlled substances shall be deemed "personal misconduct" actionable under these rules. Penalties for offenses described herein will be in accord with state policy.

V. Oversight and Reporting

A. A campus coordinator will be responsible for overseeing all actions and programs relating to this policy.

B. The Chancellor shall submit annually to the Board of Trustees and to the President of the University a report on campus activities related to illegal drugs for the preceding year. The reports shall include, as a minimum, the following: (1) a listing of the major education activities conducted during the year; (2) a report on any illegal drug-related incidents, including any sanctions imposed; (3) an assessment by the Chancellor of the effectiveness of the campus program and; (4) any proposed changes in the policy on illegal drugs.

VI. This policy shall be effective with the beginning of Fall Term, 1988.

¹Non-faculty personnel whose employment is exempt from the State Personnel act

²Staff personnel whose employment is subject to the State Personnel Act

³The term "trafficking" is used in its generic sense, not in its specific application to selling, manufacturing, delivering, transporting, or possessing controlled substances in specified amounts that is the subject of North Carolina General Statute 90-95 (h).
