Love means not ever having to say you're sorry

Shadows fall to the ground always telling

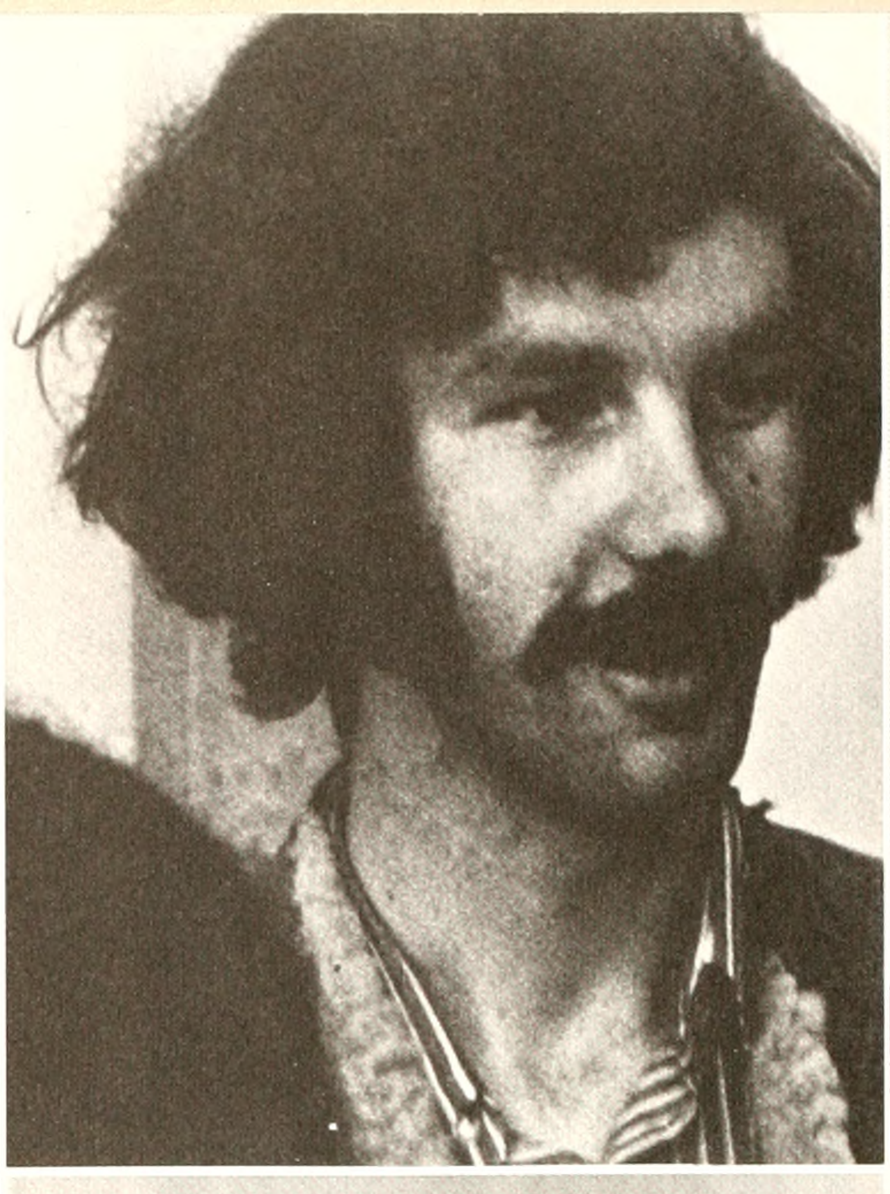

of life closer to earth than man

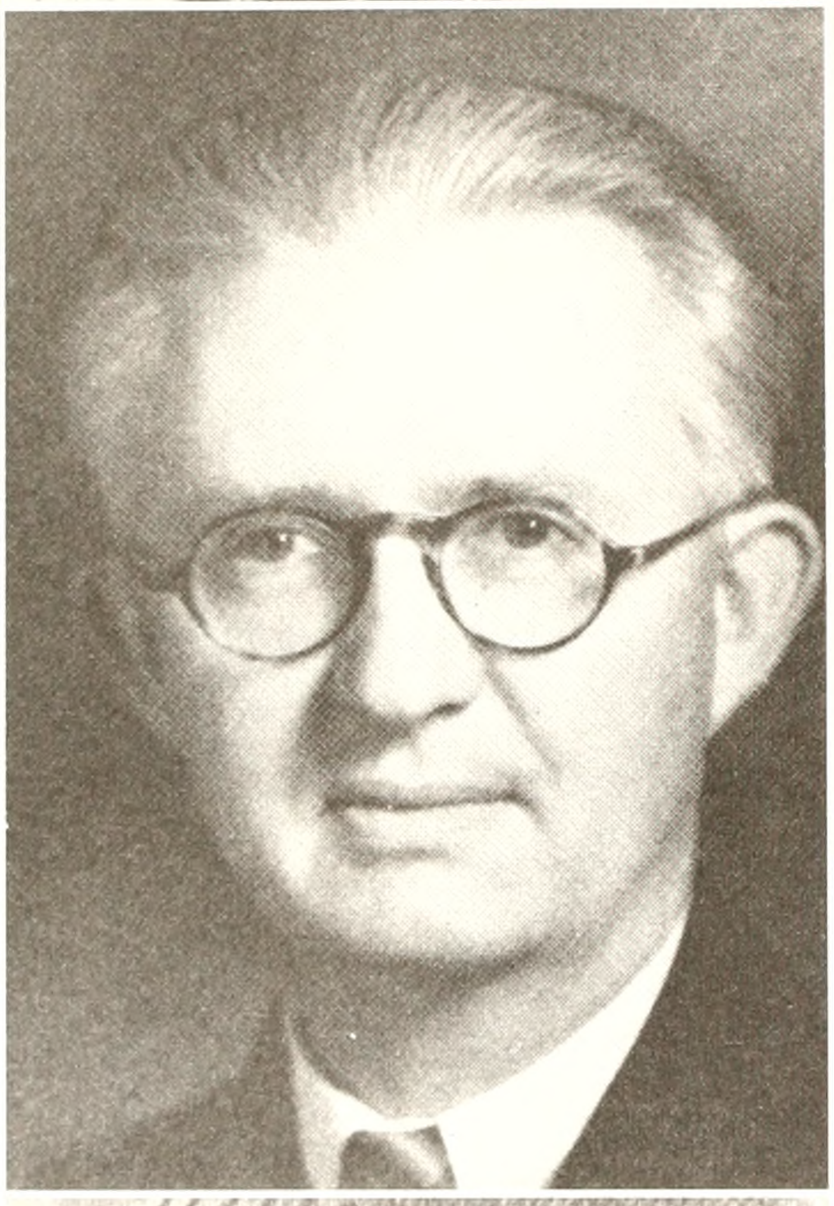

Then they meet at death
when shadows fade to memory
and one's body takes to the soil

DEAD PLEDGE

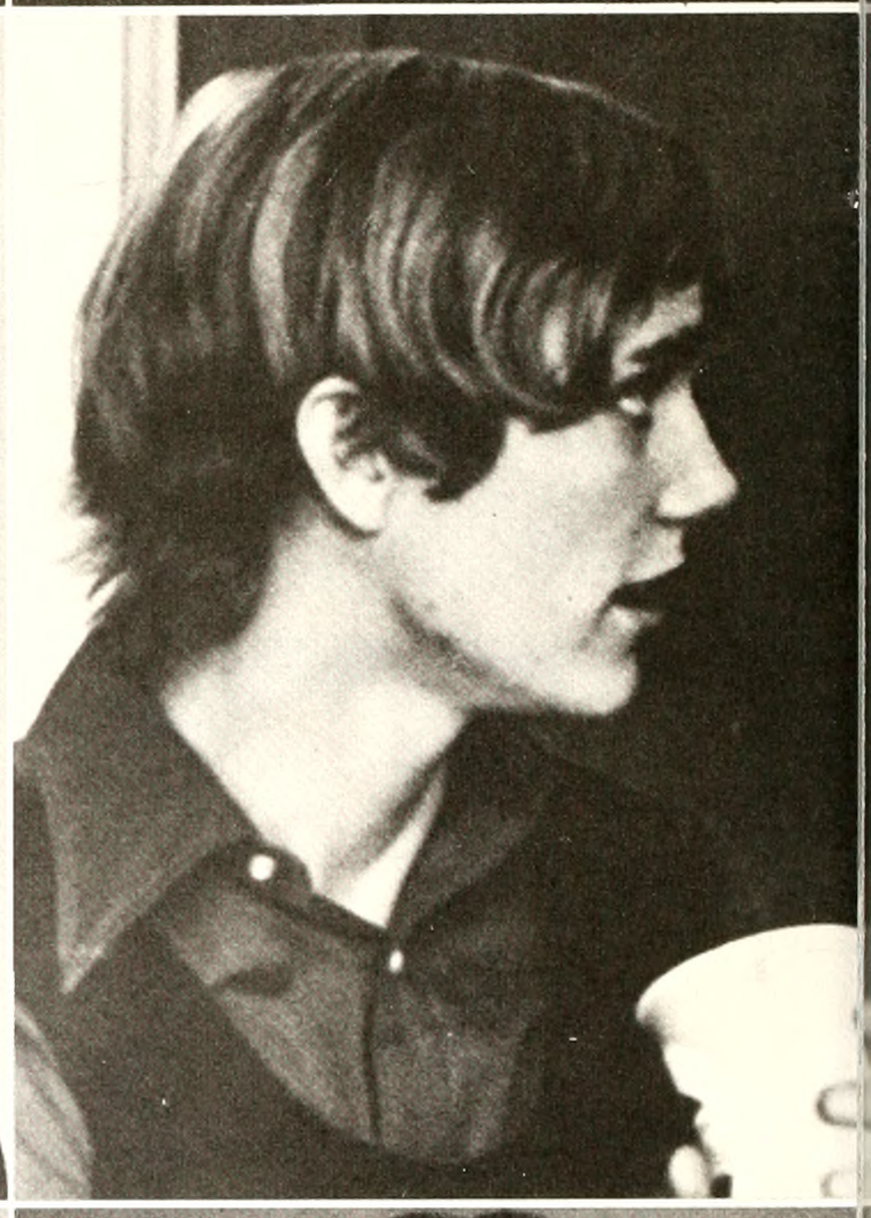

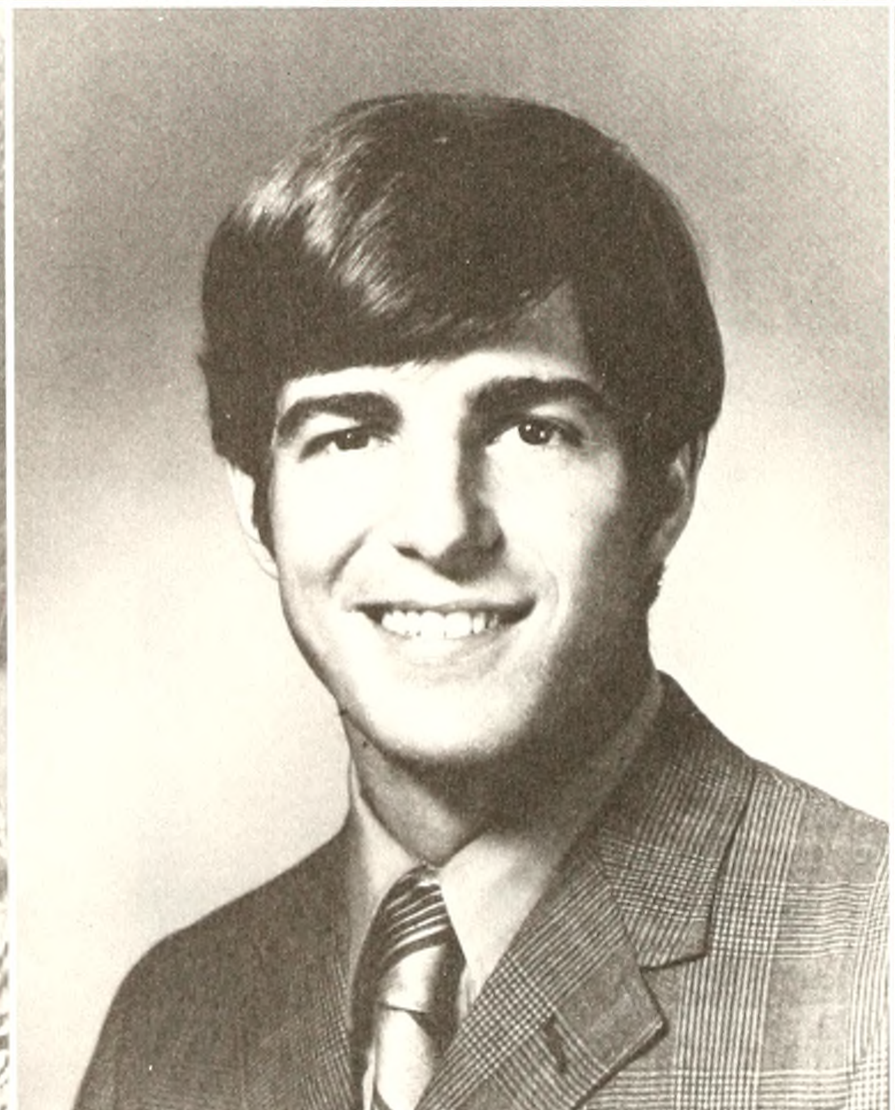

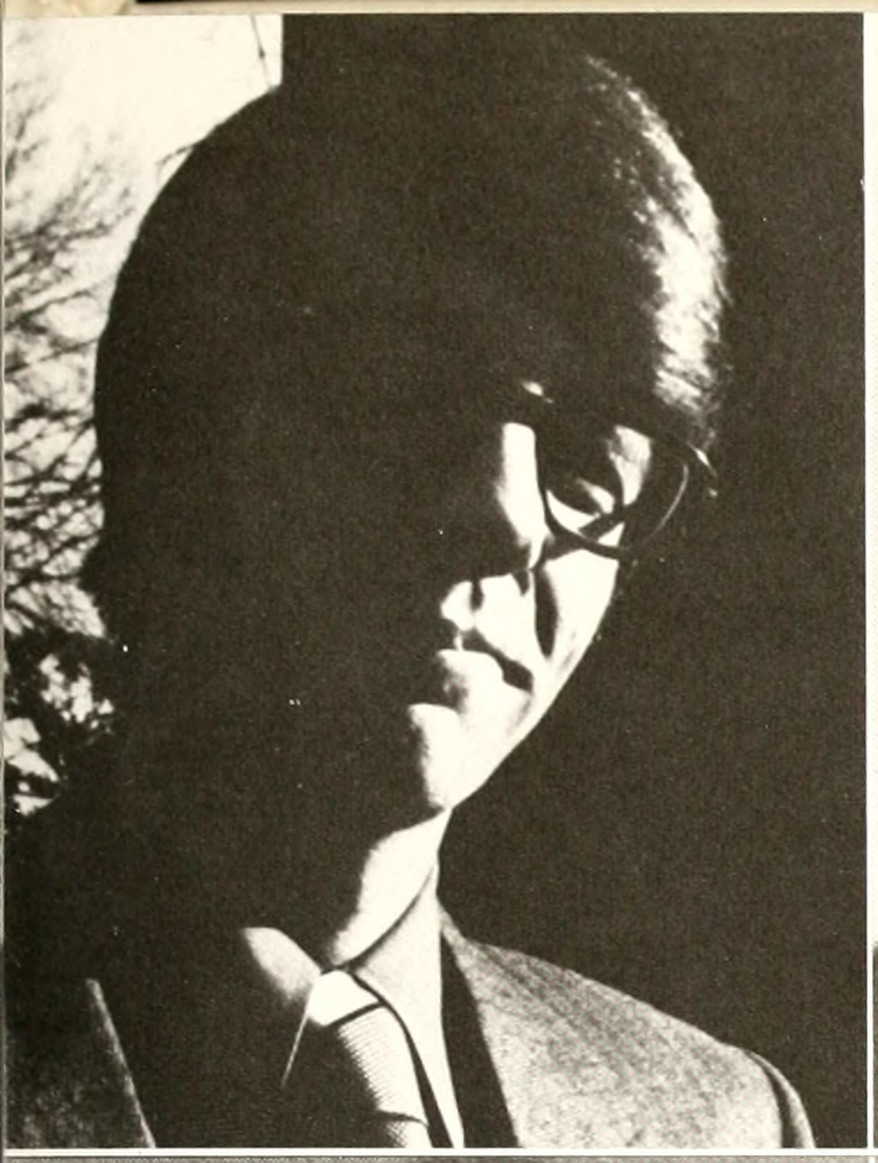

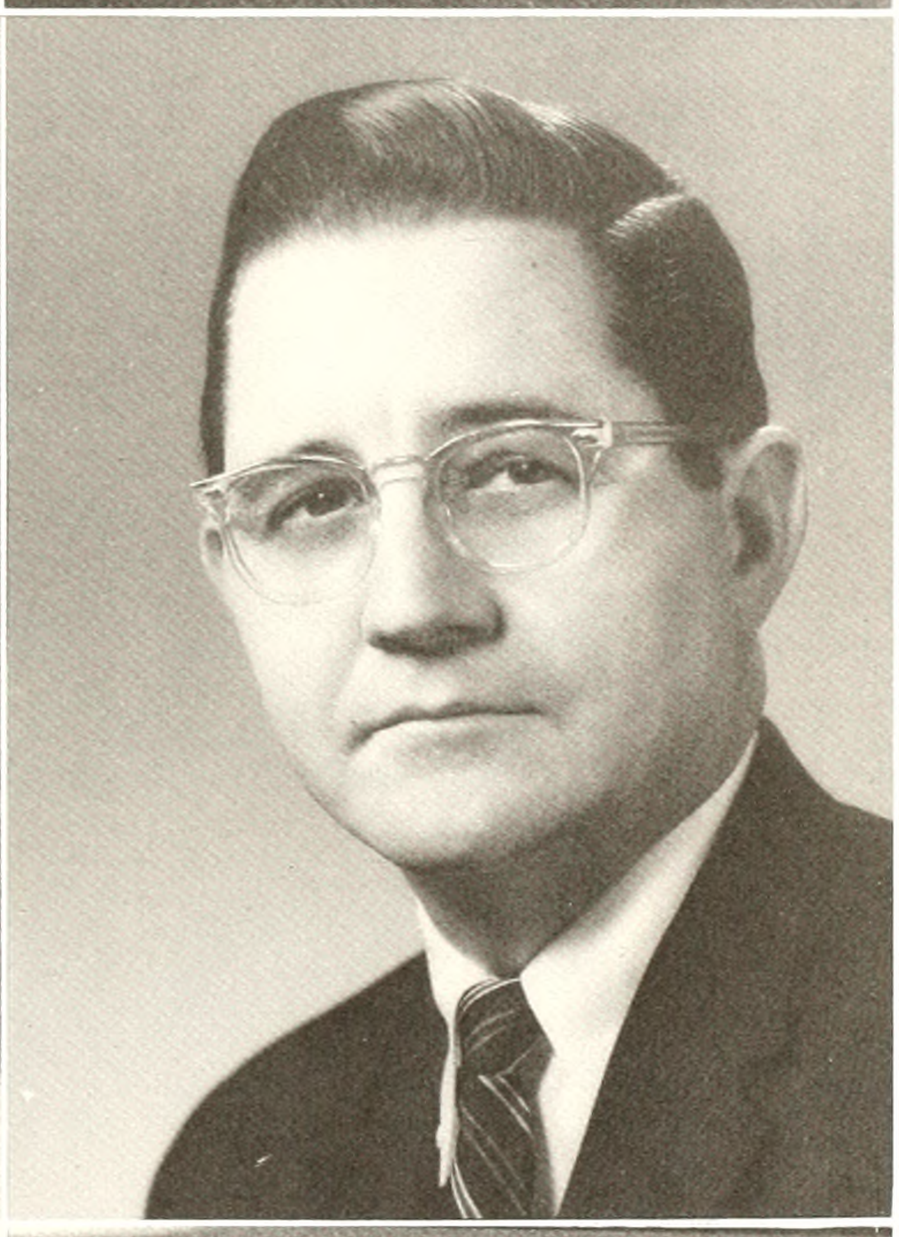

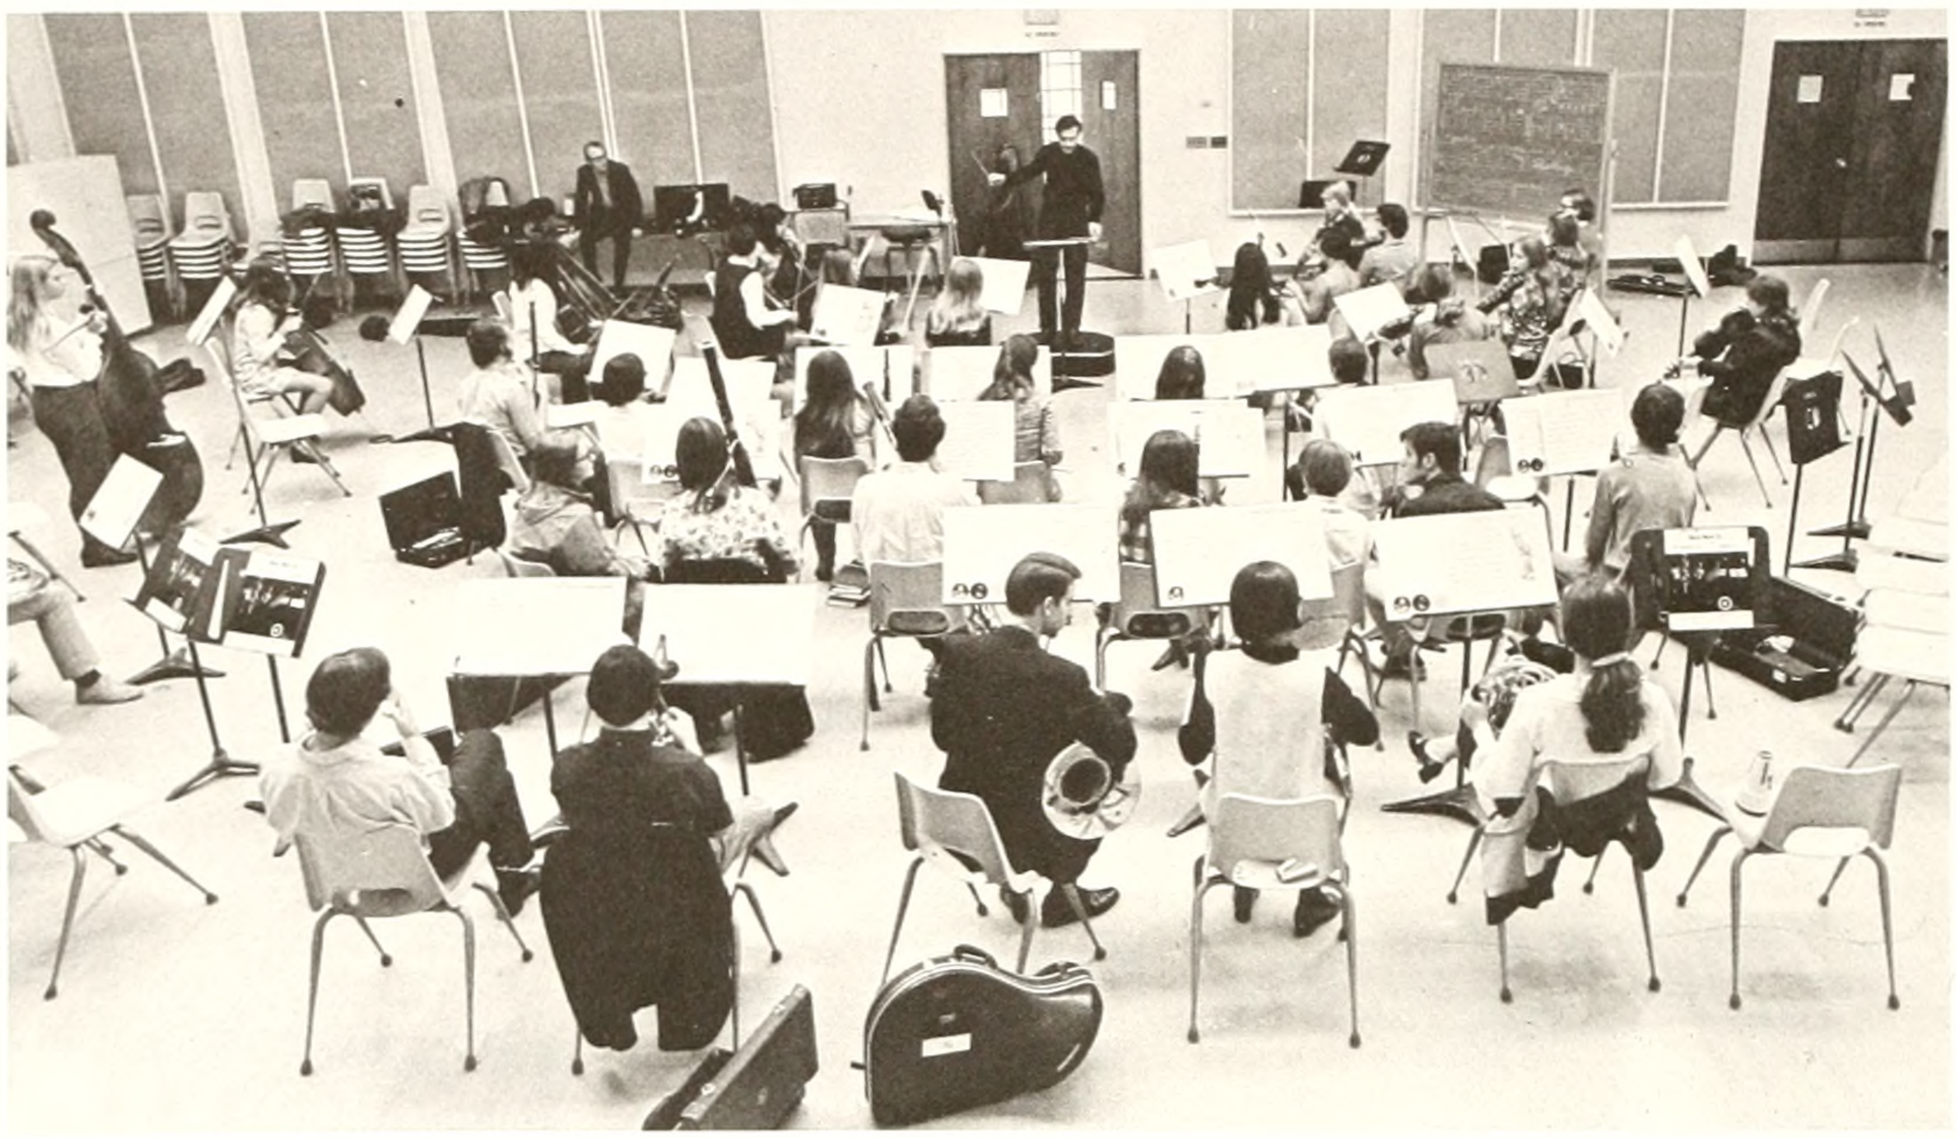

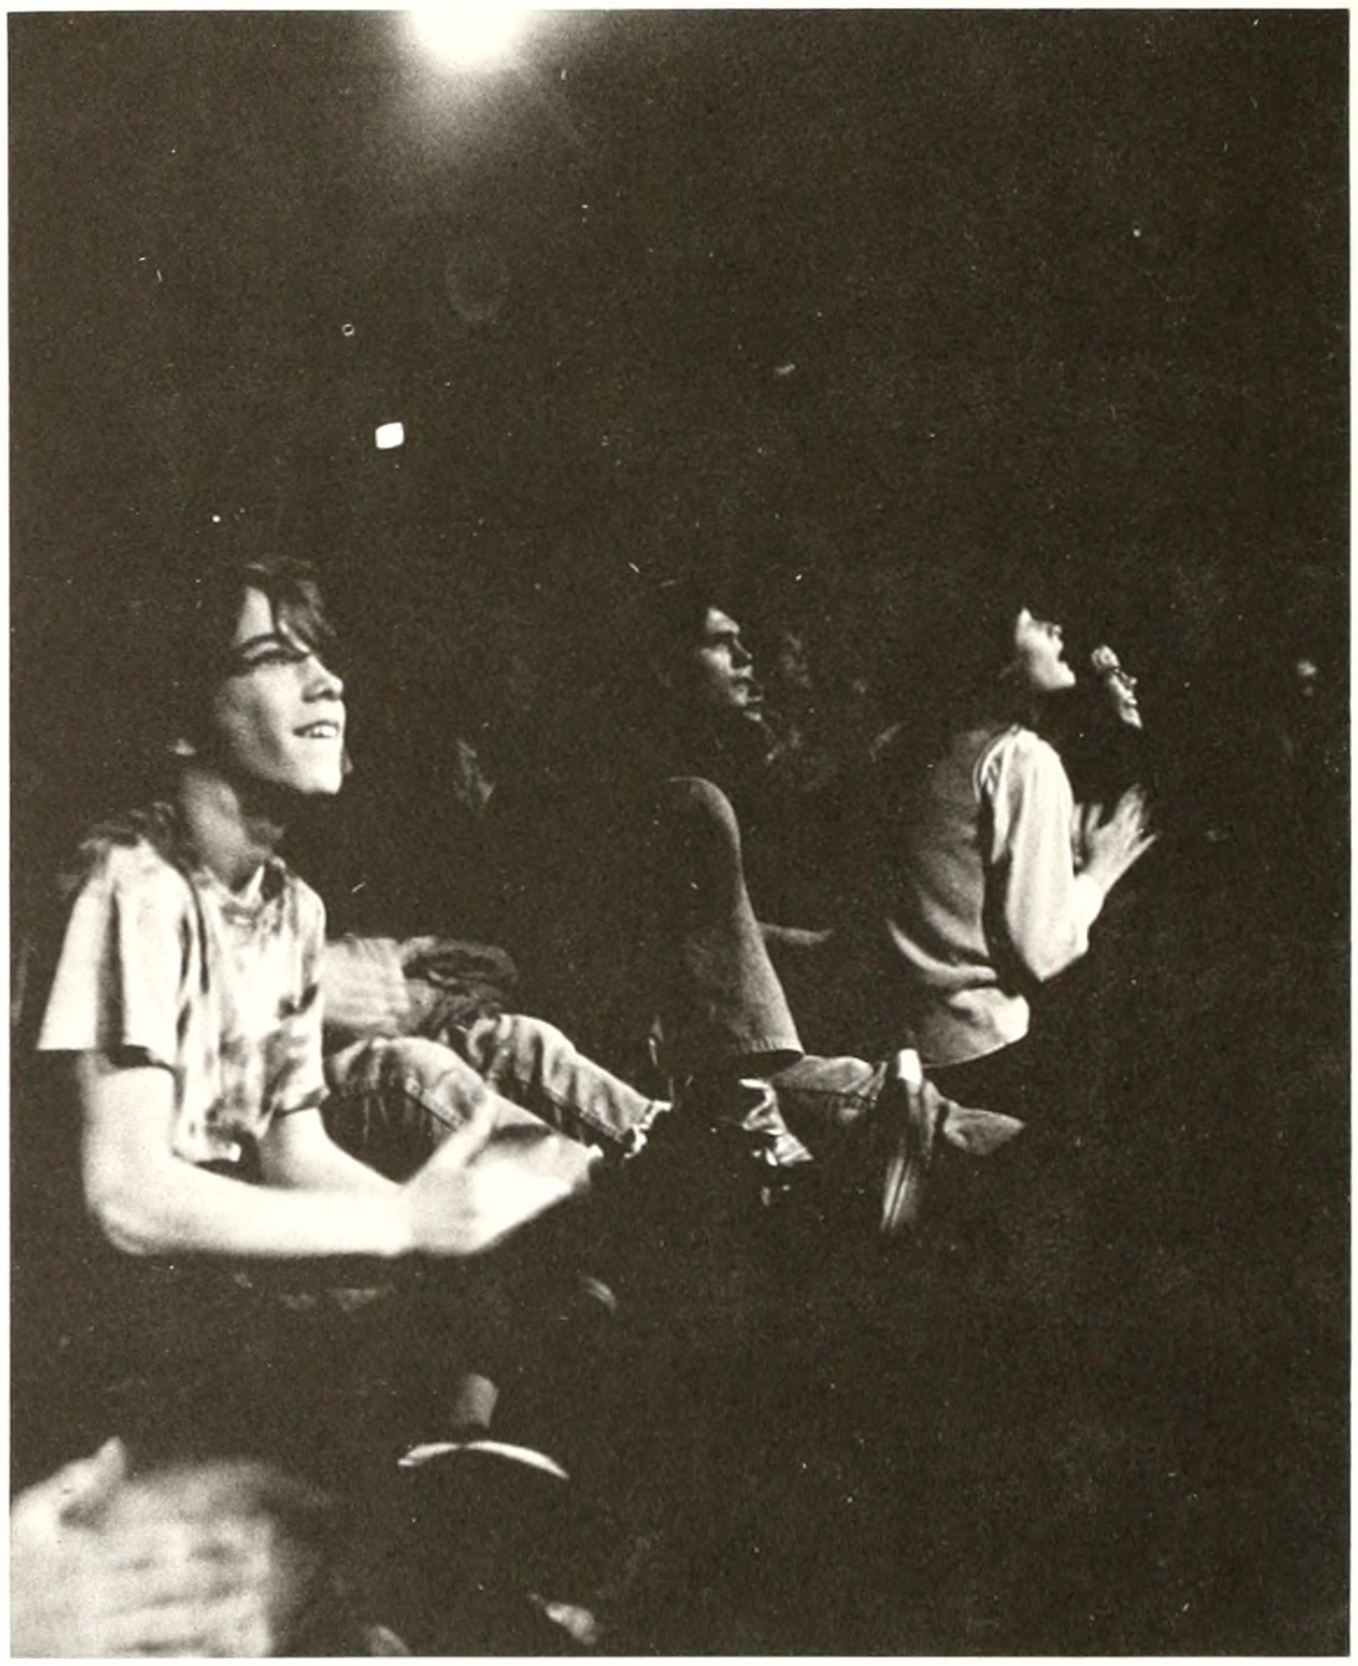

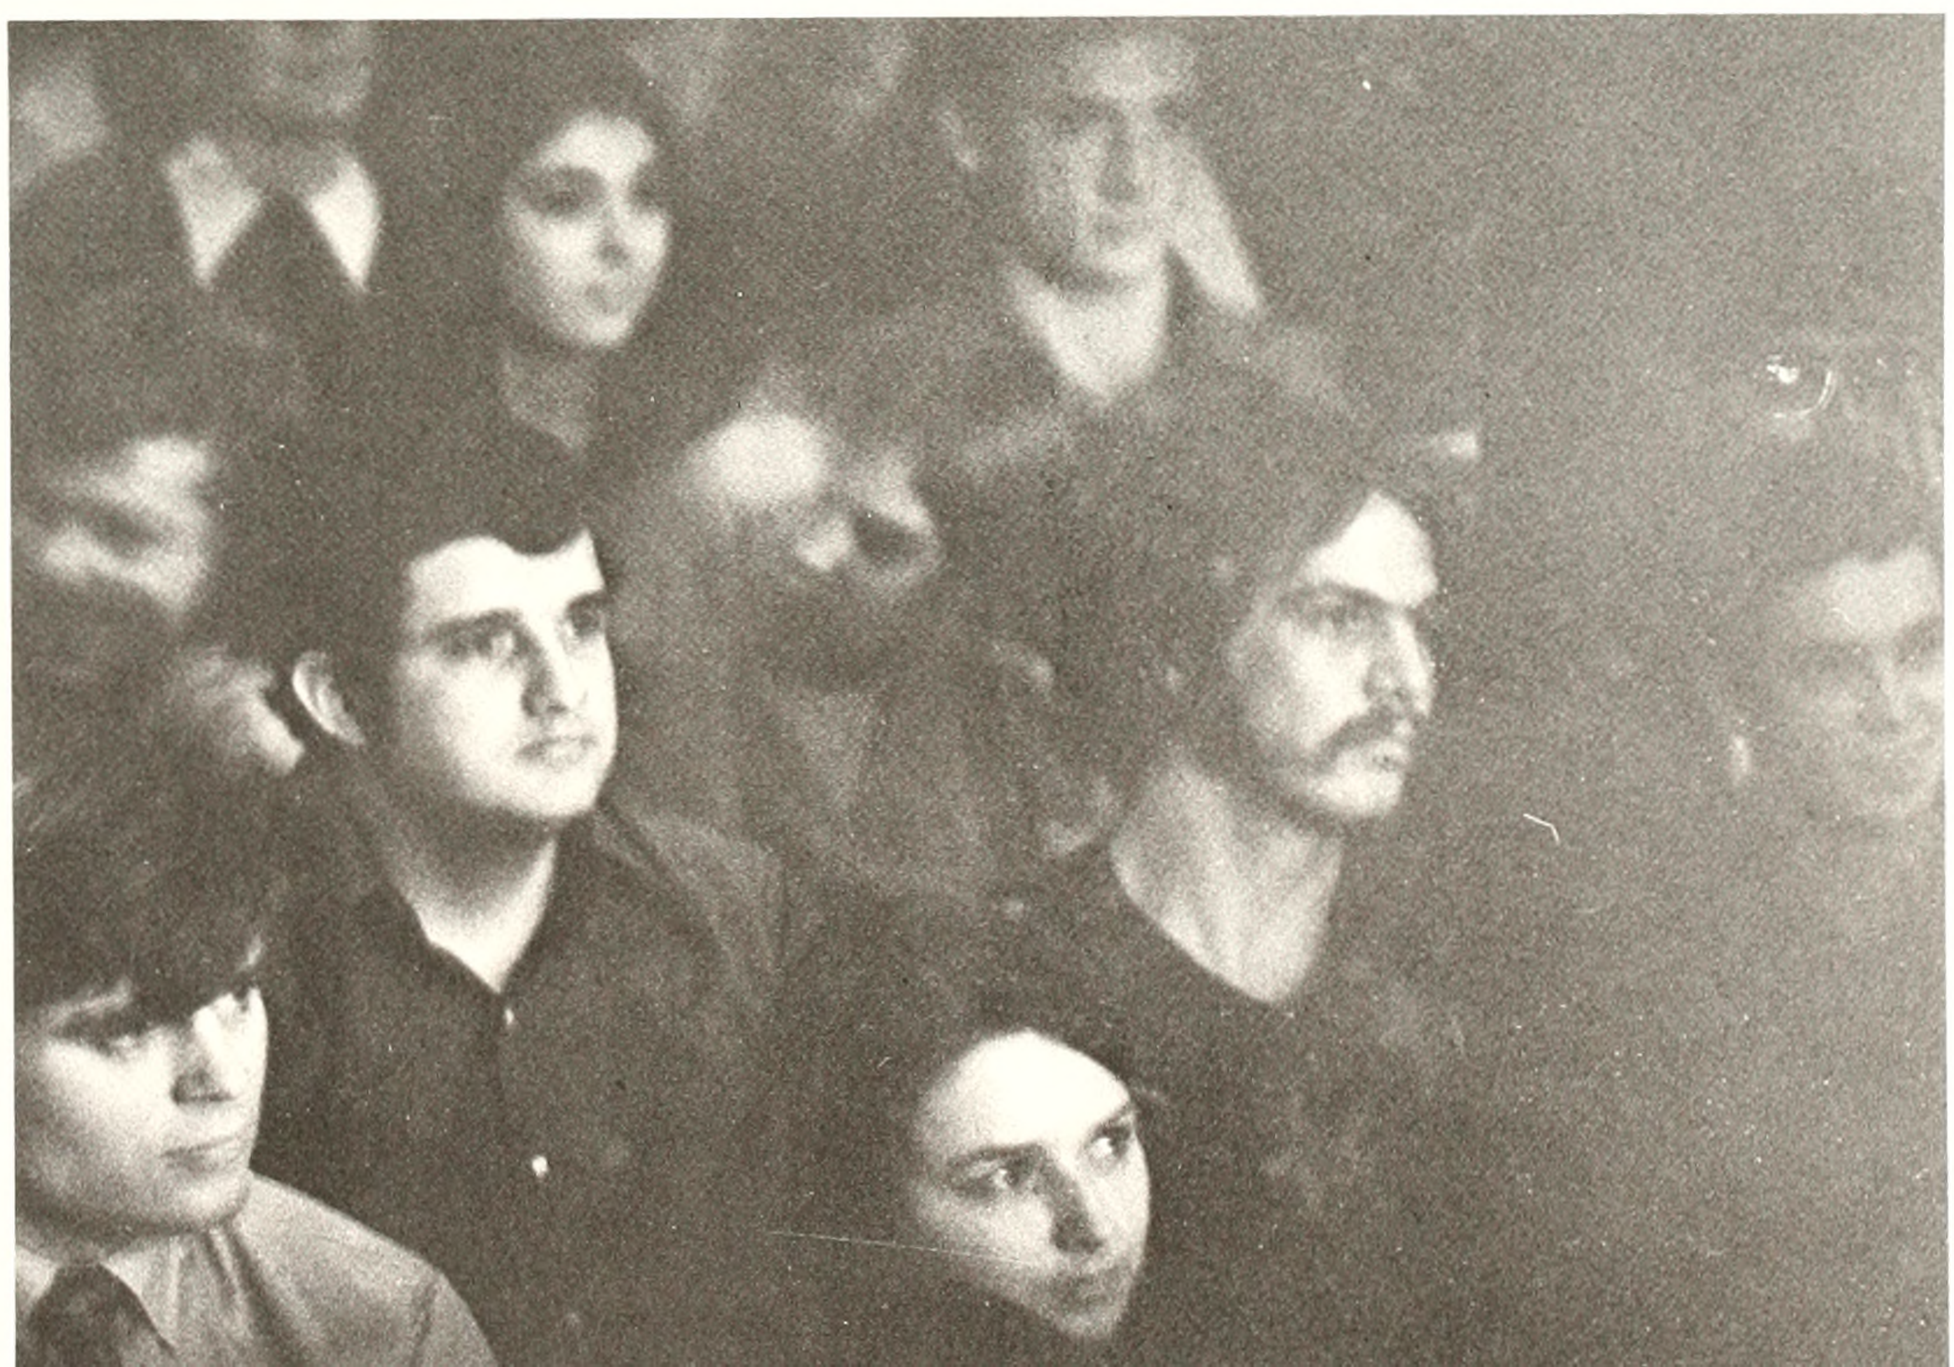

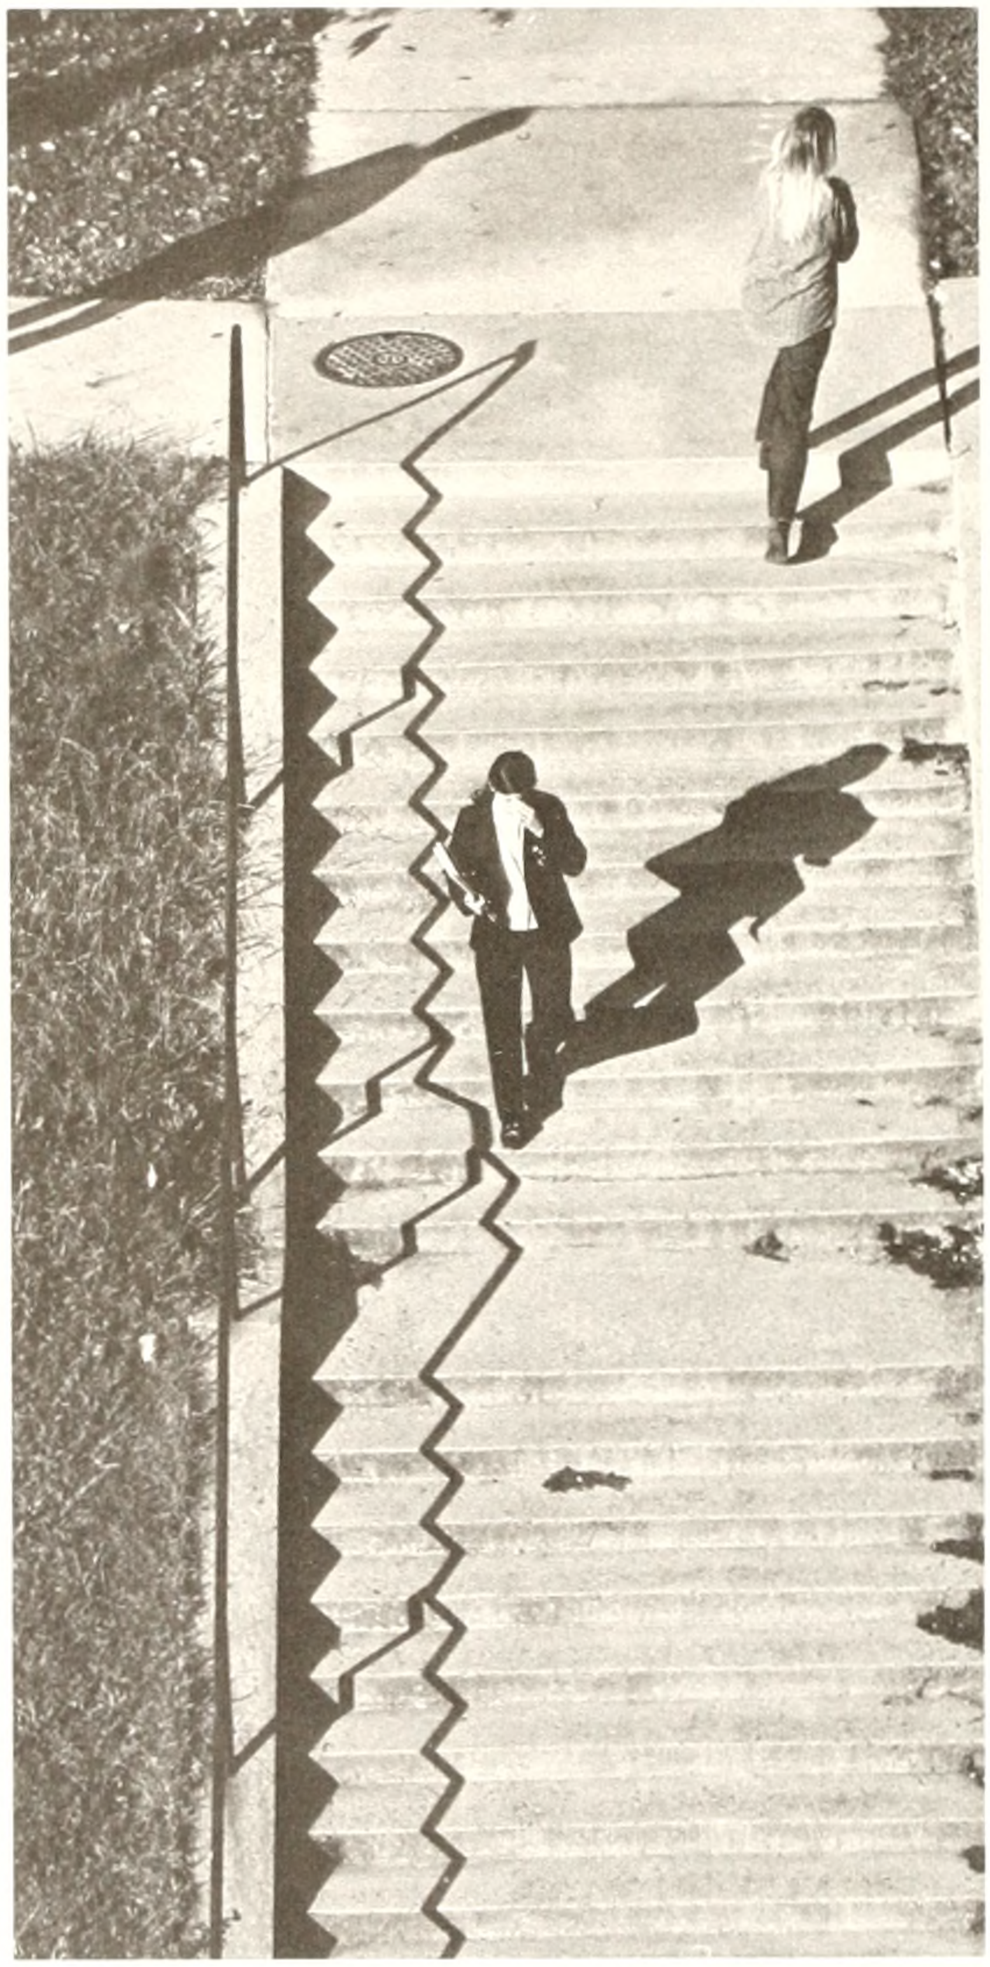

C'mon, people, now,
Smile on your brother.
Everybody get together,
Try to love one another
Right now.

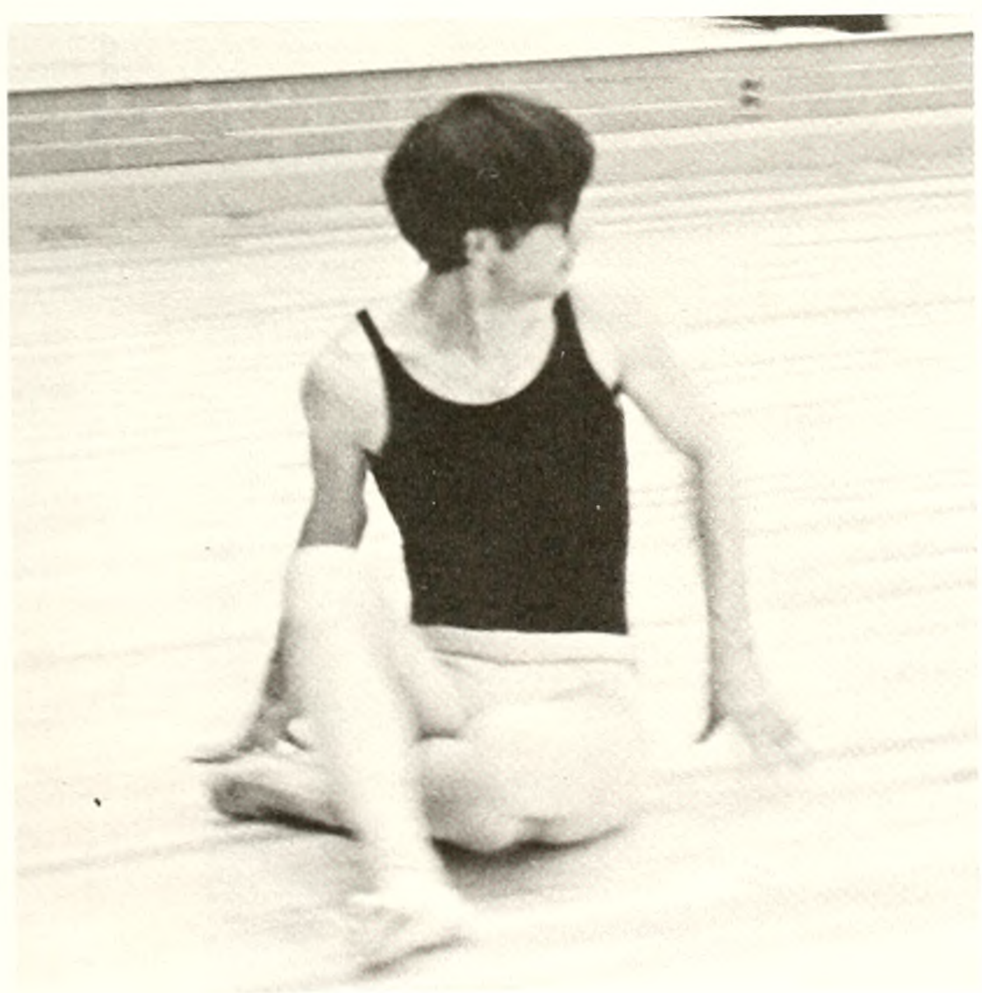

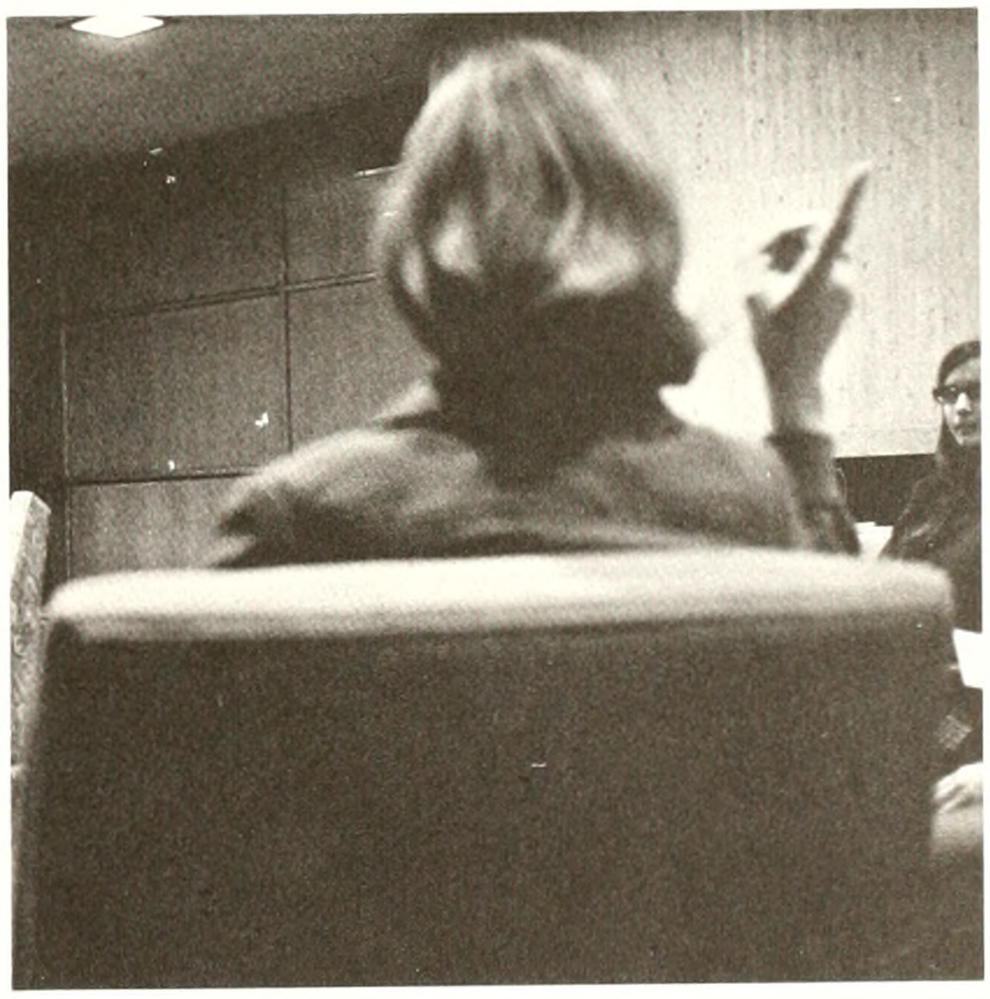

I sing in silent harmony, we shall be free

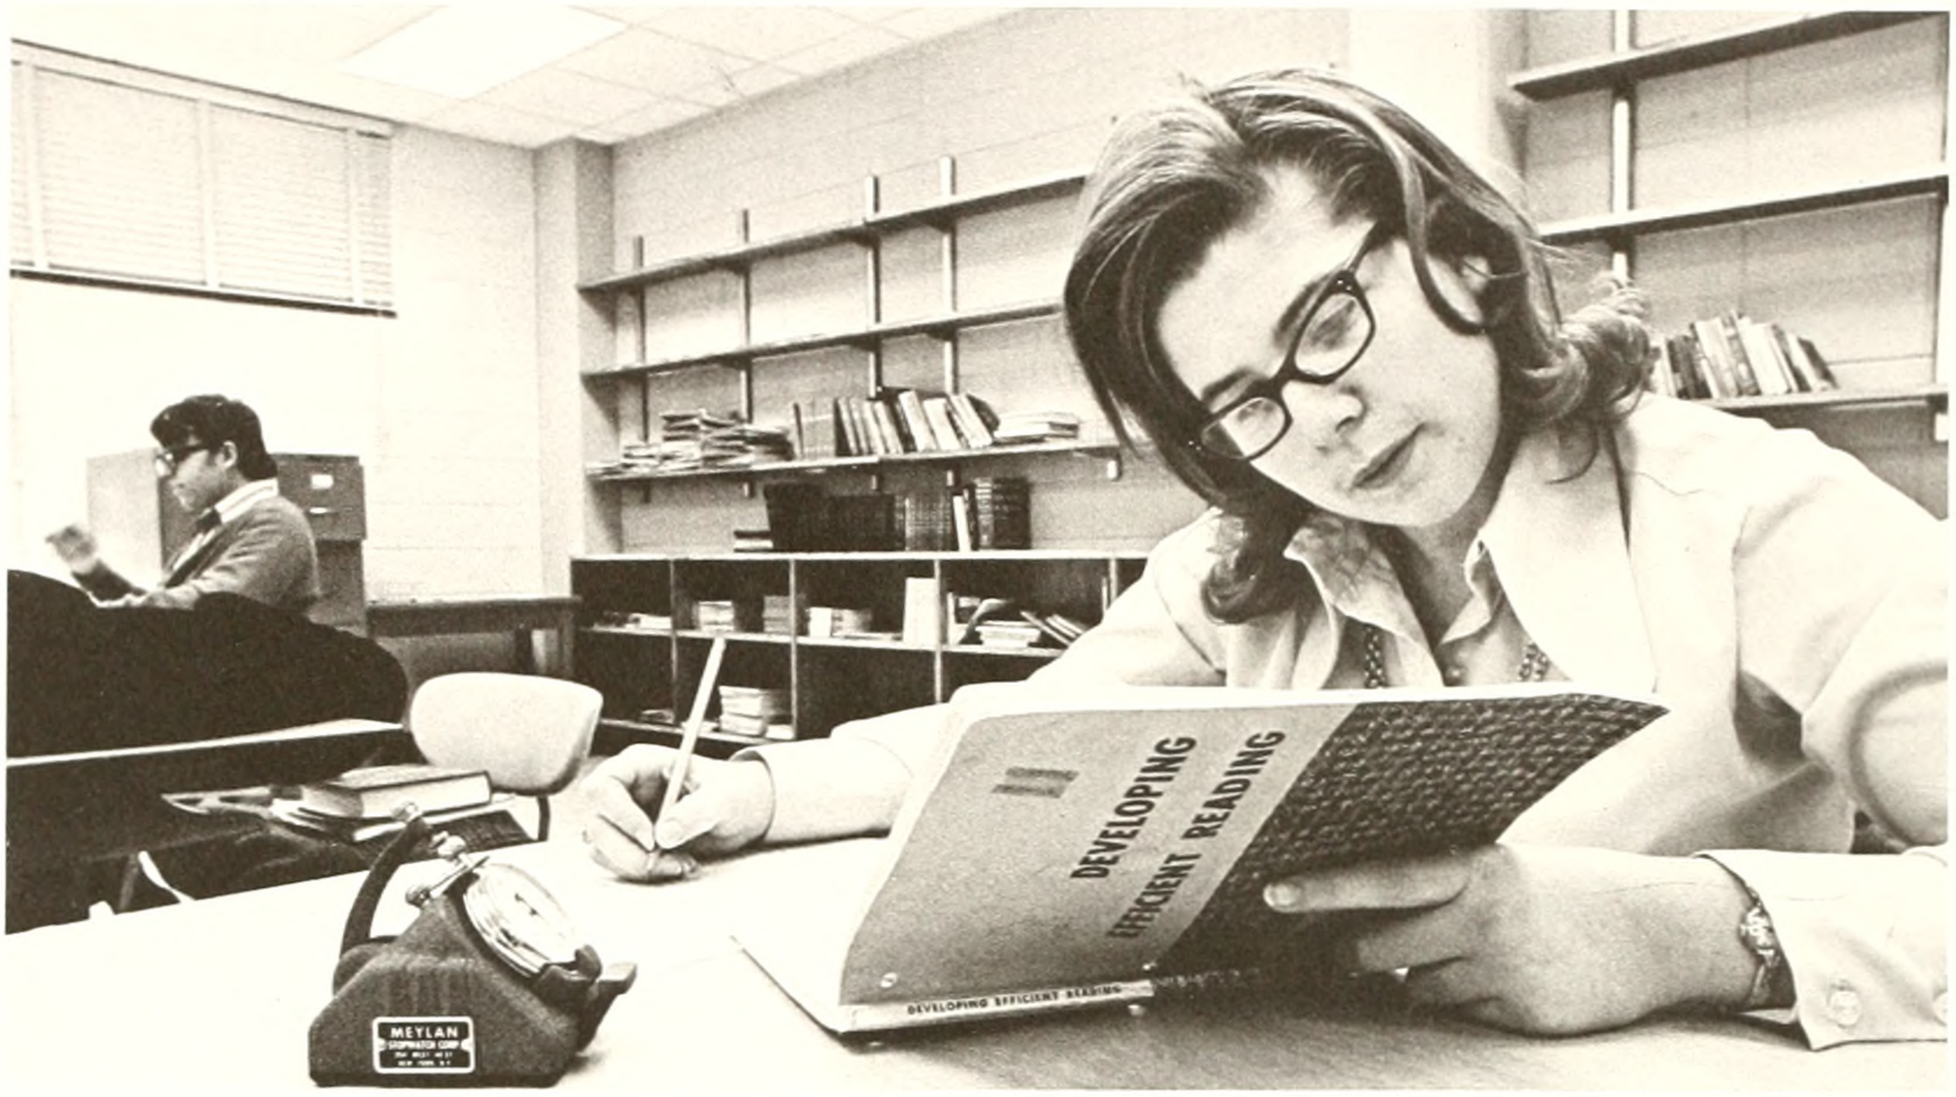

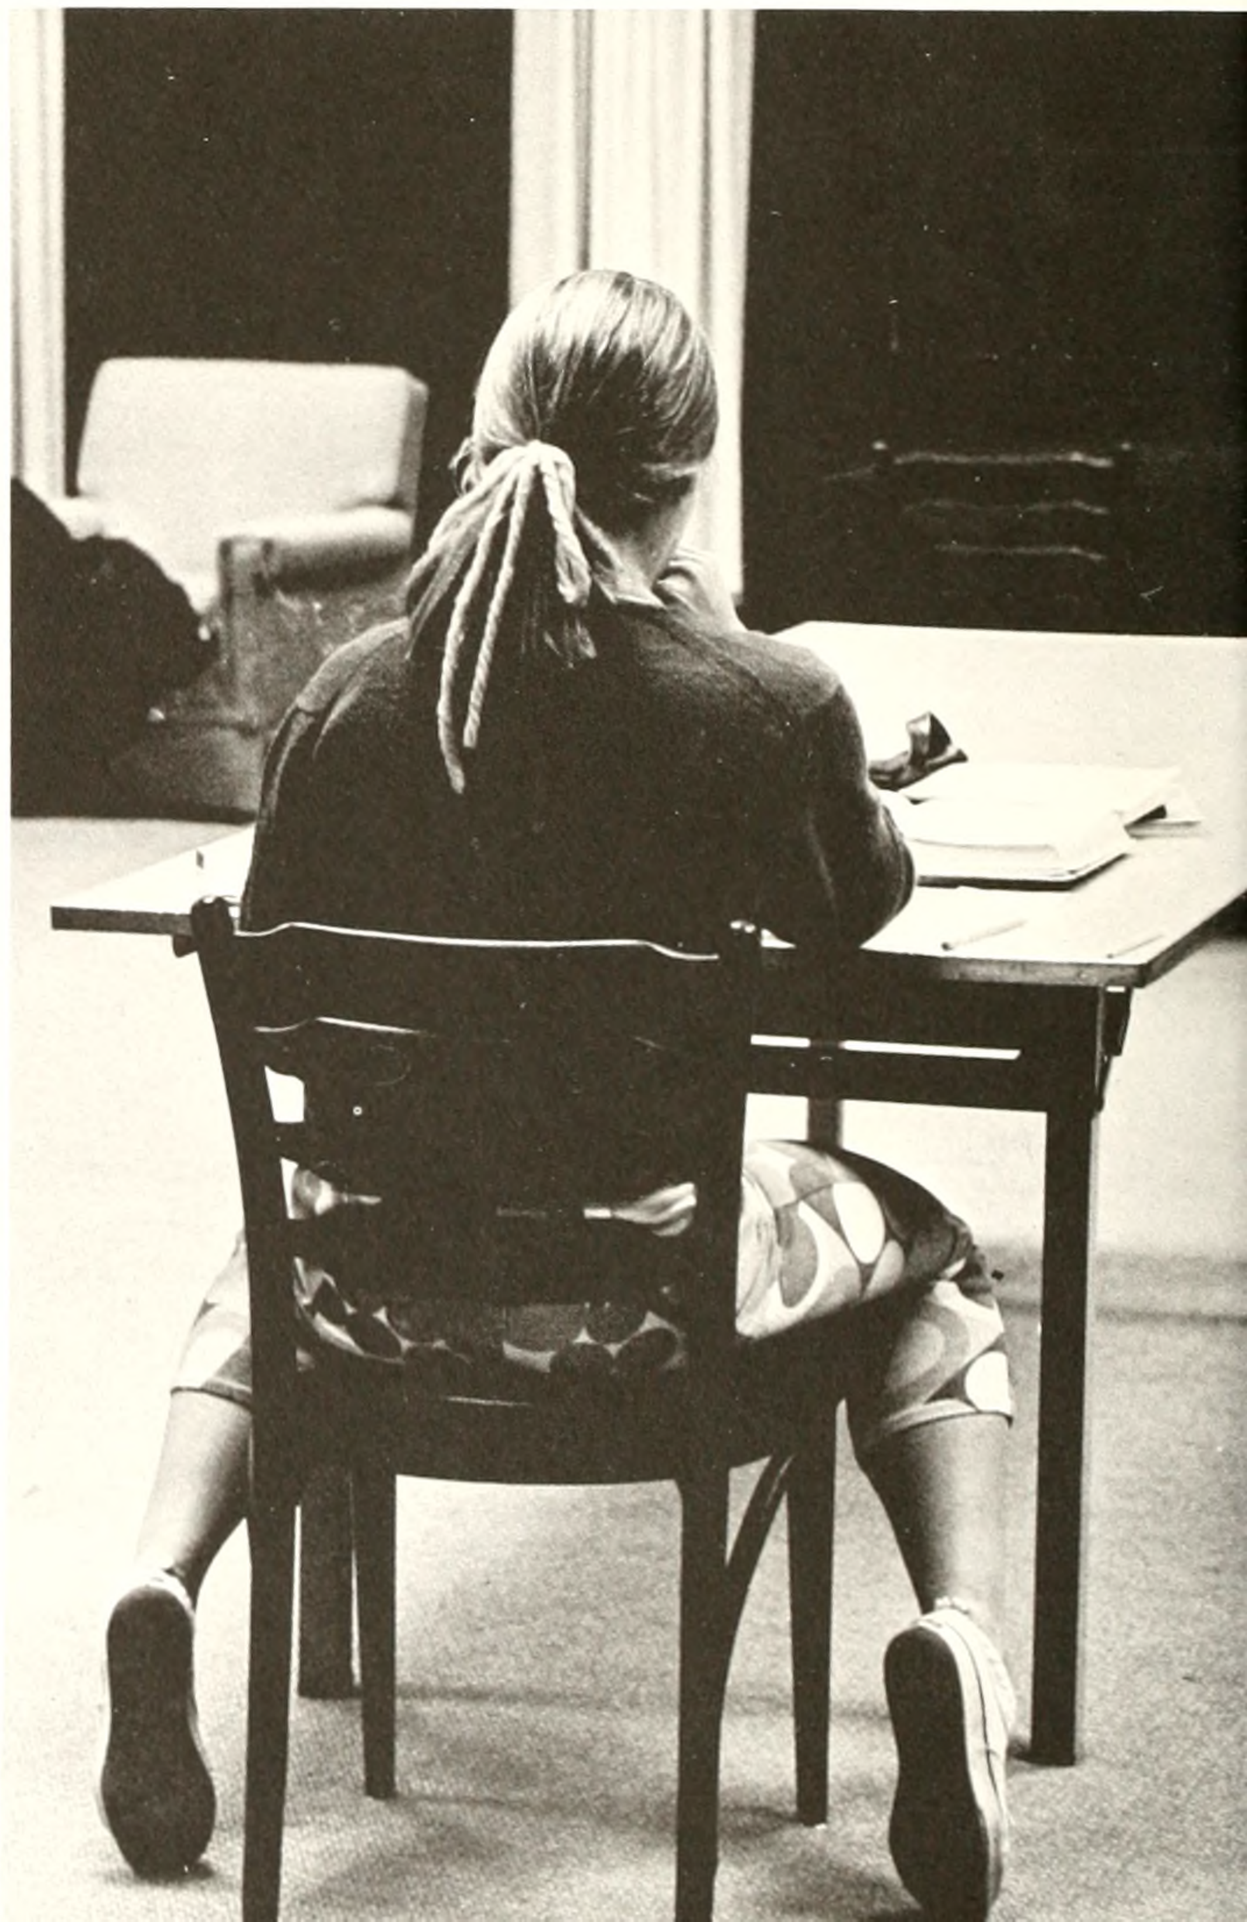

Someday when I'm lonely I'll remember the things we did today

Sometimes it hurts so badly I must cry out loud
I am lonely

Time, see what's become of me,
While I looked around
For my possibilities

But if your hopes should pass away

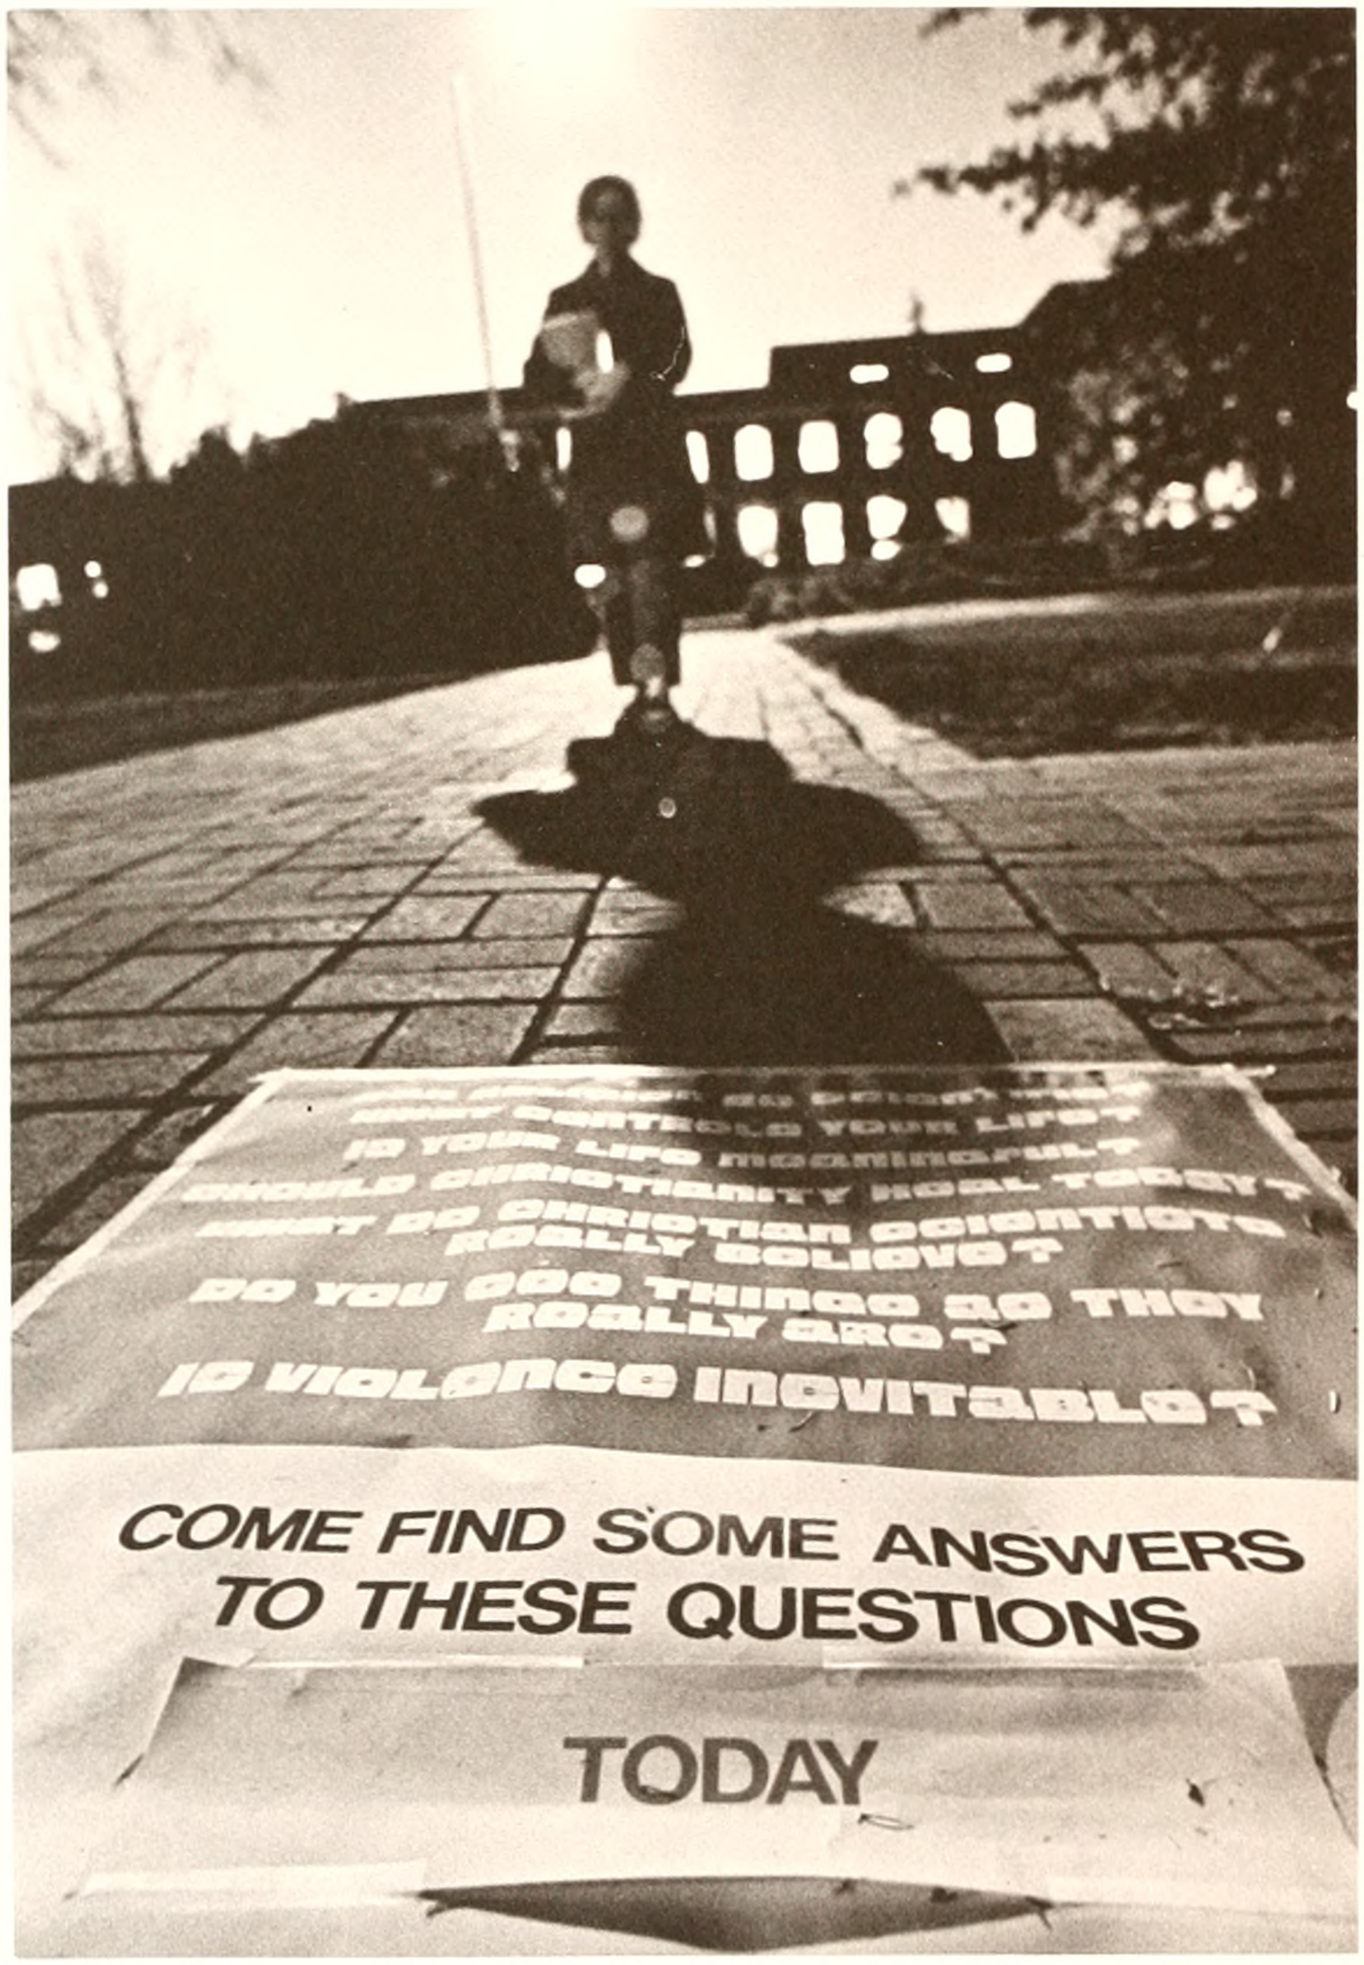

simply pretend that you can build them again

DO YOU SEE THINGS AS THEY
REALLY ARE?
IS VIOLENCE INEVITABLE?
COME FIND SOME ANSWERS
TO THESE QUESTIONS

Founder's Day

"The job of universities and colleges in America today is to preserve our heritage—the story of the failures and the successes of our struggle toward a supremely difficult ideal—by setting minds free in a place of freedom to examine, to criticize, to study, to explore all that is known or might be known."
